"Village chief, I think there are two problems with this plan!"

When someone began to speak, everyone looked over in unison, and quickly, they all saw that it was Hu Xiaobei!

How come he's everywhere!

Although he cursed inwardly, Wang Dagui had no choice but to appear amiable on the surface since he knew nearly everyone in the village was here!

"Two problems? Then be specific and tell us what they are!"

What a patient man!

Looking at his feigned amiability, Hu Xiaobei smiled.

After that, under everyone's gaze, Hu Xiaobei, very methodically, began, "The first problem is the issue of profitability that everyone is concerned about. We all know that it usually takes a long time for fruit trees to bear fruit, so it's hard to see any revenue in the short term. How do you plan to solve this, village chief?"

"You little rascal sure know a lot!"

Wang Dagui silently cursed Hu Xiaobei after hearing his incisive question.

After that, Wang Dagui took a glance at everyone.

He knew this was a concern for everyone, so he had to give a reasonable explanation, or else nobody would sign a contract with him!

"To reap the rewards, one must make efforts! Indeed, initially, there will be no profits, but as long as we overcome the difficulties and persevere, things will improve! Previously, President Fang told me that his fruit trees are meticulously cultivated and can bear fruit in just one year, so everyone just bear with it a little while!"

At this moment, Wang Dagui did not mention the subsidies that Fang Zhonghu would provide in the first year because he had already decided to pocket all those subsidies for himself.

"Yes, just bear with it a little!"

"That's right, hardships are only temporary!"

"Yes, as long as we follow the village chief, we can definitely become wealthy!"

After Wang Dagui finished speaking, those flunkies standing behind Hu Xiaobei quickly echoed...

Hearing the flunkies chime in, Wang Dagui looked at Hu Xiaobei with a look of profound significance and said, "Xiaobei, young people should not always be thinking about money. Think about the rewards that come from hard work! Alright, you said there were two problems, what's the other one?"

Upon hearing such an impatient inquiry, Hu Xiaobei very seriously said, "The soil here isn't suitable for planting fruit trees. I've planted some behind the village before, but they grew very slowly! So, it's impossible for them to bear fruit in one year. I think it would take at least two or three years! And even if they really did bear fruit, the quantity would definitely not be much."

"This..."

Hearing what Hu Xiaobei said, the villagers who had been somewhat swayed by Wang Dagui's plan suddenly looked concerned...

Previously, when Wang Dagui had said there would be only one year with no yield, they felt they could accept it, but now, after hearing Hu Xiaobei's explanation, nobody could accept it, because two years or even longer was simply too much.

Seeing the change in everyone's expressions, Wang Dagui knew they believed Hu Xiaobei's words!

After clenching his jaw for a moment, he sneered, "Nonsense! You're spouting utter nonsense! Our land behind the village is so good, and you're saying there's a problem? Just because you don't like me, you can't stand in the way of our entire village becoming wealthy!"

At this moment, Wang Dagui really wanted to strangle Hu Xiaobei!

Because in his eyes, Hu Xiaobei was really just being troublesome!

To be honest, Wang Dagui didn't actually care whether the soil was problematic or not; he just wanted to coax more people to join in, because the more people who joined, the more subsidies he could get from Fang Zhonghu.

Hearing Wang Dagui's cursing, the flunkies also got the hint and spoke up.

"Yeah! What do you mean by this?"

"That's right, what are your intentions?"

"Yes, yes!"

Hu Xiaobei heard their eager cursing, but he didn't care.

After giving the very anxious Wang Dagui a disdainful glance, Hu Xiaobei calmly said, "I'm telling the truth, I'm not stopping anyone."

When he got to this point, Hu Xiaobei said with a smile, "Actually, I have a plan too! Previously, I reached an exclusive cooperation with a local pharmaceutical factory. We would be responsible for growing medicinal herbs, and they would take care of purchasing them. Are you interested in this plan?"

Hearing what Hu Xiaobei said, many people present became interested, especially Guo Meiyu and Su Xueying...

Without hesitation, they said directly, "We're interested!"

After they spoke, many women also expressed their interest. They had all tried Hu Xiaobei's water pump for free before, so they were very grateful to him, and naturally, they were willing to stand with Hu Xiaobei...

Seeing that quite a few people were interested in the plan put forth by Hu Xiaobei, Wang Dagui's face suddenly turned sour.

Wang Dagui knew that the more people who joined his side, the more he could skim off the subsidies, but without people joining, it would be a disaster.

With that thought, he cursed Hu Xiaobei hundreds of times in his mind before bellowing, "Hu Xiaobei, growing medicinal herbs is very difficult. Don't think everything will go your way!"

Feeling Wang Dagui's urgency, Hu Xiaobei calmly said, "Is growing fruit trees easy?"

"This... Boss Fang's people will come to help with the planting, so it will naturally be simple!"

"I will help as much as I can on this side too! So, it's not difficult! Moreover, there is no waiting period for growing medicinal herbs, and we can see profits in at most a month!"

"You..."

Wang Dagui clenched his fists bitterly.

Hu Xiaobei knew that he was furious to the extreme, but Hu Xiaobei didn't care much, for he knew he could never be friends with him anyway, so if there was offense, there was offense...

Without another look at the seething Wang Dagui, Hu Xiaobei smiled and said, "Alright, since everyone is interested in my plan, let's go with me now to get the seeds!"

"Sounds good!"

"Let's go!"

"I'm coming too!"

Just like that, more than half of those present left with Hu Xiaobei!

Seeing more than half of the people leave, Wang Dagui felt his heart bleeding...

"Hu Xiaobei, just wait, just you wait, I'll get you for this someday!"

After inwardly emitting such a vengeful curse, he turned to the people still there and discovered they were all his own kin...

Clearly, except for his own family, nobody else was willing to believe him...

"You'll regret this! For sure!"

After saying this coldly, he turned to the remaining people and said, "Alright, everyone, let's sign the contracts now!"

"Okay!"

So they began signing contracts, while on the other side, Hu Xiaobei led Guo Meiyu and others to his home's doorstep...

"Ladies, aunties, please wait here for a moment, I'll go prepare the seeds for the medicinal herbs!"

Hearing Hu Xiaobei's words, they teased him with smiling eyes!

"Sure! We'll wait for you!"

"Yes, we'll wait however long it takes!"

"We'd even leave the door open for you!"

Hearing this gentle teasing, the corners of Hu Xiaobei's mouth twitched slightly, and he quickly hurried back home!

Seeing Hu Xiaobei's slightly flustered appearance, they exchanged glances and burst into laughter...

They suddenly realized that teasing Hu Xiaobei was indeed a very amusing thing to do...

As Song Xue'er, who was sunbathing in the courtyard, saw Hu Xiaobei appear, she instantly thought of their previous flirtation, and her cheeks instantly turned red!

To be honest, at that moment, she wanted to hide back inside the house!

But thinking of the important matter to discuss, she controlled her shyness, quickly stood up, and hurriedly said, "Brother Xiaobei, the seeds for the medicinal herbs you needed have already arrived. Since I was worried about your lack of experience, this time I sent over Bitterroot seeds which, although slightly cheaper, are very suitable for beginners to plant!"

Song Xue'er knew that neither Hu Xiaobei nor anyone else in the village had planted medicinal herbs before, so it was best to start with the simplest kind!

Hearing Song Xue'er's words, Hu Xiaobei softly said, "Thank you!"

"Don't mention it! Also, if there's anything you don't know, you can tell me at any time, I can even send a master over!"

"Sure! If we really can't handle it, I'll have you send a master over!"

"Alright!"

After she nodded, Hu Xiaobei glanced at the bag filled with seeds...

Quickly, Hu Xiaobei mobilized the Nine Wood True Qi within his Dantian!

After gathering it, Hu Xiaobei slowly infused it into the bag...

After ensuring that the seeds had been modified by the Nine Wood True Qi, Hu Xiaobei went outside and distributed them to the people waiting there!

After distributing them, Hu Xiaobei said, "These are Bitterroot seeds, they are very easy to plant, just go back and plant them directly!"

