

Rules

Killian's POV

I was the happiest Alpha in the world. I had just had the best s*x ever with mate in the middle of the meadow in the moonlight. She surprised me when she started to suck my d**k and when she didn't gag when she took me completely in her mouth. I fought like hell not to come in her mouth. I want to remember this moment. After we both came we cuddled under the moon. I needed a moment to calm my Wolf Spirit. he almost came out when Charlie began her mouth assault on me. Once we were dressed we headed home. I kept hold of her hand because I didn't want to let her go.

We had just stepped onto the patio when I scented Layla and I dropped Charlie's hand. I cussed at myself for forget that I told her to meet me here. My original plan was to come home after the meeting and spending the night pleasuring every inch of Lyla's body. I hadn't expected to meet my mate, or to bring her back with me. After our moment in the meadow I wanted to bring her to my house and make love to her in every room but my dumbass forgot all about my plans with Lyla. Well I had forgotten until she jumped into my arms attacked me with her kisses.

I wrapped my arms around her body and kissed her back. She ran her hands under my shirt and clawed my back as I growled in her mouth. i would have place her on one of the patio chairs and mouth f**k her but then I remember that Charlie my mate was right next to me watching us. I sat Lyla back down on the ground, "Lyla, babe can you wait for me right here, I have some business I need to take care of?"

Lyla nodded and kissed my cheek. I looked over at Charlie whose face was covered in anger. I was in some trouble but Charlie was about to learn that I was the Alpha of this pack. My word was law and she obey me or else. I grabbed her hand again and dragged her into the kitchen where I saw Ashton sitting at the bar eating a sandwich. I placed Charlie next to Ashton, " I was hoping to explain this tomorrow but now is better than ever. The girl you just saw is my girlfriend. Her name is Lyla."

Charlie stood up from her stool and slapped me as hard as she could. I turned and looked at her with ery hatred in my eyes, " If you do that again I will punish you severely!"

She growled at me. I would have choked her if it had not been for Ashton who now stood between us. He was already protecting his Luna so I couldn't be mad. I looked back at Charlie, " Look we may be mates but there is going to be some rules. You will become this Pack's Luna tomorrow night. You live here in this house with me. You will do evrything a Luna and mate are suppose to do. Lyla will be moving into the pool house. I will continue to see her and I expect you to treat her with respect. You will not tell anyone about this. The only ones who will know about this will be us, Ashton, and Lyla. Am I understood?"

I looked at Charlie and I could see she had a comment for what I said but all she said was, "Yes Alpha."

I looked at her again and I saw all signs of the woman I made love to in the meadow was gone. I wanted to whimper because I could feel that I hurt her. I looked at Ashton, " Show your Luna to her room. Make sure she gets something to eat before she goes to bed."

Ashton who was still between just looked at me with disgust, He was my Beta and my best friend I knew he would denitely have words for me tomorrow. I watched as Ashton led my mate up the stairs. Once they were gone I headed outside to talk with Lyla. As soon as she saw me she started to unbuttoned her shirt. I stopped her hands, " I need to tell you something. From now on you will be living in the pool house. If anyone ask it is because you are helping your Luna get use to her new pack."

Lyla pulled her hands out of mine, " WHAT? LUNA? BUT I THOUGHT..."

Me: " You thought wrong! That girl you saw is my mate. She will be this pack's Luna. You will move into the pool. We will be continuing on with our relationship.!"

Lyla: " You never wanted a mate. Just reject her and claim me as your mate!!"

I was now pissed why did I have to keep repeating myself tonight. I said once again, " NO! Charlie will be the Luna because she is my mate. I will not hear anymore on this matter!"

I was tired of this s**t. I hurt my mate. I pissed off my girlfriend. I was pretty sure Ashton was upset with me. I decided I wanted to go for a run. I shot off toward the meadow and shift.

Fucking Women!!!
