

## **Small Farmer Medical God #Chapter 16: Building Relationships - Read Small Farmer Medical God Chapter 16: Building Relationships**

"This..."

Guo Meiyu was completely dumbfounded!

She had never expected Hu Xiaobei to do such a thing!

Hu Xiaobei didn't know what Guo Meiyu was thinking; he just wanted to stop her bleeding as much as possible...

"Thank goodness for the Nine Wood True Qi!"

After slowly using the Nine Wood True Qi to heal Guo Meiyu's wound, Hu Xiaobei finally breathed a sigh of relief.

The next moment, when Hu Xiaobei looked at Guo Meiyu, he saw her eyes filled with shyness...

So cute!

Looking at Guo Meiyu's extremely shy demeanor, Hu Xiaobei felt a bit excited...

"What are you looking at?"

Regaining her composure, Guo Meiyu playfully chided in a soft voice and quickly drew back her hand, saying again, "Alright, go back and sit down! Sister-in-law will continue cooking!"

"Okay, Sister-in-law, be careful!"

"Okay, I know!"

While talking, Guo Meiyu picked up another cucumber...

...

"I feel like my relationship with Guo Meiyu has gotten a lot closer!"

After having dinner, Hu Xiaobei left the place beaming with happiness...

Returning home, Hu Xiaobei performed a set of military boxing before going to bed happily.

"Who is it?"

The next morning, Hu Xiaobei opened his eyes in annoyance!

He had just been dreaming about getting married, only to be awakened by furious banging at the door!

Annoyed, he hastily got up and unlatched the door!

In an instant, Hu Xiaobei's expression turned extremely grim!

Because it wasn't someone else at the door, but Qian Fei and her mother Wang Tiehua!

"What are you here for?"

Glancing at the two men standing behind Qian Fei, Hu Xiaobei asked emotionlessly.

"What are we here for? Obviously, to make you pay back the money! What? Did you think that tarnishing my daughter's reputation was just going to be overlooked? Is there such a good deal in the world?"

Wang Tiehua looked at Hu Xiaobei and mocked him coldly.

Having thought over the situation the night before, Wang Tiehua knew that since she had entirely fallen out with Hu Xiaobei, her daughter would never be with him again!

Given that, she decided to extort as much money as possible, after all, every bit counted!

"Tarnishing?"

"That's right, you tarnished my daughter's honor. Now stop talking nonsense and quickly hand over one hundred thousand yuan, and we'll let this go!"

Hearing Wang Tiehua's impatient words, Hu Xiaobei responded coldly, "One hundred thousand? Why don't you just rob me!"

"Motherfucker! We are here to rob you, what can a loser like you do?"

"That's right! Hurry up and give us the money!"

As the impatience escalated, Qian Fei's two brothers coldly stepped forward!

At this moment, the two of them looked at Hu Xiaobei with a mocking expression, believing that there was no need to say much to Hu Xiaobei because they had him completely under their control...

Qian Fei silently sneered as she saw her two brothers step forward...

The night before, Qian Fei had thought it over and decided that Hu Xiaobei's finding of so many medicinal herbs was just dumb luck!

She really didn't need to care about him because compared to her, he was nothing but useless trash!

Hu Xiaobei didn't know Qian Fei's thoughts at this moment; he was just squinting and sizing up Qian Fei's two brothers!

Hu Xiaobei knew that the few sheep his family had were taken away by these two men!

Seeing Hu Xiaobei's sinister expression, they exchanged glances and chuckled wickedly, "Wow, looking serious there! What's up? Planning to fight us?"

"Alright! I advise you to stop fantasizing and hand over the money quickly if you know what's good for you!"

As they sneered and mocked him, undisguised greed appeared on their faces!

Earlier, they had learned from Wang Tiehua that Hu Xiaobei had made one hundred thousand yuan by selling medicinal herbs, and they were instantly green with envy!

They thought to themselves that despite risking their lives, they couldn't earn thirty to fifty thousand yuan in a year, while Hu Xiaobei had easily made one hundred thousand, which made them want to rob him in an instant!

Hu Xiaobei looked at their greedy faces, his expression growing colder!

At that moment, many people from Xiaohe Village, having heard the noise, gathered around!

