

Revenge On My First Love Chapter 71

The strength between the two people is not a country at all.

Drake was about to go over when Sophia stopped him: "Drake, you can do it!"

Drake looked over at her, a face with a shady look, even his tone was much colder: "You're going to protect him?"

Everyone can feel the low pressure from his body, the atmosphere does not dare to come out.

Cecelia is more hand tightly clenched into a fist, the face is very difficult to see.

Sophia could read him, but said, "Yes!"

Drake's eyes gradually took on a frightening twist.

Flynn is speechless, Sophia, she is not crazy, why does she always want to provoke Drake, does she know what the consequences are?

Who knew that the unenlightened Ronan would stand up and say, "I don't need a woman to protect me, psycho, come on, let's do it again, just now I just wasn't ready."

Drake did not speak, just looked straight at Sophia, as if to say, do you see? This is the person you want to protect.

Chloe and Helena want to scold Drake, he is a fool, that Ronan how, and Sophia have what to do with it? Sophia do so, just do not want to let Drake out of what happened, although that with his ability, can also be suppressed, but after all, so many people watching, also not good.

Ronan also went to Drake's face and provoked: "Come on, do it again, this time I will beat your own mother"

Before the words could be spoken, Drake punched the man again.

Everyone looked and felt the pain in their flesh.

Uhhhhh, so scary!

But, this Ronan deserves it!

Drake looked to Sophia: "Still trying to protect him?"
