

Revenge On My First Love Chapter 159

Marley didn't expect this to happen. He was so disappointed with his son, who stood with Drake and Sophia and acted against his family.

"Cecelia, it's not that serious. Don't worry!"

Just after that, several nurses came over and whispered when they passed by their door, "That's Cecelia who wanted to commit suicide in the hospital. Mr. Riley abandoned her. She asked for it."

Cecelia's face went pale.

Marley roared. "What are you talking about, stop!"

The nurses ran away quickly.

Marley wanted to chase them but they had long gone.

He was pissed off!

When he came back, worried about Cecelia's mental state, he hurried over. "Cecelia, Cecelia!"

Cecelia cried and showed Marley her phone. "Dad, Drake is too cruel. He has posted on the Internet, saying that he would never marry me. How can he treat me like this?"

Marley took the phone over. The more he looked at the news, the worse he looked.

Canceling the engagement should be enough. How could Drake go so far? He was humiliating the Price family!

...

The cancellation of the engagement of Drake to Cecelia caused a sensation all over the world in an instant.

It had only been a week since the engagement, but Drake canceled it decisively.

What did the Price family do to make Drake so cruel?

Riley was very angry when
