Emilia quickly shifted: "Miss Lawson, what do you mean by that?"

Sophia looked at her: "I don't know what it means, I went to the bathroom, and then you followed me in, didn't you? Later you went out first, did you not see the necklace when you were washing your hands?"

"I certainly"

Before she could finish her sentence, she was cut off by Sophia.

"Oh, I forgot, Miss Lane must have thought the bracelet was so pretty that she didn't want to give it back to Miss Riley!"

Aria and Emilia : "....."

Why was Sophia set up when she obviously wanted to set her up?

Olivia smiled and said, "Miss Lawson, since you didn't take it, forget it, we'll look for it later."

Naturally, Aria was not satisfied and tried to say something else, but Olivia stopped her: "You must have misremembered, let's look somewhere else!"

Chloe walks up to Sophia: "That's ridiculous, to set up my sisters, you have to be able to do that!"
