Chapter 781

Chapter 781: Talk About How Much I Love You

He knew his own body best. Alpha knew that he was running out of time, but now that Reuben had told him that he only had one month left, he still felt sad. It turned out that time had been slipping away quietly, and he had reached the end of his life.

In a month, maybe, he would suddenly collapse one day.

“Mister...” Reuben was still talking.

But Alpha reached out and ended the call.

The luxurious car slowly stopped on the side of the road, and Alpha stopped the nosebleed. Then, he leaned his stiff body into the seat lazily and decadently. He gently closed his eyes.

In fact, he was not afraid of death, he was just afraid that when he died, he would be alone.

He only had one month left, and his life had officially entered the countdown phase. Should he do something now?

What did he want most?

Alpha opened his eyes. He turned the steering wheel. The luxury car quickly turned around and headed back to the direction it came from.

Annabelle couldn't wait to leave the car. She knew that Alpha did not like her anymore. He had

car

fallen in love with Willow. In the luxurious now, even if she asked him if he still loved her,

he would not stay. It was just too humiliating.

But when she reached the gate of the apartment, her footsteps suddenly halted.

Her mind was filled with images of Willow and Alpha devouring each other's body.

No!

She had to stop this!

She didn't want to endure it any longer. She had really endured very hard these years. Every day, she pretended to not love him.

Annabelle turned around and quickly ran back, but Alpha's luxurious car was no longer there, he had left.

She looked up and saw Alpha's car in front of her. At this moment, the luxurious car turned into a corner and disappeared from her sight.

“Alpha” Annabelle called out and ran after his car.

She chased him onto the street and saw that the luxurious car had merged into the traffic. She could only quicken her steps to chase after him. “Alpha, wait a minute!”

She had so much to say to him.

She wanted to tell him how much she loved him.

There was a red light in front of her. Alpha’s car stopped. Annabelle’s eyes lit up. She seemed to have some hope. She was a little closer to him.

The night breeze blew her hair. She tried her best to speed up, and chase after his car, chase her love of many years. She wanted to hug him hard, Seeing that she was getting close to the luxurious car, a motorcycle appeared out of nowhere.

“Ah! Give it a moment! Get out of the way!” the cyclist yelled.

Annabelle couldn’t dodge in time, and she collided with the motorcycle.

“I’m sorry, it’s all my fault. Are you alright? Should I send you to the hospital?” the owner of the motorcycle quickly came down to check on Annabelle’s injuries.

Because the owner of the motorcycle had already yelled in panic, Annabelle had been alert, hence she was not injured, but she fell heavily to the ground, her knees instantly went numb.

Annabelle looked up and saw the green light, and Alpha’s luxurious car sped away.

Alpha was gone!

Annabelle struggled to stand up, but it was as if her legs had been pricked by a needle.

A while ago, she was very close to him, but now, he was far away again.

Willow was still in his car. Did he already touch Willow?

Thinking of this, Annabelle’s eyes reddened. She felt really useless.

Could it be that this was the end for him and her?

Annabelle bent her head, as she sobbed.

At this moment, a pair of shiny black leather shoes suddenly appeared in her line of sight. Someone was walking towards her.

Who was it?

Alpha?

Annabelle looked up in surprise, but when she saw who was approaching her, the light in her eyes quickly went out.

It was not Alpha, but Marcus.

Marcus brought Annabelle back to the apartment Annabelle had a scratch on her fair skin.

“Marcus, why did you leave the hospital so soon?” Annabelle asked. Marcus was beaten up in Imperial City and was hospitalized for a period of time, but he came out soon.

“Marcus, I’m sorry. This was done by Alpha. I apologize on his behalf.” Marcus smirked. She couldn’t apologize for Alpha’s wrong doing! It seemed that she still regarded Alpha as her family..

“Annabelle, on the street just now, were you crying for Alpha?” Marcus asked. Annabelle’s eyes were still red as she lowered her head.

Marcus had already got the answer. When she told him in Imperial City that she loved Alpha, he had already given up.

“Annabelle, I’m here to say goodbye to you. I’m leaving here.’

“Leaving? Where are you going?” Annabelle asked in surprise, Marcus smiled calmly, “I want to go on a vacation, and travel the world. Annabelle, you have to take care of yourself.”

Annabelle understood what he meant. Marcus had finally let go of his obsession for her. She nodded, “I will, Marcus, you have to be good too.”

Marcus’s voice hastily changed, “Annabelle, actually, I have something to tell you about what happened back then.”

“What is that?”

Marcus was finally ready to reveal the darkness in his heart.

Back then, when she married Alpha, he and Lily conspired to deceive her. He was not kidnapped. and now, he wanted to confess everything.

Moreover, he had to confess to Alpha. He wanted to tell Alpha that Annabelle and him were innocent and nothing happened.

The moment Marcus really let go, he wanted to atone for his sins. He admitted that he had done despicable things over the years.

However, before Marcus could say anything, the doorbell of the apartment rang.

Who was it?

Annabelle stood up, she walked over and opened the apartment door.

A tall and handsome figure stood outside the door. It was Alpha, he had returned!

When Annabelle saw Alpha’s familiar face, her pupils quickly shrank. She froze, as she stared at Alpha who had rushed over.

Why was he here?

Didn’t he send Willow home? Didn’t he want to go to Willow’s place and have a taste of her coffee and body?

Annabelle stared at him in a daze, "Why are you here?" she asked.

Alpha was here. At the last moment of his life, he still couldn't let go of Annabelle.

Alpha wanted to say something, but then Marcus's voice came over, "Annabelle, who's at the door?"

There's someone in the apartment!

Alpha's body immediately stiffened. He looked up and quickly saw Marcus approaching.

Marcus walked over and saw Alpha by the door.

Alpha looked at Marcus, and then he turned to look at Annabelle. Suddenly, he let out a low laugh.

"So

you already have a guest here. It looks like I'm being sentimental again!"

Alpha immediately turned around and left.

He was gone.

Annabelle looked at his back. At this moment, she had a feeling that this time, he would not come back again.

Annabelle ran out and shouted at his back, "Alpha, stop!"

Alpha was walking down the steps when she heard her voice from behind. A voice kept telling him that the woman behind was not worth it, and that he should let go!

However, his footsteps stopped, as if he was out of control

He clenched his fists tightly, causing the veins on his palm to throb violently.