Soon, those who had gathered knew exactly what was going on, as Wang Tiehua and others had come many times before, and these villagers recognized Wang Tiehua!

Once they knew that Wang Tiehua had come to demand money again, everyone frowned.

"That Wang Tiehua is really inhuman!"

"Exactly!"

"Sigh, Xiaobei's parents are gone, and there's hardly anyone in our village who can help, otherwise he wouldn't have to suffer such bullying by Wang Tiehua and his people!"

"That's right!"

Everyone felt sorry for Hu Xiaobei, but they were helpless as the village was full of widows and orphans who couldn't provide support!

Wang Tiehua, hearing those comments, scoffed disdainfully and quickly turned his head, saying, "All of you back off, this is our family affair!"

After saying that, Wang Tiehua looked at his two sons and ordered, "Go ahead!"

Wang Tiehua knew the importance of acting decisively, so he spoke out loudly...

"Alright!"

With Wang Tiehua's command, the two men smirked playfully and quickly surrounded Hu Xiaobei...

"Ha-ha, Hu Xiaobei, it's your turn today!"

Not far away, the village chief Wang Dagui was visibly excited...

At that moment, he really wanted to see Hu Xiaobei get beaten up harshly...

"I can finally take my revenge!"

As he spoke, Hu Xiaobei quickly moved to meet them...

Seeing that Hu Xiaobei didn't choose to run but faced them head-on, everyone was stunned...

"What is Xiaobei planning to do!"

"Exactly!"

"Don't just stand there, run!"

When they saw Hu Xiaobei rushing toward them, everyone panicked...

"Idiot!"

As the onlookers became anxious, Wang Dagui, Wang Tiehua, and Qian Fei looked on mockingly...

In their eyes, Hu Xiaobei had completely lost his mind by now...

"Heaven has a path you didn't take, Hell has no gate yet you break in!"

Seeing Hu Xiaobei charging at them, they were momentarily shocked, but they soon recovered their composure!

Because they believed that no matter what Hu Xiaobei did, it was meaningless, as the gap in their abilities was simply too great...

"Brother, you rest, I'll handle this myself!"

"Right, go ahead. I'll watch."

"Alright!"

He agreed with a chuckle, cruelly smiling as he met Hu Xiaobei head-on, "You're really an idiot. If you had handed over the money earlier, you wouldn't have needed to suffer physical pain!"

With derisive cold laughter, he suddenly threw a punch...

All the watching women instinctively closed their eyes, because they could guess that the next scene would be heart-wrenching...

Soon, those who had closed their eyes grew puzzled because they didn't hear the expected screams of agony; opening their eyes reflexively, they were all instantly dumbfounded...

## **Small Farmer Medical God #Chapter 17 - 17 Really an Acting Master - Read Small Farmer Medical God Chapter 17 - 17 Really an Acting Master**

The reason they were so dazed, so unable to believe, was that everyone saw Qian Fei's brother's forceful punch firmly grasped by Hu Xiaobei!

"This... This is impossible!"

The other man who hadn't made a move had his eyes bulging out like brass bells!

In his view, such a scene should absolutely not have occurred...

As he mumbled in shock, the village chief Wang Dagui, who was hiding to one side, had an expression as dark as could be!

Previously, he had widened his eyes, waiting to see Hu Xiaobei make a fool of himself, but now, not only had he not seen Hu Xiaobei embarrassed, he had seen a very heroic side of Hu Xiaobei!

...

"How is this possible!"

The faces of Qian Fei and Wang Tiehua were extremely ugly!

They had thought Hu Xiaobei was nothing but trash, easily beaten down, but now they realized that it seemed not to be the case at all!

"With this level of skill, you want to cripple me?"

With a cold voice, Hu Xiaobei exerted a little force, and in that instant, the man felt his wrist clamped tightly as if in a vice.

"You... you... let me go!"

In an instant, he screamed miserably...

Hearing the miserable scream, Hu Xiaobei let out a cold laugh, and the next moment, Hu Xiaobei kicked him in the chest, sending him flying backward, traveling five or six meters before lying on the ground like a dead fish!

Silence!

The scene instantly fell into an indescribable silence...

Because everyone was thoroughly shocked by this scene...

After glancing at the sour-faced Qian Fei and Wang Tiehua, Hu Xiaobei sneered and walked towards the man he had just kicked away!

