Seeing everyone had left, Hu Xiaobei felt a bit of regret, because he had been planning to mock them a few more times!

With a slightly regretful sigh, Hu Xiaobei turned to watch the bees pollinating. He knew that with their help, the flowers would soon mature, and then the fruit trees would surely be laden with fruit!

"I'm really looking forward to that moment coming sooner!"

Thinking this, Hu Xiaobei noticed that Guo Meiyu and the others were also gazing at the fruit trees with sparkling eyes...

"Dagui, how did it go, was that little bastard Hu Xiaobei stung all over his head?"

Just as Wang Dagui had stepped through his front door, he heard Ye Lili's eager questioning...

At that instant, his eyelids twitched violently!

"What happened?"

Not getting an answer, Ye Lili's smile faded as she furrowed her brows slightly!

After glancing at Hu Lili, a very irate Wang Dagui slammed his fist onto the table and coldly said, "Nothing, it's just that we failed again. Not a single wasp showed up, not even one!"

Ye Lili was stunned for a moment and quickly said, "How is that possible! When those fruit trees bloomed before, didn't a large swarm of wasps sting us all? How could not even one show up this time!"

Unacceptable!

Hearing Wang Dagui say not a single wasp had come, Ye Lili declared it completely unacceptable!

Hearing Ye Lili's shocked response, Wang Dagui was also frustrated!

After a sigh, a very annoyed Wang Dagui said, "Yes! Last time they bloomed, it was like that, but this time not even one wasp came! Instead, a lot of regular bees showed up!

Now those regular bees have helped the fruit trees to be pollinated, and soon, those fruit trees will bear fruit!"

"This..."

Stunned!

At this moment, Ye Lili was downright stunned!

Previously, she and Wang Dagui had been willing to sell that plot of land to Hu Xiaobei for two hundred thousand because they knew that the fruit trees planted on that land would be destroyed by the wasps whenever they bloomed. Therefore, owning that land was just a loss for them, but now, with no sign of the wasps, it appeared that the land was problem-free!

Which meant that permanently transferring the land to Hu Xiaobei for two hundred thousand had been a huge loss!

After all, even though two hundred thousand might seem like a lot, on second thought, it isn't much at all, especially since the ownership of the land had been permanently transferred!

"Damn it! Why is it that everything goes wrong whenever Hu Xiaobei is involved!"

Felt like crying!

At this time, Wang Dagui truly felt so frustrated he wanted to cry!

Because he realized that nothing recently had gone his way at all!

Before, he thought he had cheated Hu Xiaobei and earned two hundred thousand, but now he realized he didn't make a profit at all, in fact, he had made a huge loss!

Thinking back to how pleased he had been when signing the contract, and how he had joyfully celebrated in town, he fiercely slapped himself twice on the face!

"No, I can't let this matter go! Those fruit trees will grow quickly, and by then, they'll be a money tree. I must find a way to get them back!"

This was what Wang Dagui was coldly pondering at that moment!

Wang Dagui knew that since the fruit trees would no longer be attacked by the wasps, they would bear fruit, and once they did, a lot of money could be made. Therefore, he needed to find a way to get them back. Thinking this, Wang Dagui ignored the stomping Ye Lili and picked up his phone to call back those hooligans who had left earlier...

"Xiaobei, I've come to realize that I really can't see through you at all now!"

Unaware that Wang Dagui was hatching another wicked plan, Hu Xiaobei was all smiles as he looked at a surprised Guo Meiyu!

Seeing Guo Meiyu talking while curiously sizing him up, Hu Xiaobei quickly said, "Sister-in-law, I'm the one who can't see through you!"

Upon hearing Hu Xiaobei's words, Guo Meiyu paused slightly, "Can't see through me? What do you mean?"

"There's no special meaning, I'm just saying you're looking more and more in shape!"

As he explained this, Hu Xiaobei's eyes heatedly roamed over Guo Meiyu's trembling bosom...

Truthfully, Hu Xiaobei had noticed that they were indeed getting bigger...

"You little bastard, where are you looking!"

Once Guo Meiyu noticed Hu Xiaobei's gaze fixed on her chest, she felt her entire body weaken!

The next moment, Guo Meiyu, huffing angrily, quickly chased after Hu Xiaobei, who, feeling a bit guilty, hurriedly dashed forward. Soon, the two were running and chasing each other into the distance...

...

"Village chief, this... this doesn't seem right!"

"Exactly, you clearly signed the contract with Hu Xiaobei in front of so many people before!"

"Yeah, on what grounds can you take back the land now!"

In Wang Dagui's house, the hooligans were muttering quietly!

Just now, they had learned from Wang Dagui's mouth that he planned to take back the land he had previously sold, and they all expressed their opinions!

After hearing what they said, Wang Dagui scoffed, "What's the matter? Have I completely fallen from power now? Why isn't anyone standing by my side?"

Hearing the village chief's annoyed words, they quickly explained!

"No way, village chief! How could you possibly lose your power!"

"Exactly! We just think taking it back directly like this isn't very good!"

"Yes, yes, right!"

Hearing their explanations, Wang Dagui shouted loudly, "Of course I know it's embarrassing to go back on my word, but what can I do! Have you thought about the terrifying revenue once all those fruit trees start bearing fruit?"

"Well..."

Seeing their hesitation, Wang Dagui scoffed, "As long as you help me get the fruit trees back, I'll give each of you one percent of the money we make every year!"

"Hm?"

