

Small Farmer Medical God #Chapter 3: Treating Poison with the Mouth - Read Small Farmer Medical God Chapter 3: Treating Poison with the Mouth

Xiaobei quickly saw Su Xueying's butt, wrapped in tight, dark denim jeans, sticking up high!

It's so big!

Before, Xiaobei had thought Su Xueying's butt was big, and now, after observing it from such a close distance, he was even more certain of his assessment!

"Little bastard!"

Watching Xiaobei, that little bastard, eagerly staring at her butt, Su Xueying couldn't help but mutter shyly...

"I've found it!"

While Su Xueying was gritting her teeth in irritation, Xiaobei located the wound!

Xiaobei saw that it was especially close to the groin area...

Looking at the location, Xiaobei couldn't help but despise the snake he had killed!

Damn it!

Is that a place for you, a little bastard snake, to bite?

After despising the snake, Xiaobei leaned forward a bit and instantly, his face turned somewhat pale, because he realized that black spots had already started to appear near the wound!

"We must detoxify quickly!"

Knowing there could be no more delays, Xiaobei quickly said, "Sister-in-law, I've found the position of the wound, I need to take your pants off now!"

"You... go ahead and take them off!"

If she was going to do it, might as well go all the way!

Su Xueying knew that since Xiaobei, that little bastard, had already taken advantage of her, a little more didn't make a difference!

Besides, he was truly trying to save her now!

"Alright then!"

Hearing Su Xueying's consent, Xiaobei took a deep breath and slowly reached out his hand...

So soft!

The moment he touched Su Xueying's slender waist, Xiaobei almost cried out in excitement!

No choice!

After all these years, this was the first time Xiaobei had such intimate contact with a woman!

"Hold back, I must hold back!"

After taking a deep breath, Xiaobei touched the cold buckle of the belt...

Suddenly, Xiaobei felt awkward because he had never undone one like this before, so he had no idea how to open it now!

...

"This little fool!"

Amused by Xiaobei's clumsiness, a slight smile curled at the corner of Su Xueying's mouth!

"I'll do it!"

As she spoke, Su Xueying took the initiative to undo the belt buckle...

After undoing it, she noticed that Xiaobei was motionless and muttered shyly, "Take them off!"

"Huh? Oh!"

Xiaobei agreed, and quickly pulled them off...

Pink!

After somewhat shakily taking off Su Xueying's pants, Xiaobei saw her pink panties!

Even though they were the most common style, they still thrilled Xiaobei to no end!

Of course, Xiaobei knew this wasn't the time to keep looking, so after biting his tongue, he focused on the spot bitten by the Trimeresurus!

After this, Xiaobei quickly leaned in!

At that moment, Su Xueying's body shuddered...

Xiaobei didn't know what Su Xueying was thinking at the moment, he was very serious as he sucked the poisoned blood out, bit by bit!

Xiaobei knew he was fortunate it was the buttock that had been bitten, a location far from the heart!

And most importantly, he had arrived in time; if he had been ten minutes later, the outcome might have been a tragedy!

Thinking this, Xiaobei spat out the blood in his mouth once again!

At this instant, Xiaobei's eyes brightened because he noticed that the blood he had sucked out had returned to a normal color!

"It should be about time now!"

Thinking this, Hu Xiaobei suddenly felt his mouth go numb!

Hu Xiaobei knew he must have been poisoned too!

"What should I do? Rinse my mouth?"

While thinking desperately, something suddenly appeared in Hu Xiaobei's mind!

Qinglan Grass: White rhizomes, green leaves, fishy taste, can detoxify!

"Qinglan Grass?"

Muttering to himself, Hu Xiaobei suddenly looked towards a small grass not far away!

The moment he saw it, Hu Xiaobei recognized it as Qinglan Grass!

After recognizing it, Hu Xiaobei didn't hesitate and immediately plucked and chewed it!

Fishy!

The moment he chewed it, Hu Xiaobei smelled that hint of fishiness!

In that instant, Hu Xiaobei really wanted to spit it out, but soon, he abandoned that idea because he felt the dizziness disappear!

"It really works!"

Thinking this, Hu Xiaobei looked around; he knew Su Xueying also needed this grass!

However, Hu Xiaobei quickly became frustrated, as he realized there were no more Qinglan Grasses left around!

"What should I do now?"

As he thought this, Hu Xiaobei suddenly remembered the Qinglan Grass he had already chewed in his mouth!

Quickly moving closer, Hu Xiaobei said, "Sister-in-law, I found a herb that can eliminate the toxins in your body if you take it now!"

"What herb?"

Hearing Su Xueying's shy question, Hu Xiaobei pointed to his mouth!

Seeing him pointing at his mouth, Su Xueying muttered bashfully, "You... you little bastard!"

"I..."

Hu Xiaobei gave a wry smile, then explained.

After listening to Hu Xiaobei's confident explanation, Su Xueying whispered, "Xiaobei, are you not deceiving me? Does this... does this Qinglan Grass really work?"

"Definitely!"

"Then... is there any more of this Qinglan Grass nearby, like you said?"

"None left!"

Hearing Hu Xiaobei's crisp answer, a flicker of hesitation crossed Su Xueying's eyes!

Seeing Su Xueying's hesitation, Hu Xiaobei quickly said, "Sister-in-law, don't hesitate anymore, or the remaining poison in your body will flare up again!"

Startled by Hu Xiaobei's serious tone, Su Xueying jumped, "I... I understand! You... just spit the medicinal herbs onto my hand!"

"Sister-in-law, a significant part of the herb's efficacy has already been absorbed by me, so if I spit it out onto your hand now, it will lose even more efficacy, and then it might not work!"

"Then... what do you suggest?"

"Open your mouth; I'll pass the herb on to you directly!"

"You... how could you..."

Hearing Hu Xiaobei's suggestion, Su Xueying was immediately dumbfounded!

Because she knew that if it were truly passed on, it would require even more intimate contact...

Seeing Su Xueying's dumbfound expression, Hu Xiaobei quickly said, "Sister-in-law, don't delay; you must be feeling your hands and feet getting cold by now! If we don't continue, it could really get troublesome later!"

"I... fine then! But you cannot tell anyone else about today's event, otherwise, I absolutely won't let you off the hook, got it?"

Feeling Su Xueying's resolve, Hu Xiaobei quickly said, "Don't worry! Sister-in-law, this will be our little secret, so there's no way I would tell anyone!"

"Okay!"

Hearing Hu Xiaobei say it would be a secret between the two of them, a trace of shyness flickered in Su Xueying's watery large eyes!

Afterward, she slowly tilted her neck back, and in a moment, those rosy lips gently parted...

At that sight, Hu Xiaobei trembled with excitement!

This scene... Hu Xiaobei had really dreamt about it many times...

After calming his trembling emotions a bit, Hu Xiaobei moved in close...