A few seconds later, he turned around and his narrow scarlet eyes landed on Annabelle's face, "What did you just say?"

Now, he stood on the steps, and Annabelle stood on the varena. Her heart was pounding heavily. She had never taken the initiative in all these years.

She knew that once she spoke, she would instantly walk out and stand beside Alpha.

She had tried countless times to let go of this extravagant dream, but she was still reluctant.

When she saw him and Willow together, she really understood what her heart wanted.

Annabelle's eyes were red. She looked at him and said to him, "Alpha, I said you should stop!"

Alpha's tightly gripped palm suddenly loosened. At this moment, his determined heart slowly softened. He was helpless and indulgent.

Alpha walked over, he stretched out his big palm and grabbed her hand. He

said fiercely, "Annabelle, you made me stop."

Soon, a few bodyguards ran over and rushed into the apartment, as they held Marcus.

Marcus was startled and wanted to say something, but the bodyguards skillfully sealed Marcus's mouth with a tape.

"Alpha, let me go, I have something to tell you!" Marcus struggled.

This sudden situation made Annabelle's expression change. She immediately looked at Alpha nervously, "Alpha, what are you doing? Quickly let go of Marcus."

Alpha looked at her nervously, and his heart ached. Sure enough, she still loved her first love. Alpha pulled her hand into his palm and dragged her down the stairs.

Annabelle's knee was injured and it was inconvenient for her to walk. She stumbled and followed behind him.

He opened the front passenger's door and commanded, "Get in."

Annabelle stood still. "Alpha, why are you arresting Marcus? Did you misunderstand something? Listen to me..."

Annabelle wanted to explain, but Alpha interrupted her, "I can ignore everything that happened between you and Marcus. I will forget them all."

Annabelle was stunned.

Alpha looked at her and continued. "But from now on, I want you to be my wife. Be my wife for just one month."

Annabelle's eyes narrowed.

He was offering her an offer to be his wife for one month?

"I won't hurt Marcus, I'll just imprison him for a month. If you're obedient this month, I'll let him go."

Annabelle, I'm just informing you about this transaction. For Marcus's safety, you must do this."

Why a month?

What about the months later?

"Where's Willow? Didn't you send her home? Why did you come back to me again?" Annabelle asked.

Alpha was silent for a moment, then he said, "I think..... I still want you."

Annabelle agreed and became his wife for a month. Although she did not know why it was a month, the deadline kind of made her feel strange.

But Alpha took her back to his villa. He and she had never divorced, but now they were together again.

Annabelle picked up Levi and they went shopping together. On the way, when Annabelle bought a small cake for Levi. She suddenly she saw Levi staring at the LED screen in the mall.

Annabelle walked over and fondly touched Levi's head, "Levi, what are you looking at?"

Levi stretched out her little finger and asked, "Grandma, is that person my uncle?"

Annabelle looked up. The LED screen in the center of the mall was displaying a man. It was Marvin. Marvin was the guest on the show.

"Grandma, uncle seems to be very powerful. I heard that his medical team recently developed a drug that has miraculous effects on cancer. It was now entered the clinical trial stage. Uncle is really so young and he's doing so many wonderful things." Levi said in astonishment.

Annabelle looked at Marvin on the screen. Now that Marvin was in the medical world, he had become a mysterious existence that no major magazine could photograph.

Marvin, who was on the screen wore a clean white shirt. There was a group of medical staff behind him. He was holding some medical records in his hand.

The sleeves of the coat were clean and tightly wrapped around his fair and beautiful hands.

Chapter 783 His Second Son

This was the first time Annabelle had seen Marvin.

"Is he Lily and Alpha's son?" she wondered inwardly.

Back then, when Annabelle knew that Lily had given birth to a son, she did not dare to pay the child a visit.

In fact, she had also thought about what Alpha's second son would look like. Although his biological mother was Lily, he still had the genes of the Augustine family.

However, Annabelle had never thought that Lily's son would be so outstanding Staring at Marvin on the screen. she realized that Marvin didn't look like Lily.

Annabelle recited the name she heard in her heart. It turned out that his name was Marvin..

“Grandma.....Grandma...

Annabelle was quickly jilted back to reality. She suddenly met Levi’s concerned eyes. ‘Grandma, what’s wrong with you? Your face is so pale, and your hands are suddenly cold.”

Only then did Annabelle realize that her entire body was cold and her heart was aching.

This was Alpha and Lily’s son. She once had a daughter, but that daughter was gone.

“Levi, grandma is fine. Shall we go back?”

“Okay...”

Annabelle took Levi out of the mall. At this moment, Levi looked up and saw a familiar figure across the road. He shouted, “Grandma, look, it’s grandfather.”

Annabelle raised her eyes and saw Alpha.

Alpha had just stepped out of a business office building opposite the mall.

Today, he was wearing a black suit. He was calm and elegant. He was walking down the steps. His aura was charming and alluring..

Reuben respectfully followed behind Alpha.

“Grandma, look, Grandfather has a beautiful lady beside her. Who is that aunt?” Levi asked in confusion.

Annabelle also saw that there was someone beside Alpha. It was Willow.

Reuben opened the rear door, and

Alpha and Willow got into the car one after the other, and the luxurious car sped away.

He drove away with Willow.

“Grandma, grandfather left early this morning. Could it be that he was with this beautiful lady?” Levi pouted unhappily.

Annabelle withdrew her gaze. Her expression was light, “Levi, you don’t understand the matters of the adult.”

“Grandma, I understand. That beautiful lady likes grandfather. She’s seducing grandfather!” “Grandma, last time, a beautiful lady wanted to seduce my father. I heard it outside the door. My mother directly grounded my father, and didn’t let him go out the next day. Grandma, let’s go!

quickly. I’ll help you deal with Grandfather!”

Annabelle couldn’t believe her ears, she wondered why Olive and Elvis

exposed their little son to such private things.

Annabelle frowned. No, she had to talk to Elvis.

She raised her eyes and stared again at the direction where the luxurious car had disappeared. Was he still entangled with Willow?

Alpha and Willow happened to just meet each other, and Willow got off the car halfway,

“Sir, are you going home now? Reuben asked.

He had been in the company all day, and he had not returned yet,

Alpha took out his phone from her trousers pocket. He opened it and saw that he didn’t have a missed call. She did not call him nor send him a message..

