Chapter 143: Her Dark Side

Drexel POV

The moment I parked my car in front of the packhouse, I took Penelope to our apartment. I scooped her in my arms and entered the elevator. I didn't wait for the door to close and crashed my lips on hers. She responded immediately, desperately, as she hooked her fingers in my hair

The elevator opened and I walked out of it with her in my arms to the apartment. She opened the door and we walked in. I kicked the door close with my foot

"Put me down, Drexel," she said softly

"Not until I have my way with you baby," I growled. I wanted to get inside her like now

"Put me down, Drexel," she repeated. "I want to have my way with you darling."

I didn't know when she had it all gathered, but in the room that was facing the pool deck, Penelope had me naked and handcuffed on a bar above my head. I waited in anticipation as to what she would do next. Trust me, I could easily break that bar and get out of the handcuffs, but I wanted to see my wife's dark side. I wanted to see how far she could take me. And fuck, I was loving it. My erection was already jutting out from my hips and my jaws were clenched. I

dipped my chin low as I watched my bride, fully clothed, cuffing my ankles to a spreader bar

She gave me a soft smile and said, "Try to keep that bar to the minimum length. Don't spread your legs no matter what I do." She got up and walked to the table to bring a chain and attached it to my collar. She secured the end of the chain to the bar above my head in a way that only a foot of it was free

"Penelope," I rumbled. "I am going to fuck your brains out."

"

Her lips curled up and all she said, "Watch me." Slowly, she took her bridal gown out. It pooled on her ankles and she stepped out of it. Inside,

she was wearing a corset and no panties. There

was a hose and garter belts and I closed my fists as I lunged at her, but I was surprised when I realized that the metal bar was too strong for me. It held me back

Penelope bit her lip as if trying to bite her smile

She had left her heels on. She walked towards

me and knelt down. While maintaining our gaze, she fisted my raging cock and said, "If you close your eyes, I will stop it."

"I won't!

"Good." She pumped me two times and then her red lips wrapped around my cock. I growled as I jutted my hips towards her

She began to suck me without breaking eye

contact. I wanted to grip her hair, but the cuffs were restraining me. I let out a frustrated snarl as she continued to suck me. The more she sucked, the more I struggled to reach her

She moaned around my cock and the shivers went down my thighs. Goddess. I had never ever tried this but I was willing to take it a notch higher with Penelope. I was willing to do whatever she wanted me to do

My body jerked when her cheeks became hollow while sucking me. Her head bobbed around my erection. She took her free hand to my balls and squeezed them. I don't think I could last. I tipped my head up and a little bite in my penis made me jerk my head back to her making the chain leash to my collar, rattle, not letting me go further down

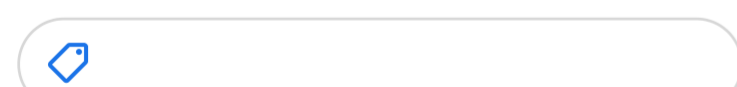

"I asked you to keep looking at me," she said

She took her free hand to her breasts and lower and lower until her fingers were stroking her clit

"Goddess! Release me, Lippy!" I snarled

But she didn't. I saw her finger disappear in her pussy. She was sucking me so hard and she was thrusting her finger inside her core. In and out, in and out

"Ah!" I bucked my hips to get more inside her hot little mouth. With every thrust in her mouth, I found myself all the more restrained to move

Finally my legs couldn't move. Penelope looked at me with those lusty eyes and I knew that she was about to come. She groaned around my

cock one last time before she came around her fingers. The sight was too much for me and with a roar I shot my release inside her. At the end of it, I realized that my legs were spread till the last by the spreader bar

When I looked down, I saw my cum glistening down the side of her lips. She looked so beautiful. But I needed to claim her now

"Release me," I growled. When she stood back to glance at me, I grew more frustrated. With a bellow to the ceiling, I used all my power and broke the cuffs, the bar that leashed me above my head and the spreader. I closed the gap between us, picked her up and threw her on my shoulders. My fangs elongated as I no longer could resist the urge to mark my female

"Are you a caveman?" she squealed

I slapped her ass hard. "I am going to take you so hard Lippy. I am going to fuck your brains out until all you do is scream my name!"

I tossed her on the bed and instantly crawled over her. Straddling her thighs, I ripped her corset with my claws and then her hose and garter. And when she lay naked in front of me, I thought I was the luckiest man alive to have such a beautiful mate. Her red hair streamed on the pillow, creating a halo in the soft light. "I think I have waited for you for my whole life," I said as my fingers went to her nipples. My claws retracted when I started rolling her nipples. They were already so hard. I was going to mark her breasts with my cum one day

I lowered my mouth to her nipples and sucked

them. Hard. She arched her back as she threaded her fingers in my hair. "Mark me, Drexel. I want to be yours."