The man tremblingly stood up from the ground, and upon hearing footsteps, subconsciously raised his head; when he saw Hu Xiaobei walking towards him, he promptly fell to the ground again...

Terrified to the extreme!

He was genuinely scared to the core by Hu Xiaobei, so now, just by looking at Hu Xiaobei, his body started to shiver uncontrollably...

Seeing her own son about to be scared to death by Hu Xiaobei, Wang Tiehua's face slightly changed, and in that instant, she screamed hysterically, "You little bastard, what do you think you're doing?"

"Bastard?"

With a sneer, Hu Xiaobei unhesitatingly kicked the man in the lower abdomen!

In that instant, as he screamed miserably, he quickly curled up like a large shrimp...

Seeing her own son about to throw up his last meal from being kicked by Hu Xiaobei, Wang Tiehua completely panicked!

Quickly looking around, she shouted anxiously, "Are you all dead? Hurry up and help! Quickly talk some sense into this maniac! Somebody's going to get killed here!"

Seeing Wang Tiehua in a panic, all the onlookers thought she got what she deserved, and they began to speak in indifferent tones!

"Oh, you said it yourself earlier, didn't you? This is your family affair!"

"Exactly, we shouldn't get involved!"

"Uh-huh! You should handle it yourself!"

"You... you..."

Wang Tiehua's mouth twitched several times!

At this moment, she truly felt like spitting out a mouthful of old blood!

Soon, she heard a plea for mercy, "I was wrong, spare me, please spare me!"

Hearing such desperate pleading, Wang Tiehua turned around and saw her own son directly begging for mercy...

Upon hearing the pitiful plea, Hu Xiaobei looked at him, and just then, Hu Xiaobei suddenly heard a flurry of mad shouts!

Turning around, Hu Xiaobei saw Qian Fei's other brother charging towards him...

This time, not only was he charging, but he also had a brick in his hand...

"Hit him! Hit him hard!"

Seeing her own son charging at Hu Xiaobei, Wang Tiehua instantly screamed excitedly...

"Rest assured! I will!"

With such a ferocious promise, he quickly lifted the board brick in his hand!

"Ha ha, hit him, smack his head open!"

At this moment, the village chief Wang Dagui yelled excitedly; previously, Wang Dagui had been dealt with by Hu Xiaobei, so he harbored a deep hatred for Hu Xiaobei and naturally wanted to see him in trouble!

"This..."

While Wang Dagui and Wang Tiehua were so agitated, everyone in Xiaohe Village was extremely tense!

They all knew that if Hu Xiaobei really got hit, even if he didn't die, he would be severely injured...

"Seeking death!"

Hu Xiaobei coldly muttered as he quickly clenched his fists!

Hu Xiaobei knew that it was only because his body had been transformed by the Nine Wood True Qi that he was able to react at all!

He was really trying to send himself to his death!

Thinking so, Hu Xiaobei quickly dodged the lethal blow and, immediately after, delivered a heavy punch...

"This..."

The man holding the board brick never expected Hu Xiaobei to avoid his sneak attack; so when he realized Hu Xiaobei had dodged it, he was stunned!

Seeing the fist growing larger and larger before his eyes, he wanted to dodge, but he couldn't react in time, and just like that, he was hit before he could even respond!

The next moment, his screams of sheer agony filled the air...

"Xiaobei is really amazing!"

"Indeed!"

"He could actually dodge like that!"

They were shocked!

The people of Xiaohe Village sincerely marveled, feeling just moments ago that Hu Xiaobei couldn't possibly have dodged, but now they had witnessed something that had opened their eyes...

"Shit, another failure! Worthless, all so useless!"

Seeing another failure, Wang Dagui grumbled in frustration...

...

"Hu Xiaobei, you... you're not human! How could you be so ruthless!"

Seeing her two sons lying on the ground, Wang Tiehua was heartbroken!

Without hesitation, she rushed over to them!

Giving Wang Tiehua a look, Hu Xiaobei coldly said, "Get lost!"

"You..."

Hearing Wang Tiehua about to say something else, Hu Xiaobei cut her off coldly, "What? Can't you understand what I'm saying?"

"Fine! We will leave right now! But this isn't over! It isn't over!"

Having said that, Wang Tiehua carefully helped her two people up.

