

Small Farmer Medical God

Chapter 2 - 2 Bitten by a Snake

"This..."

Hu Xiaobei was bewildered...

"Did the cooked duck fly away?"

Thinking this, Hu Xiaobei quickly looked around, but all he saw was the pitch-black river water...

Having no other option, Hu Xiaobei had to surface quickly...

Because Hu Xiaobei knew he couldn't hold on anymore...

...

"Sister, don't go down, Xiaobei is a good swimmer!"

"Yep, Xiaobei is really good at swimming! Besides, his aunt has already gone to the village to call for people!"

"Yeah, soon a lot of people from our village will be here!"

Just as he surfaced, Hu Xiaobei heard such a conversation!

Quickly, Hu Xiaobei hurriedly said, "I'm fine!"

Hu Xiaobei's voice let them all hear him, and instantly, they all breathed a sigh of relief!

The woman who had just run off to call people from the village also hurried back...

Seeing Hu Xiaobei swim towards them, Guo Meiyu excitedly asked, "Xiaobei, you... you're really okay?"

"Yes, I'm fine! Sister-in-law, don't you know my swimming skills?"

Hearing Hu Xiaobei's words, Guo Meiyu gave him a few careful looks, and soon, she relaxed!

Smiling, Hu Xiaobei looked at those aunts and said with a smile, "Aunts, thanks just now, you can go about your business!"

"Okay! We were just about to go to town to buy some stuff!"

"Then go ahead!"

"Okay!"

After they walked away, Hu Xiaobei finally stood up from the water!

Earlier, Hu Xiaobei had crouched in the water because he was holding Guo Meiyu's bra, knowing that it would be really hard to explain if they saw him holding it!

"Xiaobei, you..."

Hearing Guo Meiyu about to say something, Hu Xiaobei smiled and quickly handed over the bra he was holding, saying, "Sister-in-law, here you go..."

Seeing what Hu Xiaobei handed over, Guo Meiyu's face instantly turned red!

"Thank you!"

After saying this quietly, Guo Meiyu quickly and shyly grabbed it!

Seeing her snatch it so quickly, Hu Xiaobei felt a bit regretful, because honestly, he hadn't taken a good look yet...

Guo Meiyu didn't know what Hu Xiaobei was thinking, and after quickly putting it away, she looked at Hu Xiaobei, who was soaked, and said, "Xiaobei, hurry up and come to my house, I'll find some clothes for you to change into!"

"No need, it's summer, it's cooler this way! But you..."

At this point, Hu Xiaobei suddenly stopped talking because he had just noticed that Guo Meiyu's clothes had become almost transparent from being soaked...

"They're huge!"

Looking at her breasts, Hu Xiaobei subconsciously swallowed!

"You little bastard, what... what are you looking at!"

Speaking so shyly, Guo Meiyu quickly covered her voluptuous body!

Hearing such shy words, Hu Xiaobei quickly said, "Nothing, sister-in-law, I have something else to do, I'll be off!"

Saying this, Hu Xiaobei quickly ran away...

"He sure runs fast!"

Watching Hu Xiaobei run away in a somewhat awkward manner, Guo Meiyu muttered softly...

...

At the edge of the woods behind Xiaohe Village, Hu Xiaobei stopped and looked around a few times, making sure Guo Meiyu was not following him, and then he relaxed!

Lazily sitting on a rock, Hu Xiaobei began to sunbathe!

At that moment, Hu Xiaobei suddenly thought of the white bead that had disappeared in the palm of his hand!

"What was that bead, and why did it disappear?"

As he muttered to himself, Hu Xiaobei suddenly felt as if many things had appeared in his mind.

...

"Shennong's Hundred Herbs Scripture!"

After organizing everything in his mind, a glint of realization flashed in Hu Xiaobei's eyes. He realized that what had appeared in his mind was none other than Shennong's inheritance...

"If this inheritance is real, then I've really hit the jackpot!"

Hu Xiaobei was thrilled as he said this...

Hu Xiaobei knew that if the inheritance in his mind was truly from Shennong, then he had truly struck it rich...

Just as he was about to examine the various detailed descriptions very closely, Hu Xiaobei suddenly heard a piercing scream...

"It seems to be coming from the foothills!"

Thinking this, Hu Xiaobei didn't hesitate and ran crazily down the mountain...

"Help, help!"

Approaching, Hu Xiaobei heard the urgent cries and immediately recognized that the voice belonged to the village beauty, Su Xueying...

"Sister-in-law, what's wrong?"

"Xiaobei? Is that you? I'm over here! Hurry!"

Hearing Su Xueying's relieved voice, Hu Xiaobei quickly responded, "Sister-in-law, I'll be right there!"

"Xiaobei, be careful—there's a poisonous snake here, and it just bit me!"

"A poisonous snake?"

Upon hearing about the poisonous snake, Hu Xiaobei's eyes flickered nervously...

The mountainous environment was very primitive, teeming with venomous snakes. Getting bitten could really be troublesome, especially since the hospital was far too distant!

Instinctively grabbing a wooden stick for defense, Hu Xiaobei dashed over, and there, he saw Su Xueying!

She was sitting on the ground, looking somewhat frightened...

"Sister-in-law, you'll be okay!"

As he said this, Hu Xiaobei quickly scanned the surroundings and spotted the emerald green snake!

Trimeresurus!

Recognizing the emerald snake, flicking its tongue the moment he saw it, Hu Xiaobei's expression turned extremely grim!

Hu Xiaobei knew it was venomous, and getting bitten by it was a serious matter!

Thinking this, Hu Xiaobei quickly stepped forward and soon, he had killed it...

The most terrifying thing about snakes is their sudden strikes, so facing them head-on isn't scary at all!

After taking care of it, Hu Xiaobei turned to the sweat-drenched Su Xueying and said, "Sister-in-law, I chased it away. Are you okay now?"

"I don't know, I just feel a bit dizzy!"

"Where... where were you bitten? Let me see if I can suck the venom out!"

Hu Xiaobei knew that if Su Xueying had really been bitten, getting her to a hospital in time would be impossible, so the only treatment left was to see if he could extract the venom!

"This..."

"Sister-in-law, what's the time for hesitating!"

Hu Xiaobei was somewhat frantic at this point because he knew the situation was really dangerous!

"Just now, that snake seemed to have bitten my butt!"

After hearing Su Xueying speak, Hu Xiaobei finally understood why she had been too embarrassed to say it earlier!

Thinking this, Hu Xiaobei coughed and said, "Sister-in-law, could you... could you bend over, so I can see the wound?"

Hearing Hu Xiaobei's request, the tight-gripping Su Xueying whispered, "You... you want to suck out the snake poison?"

"Yes, that's the only option now! Sister-in-law, don't waste time, bend over quickly!"

"Well... okay then!"

Knowing there was no other choice, Su Xueying shyly glanced at Hu Xiaobei, then bit her lower lip and gently turned over...
