

Revenge On My First Love Chapter 194

Baron got himself delirious because of Emma while Drake lost his mind because of Sophia. What marvelous women they were!

Olivia spoke duly, "Dad, you should calm down. Pay heed to your high blood pressure."

Drake squinted and walked up to them, "Anybody? Take my grandpa home!"

The Old Riley replied angrily, "No, I'm not going back!"

"Grandpa, you have nothing to do here. Just leave."

"Shut up! Why should I listen to you? I'm still alive!"

Many people at present sighed.

The Rileys were on good terms with one another, at least on the surface.

But now, their internal conflicts were exposed. Perhaps, the Riley family's influence in Sealand would be diminished.

Drake gestured his retinue to take the Old Riley out by pushing his wheelchair.

Olivia said to him in exasperation, "Drake, he's your grandpa. Show some respect!"

"You must be fatigued, too, my stepmother. Go back with him!" said Drake.

His face darkened, which was scary. After rethinking, Olivia chose to take things slow and leave.

Noah didn't care about what just happened. His only goal was to get Sophia.

During the banquet, he kept a distance from her, but now, he walked up to her.

"Sophia!" said Noah.

The seven members of the Lawson family, as well as Chloe and Helena, had their eyes on him.