The next moment, she looked towards her daughter Qian Fei, only to find Qian Fei staring blankly at Hu Xiaobei!

"My girl, you..."

Qian Fei ignored her and softly said, "Brother Xiaobei, before, it was my mother who wanted to break us up, and I had no choice but to agree to break up with you! But in fact, I really do love you, can we get back together, please?"

"This..."

Hearing Qian Fei's words, the surrounding women couldn't help but gasp in astonishment...

What thick skin!

To be able to say such things under these circumstances!

"She's really an actress!"

Seeing Qian Fei still acting at a time like this, Hu Xiaobei was visibly annoyed.

He felt nothing for her anymore, so there was no way Hu Xiaobei would consider reconciling with her!

Just as he was about to say something, Hu Xiaobei heard the sound of urgent brakes and turned his head to see a van appearing at the entrance of the alley ahead...

## **Small Farmer Medical God #Chapter 18: A Scoundrel is a Scoundrel - Read Small Farmer Medical God Chapter 18: A Scoundrel is a Scoundrel**

"It's Sun Meng!"

Xiaobei only needed a glimpse of that beaten-up car to know it was none other than the rogue from the neighboring village, Sun Meng!

"Hu Xiaobei, this time, you're definitely done for!"

As Hu Xiaobei recognized the visitor, the village chief, Wang Dagui, who was hiding in a corner also recognized him, and trembled with excitement!

He knew that Sun Meng and his gang of ruffians had been fighting since their youth, so their fighting skills were far superior to those two useless ones Xiaobei had knocked to the ground!

That's why, once they seriously started fighting, Hu Xiaobei would stand no chance...

"Wow, quite lively here, everyone knew I was coming, huh?"

While Wang Dagui eagerly anticipated, Sun Meng, with a cold sneer on his face, sauntered off his brash car, smoking a cigarette!

At that moment, everyone saw Sun Meng's punchable expression!

But nobody dared to say anything, only silently stepping back!

No choice!

The people getting off the car with Sun Meng were all holding baseball bats!

Seeing everyone unconsciously step back, he grinned slyly, full of pride!

In his view, his arrival should naturally command attention...

After quickly spitting out a thick glob of phlegm, Sun Meng noticed Wang Dagui hiding in the corner!

After a brief exchange of looks, Sun Meng nodded!

Soon, Sun Meng walked straight towards Hu Xiaobei and said, "Hu Xiaobei, right! Last time I wanted the money, it was you who wanted to go down with me, right!"

As he arrogantly spoke, Sun Meng looked down on Hu Xiaobei!

Previously, having been scared off by Hu Xiaobei was a great humiliation for Sun Meng, and after brooding over it became increasingly angered; that's why, seeing Hu Xiaobei now, he intended to take brutal revenge!

Simply put, even without Wang Dagui's orders, he definitely wouldn't let Hu Xiaobei off...

This will be a good show!

Hearing Sun Meng's incredibly arrogant opening!

Wang Tiehua and her two sons' eyes lit up!

For they knew Sun Meng was clearly here to deal with Hu Xiaobei!

"Dumbass, didn't expect you to have made quite a few enemies!" After excitedly muttering, they quickly stepped back, now ready to enjoy the show!

Qian Fei, seeing them step back, also stepped back a bit!

She felt it was best to distance herself from Hu Xiaobei for now!

As they stepped back, the women of Xiaohe Village sighed somberly!

"Alas, Xiaobei is in big trouble!"

"Exactly!"

"Never expected these scoundrels to come back!"

"Alas, it's just because they bully our village for having no one!"

After all these women helplessly spoke, they all sighed silently!

They knew Sun Meng daring to show up and shout in the village again was because he bullied the village for having no one...

Of course, even though they knew this was his thinking, they were powerless as the men left in the village were essentially just the old, weak, sick, and disabled; even if they wanted to help, their intentions couldn't match their strength!

After briefly looking at the arrogantly-faced Sun Meng, Hu Xiaobei calmly responded, "Who are you? Do I know you?"

Hearing Hu Xiaobei's retort, Sun Meng's eyelid twitched...

"Fuck! You..."

Seeing Sun Meng extremely irritated, Sun Meng's subordinate was quickly muttering but before he could finish, someone stopped him!