He threw his phone in the chair beside him. Although she had promised to be his wife for a month the previous night, he knew that she was unwilling. If he hadn’t held Marcus in his custody, she would not have agreed.

Although he had someone he cared for, he still couldn’t get her heart.

In fact, he thought that while at work, he would receive a call from her. And when he got home from work, she would have prepared him, dinner, and welcome him with a smile.

He seemed very hasty. As soon as he made her wife again, he wanted to win her heart.

He was afraid that he would not be able to control himself, so he left early in the morning.

Alpha gently closed his eyes, he raised his hand and placed on his forehead. In the villa.

The maid asked, “Ma’am, boss has not returned yet. Do you want to wait till he returns to have dinner?”

Levi looked at the dark night outside. “Grandma, it’s already eight o’clock. Is Grandfather not coming back tonight?”

It was already very late, and Alpha had not returned yet.

Annabelle touched Levi’s head. “Levi, are you hungry?” he asked.

Levi nodded.

Annabelle looked at the maid, “There’s no need to wait. We’ll have dinner now.”

“Yes, ma’am.

In the dining room, Annabelle and Levi sat opposite each other.

“Grandma, I want some steaks and soup.”

Annabelle picked up the spoon and wanted to dish some soup for Levi, but her movements quickly stiffened.

The shrimp bisque soup was Alpha’s favorite.

Annabelle quickly looked at a maid, “Who prepared this soup?” she asked.

“I did, but the ingredients were specifically waybilled by Mrs. Samantha.”

Annabelle did not know what to say.

“Grandma, what’s wrong with this soup? I want some soup.”

Annabelle knew that the shrimp hisque soup was Alpha’s favorite. It was such a delicious soup that majority of people loved.

But what about Levi?

Annabelle put down her spoon, “Levi, you can’t drink this soup.”

“Why? Could it be that this soup was specially prepared for Grandfather?”

Seeing Levi’s innocent eyes, Annabelle nodded, “Yes, it was specially prepared for grandpa.”

At this moment, the entrance door was suddenly pushed open, and a cold wind seeped in. accompanied by a tall and handsome body.

Alpha returned.

The maid quickly squatted down to change his shoes. Alpha raised his slender fingers and took off his suit, placing it on the sofa, then he turned and walked into the dinning room.

Chapter 784: You Can’t Get Out of Bed Tomorrow

Levi was very happy to see his grandpa. “Grandpa, you’re back!” he exclaimed excitedly.

“Yes. Levi.” Alpha replied, then he walked to Annabelle’s side and stopped beside her, “Did you miss me?” he whispered.

He had a mellow and masculine smell on him, and it also smelled like a cold dew at night.

Annabelle raised her eyes. He stood against the light and blocked the light from reaching her eyes. Because of his presence, the entire room became quiet. He was as powerful as a king.

“I thought you wouldn’t be back. Annabelle replied.

“Yeah, grandfather. I was with grandma this afternoon. We saw you with a beautiful young lady. Grandfather, tell me the truth, did you fool around with that beautiful lady today, or you were busy with work?”

In order to show Alpha that he was very angry, Nathan crossed his arms and hugged his chest.

Alpha raised his eyebrows and looked down at Annabelle. "You saw me this afternoon? Why didn't you call me?"

Levi snorted, "We didn't want to disturb grandfather's pleasant moment! By the way, grandma have already said that if you come back tonight, she would make it impossible for you get out of bed tomorrow!"

Annabelle was shocked. She didn't expect Levi to say a thing.

She quickly kicked Levi from under the table.

Alpha's deep magnetic voice sounded above her head, "Mrs. Augustine, do you want me to be unable to get out of bed tomorrow?"

"I didn't..."

"Of course, grandfather, this is the soup that grandma specially made for you. It's your favorite.." Levi added swiftly.

Annabelle was dumbfounded. How did Levi know that the soup was Alpha's favorite?

muickly realized a problem. Could it be that Levi had been pretending all along?

Where was that silly sweet little Levi?

He had turned to a really smart boy!

At this moment, Alpha lowered his tall body and kissed her forehead. He whispered in a low voice, "Don't think nonsense, I've been at the company all day. Reuben can testify to that. I had met Willow later. When we got in the car, I realized that she had nothing to say, so I dropped her off halfway."

Really?

Annabelle quickly reached out and pushed him. What was he doing? There were so many people in the dining room. Why did he actually kiss her forehead?

"Ah! I'm blind. I can't see nothing," Levi quickly covered his eyes with his small hands.

Annabelle pushed Alpha away.

There was joy and softness on Alpha's handsome face. He sat on the main seat of the table.

"Sir, which dish do you want to eat?" The maid who was waiting on the side asked carefully.

Alpha looked at the bowl of the Shrimp bisque, "Just that soup."

A moment later, Annabelle's hand under the table was grasped by a large palm. Annabelle's heart skipped a beat and she wanted to forcefully withdraw her hand.

But she couldn't pull it back, so Alpha held her tightly.

Tonight was a sleepless night.

Levi took a shower and Annabelle helped him get dressed. "Levi, do you have anything to say to Grandma?"

Levi laughed, "Grandma, I was wrong. I just felt that grandfather was pitiful, so I did something to help grandfather."

"Levi, if a child doesn't understand the adult's business, then he shouldn't participate."

Levi tilted his head and looked at Annabelle, "Grandma, if you don't want to say what's on your mind, then I will help you say it."

Annabelle stiffened.

"Grandma, what's with the face? You have to tell grandfather what you have on your mind. Otherwise, how will grandfather understand? Also, if you like him, say it out loud!"

This little boy seemed to know everything.

Annabelle caressed his little face.

At this moment, the knock on the door sounded, and Mr. Augustine stood by the door. "Levi, are you still awake?"

Annabelle looked up and saw that Alpha had already taken a shower. He was wearing a black silk pajamas. His neat short hair laid wetly on his forehead.

His narrow and gloomy eyes looked at Levi, and he gazed at her with desire in his eyes.

He was urging her to go back to her room.

"Thank you, grandma. You can leave now."

Annabelle nodded, then she stood up and walked out.

In the master bedroom.

Annabelle took a shower and then walked with a silk nightgown on her body.

There was no one on the bed. She glanced sideways. Alpha was standing on the balcony with his back turned. He propped himself on the carved railing

with one hand. The cold wind ruffled his black robe.

Hearing the sound made by her, he slowly looked back.