"Okay! Also, if we have any questions, can we come to you?"

"Yeah!"

Hearing the questions, Hu Xiaobei quickly nodded and said, "Of course, you can come to me whenever you have any questions!"

Hearing Hu Xiaobei's obedient response, one of the women, who was exceptionally busy, winked at Hu Xiaobei and asked lazily, "Can you come over to teach us?"

Hearing this, the other women laughed and also began to cheer him on!

"Yeah!"

"Can you come over and teach us?"

Hu Xiaobei's mouth twitched fiercely, and at that moment, he felt a stir in his abdomen...

No way, these women were just too charming!

Seeing Hu Xiaobei's slightly embarrassed look, they giggled and soon, holding their own seeds, left. After everyone had left, Hu Xiaobei breathed a sigh of relief!

At that moment, Hu Xiaobei suddenly felt that by helping them become wealthy this time, he might also have brought a serious problem upon himself!

As Hu Xiaobei was lost in his chaotic thoughts, the village chief, Wang Dagui, had already tallied up the numbers!

"Less than a third, less than a third!" he exclaimed after confirming the exact number of people who had signed up.

Initially, he had believed the entire village would participate, but now, not even a third were involved, and over ninety percent of those were his own relatives...

"What's wrong? Do you have a problem with me, is that why you are venting your frustration indirectly?"

Hearing someone speak, Wang Dagui turned around to see his wife, Ye Lili, frowning at him.

After twitching the corner of his mouth briefly, Wang Dagui quickly explained, "Wife, what are you talking about? I wouldn't have issues with anyone, let alone you! I am discussing the village matters. Before, Fang Zhonghu and I had agreed on a cooperation to plant fruit trees in our village, but now less than a third of the villagers are willing to do so!"

"If there are few people, so be it. Those idiots don't know this is a good opportunity to get rich, so let's just ignore them! We just need to make our own fortune!"

After glancing at Ye Lili, Wang Dagui elaborated, "Of course, I don't care whether those trash live or die; what I really care about are the subsidies! Fang Zhonghu would provide subsidies in the first year, and I was thinking of attracting more people to participate, hoping to claim all the subsidies for ourselves!"

"If there are subsidies, why didn't you mobilize everyone properly at the beginning!"

Ye Lili was frustrated!

Upon hearing there was a benefit to grab, Ye Lili immediately became irritated!

Noticing Ye Lili's frustration, Wang Dagui sighed and said helplessly, "I did mobilize everyone properly, but Hu Xiaobei came out of nowhere! He proposed planting some damn medicinal herbs in the village! I don't know what nonsense he fed everyone, but now more than half of the villagers have agreed to his plan!"

"Two-thirds of the people agreed?"

"Yes!"

"That damn thing, how much money have we lost because of this! It won't do, I need to make a scene, I must make a scene!"

"Don't!"

At that moment, Wang Dagui quickly grabbed onto Ye Lili, knowing that if she truly caused a scene, it would only backfire.

After being pulled back, Ye Lili shouted in dissatisfaction, "If you won't let me make a scene, then what do you suggest we do?"

Glancing at Ye Lili, Wang Dagui suddenly got an idea, "Get your brother here; isn't he known as a smart strategist?"

"Alright! I'll call my brother right away!"

Ye Lili's brother, Ye Limang, true to his name, was a loafer who often came here to leech off others...

...

"I called my brother, and he will be here soon! Make sure you discuss with him thoroughly when he arrives, and make sure that everyone else plants the fruit trees, alright?"

"Don't worry, when it comes to money, I know what I'm doing!"

"Good! That's best! Okay, I'm off to the town for a beauty treatment!"

"Go ahead!"

After Ye Lili left, Wang Dagui frowned slightly, "Hu Xiaobei, every time, you have to oppose me. Sooner or later, I swear, I will completely destroy you."

After muttering bitterly to himself, he heard footsteps outside and knew it was his brother-in-law, Ye Limang, arriving...

Though he despised him, Wang Dagui knew he needed him this time, so he quickly went out to meet him...

While Wang Dagui was doing so, Eighth Master, who had a conflict with Hu Xiaobei in town and was told by Hu Xiaobei that he had only a week to live, traveled to Xiaohe Village by car...

Initially terrified by Hu Xiaobei's assertion that he had only one week to live, he hurriedly had his driver take him straight to Xiaohe Village to seek the life-saving Divine Doctor, Hu Xiaobei...

"Eighth Master, we're here, this is Xiaohe Village!"

At the entrance of Xiaohe Village, his subordinate parked the car steadily and spoke with utmost respect!

Hearing his subordinate's extremely respectful words, he, who had been resting with closed eyes, glanced around...

Then, without any hesitation, he burst out cursing, "I'm not here to take a tour of Xiaohe Village, do I need such a detailed introduction? What? Should I get out and take a photo to share on social media? I'm here to find Divine Doctor Hu Xiaobei! Pay some attention, will you!"

Annoyed!

Eighth Master was really irritated at this moment!

His own situation was urgent, and his subordinate was still rambling about useless things!

"I... I know, I... I'll drive there right away!"

The subordinate who got scolded out of the blue was utterly confused, and the next moment, he quickly started the car again, and soon, they were heading straight to Hu Xiaobei's residence...

...

"Brother-in-law, earlier my sister said you had something very important to discuss with me?"

Elsewhere, as soon as Wang Dagui stepped out, he was greeted by an impatient voice!

After looking at Ye Limang, Wang Dagui quickly said amiably, "Brother Ye, indeed, I have a favor to ask of you this time! Of course, I won't let you suffer any loss!"

"Brother-in-law, we are family, so there's really no need to be too polite with me, just tell me what you need help with! As long as I can do it, I will certainly handle it perfectly for you!"

He laughed hearing Ye Limang's reply!

Although he knew that these were just pleasantries, Wang Dagui was still very happy!

After a chuckle, Wang Dagui smilingly relayed the earlier events in detail!

"Hu Xiaobei is that capable? He took two-thirds of the people away?"

Ye Limang was completely astonished after hearing the story!

He used to come to Xiaohe Village often but had never heard of some tough character named Hu Xiaobei...

Seeing Ye Limang's surprise, Wang Dagui quickly said, "Yes, I don't know what kind of spell he's cast on everyone, but now most of the villagers are following him and planting medicinal herbs!"

"Brother-in-law, no offense, but your status as the village chief seems a bit too low now!"

Feeling looked down upon, Wang Dagui was somewhat embarrassed and sighed softly before he spoke, "What can I do? We live in a legal society now; I have no way to deal with him! Plus, Sun Meng from the neighboring village tried to teach him a lesson and ended up at a disadvantage in his hands!"

"Sun Meng? What kind of crappy thing is that! Leave this matter to me, I guarantee I'll handle it perfectly for you! But you can't forget my share when it's done!"

Hearing him readily take on the task, Wang Dagui's eyes shone, he quickly said, "What are you talking about! We are family, I could forget anyone, but I would never forget you, so rest assured!"

Wang Dagui was truly giving his assurances now, convinced that as long as he could deal with Hu Xiaobei, everything else would be easy to talk about!

Seeing Wang Dagui's assurance, Ye Limang smiled with satisfaction and said, "That's good! Let's go now!"

"Are you going by yourself?"

"True, wait, let me make some calls, gather some people!"

Reacting to Wang Dagui's question, Ye Limang took out his cellphone!

He knew that since Hu Xiaobei could handle Sun Meng, he must have some capabilities, so it was better to take this seriously!

Seeing Ye Limang start calling people, Wang Dagui revealed a fierce smile. Afterwards, he muttered coldly to himself, "Hu Xiaobei, this time, I want to see how you're going to die!"

Wang Dagui knew his brother-in-law, Ye Limang, was not a good man; he had connections with people from the Dark World. So now, a phone call from him would definitely bring over a lot of people, and dealing with Hu Xiaobei would be far too easy, too simple!

...

While Wang Dagui was indulging in his pleasant visions of a perfect future, Hu Xiaobei on the other side was looking indifferently at the so-called Eighth Master who strode in quickly, watching as he put down all the gifts. Hu Xiaobei said lightly, "You're quite early!"