Hearing there was something in it for them, their eyes lit up...

They knew that, although one percent might not seem like much, it actually was a significant amount!

Because this was going to be a long-term income!

They exchanged glances and understood each other's intentions!

At this moment, one of the hooligans spoke up, "Village chief, why even mention these things! We fully support you unconditionally!"

"That's right! Hu Xiaobei succeeded through trickery before; we can't stand to see you bullied!"

"Yes! We'll help you get your reputation back right away!"

Money does make the world go 'round!

Watching them all stand by his side in unity, Wang Dagui sneered...

Of course, he didn't dwell on this issue and instead promptly said, "Let's go!"

As he spoke, everyone left the place in a grand procession...

After watching them leave, Ye Lili growled, "This better work!"

After saying this, Ye Lili started to pray and worship...

In the village, after the scuffle with Hu Xiaobei, Guo Meiyu looked at him seriously and said, "Xiaobei, previously Dagui thought there was an issue with those fruit trees, so he hastily transferred all the fruit trees and land ownership to you for two hundred thousand! Now that he knows there's nothing wrong with the trees, he'll definitely come to reclaim them, you must be careful!"

Guo Meiyu had known Wang Dagui for many years and knew what kind of person he was, so she kindly reminded him!

"Yeah! Sister-in-law, I know!"

Hu Xiaobei nodded gently!

The last time he tricked Wang Dagui, Hu Xiaobei had already prepared for this day, so he wasn't too concerned!

Hu Xiaobei also had no intention of giving it back. In his eyes, there was no need to coddle Wang Dagui...

"Yeah, since you know, then..."

Before Guo Meiyu could finish, she saw Wang Dagui leading a group of people rushing over hurriedly!

Seeing Wang Dagui's grim expression, Guo Meiyu knew he must be up to something...

It was even likely that he was in a hurry to come to reclaim the land from Hu Xiaobei...

...

"Speak of the devil, and he shall appear!"

Seeing Wang Dagui appear, Hu Xiaobei sneered inwardly!

Afterward, Hu Xiaobei looked at Wang Dagui, who came up to him, and said lightly, "Village Chief Wang, what's the hurry?"

As Hu Xiaobei spoke, many villagers from Xiaohe Village quickly gathered around!

Wang Dagui, hearing Hu Xiaobei's question, didn't respond but gestured to the thugs standing behind him!

Realizing what Wang Dagui meant, the thugs sneered and stepped forward, and one of them said coldly and quickly, "Hu Xiaobei, quit your bullshit! You know why we are here!"

"Exactly!"

"Stop playing dumb!"

After being rebuffed by them, Hu Xiaobei frowned slightly and said lightly, "I'm not a fortune teller, how would I know what you're thinking! Speak up if you have something to say; otherwise, I have more important things to do!"

Hu Xiaobei had no liking for these idle thugs, so his expression darkened instantly!

After being mocked by Hu Xiaobei, these idle thugs became extremely irritated!

If it were anyone else saying this, they would have exploded in an instant!

But now it was Hu Xiaobei saying it, so they didn't dare to explode because they knew Hu Xiaobei was extremely formidable...

Suppressing their frustration, they sneered and said, "Since you're playing dumb, let me clarify for you! You previously used some underhanded tactics to make the village chief sell the land to you. It's time you returned it to the village chief!"

"Exactly!"

"Return it quickly! Or we won't be polite!"

Here it comes!

After the thugs spoke, the onlooking people of Xiaohe Village all sighed silently!

They knew that what was expected had come...

Upon seeing the benefits, Wang Dagui indeed started having regrets...

...

As the people sighed, Guo Meiyu quickly said, "Hey, have you no shame! It was clearly Wang Dagui who wanted to sell earlier. What? Now that you see benefits, you want to claim it back? Is there such a good deal in this world?"

"Exactly! That's so shameless!"

"Absolutely!"

Disdainful glares from Guo Meiyu and the others made their faces turn alternately pale and flushed!

Quickly, they retorted, "We won't waste words with you! You've clearly been swayed by Hu Xiaobei! What the village chief said before was completely right; Hu Xiaobei does have the ability to bewitch people!"

"I think so too!"

"Absolutely!"

...

"You..."

Guo Meiyu and her companions trembled with rage!

Seeing that they were still ready to defend themselves, Hu Xiaobei gently waved his hand!

After he stopped them from continuing, Hu Xiaobei smiled at Wang Dagui!

Hu Xiaobei knew these people were utterly shameless, and now it was pointless for Guo Meiyu to keep arguing; it was better to save energy!

...

"Village Chief, what do you think?"

As Hu Xiaobei asked, everyone turned to look at Wang Dagui!

They all wanted to hear what Wang Dagui had to say...

Seeing everyone looking at him, the thick-skinned Wang Dagui didn't care in the slightest and quickly said, "Xiaobei, you're so young, you need to learn good practices, not crooked ways. It was you who confused me with some method before, leading me to sign that contract in a daze. Let's annul that contract now! That way, I won't call the police! Otherwise, you will definitely spend a few years behind bars!"

"Right, Xiaobei, you're still young, we don't want you to have a criminal record!"

"So, you better hurry up and honestly alter the contract, and give the land back to the village chief!"

Hearing their 'sincere' persuasion, Hu Xiaobei softly clapped his hands, "Village chief, you really are magnanimous!"

