

## Revenge On My First Love Chapter 294

His words made Aria gape at him in disbelief, wondering if he was out of his mind to even salivate at Drake's girlfriend.

She stood directly in front of Sophia protectively to block his way. "Rodney, you do have guts."

Rodney grinned at her, "Haha... Aria, are you jealous?"

"My ass! Stop bothering us. Fuck off!"

"I know you are jealous as you still love me. All right. I can stop pursuing Sophia. Shall we have dinner together?"

When Aria was pregnant, she realized what a scumbag this man was. However, he impressed her again today.

"You wish! Let's go, my dear sister-in-law," Aria said to Sophia and took her away.

'Sister-in-law?'

Rodney heard how Aria addressed Sophia and realized Sophia was still Drake's girlfriend. However, Drake didn't work at this company. Rodney believed he had more opportunities to gain Sophia's heart as he was closer. Drake wouldn't be able to do anything in that case.

The thought brought a triumphant smile to her face.

...

Chloe bid the other two farewell. Sophia and Aria sat in the car.

"Sophia, you must be careful with Rodney. He always tries every possible means to take any girl he likes."

Sophia knew it well.

"I'll try my best to kick him out."

"Ehn."

However, to Sophia's surprise, Rodney signed several sales agreements as a newcomer.

Initially, Sophia thought there must be something behind it, and yet she didn't find anything fishy after checking several times.

But it made sense. If Rodney hadn't been competent, Spencer wouldn't have recruited him.

Drake hadn't returned home yet when Sophia and Aria returned home, so the three women chitchatted.