Instinctively turning her head, she and her group saw Meiyu running over swiftly!

Earlier, Meiyu was at the riverside drawing water for her crops when she spotted Sun Meng's decrepit van arriving. Fearing that he was here to take revenge on Hu Xiaobei, she dropped her bucket and hurried over!

Glancing at Meiyu's flushed cheeks, Sun Meng said enviously and quickly, "Ah, isn't this Beauty Guo? Have you gathered the money?"

"Sun Meng, how shameless can you be? I owe you the money, why are you going after Xiaobei?"

After being bluntly scolded, Sun Meng's face turned extremely ugly!

In his view, he was a superior figure, and how could he withstand such harsh scolding...

Sneering coldly, Sun Meng coldly responded, "Feeling concerned, huh! Have you fallen for this piece of trash?"

Knowing that Sun Meng can't spew anything decent, so Meiyu loudly retorted, "You... shut your mouth! Also, here's ten thousand yuan, take the money and fuck off!"

After saying that, Meiyu tossed the ten thousand yuan Hu Xiaobei had given her swiftly!

"Hm?"

After catching the stack of cash, Sun Meng was stupefied!

It wasn't just Sun Meng, but all of Xiaohe Village's residents and the gawking village chief, Wang Dagui, were shocked too!

Because they never expected Meiyu to produce so much money in such a short time...

...

After counting it and confirming the amount was correct, Sun Meng joked lightly, "Ah, Beauty Guo, it seems I underestimated you before! You managed to gather the money so quickly!"

Not wanting to waste words with this trash, so Meiyu coldly growled, "Take the money and roll!"

Hearing Meiyu ordering him to roll, Sun Meng quickly pocketed the cash, "Hehe, the debt is paid, but there's still interest, right? Even if you borrow from a bank now, there would be interest, so it shouldn't be a big deal for me to charge some interest too!"

"You... you're such a scoundrel! How much interest do you want?"

"Not much, we're all familiar here, I'm embarrassed to ask for too much! How about this! Give me another twenty thousand, and we'll be completely settled. That sounds fair, right?"

Sun Meng had come today planning to take Meiyu back for a 'fun time,' but unexpectedly she pulled out ten thousand yuan directly!

The ten thousand yuan threw off Sun Meng's plans!

Of course, to him, it was no big deal!

Because in his view, he had plenty of ways to deal with her...

"Twenty thousand? Are you out of your mind?"

Hearing him demand twenty thousand, Meiyu's eyes widened in rage!

At this moment, she realized that she had underestimated the shamelessness level of this jerk!

He was actually asking for twenty thousand directly...

As Meiyu's eyes widened, the women of Xiaohe Village all sighed silently!

Previously when Meiyu had taken out the ten thousand yuan, they all had breathed a sigh of relief!

In their minds, since Meiyu had repaid the money, this Sun Meng would definitely have no moves left!

But now, they realized they had completely underestimated the scoundrel's morally depraved nature, he was now openly demanding twenty thousand yuan in interest...

"What? Can you not produce twenty thousand yuan in interest? If that's the case, then I'm sorry!"

With such a cold laugh, Sun Meng glanced at the minions behind him and spoke indifferently, "Grab her!"

"Roger!"

Quickly agreeing, they shook their baseball bats and dashed straight towards Meiyu...

## Chapter 19: It's You I'm Targeting

Meiyu watched as the thugs approached with smirks on their faces, revealing utter despair on hers!

Not just Meiyu, other women of Xiaohe Village felt the same!

At that moment, they really wanted to help, but they didn't dare to, for they all feared Sun Meng would seek revenge...

"Scum will always be scum! They can never become human beings!"

As Hu Xiaobei watched the thugs smirk and move towards Meiyu, he spoke coldly with a somber face!

Previously, Hu Xiaobei had given Meiyu ten thousand yuan to return to Sun Meng, trying to keep the peace!

It wasn't that Hu Xiaobei was afraid of trouble, but rather he was worried about Meiyu continuing to feel threatened by Sun Meng!

But now, Hu Xiaobei knew that even giving Sun Meng the money wouldn't solve the problem, because they truly had no boundaries...

Thinking this, Hu Xiaobei clenched his fists, and the next moment, he quickly walked towards Meiyu!

"What an idiot!"