"I'm not busy either, so I came early! Divine Doctor Hu, do you have time right now? Could you check on my health?"

Seeing his nervous appearance, Hu Xiaobei said lightly, "Not right now, I have to take out the trash. Wait a moment!"

"Take out the trash? Divine Doctor Hu, do you need to take out the trash yourself? Leave it to me, leave everything to me!"

As he spoke rapidly, he snatched the trash can and quickly ran off!

Song Xue'er watched the man hurry away with the trash can and asked curiously, "Brother Xiaobei, who is that?"

"He's just a regular patient of mine who's come to see me for treatment!"

"Regular?"

Hearing Hu Xiaobei's explanation, Song Xue'er turned to glance at the various gifts that man had just carried down from the car!

She knew it could not possibly be just anybody, because a normal person could never afford to give such exquisite gifts. Not to mention anything else, Song Xue'er knew that the box of gold-wrapped wine alone was worth tens of thousands...

"Yup, regular! To me, all patients are the same!"

"That so?"

Song Xue'er didn't say anything further but went off to Song Feng with a big smile...

Song Xue'er watched Song Feng basking in the sun, a slight curve appearing on the corners of her mouth!

She could see for herself!

Her grandfather's health was indeed improving day by day at a rapid rate...

She knew all this improvement was thanks to Hu Xiaobei, so she was truly grateful to him and had complete respect for his medical skill...

Initially, her pharmaceutical factory had been setting up collection points here for medicinal herbs, which greatly improved the production efficiency on their end. So, she really felt that Hu Xiaobei, who was only a year older than herself, was truly her lucky star!

...

At Wang Dagui's house, several motorcycles appeared!

Hearing the noise of the motorcycles, Ye Limang said with a smile, "Brother-in-law, let's go, my brothers have arrived!"

"Alright!"

As they spoke, the two of them eagerly stepped out!

"Brother Ye!"

Upon seeing Ye Limang come out, the group of youths with dyed hair quickly greeted him!

Hearing their greetings, Ye Limang nodded with his pride, and said, "Alright, follow me, we have some business to attend to now!"

"Yes!"

During the conversation, they all skillfully picked up the baseball bats that were placed at the back of the bikes!

Seeing their adeptness, Wang Dagui was completely exhilarated...

At that moment, he knew it was just about to see Hu Xiaobei groveling on the ground, begging for mercy...

"This time, we must perform well and score a good hit on him!"

Walking at the front, Ye Limang glanced back at Wang Dagui following behind and muttered softly...

Ye Limang knew his brother-in-law, Wang Dagui, was extremely wealthy, so he planned to take this opportunity to extort a good sum from him...

As for Hu Xiaobei himself, he really didn't care too much!

He knew that Hu Xiaobei was just a mere farmer, at best a bit stronger, and not worth fearing at all...

"Hm?"

Just thinking about where to go and have a good time at the KTV after getting the money, suddenly he felt someone tugging at him!

Turning his head, Ye Limang saw one of his subordinates looking at him somewhat nervously!

"What's the matter?"

After frowning impatiently, he asked curiously!

"That... Brother Ye, I... I think I just saw Eighth Master!"

"Eighth Master?"

Upon hearing this name, Ye Limang's whole body shuddered!

No helping it!

In this local Dark World, there was nobody who didn't recognize Eighth Master!

With this in mind, he looked around in fear and stammered, "Where... Where is he?"

"Just now, I saw him carrying a trash bin to the back, probably to dump the garbage!"

"What?"

Ye Limang was stunned!

The next moment, coming to his senses, he slapped his subordinate across the face...

The man was stunned by the slap!

With a slight twitch at the corner of his mouth, he murmured, "Brother Ye, why... why did you hit me? What did I do wrong?"

At this point, he was truly aggrieved, as he didn't understand why he had been hit!

Hearing him still questioning, Ye Limang spoke coldly, "You still have the nerve to ask me why I hit you? Of course, it's because you fooled me! Who is Eighth Master! He's a big shot that could shake our whole side with a single stomp, and you're telling me he's here dumping garbage?"

"I..."

The man thought for a moment and felt there was some logic to it!

But he still believed the person he had seen just then was Eighth Master!

Hearing more of his nonsense, Ye Limang quickly said, "Enough talk, let's keep moving!"

"Yes!"

And so, they all continued walking...

...

At Hu Xiaobei's place, Hu Xiaobei was preparing to take Song Feng's pulse again when he suddenly heard some noise and turned his head to see his door kicked open!

Narrowing his eyes instinctively, Hu Xiaobei saw five people walking in!

Hu Xiaobei wasn't familiar with the others, but he recognized Wang Dagui, who was at the back!

"It looks like they're here to cause trouble!"

Thinking this, Hu Xiaobei stood up and spoke indifferently, "Village chief, aren't you going to introduce me to these people?"

Hearing Hu Xiaobei's words, Wang Dagui quickly took a step back, trying his best to distance himself, "I don't know, they said they were looking for you. I was worried they couldn't find the way, so I just led them here, I'm just showing the way!"

Hearing his explanation, Hu Xiaobei said with amusement, "Maybe you should stop being the village chief and become a professional guide instead! I think you're more cut out for that!"

"You..."

Wang Dagui's mouth twitched with annoyance from Hu Xiaobei's words...

Hu Xiaobei didn't bother with him anymore, instead turning to look at the others and spoke lightly, "Did you come to see me because there's something you need?"

"Of course, there's something! We heard you plan to plant medicinal herbs in the field behind the village, and we'd like to give it a try too; would you be willing to teach us hands-on how to do it?"

"Yeah!"

"Do you want it or not!"

Hearing Ye Limang speak up, his lackeys swayed their sticks around while coldly uttering!

At this point, none of them took Hu Xiaobei seriously, as they found him to be rather slender and seemingly the type who could be easily knocked down!

"You..."

Song Xue'er, seeing this, was ready to step forward, but Song Feng stopped her right away, "Xiaobei won't be troubled by this kind of thing; you just relax!"

"Then... Okay then!"

Hearing what Song Feng said, Song Xue'er didn't intervene, but she still watched nervously!

Clearly, if Hu Xiaobei couldn't hold out, she'd call for help immediately!

"..."

"What's going on here?"

"Yeah, what's happening?"

By now, because of the commotion, many people from Xiaohe Village had gathered!

Wang Dagui, seeing so many villagers turn up, was in high spirits!

In his view, only by having more people witness Hu Xiaobei's miserable state could he completely ruin his reputation.

After that, naturally, no one would join him in planting those darned medicinal herbs!

Soon after, everyone would flock back to him, at which point he could really rake in the subsidies until his hands were sore!

"Village chief, what's this all about?"

"Yeah, what's going on?"

Hearing the questions, Wang Dagui quickly responded, "I really don't know what happened!"

Upon hearing Wang Dagui playing dumb, everyone scoffed in disdain...

And soon, a few people outright exposed him!

"Quit talking nonsense!"

"Yeah, the ringleader is your uncle-in-law!"

"Right, do you think we don't recognize him?"

Hu Xiaobei didn't know Ye Limang, but many in the village did, so without hesitation, they immediately called out Wang Dagui!

Feeling unprecedentedly embarrassed after being exposed so directly, Wang Dagui still stubbornly insisted,

"So what if he's my uncle-in-law? I still don't know what this is all about, I came here just like all of you, to watch the excitement!"

"You..."

Hearing his persistent denial, the people of Xiaohe Village didn't argue with him and instead looked nervously towards Hu Xiaobei...

In the crowd, Guo Meiyu and Su Xueying were also very anxious!

They didn't know what was going on either!

"..."

"Now that there's a big enough crowd for the spectacle, let's get down to business!"

Previously, Ye Limang was instructed by Wang Dagui to stir up a scene, so he hadn't been in a hurry to take action!

Now, seeing more and more people arriving, he knew it was time to take proper action...