Hearing Hu Xiaobei's praise, Wang Dagui smirked proudly and said, "Not bad, right! Hurry up, tear up the contract, and also, the two hundred thousand you gave me before, just leave it with me. I'll keep it safe for you; it's easy to squander money if you handle it yourself. Young people often don't realize how hard it is to earn money!"

"This..."

Hearing Wang Dagui ramble on, everyone from Xiaohe Village was stunned!

They had seen shameless people before, but they had really never seen someone as shameless as him...

The next moment, everyone stared at Hu Xiaobei, worried that Hu Xiaobei would be fooled by Wang Dagui on the spot!

"Young people are just young! Fooling you is simply too easy!"

Seeing Hu Xiaobei's expressionless face, Wang Dagui felt that Hu Xiaobei was obviously frightened by his mention of jail!

At that moment, Wang Dagui's face was full of smiles.

In his view, he had eaten more salt than Hu Xiaobei had eaten rice, so fooling Hu Xiaobei was just too easy...

"The money naturally has to be with you! After all, that's the money from your land sale..."

Initially delighted, Wang Dagui paused when he heard Hu Xiaobei speak, and his expression darkened, "What do you mean?"

"Nothing much, just that since we've signed the contract, we must follow it! Alright, if there's nothing else, I'll leave, I still have things to attend to!"

As he spoke, Hu Xiaobei nonchalantly turned around...

Seeing that Hu Xiaobei wasn't fooled by Wang Dagui, Guo Meiyu and the others breathed a sigh of relief...

"You... are you playing me?"

With a crazed cold laugh, Wang Dagui quickly said, "Don't leave! The contract must be annulled today!"

As he roared, Wang Dagui looked at some thugs, who understood his intention and immediately surrounded Hu Xiaobei expressionlessly...

Money can make the devil push the millstone!

These thugs, although afraid of Hu Xiaobei, still stood their ground without hesitation at this moment!

Because they all knew that if they managed to pull this off, they would be able to get dividends from Wang Dagui every year in the future, which was pretty much like securing a lifelong meal ticket!

"Are you planning to rob me in broad daylight?"

After being surrounded, Hu Xiaobei was not afraid and spoke indifferently!

Glancing at Hu Xiaobei, the thugs sneered with malice!

"Exactly! We're planning a daylight robbery! What about it? Hand it over now and you might suffer less!"

"That's right!"

"I advise you to think it through quickly!"

"Yeah, getting beaten up in front of so many people is really embarrassing!"

Hearing their 'kind' persuasion, Hu Xiaobei scoffed coldly, "Embarrassing? If anyone's going to be embarrassed, it's you all!"

"Fuck! You really think you're all that, huh! Guys, let's take him on all at once!"

With this roar, they all charged at Hu Xiaobei in unison!

They knew Hu Xiaobei was formidable, but with so many of them attacking at once, they thought Hu Xiaobei wouldn't stand a chance. The saying 'a mob has many hands to beat up a master' was what they had in mind!

"This..."

Seeing over a dozen thugs rushing straight at Hu Xiaobei, all the onlookers were shocked because they were truly worried Hu Xiaobei wouldn't have time to react before being knocked down!

Just like that, their hearts were in their throats, but soon they were slightly relieved because the screams they heard were not coming from Hu Xiaobei!

Upon closer examination, they saw Hu Xiaobei unharmed, while those rushing thugs were kicked away one by one by him!

"This..."

Seeing those dozens of thugs toppled in the shortest amount of time, Wang Dagui's face turned extremely sour!

Initially, he thought their sudden attack would surely succeed, but now he realized he had thought too highly of it!

Damn it!

He was way too strong!

As Wang Dagui was thinking this, his expression suddenly changed, because in that instant, he saw Hu Xiaobei walking towards him...

Wanting to say something, in a flash, he felt a warmth on his lower leg!

He'd pissed himself!

Yes!

At this point, Hu Xiaobei hadn't even done anything, and Wang Dagui had already been completely scared shitless by Hu Xiaobei!

"Don't... Don't come any closer, this is a society governed by law, don't come over!"

Hearing Wang Dagui's frantic scream, all the onlookers jeered, "Just now, when you wanted to beat someone up, why didn't you think about what kind of lawful society it is!"

Watching Wang Dagui scared to the point he couldn't even stand, Hu Xiaobei mocked with a snort and sent a flying kick his way!

Just like that, he kicked him seven or eight meters away!

Seeing him sprawl on the ground as awkwardly as a banana peel, Hu Xiaobei sneered, "This is the last time, if there's a next time, I promise I'll make your death very unpleasant!"

Hu Xiaobei felt he had really reached his limit with Wang Dagui!

"You..."

Wang Dagui wanted to say something face-saving, but as soon as he opened his mouth, he vomited, spewing out even last night's dinner...

...

"So satisfying!"

Watching Wang Dagui and those thugs helping each other leave, everyone present felt supremely gratified!

Previously, they all felt Wang Dagui had gone too far, so he really deserved this torment!

Seeing everyone feeling satisfied, Hu Xiaobei cracked a smile...

In the following days, Hu Xiaobei and the villagers continued to cultivate medicinal herbs, and at the same time, Hu Xiaobei watched the fruit trees grow day by day!

Over the past few nights, when it was late and everyone was asleep, Hu Xiaobei would come here to infuse them with Nine Wood True Qi!

So now, they are more than ten times thicker than when they were first planted...

To anyone unaware, a glance at these fruit trees would definitely give the impression they'd been growing for several years!

...

"Tomorrow, these fruits will be ripe, huh!"