Seeing Hu Xiaobei move, Sun Meng, who had been watching him, showed a glint of scorn in his eyes!

In his view, since his side currently held absolute advantage, if Hu Xiaobei had any intelligence, he wouldn't make a move, but his readiness to act now showed that he truly lacked intelligence!

"Nice, Hu Xiaobei! You chose not to take the path to Heaven but to throw yourself into Hell!"

As Sun Meng sneered, the village chief, Dagui, excitedly clenched his fists while hiding in a corner...

In his view, as Hu Xiaobei wanted to play the hero, he was definitely going to be tormented severely!

"Xiaobei..."

Seeing Hu Xiaobei walking towards Meiyu, the women of Xiaohe Village panicked completely!

Because they felt Hu Xiaobei had no chance of winning, especially since the opposition was numerous and armed!

"Xiaobei, you... don't come over, please don't come!"

Seeing Hu Xiaobei intending to approach, Meiyu grew desperate...

She knew she couldn't let Hu Xiaobei get involved any further...

Hearing Meiyu's frantic plea, Hu Xiaobei softly said, "Sis, don't worry, I'm fine!"

After saying that, Hu Xiaobei coldly looked at the thugs!

...

"What an idiot! He really thinks he's a savior!"

"Exactly!"

Those two brothers previously chastised by Hu Xiaobei voiced their resentments!

They knew they were no match for Hu Xiaobei!

But they believed these people wielding baseball bats could definitely teach Hu Xiaobei a lesson about life!

"Are you hurting?"

Seeing Qian Fei's face assume a complicated expression, Wang Tiehua frowned slightly and spoke softly!

"Mom! What are you saying!"

"Girl, I know what you're thinking, but it's impossible between you and Hu Xiaobei now, so don't harbor any thoughts! Besides, such trash doesn't deserve you, don't you think!"

"Right!"

Qian Fei knew Wang Tiehua was right, everything was irretrievable...

So, there was no need to dwell on it anymore, eventually, she could definitely find a better man than Hu Xiaobei!

...

"Hey, you idiot actually dared to show up!"

"Looks like you're itching for a beating!"

"Exactly!"

Seeing Hu Xiaobei blocking their path, Sun Meng's minions smirked...

The last time, they had been scared off by Hu Xiaobei, which really annoyed them, so seeing Hu Xiaobei step forward now, their faces were filled with mocking smiles...

In their view, the chance for revenge had finally arrived completely...

"Get lost!"

"Get lost? It's you who should get lost! Strike!"

As they spoke, they rushed towards Hu Xiaobei!

Apart from Hu Xiaobei's enemies, who watched with excited eyes, everyone else instinctively closed their eyes, unable to bear watching...

...

"You're trying to put me into a deadly situation!"

Watching them wildly swing their sticks, Hu Xiaobei sneered...

The next moment, Hu Xiaobei swiftly made his move...

Before, his body had been transformed by the Nine Wood True Qi, so now, Hu Xiaobei believed he could handle these scumbags...

Sure enough!

After gently activating the Nine Wood True Qi, Hu Xiaobei felt a significant increase in his agility...

Just like that, Hu Xiaobei effortlessly dodged what looked like a fatal blow, and then, as they stood there dumbfounded, he kicked out...

Just like that, the thug at the forefront was kicked and sent flying...

This scene stunned the other thugs!

Seeing the others stunned, Hu Xiaobei sneered, "Got time to be dazed now?"

As he spoke, Hu Xiaobei swiftly attacked, and just like that, they all ended up lying on the ground...

"This..."

Flabbergasted!

The village chief and others were flabbergasted!

Before, Wang Dagui knew Hu Xiaobei could fight, but he hadn't expected him to be this good!

The thugs were taken down so easily!

Hu Xiaobei didn't know Wang Dagui was utterly baffled. If he had known, Hu Xiaobei wouldn't have cared. At this moment, Hu Xiaobei was heading straight for Sun Meng...

"You..."

Seeing Hu Xiaobei approaching, Sun Meng went pale!

"What, got cold feet?"

Hearing the sarcasm, Sun Meng's eyelids twitched, "You... don't be reckless!"

"Me, reckless?"

Sarcastically questioning, Hu Xiaobei slapped him!

With a smack, Sun Meng was staggered by the slap!

"Ouch! Pretty tough, huh!"