In the mist, his narrow and dark eyes landed on her. He looked up and down at her a few times, and then he narrowed his eyes.

"Are you done washing?" His hoarse voice was indescribably sexy.

In the dark night, Alpha was unbearable. His elegance and nobleness revealed evil and charm. He looked at her as if she was not wearing any

clothes.

Annabelle nodded, "Yes."

Alpha snuffed out the cigarette butt in his hand, then he closed the balcony door.

In the room, the two of them looked at each other.

Soon, he walked over with steady steps, with a strong sense of aggression.

Annabelle stepped back. "Alpha, wait... wait a moment..

She had already agreed to be his wife. Although he did not say it explicitly, she knew that this would definitely happen.

He was such a lustful person.

But he was too direct, and she was very nervous.

Suddenly, Alpha's vision darkened. Alpha leaned over and kissed her red lips.

His kiss was strong and domineering, like a violent storm, which swiftly stole her breath away.

"I don't want to listen, I just want to do it," he murmured in a low voice.

Annabelle quickly reached out to touch his chest, unable to withstand his fierce attack.

Alpha clasped her soft waist and twisted her easily. Her body was turned over and she was on the table.

Alpha reached out and lifted her nightgown.

"What's wrong?" Alpha leaned closer and placed soft kisses on her cheek.

"I've eaten your shrimp bisque soup. Didn't you say that you don't want to be able to leave the bed tomorrow? I'm ready for that.

Annabelle's face flushed, and she didn't utter a word. She just tugged on her nightgown with her fingers.

Alpha actually scared her.

As the Augustine family's crown prince who had dominated the imperial capital when he was young, or the founder of a powerful business empire now, Alpha was used to being strong, and even more so in bed.

Alpha buried his head in her hair and sniffed the fragrance on her body,

“Annabelle, you’re still as shy as a little girl. Our son is already old. Allow me take a look at this beautiful body of yours.” Annabelle began to struggle. At this moment, his phone suddenly rang out...

“Someone’s calling, hurry up and answer.”

Alpha was unwilling.

Annabelle reached for his phone and pressed the answer button.

“Hello, Mr. Augustine...” a delicate voice came from the other end. It was Willow.

Annabelle was stunned and she quickly looked back at him.

Alpha was amused by her look, his palms slid into her long hair and he kissed her face, “Jealous?” he asked.

“Mr. Augustine, why are you not talking? What are you doing now? Did I disturb you?” Willow asked. Willow hadn’t given up on Alpha, and was hesitant to stop pestering him.

Alpha did not end the call

Annabelle swiftly opened her mouth and bit his lips.

What was he doing?

Alpha was in pain, he frowned, and his slender fingers grabbed her face, forcing her to let go.

The corner of his lips was bitten, and a bead of blood could be seen.

A woman of her age who was so petty and unwilling-

Alpha suddenly started loosening the belt of his pajamas.

Seeing that he was serious, Annabelle’s pupils shrank, “Alpha, how dare you!” she asked.

He was still on the phone!

She wanted to express that she was angry, but when she said it, she realized that her voice was soft and delicate.

She suddenly felt ashamed.

Alpha raised his thin lips, and even his deep voice exuded a hint of pleasure.

He untied the belt of his pajamas. He leaned closer and kissed her red lips,

“Thinking about it?” he whispered.

“No!” She pushed him.

Alpha’s handsome face was magnified. He was perfect.

“We’ve been separated for so long. Don’t deny me this,” Alpha whispered.

Although they were faced with many challenges when they were young, they had craved for each other’s young and beautiful body.

At that time, she didn’t think it was enough. Suddenly, one day, she disappeared.

According to the number of days he had known each other, he rarely touched her.

Annabelle also remembered the past. Back then, when she was pregnant with Elvis, he had not let her go.

The past was like a dream.

Annabelle suddenly blushed. In this regard, she had never been his opponent, and she could not keep up with his rhythm.

“Mr. Augustine, looking at Mrs. Augustine’s appearance, she must be the kind of person who doesn’t understand fun, right? Can she satisfy you?” Willow’s voice sounded.

With that, Willow smiled confidently. “If you come to my room now, I promise to serve you comfortably.”

Willow’s charming voice was clear and smooth.

Alpha completely ignored the woman on the other end of the phone.

He paused for a moment and quickly realized that something was wrong with Annabelle. “What’s wrong?”

Annabelle’s blushing face had turned pale. She shook her head, “I’m fine.”

“Boss Augustine!” Willow was still shouting.

Alpha picked up his phone and smiled.

Alpha utter a sentence to her, then he threw the phone on the table, and then he carried Annabelle.

After a few brisk walks to the bedside. He gently placed her on the bed.

“Speak, what’s wrong?”

As Annabelle heard Willow’s voice, she had suddenly remembered the relationship between him and Lily.

Annabelle thought of their son, Marvin, and she was reminded of his cold and elegant appearance again, and her heart ached.

“Alpha, she’s right. I’m just a person who doesn’t understand fun. I can’t satisfy you.”

Hearing this, Alpha slowly raised his thin lips and smiled coldly, “Annabelle, you’ve never

understood the concept of sex, why are you talking about it now? Tell me clearly, don’t use anything to prevaricate me.”

His sharp eyes stared at her, as if he was scrutinizing her.

Annabelle opened her eyes. After all, he and she had a relationship.

Alpha’s handsome facial features could be considered calm, but he was cold.

“Let me ask you again, are you willing to by my Mrs. Augustine tonight?”

He emphasized on the word “Mrs. Augustine”, as he reminded her of her wifely obligation to him.

Annabelle gently closed her eyes and did not answer.

Alpha stood up. He took off his pajamas and changed into a black shirt and

trousers, then he turned around and went out.

Swiftly, the door of the room was closed.

Alpha left.

He went out so late.

Annabelle sat curled up on the bed. Actually, she didn't want him to leave, but no woman could bear sharing her man with another. He and Lily were still together.

In the company.

Alpha sat in the black leather seat, smoking a cigarette between his slender fingers.

The office smelled of tobacco, and there was some cigarette butts in the ashtray.

He had been smoking for a long time.

"Sir," Reuben walked over and handed him a small packet. "This is what you want. As long as you take this, you will be on fire."

Alpha raised his eyes and looked at the little bag.

Reuben had been with Alpha for decades.

He speculated that the packet he delivered to Alpha should be for Annabelle.

This behavior was extreme, but Alpha didn't take offense.