Thinking this, Hu Xiaobei sighed contentedly with a smirk...

Hu Xiaobei knew that once they matured, they could be taken to market, where he could not only make money but also boost the village's reputation!

As Hu Xiaobei was absorbed in his thoughts, Wang Dagui sat in the courtyard with a gloomy expression!

After being beaten by Hu Xiaobei, he hadn't left his house in days, too ashamed to show his face!

"Hu Xiaobei, don't think you've won already, I'll kill you! Sooner or later, I'll kill you!"

Thinking this, Wang Dagui grimly picked up his cell phone!

Soon, the same thugs who were previously thrashed by Hu Xiaobei once again gathered there...

Seeing them looking listless, Wang Dagui sneered, "What, are you all dead? Why so spiritless? Buck up!"

Cowed by Wang Dagui's scolding, they felt awkward, and soon began to speak in hushed tones!

"Village chief, just tell us, what do you need us for?"

"Exactly, if there's nothing else, we'll be on our way!"

"Yeah, that's right!"

Right now, they really didn't want to be around Wang Dagui anymore, because being with him always spelled trouble!

Seeing their poor morale, Wang Dagui sighed. If he had other people to help, he really wouldn't want to rely on them, but he had no other choice!

With that in mind, he massaged his face, and said kindly, "I need your help with something!"

"Out with it!"

Noticing they had perked up ever so slightly, Wang Dagui bitterly commanded, "Tonight, help me destroy the fruit trees that Hu Xiaobei has planted!"

"We're not going!"

Upon hearing Wang Dagui's words, they shook their heads as vigorously as rattle drums!

They had been scared by Hu Xiaobei previously and didn't want to provoke him again!

With his request rejected, Wang Dagui's face twisted in anger, "What? Have you no respect for me as your village chief?"

Seeing Wang Dagui getting angry, they hastily explained!

"Village chief, it's not that, we really can't mess with him!"

"Right! We might as well just give in!"

"Yeah, that's right!"

Hearing them advise him to give in, Wang Dagui growled in rage, "Give in? There are no such words as 'give in' in Wang Dagui's dictionary!"

"Then go buy a new dictionary that includes those words!"

"Yeah, that's right!"

"Yeah!"

"Damn it!"

With a low growl, Wang Dagui yelled, "Are you really this cowardly now?"

Despite the harsh scolding, they remained silent!

They admitted to themselves that they were indeed cowards!

Seeing them all silent, Wang Dagui clenched his teeth and said earnestly, "You think just because you're being cowards, that's enough? I'm telling you, stop dreaming! You've already offended Hu Xiaobei, and it's only because he's busy that he hasn't dealt with you yet. Once he frees up, he'll definitely come after you!"

"This..."

Hearing Wang Dagui's threat, they exchanged glances, with a twitching in their eyelids...

Seeing they were becoming a bit frightened, Wang Dagui struck while the iron was hot, "Better to go all out than stop half-way! We can no longer possibly be friends with Hu Xiaobei now, so let's just tear off the masks! We will make our move tonight and destroy all his fruit trees! Even if he knows it was us, he won't have any evidence! Right?"

"This..."

After hearing this, all the thugs were somewhat tempted!

Indeed!

If they made their move at night, Hu Xiaobei would have no way of noticing!

Seeing that everyone was interested, Wang Dagui rubbed his hands together and upped the ante, "After it's done, I'll give each of you ten thousand yuan!"

Ten thousand yuan!

Hearing that they could get ten thousand yuan!

Their eyes glowed with desire!

The next moment, they agreed outright!

After all, they say, 'with great rewards come great fools.'

Seeing they had agreed, Wang Dagui laughed maniacally and said, "Since you've agreed, then go back and get ready. Sharpen your knives or axes a bit faster!"

"Alright!"

Having agreed, they quickly left the place!

After everyone had left, Wang Dagui laughed wildly, "Hu Xiaobei, if I can't have it, don't dream of having it either! Soon, I'll destroy all those fruit trees, and I really want to see how you die then!"

Previously, Hu Xiaobei had kicked him so hard that he threw up his dinner from the night before, making him feel utterly humiliated, so now, he was desperate for some insane revenge!

...

Into the night, Hu Xiaobei watched Xiaobai lying on the ground and said with all seriousness, "Xiaobai, you've gotten fat lately! If this goes on, you really won't be able to walk anymore!"

Hu Xiaobei really was saying this for Xiaobai's good!

Before, since moving down from the mountains to live with him, its weight had increased day by day, and now it was nearly twice as big as before!

To anyone unaware, they would definitely think it was pregnant, but in fact, this creature was a male Wolf!

"Woof woof..."

Hearing it start to explain itself, Hu Xiaobei's mouth twitched as he said, "I of course know that the villagers bring tasty things, but you can't just gorge yourself! Otherwise, how will you guard the house for me?"

"Woof woof..."

Hearing it speak again, Hu Xiaobei said, "As long as you understand, then that's good, I..."

Hu Xiaobei hadn't finished speaking when he heard footsteps and looked up to see Han Jiayuan approaching rapidly with a big smile, carrying a small bucket!

"Xiaobei Brother!"

"Yeah! Jiayuan sister! Are you here to feed Xiaobai again? You've been feeding it like a pig these past days!"

Watching her carry the bucket, Hu Xiaobei couldn't help but feel a headache coming on!

At this moment, Hu Xiaobei really regretted letting her meet Xiaobai...

