

## Revenge On My First Love Chapter 68

Drake, how hard is it really, does he know?

Drake didn't really like the atmosphere either, and he turned his head to look at THE OLD RILEY: "Grandpa, don't you want me to leave? I'm ready to leave now."

He braced himself to move forward alone.

the Old Riley suddenly had the illusion that wasn't he doing it right? Must his grandson need a family that he doesn't like, and he's happy?

But .....

This woman how can not, he the Old Riley just do not agree!

It didn't take long for the originally rowdy place to suddenly quiet down.

Bard could feel Sophia's feelings at this moment, and he came over to her with a heartfelt cry, "Sophia!"

Sophia lifted her head: "Brother, it's already late, I didn't say anything just now, and now I want to get a good night's sleep."

"If you want to cry, you can cry out, don't keep it inside, okay?" How to look at Sophia like this, it looks like she just came back, no, seems more painful.

She said she forgot about Drake, but she didn't do it at all, did she?

Sophia pulled the corner of her mouth: "No, brother, don't worry, I'm really tired."

Again, pretending to be strong!

But maybe now is when she wants to be alone for a while!

"Okay, then I'll go back first, if there's anything else, you remember to call me."

"Good!"

.....

One week later.

Since the project was about to start, Sophia still had to go over and check it out.