Seeing that he hadn't fallen, Hu Xiaobei smirked and slapped him again...

Just like that, Sun Meng pitifully fell to the ground...

"Exhilarating!"

Seeing Sun Meng's face swell up from Hu Xiaobei's beating, everyone in Xiaohe Village subconsciously clenched their fists...

Nobody sympathized with Sun Meng; instead, they all felt he had it coming!

"You... you..."

Sun Meng tried to say something meaningful, but he instantly shut up when he saw Hu Xiaobei raising his arm again!

Seeing how terrified he was, trembling all over, Hu Xiaobei scornfully chuckled, then took back the ten thousand yuan that Guo Meiyu had given him!

After holding it in his hand, Hu Xiaobei glanced at Sun Meng again and sneered, "Scram!"

"You..."

Reprimanded harshly by Hu Xiaobei, Sun Meng's face went from green to white...

"What? Can't understand what I'm saying, or do you want another beating?"

"No, I'll scam!"

After hurriedly agreeing, Sun Meng quickly picked himself up!

Seeing Sun Meng run off, his henchmen also ran away swiftly, wishing they could grow extra legs...

After they ran off, Hu Xiaobei turned to look at Qian Fei and others, and spoke in a low voice, "Aren't you leaving yet? Waiting for me to treat you to a meal?"

"Alright! We're leaving! We're leaving right now! But remember, Hu Xiaobei, this isn't over!"

Having dropped this pointless tough talk, Wang Tiehua dragged them away...

"Not over?"

With a sarcastic cold chuckle, Hu Xiaobei turned his gaze away!

The next moment, Hu Xiaobei looked at Guo Meiyu and softly said, "Sister-in-law, it's all right now..."

Hearing Hu Xiaobei's words, Guo Meiyu still looked somewhat dazed, she hadn't yet recovered from the shock...

After a while, Guo Meiyu hesitantly murmured, "Xiaobei... this... it's not a dream, is it?"

## **Small Farmer Medical God #Chapter 20 - 20 Su Xueying's Request - Read Small Farmer Medical God Chapter 20 - 20 Su Xueying's Request**

"Sister-in-law, this definitely isn't a dream!"

When Hu Xiaobei was responding, he stuffed the ten thousand yuan that Guo Meiyu had handed out back into her hands...

After taking the money, Guo Meiyu quickly said, "This money..."

Knowing what Guo Meiyu was about to say, Hu Xiaobei quickly said, "There are too many people around, just keep the money for now!"

"Well... okay then!"

After nodding quickly, Guo Meiyu put away the money!

While Guo Meiyu was putting away the money, Sun Meng, who had already left, touched his swollen face, his expression ugly to the extreme!

At Sun Meng's side, his followers were all silent as cicadas in winter, not daring to speak, for they were afraid to provoke him!

Seeing everyone falling silent, Sun Meng's mouth twitched slightly, and then, he burst out coldly with a low roar, "Are you all dead? Speak up!"

Scolded so harshly, their mouths twitched, but they still didn't dare to say anything, for they knew that Sun Meng had now descended into madness...

Seeing that they still weren't speaking, Sun Meng roared lowly, "Trash, you are all trash!"

After this low roar, he glanced at Xiaohe Village and roared bitterly, "Hu Xiaobei, you just wait, this isn't over! Absolutely not over!"

As the local tyrant, Sun Meng had been around here for many years, and now, being bullied by Hu Xiaobei, he couldn't accept it and wanted revenge, harsh revenge!

In his mind, only by thoroughly crushing Hu Xiaobei could he remove the hatred in his heart...

...

Hu Xiaobei didn't know he was targeted by him. At that moment, Hu Xiaobei was sweating profusely, tinkering with the brand-new water pump he had bought from the county...

Beside Hu Xiaobei, Guo Meiyu looked at Hu Xiaobei, sweating profusely, and felt a pang of pity, quickly pulling a handkerchief from her bosom...

So fragrant!

Catching a whiff of a faint fragrance, Hu Xiaobei looked up just to see Guo Meiyu handing over a pink handkerchief!

"Xiaobei, wipe off your sweat!"

"Thank you, sister-in-law!"

Quickly agreeing, Hu Xiaobei took the soft handkerchief!