However, Reuben said hesitantly, "Sir, your relationship with ma'am Annabelle has just eased up a little. If you take this medicine, ma'am will really..."

Alpha took in a deep breath, and then he slowly said. "Pour me a glass of water."

Reuben turned around and went to get Alpha a glass

But after taking a step, Reuben halted. He looked back and stared at Alpha in shock. "Sir, do you want to be by yourself?"

Alpha pursed his lips. He had decided that he must have her that night.

He couldn't wait anymore. Time slipped through his fingers. He didn't want to

wait for another second.

He knew that he had become greedy, and he wanted to have her wholeheartedly.

Reuben handed Alpha the glass of water, and Alpha took out the packet of medicine, and then he sprinkled it into the glass. Once he had added a reasonable amount, he went on to empty the entire content into his mouth. Picking up the car keys, he stood up and went back to the villa to look for her. He wanted to see how cruel she could be to him, In the villa.

Annabelle laid on the big soft bed. She tossed and turned uncomfortably, as she unable to sleep. She did not know where he had gone, and she also wondered if he would be back that night.

At this moment, there was a knock on the door. Someone was knocking on the door.

She opened her eyes. "Who is it?" she asked.

"Me," a deep magnetic voice sounded.

It was Alpha.

He was back.

He actually came back. She thought that he would not be back tonight.

Annabelle stood up and got out of bed. She put on her flip on, and walked to the door, then she opened it,

A tall and handsome figure stood outside the door. Alpha's deep and hot eyes were fixed on her face. "Why are you back?" Annabelle questioned, as she looked at him.

Alpha raised his thin lips, "Do you want me not to come back, or do you think I won't come back?" Annabelle frowned and did not say anything else.

Alpha stretched out his palm and clasped her slender wrist.

Alpha's deep and narrow eyes conveyed warmth. He held her soft hand and placed it on his cheek.

With his handsome eyes focused on her face, he rubbed his cheek against her palm. Annabelle quickly realized that he was abnormal, because his body temperature was scorching, almost burning her hand.

"Alpha, what's the matter? Why are you so hot?"

"Annabelle, it's always been a certain way between us. This time I'll take a

step further. Don't take another step back, okay?"

"What do you mean?"

"Sir, she's in the living room." at this moment, Reuben walked over and reported in a low voice.

Annabelle looked downstairs at the living room. There was a pretty figure standing there. It was Willow.

Willow stood downstairs with a radiant face. "Mr. Augustine, I'll wait for you here." she said to his hearing.

How did she get here?

"Annabelle. I feel uncomfortable." Alpha looked at her and said in a low voice.

"Alpha, what have you done to yourself?" she asked, as she felt his skin, which was scorching hot.

"I drugged myself, Annabelle, I want you."

Annabelle's clear eyes shrank. He actually drugged himself. Was he crazy?

"Alpha, you've gone too far this time!" Annabelle forcefully withdrew her hand. She withdrew her soft hand, and Alpha slowly stood straight. He looked at her and laughed hoarsely, "Annabelle, this game has already started, you must play."

Annabelle's face was cold. The man before her had not changed at all. He was forcing her, forcing her to the point where she couldn't resist.

"If I don't agree, what will you do? Sleep with Willow downstairs? Same as you did with Lily many years ago?"

"Yes, Annabelle, you know that I'll always love you, pet you, and pamper you, but I'm not clean anymore, so Annabelle, you won't give up on me, right?"

Alpha stared at her softly. He had been waiting for her for so many years. In the most difficult years, he had never abandoned her. There was only one woman in his life, and that was her.

A man at the pinnacle of power would be tempted by many kinds of women.

However, he had never thought about any woman other woman.

She cheated on him with Marcus. When he was drunk every night, he still didn't consider cheating on her.

In the years that she had disappeared, he had stayed true to his promise, and didn't love another woman.

To Alpha, he could endure loneliness and defend himself. He felt like he had never lost.

Winning the world but losing her was still a loss.

However, it was such a pity, she was the one who let him down.

How could Annabelle not understand? She had returned from Visionary to be by his side, because he had spent half of his life waiting for her.

Annabelle's eyes had reddened, and soon the corner of her mouth drew an indifferent arc. She said softly, "Whatever you want."

She turned to close the door.

But a big, well-defined palm reached over and held the door. He hugged her from behind.

Alpha's strong arms tightly locked her body, and he gently raised his handsome eyebrows. He lowered his head and kissed her hair.

Annabelle's eyes were moist, as if tears would drip out in the next second.

She slowly reached out and grabbed his big palm.

"No..." Alpha refused to let go.

Annabelle ripped open his fingers one after another, slowly but firmly pushing him away.

Then she closed the door.

She shut the door, and left him outside.

She wanted telling him to go and sleep with Willow.

Alpha's hands tightly clenched into a fist. Alpha froze outside the door. After three seconds, he slowly raised his hand and knocked on the door.

The knock on the door was steady and rhythmic.

"Annabelle, you're not willing to open the door. It doesn't matter. We'll continue as before. I'll knock on the door until you open, okay?"

In the room, Annabelle heard the knocks on the door. She slowly sat on the ground, as she lowered her head.

She would not open the door.

This was his plan.

The man outside the door was a master at playing tricks. In fact, he was perfect at games.

"Annabelle, I feel so hot. I'm getting more and more uncomfortable. I really want you."

Alpha's body temperature was scorching hot, and even his breath was hot.

Reuben was always reliable in his duties, and the medicine he had gotten was the best.

Alpha swallowed hard, as he tried to suppress the heat from his body, but his head began to churn. This medicine was like a mirror. The first thing that appeared in his mind was the woman he wanted the most in his life and his

deepest obsession.

"Sir, are you alright?" Reuben asked worriedly.

At this moment, the sound of approaching high heels were heard, as Willow ascended the stairs. She quickly rushed over, "Mr. Augustine, I've been waiting for a long time."

"Mrs. Augustine doesn't care about you, but I do. You can feel my heart, it's beating for you..." Willow held Alpha's big palm and placed it on her chest. In the room.

Annabelle could clearly hear the voice outside the door.

"OMG," Willow half-yelled, "Mr. Augustine, it hurts,"

Annabelle quickly raised her hand and covered her ears. She did not want listen.

No matter what he and Alpha were doing, she didn't want to pay attention.

"Mr. Alpha," Willow called out. She was both happy and excited.