With that in mind, he looked at Hu Xiaobei again and said, "I just asked you to teach me how to plant medicinal herbs; are you going to agree or not?"

Hu Xiaobei, hearing this impatient inquiry, looked at him quietly for a few moments!

Just before, Hu Xiaobei heard the onlooking women speak, so he knew this guy had to be Wang Dagui's uncle-in-law!

In that instant, Hu Xiaobei realized it must be Wang Dagui who sent him to make a fool out of himself...

After thinking it through, Hu Xiaobei smiled indifferently...

Then Hu Xiaobei said softly, "Of course, I'm completely willing to teach you all how to plant medicinal herbs, but I've got a matter to handle right now. Can you wait a moment?"

"What damn thing could be more important than me!"

Hearing Ye Limang's impatient words, Hu Xiaobei glanced at him and said in an amused tone, "It's to treat someone, and by the way, that patient is the 'Eighth Master' you mentioned!"

Small Farmer Medical God #Chapter 45 - 045: The Pants are Wet - Read Small Farmer Medical God Chapter 45 - 045: The Pants are Wet

"Eighth Master? Eighth Master your mama!"

Ye Limang cursed loudly upon hearing Hu Xiaobei mention the Eighth Master!

Before arriving here, his subordinates had said they saw the Eighth Master carrying a trash bin going to dispose of garbage, which had already annoyed him!

Now Hu Xiaobei was claiming that the Eighth Master was his patient!

This was simply treating him like a fool!

Hearing Ye Limang explode with curse words, Hu Xiaobei calmly said, "What's the matter? You seem not to believe me!"

"I believe your sister! Do you even know who the Eighth Master is? Saying he's your patient, I might as well say the Eighth Master is my son! Bragging, who can't do that!"

...

"You're saying I'm your son?"

Hearing someone speak coldly from behind, Ye Limang shouted irritably, "F*ck, I'm talking here. Is it your turn to butt in, you..."

He couldn't finish his sentence, because upon turning around, he found that the person standing not far behind him wasn't just anyone—it was the lofty Eighth Master himself!

Sh*t!

Thinking about what he had just said, Ye Limang was so scared he nearly peed himself!

The same went for Ye Limang's subordinates, as all their pants were suddenly wet...

There was no helping it; they had never encountered such a high-profile figure before, so in that instant, they truly experienced that terrifying pressure...

"Eighth Master, I..."

As he stammered trying to explain, Ye Limang saw that the Eighth Master truly held a garbage bin in his hands!

At that instant, he knew that his subordinates hadn't lied to him before, the Eighth Master had indeed gone to take out the trash!

With that thought, he also realized that Hu Xiaobei hadn't been lying just now, the Eighth Master had truly come to seek medical treatment!

Once he understood this, his soul nearly left his body!

And so, he looked with deep resentment toward his brother-in-law Wang Dagui!

He knew this whole mess was because of Wang Dagui!

Before, Wang Dagui had emphatically claimed that Hu Xiaobei was just a damned peasant!

But now, it was clearly not the case!

Because a damned peasant could not possibly know the Eighth Master, much less have the status to have the Eighth Master take out his trash!

Feeling Ye Limang's harsh stare, Wang Dagui also felt incredibly wronged, because he also had no idea what was going on!

He truly had never imagined that Hu Xiaobei would know someone as important as the Eighth Master!

...

"Who is this man?"

"Exactly!"

"I have no idea!"

Many of the women from Xiaohe Village had never left the village, so they didn't recognize the Eighth Master at all. They were whispering very quietly upon seeing Ye Limang and others wet themselves.

Guo Meiyu often went out, so she knew who the Eighth Master was. Consequently, she quickly explained, "This is the Eighth Master, he's the big boss of the Dark World around here! Extremely powerful! Someone like Ye Limang wouldn't even qualify to carry his shoes!"

Hearing Guo Meiyu's explanation, everyone took another look at him, and quickly, their eyes widened in astonishment...

The next moment, all of them were looking at Hu Xiaobei with sparkling eyes!

They all knew that this big boss must have come because of Hu Xiaobei!

As they gazed admiringly at Hu Xiaobei, both Guo Meiyu and Su Xueying also had sparkling eyes!

Su Xueying, thinking of what Hu Xiaobei had said about the Eighth Master being his patient, suddenly understood some of it!

Before, she had personally experienced Hu Xiaobei's medical skill and knew that his medical skill was indeed extremely exceptional!

...

Hearing Ye Limang's apology, Eighth Master didn't care, and he carefully set the trash can down under everyone's watchful gaze!

After that, he walked up to Hu Xiaobei with a full-faced, obsequious smile!

Seeing his fawning demeanor, all the women were slightly taken aback, feeling as though Hu Xiaobei was akin to the boss of the nearby Dark World...

Eighth Master knew that such groveling was disgraceful, but he couldn't care less at this point because he was aware that his life and possessions were in Hu Xiaobei's hands!

"Divine Doctor Hu, is there anything else you need me to do? Whatever you command, I will absolutely follow!"

Hearing his categorical statement, everyone was shocked!

Even Ye Limang, who had already been scared to the point of wetting himself, almost fainted!

It's over!

He realized that he was completely finished!

"No, I have to seek an opportunity, I must strive for a chance! I don't want to die!"

With that thought, Ye Limang quickly crawled towards Hu Xiaobei, and at the same time, he pleaded hastily, "Brother Xiaobei! I was blind before, I had eyes but failed to see Mount Tai, please don't take offense, please don't take offense!"

At this moment, he knew the only way to save himself was to seek Hu Xiaobei's forgiveness, and so, in an instant, he began to kowtow frantically...

Hu Xiaobei, looking at his pitiful state, exhibited not a hint of pity because he clearly understood such people were not worth sympathizing with!

Seeing that Hu Xiaobei was indifferent, Eighth Master realized that Hu Xiaobei had no interest in dealing with this rubbish!

Instantly, he shouted coldly, "Get lost! If I see you again, I'll cripple you!"

"Yes! Yes! Yes!"

And with that, Ye Limang and the others scrambled up quickly—really wishing they could sprout extra legs so they could run even faster...

Wang Dagui, watching them scam, wiped the cold sweat from his forehead and also hurriedly and quietly left the scene...

Right then, he felt so frustrated he wanted to spit blood!

Previously, Wang Dagui had planned to enjoy watching Hu Xiaobei's spectacle, but instead of getting to see Hu Xiaobei's, everyone ended up watching his...

...

"Brother Xiaobei is really amazing!"

Seeing those troublemakers run away in embarrassment, Song Xue'er narrowed her eyes slightly!

Hearing Song Xue'er's words, Song Feng laughed...

Earlier, when this so-called Eighth Master arrived, Song Feng had recognized him.

Because he had recognized him from before, that's why Song Feng had not let Song Xue'er get involved earlier.

In his view, if Hu Xiaobei could handle Eighth Master, then those lackeys were even less of a concern...

...

"Divine Doctor Hu, can you take a good look at me now?"

After those people left, he looked at Hu Xiaobei eagerly again...

"Alright! Come in with me!"

"Yes! Yes! Yes!"

So excitedly agreeing, he jogged ahead, proactively opening the door to the main hall...

At this point, Eighth Master knew that Hu Xiaobei was his lifesaver, so nothing was too respectful...

"Quite compliant, aren't you!"

Watching his respectful behavior, Hu Xiaobei smiled faintly and soon after, he and Eighth Master entered the main hall together...

Right when Hu Xiaobei began to treat him, Ye Limang and the others had already run more than a hundred meters away. Confirming that the danger was gone, Ye Limang sat down on the ground with a plop, taking deep breaths...

Scared to death!

Ye Limang was truly, completely scared to death now. When he had met Eighth Master's gaze just now, he really felt like his heart was about to leap out!

He knew that he must never provoke Hu Xiaobei again, otherwise, he would really be courting death!

Thinking this way, Ye Limang heard his subordinates speak anxiously.

"Brother Ye, what do we do now?"

"Yeah, Brother Ye!"

"We're really in trouble now!"

Ye Limang's subordinates were speaking pitifully, their bodies trembling uncontrollably!