After smelling the faint fragrance, Hu Xiaobei felt a bit intoxicated, and soon, he wiped the sweat from his forehead...

After that, Hu Xiaobei quickly adjusted himself...

Previously, Hu Xiaobei had never used such a water pump, and because of this, he found it a bit tricky, but he soon figured it out...

"What is this?"

"Yes, indeed!"

"Seems like some machine?"

While Hu Xiaobei was making the final adjustments, many of the women from Xiaohe Village quickly gathered around!

They had never seen what a water pump looked like before, so they didn't recognize it now!

Hearing everyone's curious voices, Guo Meiyu smiled and softly said, "This is a water pump that Xiaobei bought from the county, it's for irrigating the fields!"

"What?"

"This is a water pump?"

"My goodness, Guaiguai, this must have cost a lot of money!"

After hearing Guo Meiyu say it was a water pump, each of them was visibly shocked!

Water pumps, they had heard of them, but had indeed never seen one...

"It's not too expensive!"

Explaining so, Hu Xiaobei quickly finished setting up the water pump...

Soon, under everyone's gaze, he turned it on, and as it started rotating rapidly, water from the river was quickly drawn up!

Watching the cool water being directly pumped into the fields, everyone present was extremely excited...

"This water pump is really great!"

"Right! It's so much quicker than fetching water!"

"Exactly!"

Seeing the cool water quickly irrigating a vast area, all the women got excited!

Soon, one of the women looked at Hu Xiaobei with envy and whispered, "Xiaobei! Can I borrow the water pump for a bit?"

Hearing this, the other women also gazed at Hu Xiaobei eagerly...

Fetching water from the river was just too laborious, so now they all coveted the pump...

Because they all knew that having this water pump would save them a lot of trouble.

Seeing all of them looking at him with eager eyes, Hu Xiaobei readily agreed, "Of course, I actually bought it for everyone to use! Once the sister-in-law is done, you guys can use it as well!"

"Thank you, Xiaobei!"

"Xiaobei is awesome!"

"Yes!"

All the women got instantly thrilled...

Hearing their excited praise, Hu Xiaobei smiled...

Soon, Hu Xiaobei greeted them before parting ways with the women...

As he walked towards the village, Hu Xiaobei was still thinking about things when he suddenly heard someone calling his name!

After looking up, Hu Xiaobei saw Su Xueying standing not far away!

Seeing her, Hu Xiaobei thought again of that previous ambiguous detox session...

This made Hu Xiaobei a bit restless, and he quickly said, "Sister-in-law!"

"Hmm! Xiaobei, I need a favor!"

Seeing Su Xueying's cheeks turn a bashful red, Hu Xiaobei hurriedly said, "What is it? Sister-in-law, just tell me!"

"It's like this! I lost my keys, I suspect they fell when I was bitten by the snake. I want you to help me check if they are there!"

Su Xueying spoke hesitantly!

Previously, when Su Xueying realized her keys were missing, she thought they might have fallen where she was bitten by the snake!

Because she fell to the ground after being bitten...

Once she was sure of this, she wanted to look for them, but she didn't dare!

Once bitten, twice shy!

She was worried there might still be snakes there...

Knowing Su Xueying would not dare go back there anytime soon, Hu Xiaobei readily said, "Okay! Sister-in-law, I'll go and take a good look for you in a bit!"

"Thank you!"

"Why so formal with me? Oh, by the way, sister-in-law, is your butt alright?"

"Butt?"

Feeling Su Xueying's confusion, Hu Xiaobei pointed and said, "I mean, the place where the snake bit you!"

Realizing what Hu Xiaobei was referring to, she quickly said, "Oh! It's completely healed now!"

As she spoke, her heart pounded a few times...

Because in that moment, she unconsciously thought of that absolutely embarrassing treatment process...

"That's good to hear. If you feel anything wrong with your body in the future, just come to me!"

"Alright! I should be going now!"

"Okay!"

Watching Guo Meiyu briskly walk away, swinging her hips, Hu Xiaobei couldn't help but feel envious, and soon, shaking his head, he headed straight to the back of the village...

"It's really here!"

In the field, Hu Xiaobei saw the key and chuckled...

After picking it up, Hu Xiaobei turned to leave, when he heard footsteps and turned his head, his eyes flashing with a hint of surprise...