Previously, when Hu Xiaobei and Xiaobai were walking around the village, they had bumped into Han Jiayuan, and from that moment on, she had fallen in love with Xiaobai and started feeding it crazily, which was why its weight had skyrocketed in such a short time!

Seeing Hu Xiaobei's pained expression, Han Jiayuan whispered, "Xiaobei Brother, isn't Xiaobai cuter when it's a bit fatter?"

"Cute? It's a Wolf!"

While muttering this to himself, Hu Xiaobei turned his gaze to Xiaobai, and quickly, his eyelid twitched!

At that moment, it was staring intently at the deliciousness inside the small bucket, looking just like a big greedy dog!

At the moment when Hu Xiaobei was left speechless, Han Jiayan expertly placed the small bucket in front of Xiaobai, then crouched down, smilingly watching Xiaobai!

Soon, Han Jiayan pursed her lips because she saw that Xiaobai, even though extremely eager, showed no intention of eating...

Panicked!

At that moment, Han Jiayan instantly panicked, stood up quickly, and asked anxiously, "Xiaobei brother... what... what's happening? Is Xiaobai sick?"

Seeing Han Jiayan's anxious appearance, Hu Xiaobei casually waved his hand!

Hu Xiaobei knew the animal wasn't sick; it just didn't dare to eat without his command!

Watching its drool almost fall, Hu Xiaobei sighed and said, "Go ahead, eat! Remember to take a walk afterward!"

"Whimper..."

After agreeing, it started eating quickly, the eager look entertaining Han Jiayan into giggles...

Watching Han Jiayan affectionately stroking its head while laughing, Hu Xiaobei shook his head and quickly walked away!

Five minutes later, Hu Xiaobei was aimlessly wandering around the village and ended up at Han Xueyao's front door!

Smelling a faint fragrance wafting out from Han Xueyao's house, Hu Xiaobei craved a closer look!

After entering the yard, Hu Xiaobei discovered that the fragrance was drifting from the kitchen and, without hesitation, hurried towards the kitchen...

At the kitchen door, after taking a peek inside, Hu Xiaobei's eyes lit up...

Because Hu Xiaobei saw Han Xueyao cooking...

Because the stove was slightly high, Han Xueyao was tiptoeing, which made her already large behind appear even more enticing!

"If only I could enter from behind..."

As he excitedly thought thus, Hu Xiaobei heard Han Xueyao's soft inquiry, "Jiayan, you're back, did you and your Xiaobei brother tell him to come eat dumplings?"

After asking, not getting a reply, Han Xueyao curiously turned her head only to catch Hu Xiaobei staring fixedly at her behind!

Blushing, she stamped her foot lightly, bit her soft lip, and whispered, "You little rascal, what are your eyes looking at!"

Hearing that incredibly shy question, Hu Xiaobei guiltily turned away, "Nothing, I just thought your stove looks really nice!"

Hearing Hu Xiaobei babbling away, Han Xueyao rolled her eyes and straightforwardly said, "Really? Then would you like to stay and enjoy the view all day?"

Coughing slightly, Hu Xiaobei quickly said, "I'd better not! Auntie, what are you cooking in the pot? It smells so good!"

"Dumplings! By the way, where is Jiayan? Didn't she go to your house?"

"She's playing with Xiaobai! I had nothing to do, so I just came over!"

"Such a greedy cat with a sharp nose!"

Teasingly, Han Xueyao pointed at the pot and said, "They're stuffed with chives, do you like them?"

"I love them! I love everything you make!"

"Flatterer! Go fetch those dishes for me!"

"Right away!"

Agreeing, Hu Xiaobei quickly went to get them, and seeing Hu Xiaobei's efficiency made the corners of Han Xueyao's mouth slightly curve upward in amusement...

Soon, she continued making dumplings...

After a while, she scooped a dumpling to taste if it was cooked, but as soon as she bit into it, the hot soup scalded her tongue...

After being scalded, Han Xueyao quickly said, "Xiaobei, quick! Bring a plate over! I'm burning up! I..."

Before she could finish, Han Xueyao suddenly widened her eyes because, at that moment, her mouth was sealed by Hu Xiaobei's...

"This..."

After a brief moment of astonishment, Han Xueyao came to her senses. In that instant, she panicked a bit and pushed Hu Xiaobei while subconsciously opening her mouth...

The moment she slightly parted her lips, she felt Hu Xiaobei suck away the half-eaten dumpling from her mouth...

"Auntie, I feel like this dumpling isn't hot!"

Having quickly swallowed the dumpling, Hu Xiaobei stepped back, grinning cheekily and spoke quickly!

Hearing Hu Xiaobei's words, Han Xueyao, fuming, whispered angrily, "You... you little bastard! I asked you to bring the plate, who asked you to use your mouth, you little bastard, you're driving me crazy!"

Thinking back to the scene just now, she really wanted to find a hole to crawl into...

So mad!

Really so mad!

Seeing Han Xueyao stomping her feet in anger, Hu Xiaobei seriously said, "Auntie, using a plate would still require washing, isn't this way much better, right?"

"You... you... you're just twisting words! I..."

Han Xueyao wanted to say something else when suddenly she heard footsteps...

Soon, Han Jiayan's gentle voice was heard, "Mom, I haven't told Xiaobei about eating dumplings yet. Just now, I was about to tell him, but Xiaobei had gone out. I'll go find him again later!"

Hearing this, Han Xueyao glanced at Hu Xiaobei with a mischievous grin and pouted, "No need, he's already here!"

