

Revenge On My First Love Chapter 291

If Aria really thought in that way, Sophia was assured.

The next day, Aria returned to the set, while Sophia went back to her company.

When Chloe came over, she showed Sophia a resume.

"Sophia, look. This man has a great resume. We need to recruit someone for our market department. Check this out. If there's no problem, I'm going to make an appointment with him and have an interview. He can simply go to work if you are satisfied with him as well."

"Alright."

Sophia glanced at it and saw the name "Rodney Levy".

When she looked further down, it was obvious he was exactly the same man she knew.

Judging from his resume, he was a good choice, but...

"Don't be fooled by him. He's not suitable for the market department."

Chloe froze for a moment, "I saw the guy before. He's nice. Why is he not suitable? Do you know him, Sophia?"

"He's the scumbag who cheated Aria."

Chloe took the tumble, "Oh, it's him. Then it's a definite no. We don't need someone like him. Don't worry. I'll turn him down."

"Okay."

She remembered when she bumped into Tia, Tia said that Rodney was back too. It didn't occur to her that he would really show up here. Thank god she saw him first. If Aria...

But, it had been so many years. Aria must have let bygones be bygones, right?

Sophia and Chloe thought that was all about this thing. But after they walked out of the company at lunch break, someone blocked their way.

"Didn't you tell me I'm the right person for your company? Why... Sophia?" When he saw who he stopped, he was shocked.

Sophia looked at him, "Rodney."