"Mr. Augustine, where are you taking me?"

Alpha took the excited Willow away.

Soon, all Annabelle could hear was silence.

She slowly took her hand down, and there was no sound from outside..

He was gone.

He took Willow and left with her.

Tears calmly rolled down her cheeks,

Suddenly, she burst into tears.

The silent room echoed with her whimpers.

She just wanted to cry.

"Why are you crying?"

At this moment, a low, hoarse voice suddenly sounded beside her ear.

Annabelle suddenly raised her eyes. In front of her stood a tall and handsome body.

Alpha was before her.

He did not leave with Willow, he had returned.

"I said that we're still the same as before. I knocked on the door and if you don't open it, then I'll open the door myself."

He was always like this. He made her angry, so she shut him out. At first, he would knock on the door patiently. When he lost patience, he would break in..

There was always a way for him to get in.

He was particularly experienced in breaking doors.

Annabelle sniffed, as she stared at him.

Alpha slowly squatted down and grabbed her face with his big palm. "Tell me,

why were you crying just now?"

Annabelle touched her chest, "It hurts."

"Are you feeling unwell?" he asked in a hoarse voice.

Annabelle shook her head. It was not that she was unwell, but she was hurting because of him.

"Don't bother, it doesn't hurt anymore," she quickly added.

Alpha snorted, but he did not withdraw his hand.

Alpha stared lustfully at her, as if she was naked.

Annabelle turned her face away.

Seeing that she avoided his gaze, Alpha lightly narrowed his handsome eyebrows. He stood up, carried her up, and placed her on the big soft bed.

"Don't worry, if you don't want to, then I won't force you. I was just frightening you."

He sighed indulgently, and then added, "Annabelle, I'm still like this. I can't control myself when I'm around you."

Annabelle's heart softened, "I thought...you took Willow away."

"No, I just drove her away."

"Don't you want a woman?"

His deep eyes were focused on her.

The medicine that he had taken was beginning to affect him severely.

Alpha raised his eyes and looked at her. "The only woman I want is you. I don't plan to touch Willow. It's nothing. Later, I'll go to the bathroom and take a cold shower. I won't touch you anymore. As long as you'll be my side this month, then I'm okay."

Annabelle's heart ached again because of his words.

He did not intend to touch Willow from onset.

"Have a sleep, I'll go to the bathroom." Alpha stood up.

Annabelle stared at his back. She suddenly thought that what happened between him and Lily was really a mistake, and that he had regretted enough.

Annabelle got out of bed, ran over, and hugged his waist from behind.

She hugged him tightly, not wanting to let go.

This hug came many years after she had planned to hug him.

Alpha's footsteps froze.

He stretched out his big palms and touched the two small around his waist.

"I've used all my strength to suppress my desire for you, so stay away from me, leave me alone, let me go, let me go before it's too late." he warned.

Annabelle shook her head, "I won't."

Alpha quickly turned around, his narrow eyes stared at her. "Do you know what you're doing?"

"I know," she replied.

She knew.

Annabelle raised her hands and wrapped her arms around his neck. She stood on her tiptoes and kissed him proactively, Alpha's pupils shrank, and the expression in his eyes became darker, as if he was about to devour her.

In the next second, he lowered himself and carried her. He walked forward and threw her directly into the soft bed.

"Really?" he asked in a whisper.

Annabelle did not answer. She wrapped her arms around his neck and raised her body, then she kissed his thin lips.

Alpha rarely enjoyed the opportunity to be kissed by her. He felt like it was a beautiful dream. He could not wait any longer.

But Annabelle pressed against his strong chest and pushed him directly onto the bed.

Alpha froze. He looked at the crystal chandelier above his head and raised his hand to cover his scarlet eyes. He felt that he was dreaming.

As Alpha tried to process what was going on. Annabelle turned over and sat on his sturdy waist.

Now, she was in control.

Alpha's pupils shrank. He did not plan for the day to be that good.

He grasped her waist and stared at her, his eyes exuding a burning desire.

Annabelle's face blushed. She had never taken the initiative in her entire life.

The women in the bathroom at the cafe said that men liked women who could satisfy them. And if other women could, then she could too.

But as he stared at her, her entire body felt hot.

"What are you looking at?" Alpha asked when he noticed that she was also staring at him.

"I wanna see if you're old," she replied with a tender smile.

"Mrs. Augustine, you have to understand that the older a man is, the better he gets."

The next morning.

Levi's voice came from outside the door, "Grandpa and grandma, get up. The sun is already out. Why are you two still not awake?"

The maids in the villa could guess what happened the previous night. It was

the first time that their master had stayed that late in his room.

"Little master, stop yelling, let boss and Ma'am Annabelle sleep a little longer. I'll accompany you to play," the maid coaxed him.

Levi's big shining eyes suddenly turned gloomy. "Okay, I'll go play by myself first."

Some minutes later, Levi, who was sitting in the living room, heard footsteps. He looked up and said, "Grandfather, good morning."

Alpha came down. Today, he wore a gray thin sweater and black trousers. He looked a little more homely and elegant.

His gaze fell on Levi's small face, "Morning," he responded.

At this moment, Annabelle called out to Levi, as she headed downstairs.

Today, Annabelle wore a dark blue free dress. This silk material perfectly outline her beautiful figure.

Today, she did not braid her hair, but she let her long hair loose, and she casually hooked it behind her ear. Today, Annabelle was extremely delicate and beautiful, like a young woman in her thirties.

"Wow, grandina is so beautiful today." Levi rushed over and hugged Annabelle,

Annabelle held Levi's face lovingly, "My Levi's mouth is so sweet today as well."

Levi smiled slyly. "Grandma, didn't we agree last night that grandfather wouldn't be able to get out of bed? Why are you up late?"

Annabelle quickly blushed. She glanced at Alpha beside her. She saw that Alpha's gaze were fixed on her. She said gently, "Levi, don't talk nonsense."

"I didn't say nonsense." Levi argued.

"Grandparents, daddy and mummy are going on a long trip, they want to go LA. They'll leave tonight. I'll be going with them. Before they leave, daddy and mummy wants to come over for dinner."

Chapter 78 e suddenly Had White Har

Elvis and Olive were officially on their schedule, so they were leaving tonight.

They knew that Alpha and Annabelle were back together, and they were worried about them, hence they decided to come over for dinner.