There was no helping it!

At this moment, they were genuinely scared out of their wits!

Because they knew they had offended Eighth Master before.

In the Dark World's territory, Eighth Master was like a god, offending him was truly like a long-lived man hanging himself!

Although Ye Limang had been scared enough to wet his pants earlier, now hearing his subordinates panicking, Ye Limang whispered fiercely, "What's there to be afraid of! Eighth Master and that bastard Hu Xiaobei aren't even close! Eighth Master is just seeking Hu Xiaobei's help for medical treatment, I bet Hu Xiaobei won't be able to help at all, so there's no way Eighth Master would really come after us for trash like Hu Xiaobei!"

"Is that so?"

"But Eighth Master didn't say that before!"

"Yeah!"

After his lips twitched fiercely, Ye Limang shouted, "In that situation, Eighth Master would naturally say some pleasantries, those are actually meaningless!"

Hearing Ye Limang spout such definite words, although they were still anxious inside, they chose to believe him!

They also felt that Eighth Master wouldn't possibly go to the extreme of killing them just for a farmer!

After all, that really wasn't worth it!

Seeing their expressions relax completely, Ye Limang quickly waved his hand and said, "Alright, let's leave it at that for now. You all go back for today!"

"Yes! Then we're leaving!"

"Let's go!"

Watching them leave, Ye Limang stood up from the ground, and at that moment, he saw Wang Dagui standing not far away...

Thinking that everything was because of Wang Dagui, Ye Limang sneered, "What's the matter? My brother-in-law, do you feel too ashamed to face me now? Do you realize how miserable you've made me?"

Hearing Ye Limang directly put the big hat on his own head, Wang Dagui slightly frowned...

In Wang Dagui's view, he did have some responsibility for the mess things had become...

But in reality, the greater responsibility lay with Ye Limang because it was he who had been showing off in the courtyard and shouting about how Eighth Master was like his own son!

Of course, Wang Dagui knew this was not the time to dwell on those things. So, Wang Dagui said softly, "Little Ye, this matter is indeed my fault, your brother-in-law apologizes to you!"

"Just an apology is enough? Do you know how badly I've offended Eighth Master?"

"Relax, your brother-in-law will compensate you! But letting Hu Xiaobei get away with it still makes me feel pretty upset!"

At this moment, Wang Dagui was so frustrated that he could spit blood!

After all this trouble, Hu Xiaobei hadn't suffered even the slightest harm!

Hearing Wang Dagui mention Hu Xiaobei again, a cold glint flashed in his eyes, and soon he sneered, "Brother-in-law, actually, you really don't need to be in such a hurry about Hu Xiaobei."

Hearing Ye Limang tell him not to be impatient, Wang Dagui's face turned even uglier, and in an instant, he sneered, "What do you mean by that? Are you suggesting I let him ride roughshod over me before you'll be happy? Are you taking his side now?"

Seeing Wang Dagui completely misunderstand his point, Ye Limang frowned, and quickly, he sneered directly, "Brother-in-law, what are you thinking! Today, because of that bastard Hu Xiaobei, I was humiliated in front of so many people and even offended Eighth Master! In this lifetime, he and I are absolutely irreconcilable! So we can never become friends!"

Hearing such emphatic words, Wang Dagui's expression eased slightly, and soon, he frowned and asked, "Then what was your suggestion just now?"

"What I mean is, you don't need to worry about those villagers and their medicinal herb planting! You should know that growing medicinal herbs is much more difficult than growing fruit trees, so those amateurs are simply bound to fail! You should understand that the only reason those women chose to follow Hu Xiaobei is because of his firm promise that they would make money. But when they realize they can't earn any, they'll give up right away! Then, without you saying anything, they'll be the first to stand up and curse Hu Xiaobei!"

Hearing Ye Limang's explanation, Wang Dagui paused to think for a bit, and quickly, his eyes shone brightly!

Indeed, that was the case!

Growing medicinal herbs was truly difficult, so those amateurs couldn't possibly succeed...

Seeing Wang Dagui's eyes light up, Ye Limang continued, "So, brother-in-law, all you have to do now is wait quietly, and soon, those women will turn around and come looking for you! Then you can take the opportunity to extort even more benefits!"

"Haha, you're right, let's go to my house and have a good drink!"

Seeing Wang Dagui completely cheered up, Ye Limang spoke indifferently, "Brother-in-law, you haven't forgotten the benefits you promised me, have you?"

"Of course, I might forget anything else, but I won't forget that!"

"That's good! That's good!"

With those words, Ye Limang was extremely happy!

Ye Limang knew that as long as he could get benefits from Wang Dagui, he'd be able to have a great time for a while!

As for offending Eighth Master, Ye Limang didn't really care; in his view, Eighth Master was just saying some words to appear imposing in front of Hu Xiaobei, and it was very unlikely that he'd deal with him for real, given that his own value was much higher than that of some worthless peasant...

...

While they were joyfully heading back, at the hospital, Sun Meng, who had previously begged Eighth Master to deal with Hu Xiaobei, was getting somewhat agitated!

That was because since the last time Eighth Master took the matter of dealing with Hu Xiaobei into his own hands, there had been no news at all!

"Could it be that Eighth Master hasn't taken action yet? That wouldn't make sense; isn't he known for being decisive and acting swiftly?"

Muttering to himself, Sun Meng was preparing to call Eighth Master to find out what was going on, but he didn't dare; he knew Eighth Master had a terrible temper, so if he rushed him, he would only get scolded...

As he was caught in this dilemma, his phone rang first!

Hearing the ringtone, his eyes brightened...

Could it be Eighth Master?

Thinking so, Sun Meng quickly answered the call...

"Sun Meng, what's going on at your end? Why has there been no movement?"

Hearing the somewhat icy inquiry, Sun Meng knew that the person calling him was not Eighth Master, but Su Wei, who had previously instructed him to deal with Hu Xiaobei!

Su Wei was truly annoyed at this moment. Sun Meng previously guaranteed that he would take care of Hu Xiaobei for him, but now there was absolutely no news, which directly irritated him!

Hearing this impatient prompting, Sun Meng hurriedly said, "Manager Su! I'm also quite troubled here! Maybe you could wait a bit longer?"

"Wait a bit longer my ass! If I had known you were so useless, I wouldn't have cooperated with you in the first place. Since you're of no use now, I'll handle it myself!"

"I..."

Sun Meng wanted to say something more, but then he heard the 'beep beep' of a busy signal!

After realizing Su Wei had hung up the phone, Sun Meng snorted coldly!

He knew he could no longer manage this situation, so at this point, he wasn't planning on continuing anymore...

"Hu Xiaobei, in the future, you better not fall into my hands, or else, I'll make sure you pay!"

After uttering such meaningless tough talk, Sun Meng turned and left...

...

Inside a villa, after Su Wei had hung up the phone, Guo Demeng asked in a quiet voice, "Manager Su... what do we do now?"

Right now, Guo Demeng was truly frazzled, because in recent times, the headquarters had inquired more than once about why the purchasing at the point had stopped for the medicinal herbs, and he knew if he didn't give the headquarters a proper explanation, he would be completely finished!

Hearing Guo Demeng's words, Su Wei's eyelids twitched, and he growled, "What's all the noise for, how would I know what to do!"

"But..."

"Enough, cut the crap! Prepare the car quickly! I'm going to Xiaohe Village again, this time I'm going to have a proper talk with Hu Xiaobei!"

"Prepare the car again? Last time..."

Guo Demeng didn't finish, but he knew Su Wei could definitely infer what happened last time with the car flipping over!

After understanding what Guo Demeng meant, Su Wei growled, "You damn better be slower this time!"

"Yes, I've got it!"

"Then go do it, now!"

"Okay!"

Su Wei watched Guo Demeng run off, his expression darkening as he furrowed his brow...

Su Wei knew that the headquarters really started to push now, so he really couldn't play hardball with Hu Xiaobei anymore, he had to try a softer approach!