"He's here?"

"Yes!"

While saying this, Han Xueyao saw Han Jiayan quickly running over!

"Brother Xiaobei!"

"Em!"

Hearing Hu Xiaobei respond to her call, Han Jiayan turned to look at Han Xueyao, only then noticing her flushed cheeks!

"Mom, what's wrong with you? Are you sick? Why is your face so red?"

"No, it's just that the room is really hot!"

As she explained this, Han Xueyao, still fuming, gave Hu Xiaobei a big roll of the eyes!

She knew that the main culprit was that big bastard!

Hu Xiaobei, seeing her staring at him, chuckled...

Soon after, Hu Xiaobei licked his lower lip, still relishing the moment!

Seeing Hu Xiaobei's subconscious action, Han Xueyao could not help but get even more annoyed. Honestly, if it weren't for her daughter being there, Han Xueyao would have definitely fought Hu Xiaobei right there!

...

"Auntie, the dumplings are really tasty!"

At the dinner table, Hu Xiaobei glanced at Han Xueyao, who was still a bit red-faced, and spoke softly!

At this moment, Hu Xiaobei truly regretted ending that 'kiss' so soon, although Hu Xiaobei also knew it wasn't really a kiss, but it was still a very intimate interaction!

Moreover, Hu Xiaobei had to admit, Han Xueyao's lips were super soft, and touching them, Hu Xiaobei truly felt electrified!

Hearing Hu Xiaobei's words, Han Xueyao shyly bit her soft lip and then said, "If it's tasty, eat more!"

"I will!"

Just as Hu Xiaobei finished speaking, Han Jiayan stood up!

"I'm full! I'm going out to play! Mom, Brother Xiaobei, take your time eating!"

"It's getting late, where are you going?"

"I'll just take a short walk outside! I won't go far!"

With that, Han Jiayan quickly ran off!

Knowing that Han Jiayan really wouldn't go far, Han Xueyao didn't say anything!

His expression instantly turned awful!

While eating dumplings, Hu Xiaobei clearly felt a hint of murderous intent and quickly said, "Auntie, I just remembered I have something else to do! Perhaps I should leave now?"

"You're not going anywhere today, you little bastard! I must teach you a lesson today, otherwise, you really won't know who I am!"

As she spoke, the furious woman stood up and charged towards Hu Xiaobei!

Startled, Hu Xiaobei quickly got up and shouted, "Oh no, it's spousal murder!"

"Little bastard, watch your mouth!"

Hearing Hu Xiaobei mention "spouse," she grew even angrier and chased after him!

Suddenly, she stepped into thin air and just like that, she fell forward!

"Auntie!"

Hu Xiaobei, who had run several meters away, spoke nervously. In the meantime, with quick reflexes, he dove forward!

Soon, Hu Xiaobei hit the ground hard, and the next moment, he felt a heavy weight on top of him!

After realizing it was Han Xueyao who was pressing down on him, Hu Xiaobei joked, "Auntie, you're...so heavy! You should consider losing some weight!"

"You...you little bastard!"

Han Xueyao, who was just about to ask if Hu Xiaobei was okay, clenched her teeth in rage upon hearing his comment.

The next moment, she quickly pinched the soft flesh around Hu Xiaobei's waist, making him instantly start begging for mercy...

...

An hour later, Hu Xiaobei hummed a tune as he left the place!

When he got home, he realized Xiaobai wasn't there!

"It looks like he really did listen to me and went for a walk!"

Thinking this, Hu Xiaobei performed two sets of military boxing, then hummed a tune as he turned and walked back to his room...

Just as he was about to lie down, Hu Xiaobei suddenly decided to go check on the fruit trees behind the village!

Even though they no longer needed infusions of Nine Wood True Qi, Hu Xiaobei still wanted to see them, especially since they would be ripe tomorrow. Any mishap today would really be a disaster!

...

"It's about time, let's head out!"

In Wang Dagui's house, seeing that it was nearing ten o'clock, an impatient Wang Dagui spoke up!

Earlier, Wang Dagui had asked the ruffians to gather here, because there was something very important they needed to do tonight!

"Village chief, let's wait a bit more!"

"Yes, it's still too early now!"

"Right, that's right!"

Upon hearing this, Wang Dagui's expression turned cold, and he coldly said, "Half an hour ago, you were saying the same thing, and you're still saying it now, what do you actually want? If you don't want to go with me, then get lost now!"

Feeling embarrassed by the scolding, they were somewhat uneasy!

"Well... Village chief, don't be angry! We just think it's a bit too early still!"

"Yes, that's right!"

"Let's wait a bit more!"

Hearing them still talking nonsense, Wang Dagui scoffed, "Wait for what? Wait for dawn! You know there's not much entertainment here at night, so the villagers have long been asleep! Are you going or not, give me a straight answer!"

"We'll go!"

"Yes, we're going!"

"Definitely!"

After some thought, they agreed!

They knew Wang Dagui was just waiting for them to show their resolve. Since they had decided to stand with him, there really was no need to back down; after all, a neck stretched out will get chopped just as much as one pulled back. With this in mind, hesitating truly served no purpose...

Seeing that they all agreed so readily, Wang Dagui laughed! Soon, he said with a smile, "You'll definitely be glad for the choice you made today!"

After that, he stood up first!

The thugs saw this and also quickly got to their feet!

Seeing everyone stand up, he chuckled! Soon, he growled, "Let's go!"