Annabelle's eyes lit up, "Okay, I'll cook tonight."

Elvis brought Olive over. Olive got into the kitchen in search for Annabelle.

Alpha and Elvis stood outside the villa, as they conversed.

On the lawn, the maid brought out a lot of fireworks. Levi lit one, and the bright fireworks immediately lit up the night sky.

Alpha stared at the fireworks, "Elvis, I heard that you want to take Olive back to Los Angeles?"

Elvis nodded, "Yes, we have previous issues to deal with."

Alpha did not ask much. Tonight, he was extraordinarily at home.

"Uncle Alpha..." at this moment, Olive called out.

Alpha turned around and saw

Olive leaning against the door, her bright eyes stared at him with a smile.

"Daddy, these fireworks are fun, come here quickly." Levi called out to Elvis,

Elvis excused himself, and went to play with Levi.

Olive walked over to Alpha. She looked up at the dark sky. For some reason, the sky tonight was surprisingly beautiful. Everything was so warm and beautiful.

"Uncle Alpha, are you happy now?" Olive asked.

Alpha nodded, "Very happy."

"I saw aunt Annabelle just now. Aunt Annabelle is also very happy. Uncle Alpha, it seems like you'll be happy forever."

Will he?

Does he still have time?

Alpha slowly raised his head, and did not utter a word.

Olive noticed that Alpha was a little weird tonight. He seemed to be hiding something from everyone. She wanted to say something, but then Levi ran over, 'Mummy, come over quickly...'

Alpha said gently, "Go ahead."

Levi pulled Olive away.

Olive, who was walking on the lawn, she turned around and looked at Alpha.

For some reason, tonight, he seemed to be unbothered about the happenings in the world. Olive didn't know if she was being delusional, but she could vaguely see the sudden white hairs that grew out of his cheeks.

At this time, Olive did not know that tonight was the last time she would see Alpha.

Levi pulled Olive over, and Elvis held her hand. "Olive, why are your hands so cold?"

Olive had a very bad hunch in her heart. Her hunch had always been accurate. She felt that something was definitely wrong with Alpha.

Alpha stood in the corridor, and soon, he coughed lightly. A warm blood suddenly flowed out from his mouth. He quickly turned around and walked into his study.

When he saw that there was no one in there, he took out a handkerchief and coughed into it.

"Sir." Reuben quickly rushed over and said, "Sir, you've been coughing blood for the past two days. This has gotten worse. I'll call the doctor."

Alpha raised his hand and stopped Reuben.

He knew his body too well. It was worse than the doctor's diagnosis. He probably didn't even have up to a month left.

Alpha stood in front of the floor-to-ceiling window. The fireworks were shining

brightly outside. He stretched out his hand and watched the time on his wrist watch.

He knew that he had already embarked on the last journey of his life, and his deadline was approaching.

He was probably just two days left.

It would be in the day that Olive and Elvis would leave for Los Angeles, so he thought.

Unconsciously, he began to crave for the present time. He always thought that life could be slower, but he had already come to his end.

Olive was still worried, so she went upstairs and headed straight to the study to find Alpha.

But when she reached the door of the study, she heard Reuben's voice.

"Sir, this is the medicine for you. You've caught a cold recently. Quickly drink the medicine now." Reuben said.

Soon, Alpha said, "I sec."

Outside the door, Olive had already put her hand on the doorknob and wanted to turn it open, but when she heard this, she suddenly halted. It turned out that he had caught a cold, and she was only overreacting.

Olive turned around and left.

In the study, Reuben listened carefully to the sound of the footsteps outside.

"Sir, ma'am Olive has already left."

Alpha nodded. He had already sensed that Olive had discovered something earlier, so he invited Reuben to act a scene for her.

No matter how intelligent Olive was, before the deep and powerful Alpha, she could only be immature.

"Sir, are you really not going to tell young master and ma'am Olive about your illness?"

"No need."

The family ate their last supper together. Elvis took Olive and Levi, as he prepared to leave. "Grandfather, we're leaving Levi waved goodbye.

Alpha and Annabelle stood together, "Bye, have a safe trip" Annabelle waved back to them.

Elvis and Olive held Levi's small hands, as they turned and walked away.

Alpha looked at the family of three and knew in his heart that this was the last goodbye. He took a step forward and whispered, "Elvis, Olive."

Hearing Alpha's call, Elvis and Olive stopped and looked back at Alpha.

"Uncle Alpha, do you have anything else to tell us?" Olive asked,

Alpha's handsome eyebrows were softened. He hooked up his thin lips, and then said, "Olive, why are you still calling me uncle Alpha?"

Olive smiled, she obediently said, "I'm sorry, dad."

Annabelle smiled.

Alpha nodded in satisfaction. He slowly extended his hand and held Elvis and Olive's hands at the same time. Then, he placed Olive's hand on Elvis's

"This Augustine family, I'll leave it to you."

"Okay, dad," Elvis nodded.

"Alright, let's go." Elvis took Olive and Levi into the car.

The light from Elvis's car flashed on Alpha's face, revealing a sense of loneliness,

The love of his life was obviously by his side, but why was he still haunted by a kind of sadness at such a happy moment in his life?

At this moment, Olive did not know that the brief warmth night would forever be registered in her mind.

Elvis, Olive and Levi left, while Annabelle entered the kitchen and started to clear the dishes.

At this moment, the maid saw Alpha by the door.

The maids were surprised because they had never seen their boss enter the kitchen.

The maid wanted to speak, but Alpha raised his hand and signaled her to leave.

The maid quickly and respectfully withdrew.

Alpha raised his legs and walked over to Annabelle's back.

Annabelle, who was holding a fork paused, because she felt Alpha behind her. She wanted to avoid him.

"Where are you going?" Alpha stretched out his strong arms and wrapped his arms around her soft waist, then he pulled her into his embrace from behind.

Annabelle's face quickly turned red. She twisted and tried to break free from his grip. "Don't be like this. This is the kitchen. Someone might see us."

"No one is here." Alpha said to her.

"Let me go, I need you to wash the dishes." Annabelle smiled and ordered him.

Alpha raised his eyebrows. Regarding the job of washing dishes, he was really a newbie. He had never done it before, and he didn't know if he could do it well.

Alpha really let go of her, then he rolled up his sleeves and started to wash the dishes.

Annabelle was startled. Just now, she was only joking. She did not expect that he would really wash

It.