In Su Wei's view, Hu Xiaobei was just a farmer who knew nothing. With just a few kind words, a bit of blarney, he believed he could easily extract what he wanted from Hu Xiaobei!

...

Over at Xiaohe Village, Hu Xiaobei was taking the pulse of that so-called Eighth Master!

At this moment, Eighth Master's expression was incredibly tense...

He knew he was very rich, so he really didn't want to die!

After taking his pulse, Hu Xiaobei said in a calm tone, "Eighth Master... your condition is quite serious!"

"Divine Doctor Hu, I've already told you, just call me Eight! There's no need to call me Eighth Master! Really, I fear it might jinx my luck!"

"Alright then! Eight, your condition is quite serious!"

"Yes! If it weren't serious, you wouldn't have told me that I only had a week to live! Divine Doctor, you must save me! No matter the cost, I'm willing!"

He didn't want to die!

So at this point, he was truly desperate...

Seeing him looking at him so eagerly, Hu Xiaobei nodded calmly, "Since you're prepared, that makes things easier! Let me ask you, have you taken any medicine recently?"

"No! I've been feeling pretty good recently, I haven't taken any medicine at all!"

Not getting the answer he wanted, Hu Xiaobei spoke somberly, "You haven't taken any medicine?"

"Well... I've got myself a nice girlfriend recently and I was worried about not performing well, so I've been taking some supplemental medicine occasionally! But all the medicines I've taken are purely imported, absolutely top-notch stuff!" he exclaimed.

He was afraid of death, so he was extremely cautious about anything he put into his mouth!

That's why he insisted on buying foreign medications, only the best quality ones!

"Alright! I understand," Xiaobei nodded.

In the middle of their conversation, Hu Xiaobei took out the silver needles used for acupuncture...

After swiftly disinfecting them, Hu Xiaobei commanded, "Open your mouth!"

"Yes!"

Once he opened his mouth, Hu Xiaobei pierced a few needles into his tongue!

Afterward, Hu Xiaobei said, "Go squat in the bathroom!"

"Bathroom? Why..." he began to ask, but before he could finish, a sharp pain hit his stomach, and the next moment, he quickly stood up and dashed for the toilet...

...

After he ran out, Hu Xiaobei stepped outside and took Song Feng's pulse again...

After the examination, Hu Xiaobei looked at Song Feng and said softly, "Old gentleman, your body's fine now! I'll prescribe some medicine for you to take home, and you'll be able to go back!"

"Good! Xiaobei, I really thank you," Song Feng said gratefully.

Hearing Song Feng's thankful words, Hu Xiaobei quickly replied, "There's no need for formalities with me! You've helped me before, and now we're partners, so it's only right that I help you!"

"Yes! I hope we can take this a step further in the future!"

Hearing this meaningful statement, Hu Xiaobei glanced at Song Xue'er and nodded slightly...

The simple and cute Song Xue'er had no idea what her grandfather meant; at this moment, she was looking around with a sense of reluctance...

She knew that since her grandfather was alright, it was time to leave this place...

She felt a sense of attachment...

But soon, she realized she could always come back here whenever she wanted, and she felt at ease!

...

After seeing them off, Hu Xiaobei heard some noise and turned his head to see Eight, weakly leaning against the wall, walking out!

Frowning faintly, Hu Xiaobei asked in a low voice, "All done?"

"I..." he began.

Before he finished, his mouth twitched, and he dashed back into the bathroom...

An hour later, the man with a waxen pale face emerged from the bathroom feeling as though his guts were about to break...

Emptied out! He truly felt as if his body had been completely hollowed out...

Seeing him reappear, Hu Xiaobei asked again, "All done?"

"Yes! Completely done, I..." he started to say, but he was interrupted as the door was abruptly pushed open, and swiftly, seven or eight men strode in...

Hu Xiaobei glanced over and recognized the leader as none other than Guo Demeng and Su Wei; seeing their furious expressions, Hu Xiaobei knew they probably weren't here for sightseeing...

Smiling knowingly, Hu Xiaobei spoke in a gentle tone, "Manager Su is here, may I know what brings you here?"

Hearing Hu Xiaobei speak, Su Wei walked toward him, and that's when he suddenly caught a whiff of an indescribably sour and foul smell. Instinctively turning his head, he realized that the nauseating odor was emanating from a man with a pale, yellowish face...

"What is that smell!" he exclaimed.

In the moment he felt the urge to retch, he saw the man approaching him, and after a slight twitch of the mouth, Su Wei instinctively lashed out with a kick without any hesitation...

"Lucky he already pooped himself to exhaustion! Otherwise, if he got kicked like that, it would have been really miserable!"

Watching Xiaobei being flipped to the ground by Su Wei's kick, Hu Xiaobei softly spoke!

Hu Xiaobei knew that Su Wei's kick was solid, so if Xiaobei hadn't been cleaned out earlier, his backside would definitely be a wreck right now...

After flipping him over, Su Wei yelled in disgust, "If you stink, get the hell away from me!"

After the outburst, Su Wei approached Hu Xiaobei with a smile and said, "Hu Xiaobei, there was a bit of a misunderstanding between us before. This time, I'm looking forward to working well with you. What do you think?"

"I'm very sorry, but I'm not interested at all!"

Hu Xiaobei had no good feelings towards Su Wei, so he rejected him outright!

After being bluntly rejected, Su Wei coldly said, "You can eat just about anything, but you can't spout nonsense. I advise you it's better to think carefully before you speak! After all, it's bad for both of us if a conflict arises between us, don't you think?"

Hearing the threat, Hu Xiaobei casually said, "Threatening me is futile, I have a bodyguard!"

Hearing Hu Xiaobei mention a bodyguard, he paused slightly, "Bodyguard? Where?"

Seeing he didn't believe it, Hu Xiaobei pointed to Xiaobei, who was trying to struggle to his feet, and said, "It's the one you just kicked to the ground!"

"That one? A bodyguard? Don't make me laugh! I could kill him with just one finger!"

"Heh, I..."

Hu Xiaobei was about to say something when he suddenly saw Sun Meng rushing over. Sun Meng was in such a hurry because he knew that Eighth Master had arrived!

Previously, after being hung up on by Su Wei, Sun Meng returned to the village. Then, he received a tip-off saying that Eighth Master had come to Xiaohe Village!

He knew that Eighth Master had promised to deal with Hu Xiaobei, so he believed his arrival in Xiaohe Village this time was to put that plan into action!

Once sure of this, he excitedly dashed over, but as soon as he entered, he was dumbstruck, because he saw Hu Xiaobei standing calmly in the courtyard!

"Sun Meng, what are you doing here?"

Seeing Sun Meng, Su Wei frowned...

"Manager Su, didn't you say Eighth Master had arrived? Where is he?"

"Eighth Master has arrived?"

Su Wei had never met Eighth Master before but had heard the name, so he knew what the name represented!

"Yeah, I got news earlier that Eighth Master had come!"

"I haven't seen him, there was no sign when I arrived!"

Hearing this, Sun Meng turned to Hu Xiaobei and shouted, "Hu Xiaobei, what did you do to make Eighth Master not lay a hand on you!"

Sun Meng was yelling because, in his opinion, Hu Xiaobei must have used some sweet talk to send Eighth Master away, otherwise, he would be dealing with a very ugly beatdown right now!

Hearing Sun Meng's roar, Hu Xiaobei blandly said, "The Eighth Master you're talking about, is it him?"

Following the direction Hu Xiaobei was pointing, Sun Meng saw the person who was struggling to stand up from the ground!

Even though his small face was yellowish, even though he looked a complete mess from having pooped himself, Sun Meng still recognized him in an instant!

So at that moment, after a few twitches at the corners of his mouth, Sun Meng hurriedly said, "Eighth Master!"

As he spoke, Sun Meng quickly ran over!

Hearing Sun Meng's words, Su Wei and Guo Demeng's eyes widened in shock, "This... this is Eighth Master?"

Stunned, Su Wei suddenly felt his scalp tingle, because he remembered he had given him a hard kick just a moment ago...

...

"Hu Xiaobei, you... you're so cruel!"

