Ex-Husband Wants Badly to Resume Their Marriage Chapter 43

Why Was It Him?

The next day, after renting the house, Sharon brought a small amount of luggage into the rental house.

Tiffany and Ruben refused to let her clean up. They just told her to sit and rest.

Sharon was lying on the sofa and ordering afternoon tea for them.

It was a happy moment for her.

With such a good godmother and uncle, the baby would be taken good care of after it was born.

Thinking of this, Sharon lowered her head and gently placed her hand on her belly.

Her lower abdomen had slightly bulged.

She did not know if it was because she had gained weight recently or if the baby had grown up in her belly.

Tiffany had a shooting this afternoon, so she could only take a few hours off.

Before she left, she bought many daily necessities for Sharon.

"Sharon, without me, you must take good care of yourself. Make sure you eat enough and well."

Ruben came out of the kitchen and said, "I will take care of my sister."

Sharon smiled and said, "Come on, I'm not a child. Don't worry about me."

"You're not a child, but you have a child in your belly."

Tiffany said as she leaned closer to Sharon's belly.

"Little baby, be good. Don't make trouble for your mother, otherwise, godmother will punish you when you're born."

Not long after Tiffany left, Sharon said, "You can go back as well. Leave the rest to me."

"No."

Ruben said, "I'll stay here with you for a couple of days. I'll leave when you get familiar with the neighborhood."

Sharon couldn't help but laugh.

"Don't treat me like a baby, OK? I'm your sister."

Ruben replied seriously, "I will only stay for a couple of days so that others will know that you have a man in your house and won't make trouble for you."

The smile on Sharon's face stiffened and she did not refuse.

“Then I’ll buy you a single bed.It’s convenient for you to stay over in the future.”

“It’s not necessary.I’ll just sleep on the sofa.”

As Ruben spoke, he picked up the garbage in the room and went out.

“I’ll go back and get some clothes.I’ll bring back whatever you want to eat.”

A month later.

“Natalia, I’m sorry for the trouble.Every time you have to come with me.”

Natalia held Aylin’s arm and smiled softly.

“Aylin, you’re welcome.I have nothing to do at home anyway, So it’s good to go with you and relax myself.”

Aylin sighed, “Because of the marriage alliance with the Proctor family, Martin’s relationship with our family has been bad recently.If I knew that I shouldn’t have agreed to this marriage, and things would be fine now.The Proctor family looks down on us, and Martin isn’t happy either.No one is satisfied.”

“Aylin, you misunderstood.Jameson doesn’t have any problem with you.He just...”

At this point, Aylin lowered her voice and said, “Natalia, there’s something I wanted to ask you a long time ago.I heard the rumor that Jameson was not Mrs.Proctor’s biological son.He is Albert’s illegitimate son.When you were young, you often went to the Proctor’s, so is that true?”

Jameson was taken back to the Proctor’s at the age of seven.

The Proctor family had told the public that Jameson suffered poor health after he was born and had been recuperating abroad.

In addition, Albert had pulled some strings so that no one had talked about this since then.

Jameson was taken back to the Proctor’s two months after Jeffery’s legs were disabled in a car accident.

Because of the accident, Jeffery could no longer be the successor of the Proctor Group.

If the rumor was just paranoia before, then it could become a reasonable guess after Aylin saw the mess in the Proctor’s last time.

Natalia smiled apologetically and said, “I have never heard of this before.Aylin, don’t think too much about it.It makes sense for Jameson to disagree with Martin marrying Erica.Think about it, Erica has a reputation of her arrogant personality.If she becomes even more presumptuous after the marriage, the conflict will be between two companies instead two families.

“Jameson didn’t like trouble at all.Moreover, Erica is only his cousin.He definitely doesn’t want to help her deal with these matters.”

Aylin felt that she was right and helplessly said, “I don’t like Erica either, but my dad felt that it would be a good opportunity to marry the Proctor family.My dad was furious about Jameson’s attitude before, so he probably will drop the idea in the end.”

Natalia nodded, "Martin is so outstanding. There must be a lot of girls who like him. He will find someone better than Erica..."

Before Natalia could finish speaking, she suddenly saw a familiar figure at the door.

"What's wrong?"

Natalia withdrew her gaze and said, "I think I saw a friend."

"Friend?"

Aylin followed her gaze, only to see unfamiliar faces.

She asked, "Is your friend here for a prenatal examination?"

"What?"

"Doesn't everyone come here for a prenatal examination? How long has your friend been pregnant? Do you want me to introduce her to my doctor?"

Natalia shook her head, held Aylin's arm and walked out, "It's alright. I should have mistaken her for someone else. Aylin, let's go."

She was not mistaken.

That person just now was Sharon.

Even though she had only seen Sharon on the photos, she would not mistake Sharon for someone else.

Natalia stopped in front of the car and said, "Aylin, I suddenly recall something and won't go back with you."

"Alright. Where are you going? I'll have the driver give you a ride."

"No need, it's nearby."

After separating from Aylin, Natalia returned to the hospital.

When she arrived at the obstetrics department, she happened to see Sharon coming out of the doctor's office.

Sharon was also holding a book of maternity test in her hand. Natalia looked at Sharon's back and frowned.

As soon as Sharon left the hospital, she received a phone call from Lance.

A customer went to Lumiere Jewelry to ask her design a piece of customized jewelry.

"I'll be right over." Sharon said.

Lumiere Jewelry had launched several new series of jewelry after the First Love collection, each of which has been well received.

During this period, various magazines came to poach Sharon, including some famous jewelry brands, but she rejected them one by one.

Lance was her talent scout.

When she had nothing and needed to be acknowledged the most, Lance was willing to take the risk to sign her, so she would not leave Lumiere Jewelry at this time.

Lumiere Jewelry.

Lance briefed Sharon on the way to the VIP lounge.

“Although we didnt take tailoring orders before, it is always in our plan. When Lumiere Jewelry planned to build its own independent brand, we planned on diversified development. However, I can assure you that the customized jewelry will only be open to high-end customers.”

In short, the advantage of doing so was that both Lumiere Jewelry and Sharon could access to the circle of high-end customers, and they could also get very high remuneration.

Sharon nodded, “I will do my best.”

At the door of the conference room, Lance knocked and pushed the door open.

“Mr. Jeffery, our designer is here.”

When the people inside turned around, the smile on Sharon’s face stiffened. Why was it him?
