

## Revenge On My First Love Chapter 264

Sophia asked, "Is it Mayor Owen's birthday party?"

"Yes, did they invite you too?"

"Yes!"

"So, let's go together!"

"Alright!"

When Sophia returned to the company, Chloe came over with a big box and said with a smile, "Oh dear, I am so envious of you! We're both going to the party. Drake prepared you a dress, but Bailey did nothing."

"It's not a good thing to receive an evening dress. Bailey didn't send you a dress because he believes in your taste. You look gorgeous in any dress. He won't give you advice on this. But I'm different. Drake sent me a dress because he wanted to tell me that I could only wear this type of dress."

Chloe pursed her lips. "You're thinking too much, aren't you?"

"Don't you know what type of person Drake is?"

"That's because you are too beautiful. He doesn't want others to see your beauty!"

"Then why doesn't he just keep me at home?"

Chloe suddenly didn't know what to say.

People had different thoughts and principles.

Drake was the jealous type and Chloe didn't doubt Drake would keep Sophia at home if he could.

Chloe opened the box and took out the dress inside. "It's a nice dress! You made such a big fuss over it."

"Just look at it. If I don't have to expose my neck and shoulders, he would have sealed those parts too."

Chloe burst out laughing. "Drake is so possessive!"

That was true.

But luckily, he had changed. He wouldn't force her to do things like he used to do.

Someone outside shouted, "Ms. Thomas. Here is a package for you!"

"Package?" Chloe was surprised, "Is Bailey suddenly enlightened and realized that he should prepare me a dress?"

Then, she ran out.