While talking, he fondled the shiny, sharpened axe in his hand...

...

"Just as expected, they're all asleep!"

"It seems the village chief was spot on!"

"I bet Hu Xiaobei is sleeping like a dead pig right now!"

"For sure!"

After filing out with Wang Dagui, they looked around and saw that all the lights in the villagers' homes were out; in that instant, they knew that everyone must really be asleep!

So in that moment, their tension completely dissipated!

Hearing their muttering, Wang Dagui chuckled and said, "I told you, your concerns were unnecessary. Do you believe me now?"

"Yes!"

Hearing their obedient response, Wang Dagui nodded his head!

The next moment, he bounded toward the back of the village. Wang Dagui was extremely happy because he knew that he was about to destroy Hu Xiaobei's fruit trees completely...

...

"How beautiful!"

Over by the fruit trees, Hu Xiaobei gazed at the fruits about to ripen under the moonlight and couldn't help but salivate!

Excitement!

Since he was young, Hu Xiaobei loved the harvest, so now, seeing this scene ripe for harvesting, he was incredibly thrilled!

Hu Xiaobei prepared to walk forward, but suddenly he heard a noise. Looking down, Hu Xiaobei saw Xiaobai slowly emerging from the orchard!

Watching it amble along, Hu Xiaobei rubbed his nose, "Xiaobai, I told you to exercise, you haven't been slacking off here, have you?"

"Woof woof..."

Hearing its explanation, Hu Xiaobei laughed. So it had come to help guard the fruit trees!

It was worried someone would come and vandalize...

"Thank you for that, but these trees will ripen tomorrow; there shouldn't be anyone coming to vandalize them by then, we should still..."

Before Hu Xiaobei could finish, he heard footsteps behind him. Turning around, Hu Xiaobei saw a bewildered Wang Dagui and the thugs standing not far away...

Looking at them, each holding a well-sharpened axe, Hu Xiaobei's expression immediately darkened, because he knew they were obviously here for the fruit trees!

...

"Motherfucker!"

A million curse words raced through Wang Dagui's mind at that moment!

Because he truly did not expect to run into Hu Xiaobei again!

Like a bad penny, always turning up!

Really, like a bad penny!

While grumbling to himself, Wang Dagui felt like turning tail and fleeing!

But he knew running wouldn't solve the problem, so he immediately abandoned the idea of escape!

As Wang Dagui was stewing, the thugs behind him panicked even more!

They were ready to take off running, because they truly didn't have the guts to face Hu Xiaobei!

After realizing the thugs' intention, Wang Dagui's eyelid twitched, and he quickly said, "Stand your ground! Hu Xiaobei is alone; we don't need to be scared! Besides, we have weapons in hand, and I don't believe this dumbass would dare to stop us under these circumstances!"

"This..."

Hearing this, they hesitated for a moment but quickly felt the axes in their hands.

Indeed!

Under these circumstances, it shouldn't be them running, but Hu Xiaobei!

Seeing those hooligans quiet down, Wang Dagui gave a chilling smile and coldly started, "Xiaobei, since we've run into each other again, let me repeat myself. You better tear up the land transfer contract we signed immediately and give me back the lands. Otherwise, I guarantee they'll all die!"

Watching him wave the axe in his hand, Hu Xiaobei sneered, "Wang Dagui, I told you last time, if you dared to mess with me again, I wouldn't be polite. And look, you haven't learned your lesson!"

Hearing Hu Xiaobei threaten Wang Dagui like that, the hooligans erupted!

"Fuck! Who do you think you are! 'Won't be polite'? I'd like to see you try!"

"Yeah, about to die and still putting on airs!"

"Right! Be thankful I don't shut your mouth for you! Otherwise, I'll chop off your tongue!"

At this moment, they knew they had the upper hand, so there was no longer any fear of Hu Xiaobei. That's why they dared to shout so wildly.

"Heh!"

After giving them a glance, Hu Xiaobei clenched his fists coldly.

Hu Xiaobei knew that talking to these people was a waste of breath. These folks wouldn't learn unless they were beaten severely!

Thinking this, Hu Xiaobei was about to teach them a lesson when he suddenly saw Xiaobai step in front of him...

"Xiaobai, you..."

"Whimper..."

After understanding Xiaobai's intention, Hu Xiaobei nodded, then quickly stepped back.

"Ha, Hu Xiaobei that idiot is scared now, resorting to having an animal protect him!"

"Exactly! And this beast is so fat, looks like it can barely move at all!"

"You're right! Birds of a feather flock together! This dog and Hu Xiaobei are both trash!"

Seeing Xiaobai step forward, they were initially taken aback but quickly resorted to mocking...

At this moment, they didn't take Xiaobai seriously; in their eyes, Xiaobai was too slow to even run, let alone fight...

Hearing their mockery, Hu Xiaobei looked at Xiaobai.

Hu Xiaobei could clearly sense its frustration.

"These people have really stirred up a hornet's nest this time!"

With that thought, Hu Xiaobei watched as Xiaobai raised its head and began to howl towards the sky.

The clear, melodious sound instantly spread.

"Ha, is it begging for mercy now?"

"Just like Hu Xiaobei, a loser, already begging for mercy before the fight even starts!"

"Yes, yes!"

Hearing Xiaobai's howl, they were momentarily startled, then burst into derisive laughter.

They all felt Xiaobai was begging for mercy, but only Hu Xiaobei knew it was calling for its pack...