Seeing that Eighth Master couldn't even stand properly, Sun Meng bellowed frantically!

In his mind, it must have been Hu Xiaobei who had tortured him inhumanely, otherwise, he wouldn't be in such a pitiful state!

After grasping what Sun Meng wanted to express, Hu Xiaobei spoke nonchalantly, "You're framing me here!"

"Wasn't it your doing?"

"You should ask Su Wei about that!"

Hearing Hu Xiaobei mention himself, Su Wei instantly felt numb all over...

The next moment, as he looked at Eighth Master, he hurriedly said, "Eighth Master, I..."

Hearing his attempt to explain, Eighth Master coldly said, "When I get back, I will settle accounts with you properly!"

Having said that, he shook off Sun Meng and walked respectfully over to Hu Xiaobei, saying, "Divine Doctor, I've been thoroughly purged. Can we move on to the next stage of treatment?"

"Yes, you can! Follow me."

"Okay!"

As they spoke, he shuffled along after Hu Xiaobei...

In the courtyard...

"It's over! Completely over!"

Whether it was Sun Meng, Guo Demeng, or Su Wei, they all just collapsed onto the ground!

They knew this time they were truly done for...

Inside the house, Hu Xiaobei knew he no longer needed to think about how to deal with them, because from now on, they would definitely not dare to provoke him again...

...

"Xiaobei is really incredible, getting all those people in line!"

Watching Sun Meng and others leave in disarray, Guo Meiyu spoke softly!

Hearing this, Su Xueying chuckled and said, "Yes, we no longer have to worry about those scumbags causing trouble again!"

"Right!"

As they spoke, the two of them walked away smiling...

At this moment, not only were they feeling great, but all the women in Xiaohe Village were happy as well, knowing they would never have to worry about being harassed by garbage from other villages again...

Inside the house, Hu Xiaobei glanced at him and said indifferently, "Take this medicine back with you, once a day, in no more than ten days, you should be healed!"

"Thank you, Master Bei. May I ask how I came to have this illness?"

"Someone wanted to harm you! As for who, I believe you should be able to find out!"

"Yes! I will be sure to investigate thoroughly when I get back!"

While speaking, the still somewhat pallid man pulled out a bank card, "There are five hundred thousand in this card, consider it the treatment fee."

"Okay! Since you've said so, I'll accept it."

Seeing that Hu Xiaobei had accepted his money, he let out a sigh of relief and quickly offered proactively, "Master Bei, do you need me to handle Sun Meng and the others for you?"

"That won't be necessary, after this incident, I believe they will wise up! Of course, if they really dare to act recklessly, I will have you help me!"

"Yes! Master Bei, you can call on me for anything in the future!"

After this incident, he understood the extent of Hu Xiaobei's capabilities, so he knew he had to build a good relationship with Hu Xiaobei, and that's why he was doing his utmost to show goodwill at this moment!

"Okay! I will."

"Then, Master Bei, I will take my leave now!"

"Okay!"

After he left, Hu Xiaobei heard some hurried footsteps and turned his head, his eyes suddenly lighting up...

Hu Xiaobei's eyes brightened because when he turned around, standing behind him were Han Xueyao and her daughter, Han Jiayan!

Perhaps because they had run over, their faces were flushed with redness.

"Xiaobei, was there some trouble just now?"

"Yeah!"

Earlier, the two women had gone to the market. When they returned, they heard many people discussing Hu Xiaobei.

They thought something had happened to him, so they rushed back in a hurry!

Knowing they were worried about him, Hu Xiaobei gently waved his hand, saying, "Don't worry, I'm fine! There was indeed a bit of trouble earlier, but it's all over now! So, you don't need to worry anymore!"

"Oh! That's good!"

Hearing Hu Xiaobei's explanation, they took another careful look at him, and after making sure he wasn't injured, they let out a long sigh of relief.

Noticing they had relaxed, Hu Xiaobei curiously asked, "Sister-in-law, earlier you and Jiayan..."

Hearing Hu Xiaobei call her 'sister-in-law' again, Han Xueyao quickly said, "No, Xiaobei, I've been thinking, you should call me auntie! It feels weird when you call me sister-in-law!"

"Then... alright, auntie, where did you and Jiayan go earlier?"

"I was with Jiayan in town earlier. We originally planned to find some work there, but we couldn't find anything suitable, so we came back!"

Hearing Han Xueyao mention job hunting, Hu Xiaobei quickly said, "Auntie, why look for a job? Come plant medicinal herbs with me!"

"Planting medicinal herbs? But... but I don't know how!"

"I'll teach you! By the way, the land is still there, right?"

"The land is there, but it hasn't been managed for a while, so it has been neglected for a long time!"

"Being neglected doesn't matter, as long as the land is still there, let's go tidy it up together now!"

As they talked, Hu Xiaobei casually picked up a shovel!

Seeing Hu Xiaobei eager to help, Han Xueyao quickly agreed!

After telling Han Jiayan to go home and cook, she joined Hu Xiaobei to head towards the back of the village...

...

"Auntie's figure is really nice!"

Walking behind Han Xueyao, Hu Xiaobei eyed her curvaceously fit figure clad in tight jeans with great admiration.

It couldn't be helped; it was indeed very tempting!

"Xiaobei, what did you mean earlier about planting medicinal herbs?"

Hearing Han Xueyao's question, Hu Xiaobei quickly walked a few steps forward, catching up with her, and then explained the cooperation he had established with Song Xue'er.

Listening seriously, Han Xueyao said, "If people really buy the medicinal herbs after they mature, that would be great, but we've never grown medicinal herbs before. Can we do it?"

"Definitely! Don't worry at all!"

Hu Xiaobei declared, patting his chest with assurance.

The reason he could make such a promise was because Hu Xiaobei knew the seeds had been altered by his Nine Wood True Qi; anyone could plant them...

Hearing Hu Xiaobei's confident words, she believed him!

Since she had witnessed Hu Xiaobei's abilities before, she knew he was indeed very capable...

Seeing she believed him, Hu Xiaobei smiled...

Meanwhile, Wang Dagui, after finishing a drink with his cousin Ye Limang, reported the numbers he had tallied earlier to Fang Zhonghu in town!

Wang Dagui quickly received a response from Fang Zhonghu, who informed him that he would dispatch the Master in the afternoon and would also send over the saplings!

Upon hearing this, Wang Dagui was very happy!

He knew once Fang Zhonghu actually sent over the saplings, his fruit tree planting plan could be fully rolled out!

By then, he would not only be able to consume other people's hefty subsidies but also make Hu Xiaobei and those who chose to plant medicinal herbs thoroughly regret it...

Seeing Wang Dagui's smiling face, Ye Limang chuckled, "Brother-in-law! This is a day worth celebrating! How about I go find a yangge dance troupe this afternoon?"

Hearing Ye Limang's suggestion, Wang Dagui's eyes lit up, and he exclaimed loudly, "Great! This afternoon we can say we're officially starting the fruit tree planting, finding a yangge dance troupe is good too, so we can really liven things up!"

"Okay! Leave it to me!"

...

"This place really is completely abandoned!"

After arriving at her plot with Han Xueyao, Hu Xiaobei couldn't help but murmur subconsciously!

There was no helping it, the ground was indeed filled with all sorts of weeds...

Hu Xiaobei knew that to thoroughly clear it would really take half a day...

Seeing the ground covered in grass, Han Xueyao knew it would be troublesome to clear it, so she quickly said, "Xiaobei, why don't you go home? I can do it by myself!"

"Auntie, what are you saying!"

While declining, Hu Xiaobei began to squat down and pull out weeds...

Seeing Hu Xiaobei had started, Han Xueyao also crouched down, and soon, the two of them were pulling weeds together...

An hour later, Hu Xiaobei had almost cleared the grass in the area...

Just as he was about to stretch lazily, Hu Xiaobei heard a cry of alarm coming from over there...

Without hesitation, Hu Xiaobei ran over, and then he saw Han Xueyao clutching her wrist in some pain...

"Auntie, what... what happened to you?"

