

## Revenge On My First Love Chapter 312

"Spencer is one step closer to getting out of the company," said Chloe.

Sophia nodded. "Right. I won't need to do anything, and he has to leave naturally. Great. It saves my time."

Chloe smiled.

When they walked out of the building, Leah blocked their way.

She had just found out Sophia had planned the matter, and it wasn't done by Bailey.

Holding a bottle, she splashed the liquid on the two women.

Sophia and Chloe quickly dodged, but the liquid was splashed on their dress.

Sophia and Chloe realized what the liquid was after seeing the quickly eroded cloth.

Sophia strode towards Leah with a strong vibe. The latter couldn't catch up her breath under stress.

Gripping her collar, Sophia snapped, "How dare you, Leah! You even splashed the sulfuric acid on us. We would have been hurt if we hadn't reacted quickly. You vicious bitch! How dare you!"

Leah retorted in reluctance and anger, "Sophia, you set me up and affected my brother's career. How dare you! I won't let go of you!"

Sophia sneered, "You were too stupid, so I got something on you. If you hadn't provoked Chloe initially, nothing would have happened."

"Nothing?" Leah snorted in disbelief. "You are too horrible. Even if I hadn't done it, you two would have pushed me to do so."
