

## Revenge On My First Love Chapter 266

"Who do you think you are?"

People at present all knew the reason why Roman was pursuing Sophia.

If Sophia's boyfriend wasn't Drake, many guys would have approached her for the same reason.

The Lawson family was so powerful. If they could get Sophia, they would also get the support of the Lawson family.

Drake had been staring at Roman with squinted eyes all the time.

Roman wasn't scared and locked eyes with Drake.

After a long time, Drake finally said impatiently, "Get lost!"

Roman said stubbornly, "Drake, you can't control Sophia's thoughts. If Sophia likes me, you must let us be together."

Everyone gasped. God, who gave him the courage to say such words in front of so many people?

"Sophia likes you?"

Everyone felt the horrifying and powerful vibe from Drake.

Roman clasped his hands. He told himself that he was absolutely capable of fighting with Drake.

"Who do you think you are?"

Drake had said this sentence twice to him. Hearing it, Roman bit his lip.

When Drake turned around and left, he shouted, "Drake, do you think you are great? You are having everything just because Grandpa is biased towards you! If I was the one who took over the company back then, I can also make the company as successful as it is now!"

He was really not ashamed to say that!

Roman was in charge of the Riley Group some time ago. Everybody knew how he lost power. But it seemed he didn't remember.

How dared he compare himself with Drake?