"There's broken glass, my wrist accidentally got cut!"

Hearing the explanation, Hu Xiaobei noticed the fresh blood dripping quickly from the place she covered...

With some heartache, Hu Xiaobei quickly said, "Auntie, let me see!"

"No need, I'm fine, I just need to wrap it up when I get home!"

"Let me look, perhaps I can heal it!"

"Well... okay then!"

Hesitating for a moment, Han Xueyao bit her lower lip and extended her wrist toward Hu Xiaobei...

"It's deep!"

After seeing the wound clearly, Hu Xiaobei felt some heartache!

The next moment, Hu Xiaobei didn't hesitate to mobilize the Nine Wood True Qi in his body...

Soon, this Nine Wood True Qi was all infused into her wound, which allowed the originally bleeding cut to gradually begin healing, seeing this, Hu Xiaobei sighed in relief...

"En?"

Han Xueyao was completely shocked at this moment!

Watching the wound heal quickly, she vigorously rubbed her eyes...

Soon, she said somewhat stupefied, "Xiaobei... how... how did you do this?"

Seeing her astonished expression, Hu Xiaobei suddenly really wanted to kiss her on the face...

Thinking this, Hu Xiaobei spoke up, "Auntie, you want to know, huh! If I give you a kiss, I'll tell you!"

"Oh my, how daring, even daring to eat your aunt's tofu!"

Hearing Hu Xiaobei ask for a kiss, Han Xueyao instantly blushed, and right after that, she rolled her eyes at Hu Xiaobei!

Seeing her become even cuter from embarrassment and annoyance, Hu Xiaobei's eyes grew hotter!

"Little bastard!"

As Han Xueyao noticed Hu Xiaobei staring at her even more intensely, she rolled her eyes at him again before continuing to pull weeds!

"Auntie, leave the rest of the weeds to me! You go rest over there!"

Hu Xiaobei, concerned that Han Xueyao might get hurt again, didn't hesitate and quickly spoke up.

Being rejected by Hu Xiaobei, she said, "But..."

Hearing her speak, Hu Xiaobei interrupted right away, "There's no 'but'! I'm a man, and I should be the one to handle these things, got it?"

Seeing Hu Xiaobei's domineering look, Han Xueyao subconsciously nodded, "... I got it!"

"Good! Then just sit obediently at the edge of the field and wait for me!"

"Okay!"

After sitting down obediently, Han Xueyao watched Hu Xiaobei and suddenly felt that he had really grown up, no longer just the kid who knew how to climb trees and catch birds...

Thinking this, Han Xueyao glanced at her completely healed wrist...

In that instant, she thought again of how Hu Xiaobei had been upset because she was hurt, and she knew his distress was truly out of concern for her!

"It's really nice to have someone care about you!"

As she said this, she gently bit her soft lip and tenderly watched Hu Xiaobei...

...

"Finally, I've taken care of it all!"

Two hours later, Hu Xiaobei took a long breath!

During those two hours, Hu Xiaobei had exerted all his energy and cleared all the weeds...

"Xiaobei, you've worked hard! Wipe off your sweat!"

"Okay!"

Smiling as he agreed, Hu Xiaobei took the handkerchief passed by Han Xueyao...

As he wiped the sweat off, Hu Xiaobei felt the fragrance seeping into his nostrils...

Quickly, Hu Xiaobei examined the handkerchief attentively.

He knew it must belong to Han Xueyao...

Seeing Hu Xiaobei staring intensely at the handkerchief she had given him, Han Xueyao quickly said, "Alright! Now that it's done, come home with me. Jiayuan should have dinner ready by now!"

"Okay!"

In the midst of talking, the two of them made their way directly to Han Xueyao's home...

...

"It's still hot!"

Having arrived in the yard, Hu Xiaobei still felt very hot, so he quickly said, "Auntie, I'm going to wash my face!"

"Okay! Go ahead! There's water in the bathroom!"

"Okay!"

After agreeing, Hu Xiaobei headed for the bathroom!

After getting there, Hu Xiaobei didn't look around and promptly washed his face with the refreshing cool water...

Ah, refreshing!

After washing his face, Hu Xiaobei laughed joyfully!

Afterward, Hu Xiaobei fumbled around for a towel and quickly began wiping his face...

As he did so, Hu Xiaobei felt something odd because the towel seemed not to be smooth...

Just as he was about to see what was going on, Hu Xiaobei heard a somewhat shy exclamation and jumped. Hu Xiaobei quickly opened his eyes, just in time to see Han Xueyao standing at the door!

"Auntie, what's the matter?"

As he asked this, Hu Xiaobei noticed she was holding a towel in her hand!

"She came to bring me a towel? Then what's in my hand..."

Thinking this, Hu Xiaobei looked down and the next moment, Hu Xiaobei realized that what he was holding in his hand was not a towel at all, but a light purple bra...

In that instant, Hu Xiaobei finally understood why something had felt so strange just before!

As Hu Xiaobei was feeling embarrassed, Han Xueyao was also very shy...

Earlier, after Hu Xiaobei had arrived, she remembered that she had washed all the towels and was worried he had nothing to dry his face with, so she quickly came over, only to witness this scene...

"Auntie, listen to my explanation, I... I..."

Hu Xiaobei wanted to explain, but after opening his mouth, he really didn't know how to...

Seeing Hu Xiaobei's embarrassed look, Han Xueyao came to her senses and quickly said, "Alright, no need to explain! I know it was an accident! You go out first! I'll clean up here!"

"Okay! Then I'm going out now!"

Agreeing to this, Hu Xiaobei handed over the bra he was holding, and after Han Xueyao accepted it, Hu Xiaobei quickly ran away...

Watching Hu Xiaobei running off, Han Xueyao looked at the bra in her hand, knowing that Hu Xiaobei definitely used it to wipe his face...

"I'm mortified!"

Thinking of that ambiguous situation, she instantly wished she could crawl into a crack in the ground...

...

"So awkward, really so awkward!"

After muttering this, Hu Xiaobei sneaked a peek behind him and noticed Han Xueyao hadn't come out!

Relieved slightly, Hu Xiaobei touched his face with his hand...

The next moment, Hu Xiaobei slightly bent his five fingers...

After a while, he looked at his bent hand and muttered softly, "That's way too big!"

At this moment, Hu Xiaobei realized the size his hand was stretched to was basically the size of Han Xueyao's bust...

Thinking about this randomly, Hu Xiaobei heard Han Jiayuan ask, "Brother Xiaobei, where's my mom?"

"Auntie will be out in a minute!"

"Oh! Then you sit down, I'll bring the dishes out!"

"Okay!"

During this conversation, Hu Xiaobei quickly sat down!

At this moment, he knew he really wasn't in the mood to eat...

Thinking this, Hu Xiaobei saw Han Xueyao, who was slightly bowing her head, slowly walking over!

Despite still feeling very awkward, Hu Xiaobei quickly greeted her, "Auntie!"

"Hmm!"

Hearing Hu Xiaobei's greeting, Han Xueyao responded and soon sat down...

After she sat down, Hu Xiaobei unconsciously glanced at her beautiful bust...

He couldn't help it; ever since he knew the exact size, Hu Xiaobei just couldn't resist the urge to look...

This meal, Hu Xiaobei had no idea of the taste, and he believed Han Xueyao felt the same...

After the meal, Hu Xiaobei was about to say something when he suddenly heard loud gong and drum sounds coming from outside...

Hearing this lively sound of gongs and drums, Hu Xiaobei was surprised, as there were no celebrations today...

Quickly, Hu Xiaobei and the mother and daughter curiously stepped outside to look, and that's when Hu Xiaobei learned that the Yangge dance team had been invited by the village chief Wang Dagui!

"Why invite a Yangge dance team?"

As he thought this, Hu Xiaobei suddenly caught sight of a truck parked to the side, and seeing it loaded with fruit trees, Hu Xiaobei realized that the fruit trees had arrived...

In that instant, Hu Xiaobei understood why Wang Dagui had invited the Yangge dance team; obviously, he planned to make a big fuss about it...
