

## Revenge On My First Love Chapter 57

Sophia smiled helplessly and shook her head.

Well, since my brother likes to do it, let him do it.

But with the Warburg family like this, don't blame her for shooting back.

It was soon rumored on the internet that the Warburg family was in a bad financial situation, and it was also said that the Warburg family wanted to marry the Riley family because of the Warburg family's financial situation.

This news immediately caught the attention of many people.

The Old Riley also knew about the Warburg family, he did not know very well, after all, the Warburg family is very well hidden, at the time he learned the news, the first time he asked Olivia.

"You should know about the Warburg family, is it really as it says on the internet?"

Olivia got on the phone with the Warburg family at the first sign of this news to find out what they had done and who had made it all happen.

She said calmly at this moment: "Dad, it's nothing, to be honest, this time it's actually Sophia who made this happen, you know, she's always taking revenge on us, every now and then something pops up, she simply can't see us having a good time."

When she said this, Olivia thought the old man would be angry, but she didn't expect him to look at her suspiciously.

"Dad, what's wrong?"

"If I remember correctly, every time Sophia puts out news it's always true, could this thing be fake?"

Olivia's heart was in a panic, she didn't expect the old man to find out about it.

"How can that be? The Warburg family is fine. If the Warburg family was bad, wouldn't they have told me already? Dad, I know you care about my sister's family, don't worry, my sister's family is really fine."

the Old Riley didn't say much more than that.

After dinner, Olivia went to the Warburg family.
