The other party didn't know what was going on, but seeing Sophia's horrible attitude, the security guard hurriedly ran inside.

Sophia is definitely the first person who dared to let Old Riley come out of it personally.

Old Riley glanced at Travis: "I can't believe Master Travis is here!"

"It's true that I didn't want to come, but Old Riley dealing with a woman like that really makes me look down on her."

When did Travis say something like that? Travis wouldn't have done that if he hadn't been pushed to the limit.

The Old Riley was obviously angry, he spoke: "Master Travis , do you not see it by now? This woman she is with you while deliberately seducing my grandson, such a woman, what are you doing with her?"

"It's none of your business what you do! the Old Riley, we came here today to tell you that since we've bought this house, we're not going to take it back!"

"This is your contract, don't let us see it again, where we want to live is our business, mind your own business!"

Since the face has been torn, the Old Riley also has nothing to take into account.

"I really did not expect that Master Travis of Lawson family is such a stupid person in terms of feelings, last night my grandson was in the same room with your woman, do you not care?"

Travis had a cold face: "Since you are talking about this matter, I also trouble to ask you to control your grandson, if he dares to harass Sophia again, I will break his legs."

"Master Travis is really unforgiving?"

"There's nothing to be done with people like you, Sophia!"

Sophia, who received the message, took the contract in her hand, tore it up directly, and finally, threw it at the Old Riley's body.

"The Old Riley, I told you, I'm not the old Sophia anymore, and if you keep bullying me like that, it's not as simple as throwing confetti at you today!"

The two men glared at THE OLD RILEY, got into their car and left.

When had the Old Riley ever had such an insult, or two juniors, damn it, damn it, how dare they climb on his head.

Picking up his cell phone, he called Drake.

"Drake, you listen to me, I don't care what you use, you must give me to suppress Lawson family, I want to make their family Lawson family eat."

"Grandpa!"

Drake called out to him.

the Old Riley didn't say anything, he was angry thinking about what just happened.

"Can you tell me exactly what you did to Sophia back then?"

Such a sentence made the Old Riley instantly stirred, he deliberately said loudly: "Did what, do I have to tell you what I did?"

Also, that woman never goes for your money, she is still with other men, such a woman is not worthy to be the daughter-in-law of our Riley family at all!"

At first Drake did believe that Sophia was such a woman, but now, for some reason, there was a strong feeling telling him that it was not at all what he thought it was.

"Drake, did she say a few nice things to you and you got fooled by her again? You don't want to marry Emilia, Grandpa can

agree, but you want to be with that woman again, never!"

Seemingly not wanting to continue on this issue, the Old Riley simply hung up the phone.

Drake sat there, wondering what he was thinking.

Not long after, Paul came in.

Paul also sensed that something was wrong with him and wondered if this was the right time to talk.

Just as Paul was about to leave, Drake spoke up, "If you have something to say, say it!"

"Yes!" Paul opened his mouth and said, "President, I just got an update on the investigation about the year."

Paul could clearly feel Drake's eyes passing over, pressing people's breath away.

Paul struggled to say, "Back then, while leaving from school, Sophia had a car accident and almost died."

Drake clearly felt his breath going out of him as well.

"A car accident? What kind of car accident?"

"Look, it's this!"

This is Paul's hard to find, although it's just a simple video, but you can see it.

In the video, a car is seen hitting Sophia's body like crazy, bouncing Sophia's body several meters away.

On the spot, Sophia passed out.

Almost half an hour has passed, no one has come around, let alone find someone to save her.

Almost as if she was dead, Sophia slowly climbed to her feet.

Only to see her trudging back to her original position, picking up her luggage and then trudging away again.

He could feel that with each step, it was like a million little ants were gnawing at her body.

"Who did it!"

The sound was almost like it came from hell.

That's where Paul's headache comes in.

"I have not yet investigated, but ....." Paul glanced at Drake: "with the president of your side of the people, can not be unconnected!"

It can't be separated!

Drake's fists clenched hard at some point.

Good, someone actually wants her dead!

What did she do to make them do this?

.....

The internet is once again on a wave, saying that the recently very hot Sophia, who was unmarried and pregnant, had

secretly removed the baby.

Although this matter would have had nothing to do with the public, but to think that she is Drake's ex ah, and Drake's fiancée used to be that kind of person, and now exposed his ex is such a person, wow, this melon is too fragrant it!

It also has evidence on it, at what time, which hospital did it, all of it was taken out.

Chloe cursed while watching: "This Riley family is so shameless, this kind of thing can be made up, they are dead?"

Helena is not good at cursing, but she also holds a grudge against the Riley family in her heart.

"Damn it! You're a pure girl, but you've been hacked by them so badly, even I can't look at this one."

"I'll have my mom send you a certificate right now saying you're still a virgin, and I'll see whose face it really hits!"

You know, Drake and Sophia have been together for three years and although the two of them have had a lot of intimate things going on, they never got to the final step in the end.

If Sophia has been around the opposite sex all these years, it's her brothers, so how can they accuse her of this?

"It's okay to have my aunt write the proof for me, but you don't have to send it out so early."

Chloe seemed to understand something:  
"Sophia , it looks like you have some way to deal with them?"

Looking at those comments, and even those words, made Sophia's whole person cold and terrible.

"Since they want to die, then don't blame me for being merciless to them!"
