

Revenge On My First Love Chapter 244

Sophia stopped her work. "Abby?"

"Yes!"

Sophia was not surprised. "Olivia is always looking for a woman to control you. It seems that she doesn't learn lessons from Emilia and Cecelia."

"She thinks it's all right to lose Emilia and Cecelia. Anyway, there is Abby and even more women willing to be controlled by her."

Suddenly, Sophia turned around. "This damn Olivia. This suggests that we should beat her quickly. By the way, didn't you make her reveal her true colors today?"

"If it was that easy, I wouldn't have been dealing with her all these years. Right?"

That was true!

If Olivia had been easily defeated, she would never have gotten this far against Drake, such a formidable opponent.

Seemingly, a thought hit Drake, and he asked with a smile, "Are you jealous?"

"Only a witch would be jealous for your sake!" As Sophia said, she turned her head, her cheeks pink.

Drake leaned over and bit her ear. "You're right. You are the witch and I am your target. I'm willing to be bewitched by you!"

Sophia, of course, could not withstand his sweet talk and fell into his honey trap instead!

And so, what should not have happened did happen!

Sophia opened her drowsy eyes and found Drake sitting in front of her laptop.

She asked lazily, "What are you doing, Drake?"

"Go to sleep first. Don't worry about your work."

Perhaps Sophia was too sleepy to care what he said, and immediately fell asleep.

The next morning, she awoke to the consciousness of her unfinished work.

In a hurry, she ran to her laptop and turned it on. The rest of her work was done.

Sophia felt like she had lost her memory. She did not do that. What was wrong?
