

Revenge On My First Love Chapter 237

Sophia wasn't helping Baron and Emma. But if fate led them to get back together, it wouldn't be a bad thing.

"Sophia, I'll go back now."

Sophia quickly grabbed his wrist.

"What's wrong?" Baron looked at her in confusion.

"Mr. Riley, there is one thing. Don't irritate Olivia too much. She is an ambitious woman. She wants the entire Riley Group, so you must negotiate with her properly."

Baron looked at her incredulously. "Seriously? Has Olivia been planning on this? How dare she?"

Sophia shook her head. In recent years, Baron had been hardly at home. He was not a qualified father and naturally, he didn't know about the Riley family matters.

However, Sophia was not sympathetic with him.

"Mr. Riley, you should know that Olivia married you for the position of Mrs. Riley. And after she had a son, her desire became immeasurable. Of course, she feels it unfair that Drake inherits everything, instead of her son.

"She's brilliant enough to never show her desire on her face. She's smart enough to know what to do to get what she wants. Over the years, she has been scheming."

Baron didn't know Olivia's ambition at all. He thought Olivia married him because she wanted to be a rich lady, which was pretty normal. He didn't know that she'd got a bigger plan.

"Sophia, thanks for reminding me, otherwise, I would kick her out of the house immediately when I go back. I can't imagine what will happen if I provoke her! "
