

## My Mate

Killian's POV

My pack and I had been here for all of 2 hours and I was regretting the choice of coming. This pack was weak as f\*\*k and seemed not to have any order. I had to listen to their Luna make excuses for why the next Alpha and the current Beta were not present for our meeting. I then had to deal with there lazy excuse of and Alpha all but beg for a treaty. I wasn't interest in a treaty I was interested in gaining half their land to extend my own territory further. My pack was the 2 powerful pack in the country and I wanted more of everything. I had have a mind to leave til the Luna asked us to stay for her step daughter Charlie, 18th birthday party. I would have said no but I knew my Beta and some of my warriors would want to check out some this pack's chicks so I accepted.

Now my Beta Ashton and I are talking to Alpha Pierce and some of his warriors when I smell something sweet. I smelled coconuts mixed with limes. It was intoxicating. I felt like my body was on high alert. I would have jumped up and pushed my way through the crowd to nd where the smell was coming from but I didn't need to. The smell was coming from behind Alpha Pierce. I saw a beautiful creature basically push Alpha Peirce out of her way so she could stand in front of me.

Beautiful was not the right word to describe her. She was beauty personied. She was almost like a pixie if you were to place her next to me. Hey long hair was pulled back in a bun, the dress she was wearing showed off everything and I do mean everything. I lowered my gaze down her torso and stopped right where her boobs were. Her boobs looked like they would over ow in my hands. I had the urge to left up her dress and take her right there in front of everyone and I would have if it wasn't for my Wolf Spirit. I was ghting to control my wolf and I knew why. This little vixen was my mate.

I stood up and offered her my hand. She placed her tiny hand in mine. I guided her away from everyone so that we could sit down and talk. We found a nice bench underneath an oak tree. When she sat on the bench she sat as far away from me as she could get which seemed to annoy me. I scooted closer to her, " I am Killian, mate. What is your name?"

She seemed like she wanted to run from me, so I placed my hand on hers. She looked at our hands, " My name is Charlene but everyone calls me Charlie."

So this was Alpha Brenton's daughter, " So Charlie, as you know we are mates and you are mine."

She laughed at me. No one had ever laughed at me and lived. I looked into her eyes as she said, " Look we might be mates but that doesn't mean you own me."

I was shocked. Did this pup not know who I was. I am her mate and she is mine. She does belong to me. I stood and pulled her into my embrace. I place my lips on her with a demanding force. She wouldn't kiss me back, I lifted my lips a little, " Kiss me back."

She obliged me. She even wrapped her arms around my neck to pull me closer. I was so turned on by her scent and actions that I backed her up against the oak tree. She wrapped her legs around my waist and grinding herself against my hard on. She moaned with pleasure by her own action. I wanted to hear her moan again so I thrust against her again. She moaned even louder. I started to kissing her marking spot and I told her, " I am going to make love to you now mate."

I felt her nod her head. I ran my hands over her thighs and ass. I felt that she wasn't wearing any underwear and that she was wet for me. I growled in approval as I slid two ngers inside her. She was so wet and so tight. She was a virgin. She saved herself for me. I growled once again which cause her to moan. I felt her clench my ngers as she began to ride my hand. She was on the verge of an orgasm when I removed my hand from her. She whimpered and clawed my back. I kissed marking spot again, " Not yet mate. I want to be inside you when we both come."

She moaned again. I quickly undid my pants and slammed inside my mate's wetness. I almost came from how good and tight she was. I didn't move once I was inside her. I wanted her to get use to my size and I need to get a grip before I blew my load in her like a little pup which I wasn't. I pulled my lips from her neck and told her, " When you come I want to hear you say my name mate."

She nodded and started to move her hips up and and down on my d\*\*k. f\*\*k she felt good. I grabbed a hold of her hips and started to slam myself deeper in her. She was moaning and pulling my hair in pleasure. I kissed my way back to her marking spot and started to nibble. I started to speed up my rhythm when I felt how close I was to release and I knew she was close to. As soon as I felt her come I bite down on her marking spot with my canines. She tasted like heaven. I was still clamped down when I released myself into her when she yelled my name. I wasn't for sure if it was from pain or pleasure and I honestly didn't care at that point. I let go of her neck and licked up the blood around it. I pulled my d\*\*k out of her p\*\*y and sat her down.

After I straightened up my pants I told her, " We have completed the mating ritual. You are mine and you will be coming with me to my pack as there Luna. Now lets go back to the party and tell your family."