"Alpha, what's the matter with you? I always think you're weird?" Annabelle stared at him suspiciously,

Alpha washed a bowl clean. "Mrs. Augustine, I washed the bowl so clean. Do you have a reward for me?" as he said that, he moved closer and wanted to kiss her.

Annabelle immediately grabbed a little apple and stuffed it into his mouth, "Is it sweet?"

Alpha took a bite. "It's not as sweet as you," he muttered.

Annabelle blushed, as she deliberately turned her face, "I'll ignore you!"

She turned and left.

But after taking two steps, Alpha hugged her from behind, and turned around a few times.

Her dark blue dress swayed beautifully in the air. Her heart tightened and she was startled. "Ah! Alpha, what are you doing?"

"Hugging you."

"Young couples liked to hug each other, but how old are we?" she asked.

"Put me down."

"No, I won't let go!"

The two of them argued in the kitchen for a long time.

In the middle of the night, Alpha fell asleep. He had a very long dream.

In the dream, Annabelle had jumped off the building. And for the next twenty years, he had been searching and waiting for her.

Alpha suddenly opened his eyes and woke up from his dream, as sweat filled his forehead.

He reached out and touched his side. He wanted to hug Annabelle, but his hand froze because there was no one beside him.

Annabelle was gone.

Alpha suddenly sat up. His eyes became confused and he was stunned. He could not tell whether it was a dream or reality.

Annabelle was gone again.

The happiness he had longed for in his life was so close to his reach, but yet again, it was shattered.

In this life, he had lost his love.

The pain in his heart was getting unbearable for him, he suddenly lifted the quilt and got out of bed.

With a bang, he accidentally knocked over a glass.

Without his shoes on, he stepped on it with his bare feet. Countless shards of glass pierced into the soles of his feet,

“Annabelle!” he called..

“Annabelle?!”

“Annabelle, where are you?

“Annabelle!” he shouted over and over again, and his own voice echo in the empty room.

He turned his head to look for him. Those deep, narrow eyes of his slowly lost their focus and became empty and pale.

He was lil-

was like a lost child who was searching all over the world for his parents.

He opened the door and ran out. He was wearing a black silk pajamas, and the cold autumn wind blew his pajamas.

His steps were hurried and chaotic. He did not have the calmness of the past.

He ran all the way.

He was searching for his gem.

At this moment, a familiar voice said, “Sir.”

Alpha paused, and quickly turned around. A slender figure appeared out of the darkness, it was Annabelle.

During the middle of the night, Annabelle got thirsty, and had gone to have some water. Soon she heard Alpha’s voice.

She walked out of the kitchen and saw him, she also saw the bloodstains on his path.

“Alpha what’s the matter with you?” Annabelle quickly walked over.

Alpha reached out and pulled her into his arms. His handsome face was buried in her hair. “Annabelle, so you’re here. I’ve been looking for you for a

long time.”

With his head bowed, he kissed her forehead and muttered to himself, “Annabelle, I missed you.”

He hugged her tightly, and didn’t want to let go.

“Alpha what’s wrong with you? Are you feeling unwell? Your foot is hurt. Hurry up and let me see...” Annabelle’s words stopped abruptly in the next second, because she felt her cheeks wet, as tears fell on her face.

Annabelle’s pupils shrank.

Alpha hugged her. Although he hugged her tightly, his heart was still empty and he did not have any sense of security.

A layer of water mist formed in his eyes, and he started to cry, his stiff shoulders trembled, as he kept crying.

He hugged her and cried.

The path of love in his life had been bumpy.

There were no sweet scenes in his memory. This love-hate encounter was heavy and painful.

He had never been loved by the woman he loved, and he still lost her all these years.

He had given her all the softness in his heart.

Alpha’s tears fell on Annabelle’s face, making her face wet.

Alpha hurriedly wiped her face, and soiled her face with his tears.

Alpha suddenly smiled, he smiled in distress. At this moment, the business emperor was crying and smiling like he had never done before,

Annabelle felt flustered. The panic was terrible. She was afraid. She had never seen Alpha like this

before.

She never knew that he could cry too.

There was a very bad feeling in her heart, which made her heart plummet.

“Alpha, what’s wrong with you? I’m right here. I won’t leave again.”

Alpha slowly calmed down, but his face was very pale, and his eyes were filled with deep sadness. “Annabelle, I’m fine, don’t be afraid.”

“Then let’s hurry back to the room. You’re injured.”

Annabelle took his big hand and led him back to the room.

In the room, Annabelle took out a medical kit to help him treat his wound. The broken glass stabbed deeply into the flesh and his blood soiled his feet. She used sterilized tweezers to pull out the shards one after another.

Her heart clenched in pain. She did not know that he was injured so badly and stepped on so many pieces of glass.

“Alpha, I’ll call the doctor over to help you deal with it, so that the wound will

not become infected.” Annabelle stood up, Alpha grabbed her hand and gently shook his head. “Annabelle, I’m a little tired. I’ll call the doctor tomorrow, I want to hold you and sleep for a while.” Annabelle turned to look at him. At this moment, he sat quietly on the bed, his eyes filled with tiredness.

Soon, she saw his temples, where it seemed like he had gray hair. Annabelle froze for a moment, then she slowly raised her hand to stroke his hair.

There were countless white-hairs, and he was suddenly growing old. Annabelle felt that her heart was tightly grasped by a big palm, and she could not breathe in pain.

“What’s wrong?” he asked.

Annabelle quickly shook her head, “It’s alright, Alpha, then let’s sleep.” She didn’t want to tell him that the following day, she would buy some hair dye to dye his white hair black.

At this moment, Annabelle did not know that there would be no tomorrow. Too many years had been wasted between them. The time had been exhausted in the twenty years of waiting. She and he ended tonight, there would be no tomorrow.

The two of them laid on the bed. Alpha stretched out his strong arm to embrace her, and Annabelle pillowed him on her arm.

“Alpha, what’s the matter with you today?” she asked softly as she laid in his arms.

Alpha closed his eyes, “It’s alright, I just had a nightmare that you left me again.”

Annabelle heart suddenly ached. She reached out and hugged his waist, her eyes reddened.

“Annabelle, I love you, do you know that?”

Annabelle nodded forcefully, “Yes, I know.”

“I’ve already loved you enough in this life. If there is an afterlife, I don’t want to meet you again,” his voice was as low, as he slowly spoke to her.