Wolves, they don't live alone!

While Hu Xiaobei was thinking this, he suddenly sensed movement behind him. Turning around, he saw shapeshifting as several forms closed in rapidly.

They had arrived!

Observing their swift approach, Hu Xiaobei admired them sincerely...

"Huh? What's that noise?"

At this moment, the hooligans and Wang Dagui also heard something and were trying to discern the sounds. Their faces changed dramatically because they saw a dozen grey wolves leaping out from the woods!

As they watched the wolves stare at them viciously, their faces turned extremely unsightly...

The next moment, even a few of them collapsed onto the ground in a wretched state...

"This..."

When they came to their senses, they had been completely surrounded...

Panic set in!

Surrounded by a dozen wolves, they panicked!

The next instant, they turned to look at Wang Dagui, thinking he must have a way out!

But when they turned around, they were stunned as they saw Wang Dagui's pants gradually dampening!

In that instant, they knew Wang Dagui had wet himself again...

"Worthless!"

"Absolutely worthless!"

Once they knew they couldn't rely on Wang Dagui anymore, the gangsters quickly turned their heads toward Hu Xiaobei, and without hesitation, they eagerly said,

"Xiaobei, it was all a misunderstanding!"

"Yes, everything was a misunderstanding, we were really just over here for a walk!"

"Right, right, right, just for a walk! Don't think too much about it! Don't think too much about it!"

As they explained this, they swiftly tossed the glaring axes to the side!

They knew that Hu Xiaobei was the only one who could save them now, so they couldn't afford to put on airs anymore. Otherwise, they could really be bitten to death by these wolves with green, glowing eyes!

"A walk?"

With a sneer, Hu Xiaobei didn't bother with them but looked down at Xiaobai!

After understanding what Hu Xiaobei wanted, Xiaobai shouted, and instantly, the wolves that had been impatient bared their teeth and pounced on them...

In an instant, unbearably piercing screams came from their mouths, spreading throughout the entire village quickly!

Instantly, many people who had gone to sleep heard this utterly piercing scream!

"What's going on?"

"I don't know!"

"Let's go check it out!"

Muttering to themselves, many people crawled out of bed...

When they followed the sound to the back of the village, everyone was completely shocked!

Because they saw a large pack of wolves tearing apart those gangsters and Wang Dagui...

While everyone was dumbfounded, Hu Xiaobei glanced at Xiaobai again!

After understanding Hu Xiaobei's intentions, Xiaobai shouted, and, in an instant, the wolves stopped tearing and quickly turned back to the forest!

...

"My pants!"

"My leg!"

"My butt!"

After the wolves left, those people started to cry and wail frantically!

They had wet themselves!

Every single one of them had urinated, so the smell at the scene really wasn't pleasant!

Watching the wolves disappear, Guo Meiyu and the others finally dared to approach them!

"Xiaobei, what... what exactly happened here?"

"Yes!"

"Was that a wolf just now?"

Feeling their panic, Hu Xiaobei smiled and said, "It's fine, those wolves were called by Xiaobai, consider them Xiaobai's friends! So you don't need to worry about them biting you!"

Hearing Hu Xiaobei's explanation, they relaxed a bit, quickly pointing at those wailing people, "Then what's the deal with these people lying on the ground?"

Glancing coldly at them, Hu Xiaobei swiftly said, "They wanted to damage the fruit trees, and then Xiaobai discovered them, and that was the end of it!"

"Serves them right!"

Previously, seeing those gangsters in such a pathetic state, they felt a bit of sympathy, but knowing their actions, no one sympathized with them anymore!

Hu Xiaobei heard them speak and emotionlessly walked toward Wang Dagui!

"What... what are you planning to do?"

Seeing Hu Xiaobei approaching, Wang Dagui's face turned extremely ugly!

Fortunately, he had already peed before, otherwise he would have peed again right now!

"What do you think I'm going to do?"

As he asked, Hu Xiaobei stepped on Dagui's arm, and in the next moment, Hu Xiaobei exerted force suddenly, and with a crack, his arm was broken by Hu Xiaobei!

"Ah!"

A piercing scream instantly came from Dagui's mouth!

"Hu Xiaobei, you... you're asking for death! You're asking for death!"

After the scream, at this moment, he hysterically yelled like a madman...

Hu Xiaobei heard his roar and sneered, "Shut up, or I'll break your other arm too!"

"You..."

Wanting to say something, he ultimately wisely didn't dare to open his mouth!

Because at that instant, he felt an intense murderous intent from Hu Xiaobei and knew that Hu Xiaobei was not joking with him now!

Seeing him shut his mouth, Hu Xiaobei sneered and said, "Get lost! All of you, get lost!"

Hearing Hu Xiaobei's words, those thugs quickly scrambled up and ran away on their hands and feet!

Seeing this scene, Dagui yelled, "I'm dead, help me!"

Hearing Dagui's yell, the thugs were stunned for a second and then snarled, "Help your damn self!"

After this low roar, the more they thought about it, the angrier they got, and soon, they surrounded Dagui and beat him up fiercely!

After the beating, they fiercely spat a few times at Dagui before striding away!

"You... you..."

Dagui, infuriated and trembling all over, soon quietly got up and left disgracefully!

Watching his resentful expression as he left, Hu Xiaobei knew that he surely hated him even more now, but Hu Xiaobei didn't care...

...

"Xiaobei, Dagui has good relations with many people in town; you've completely offended him, be careful!"

"Yeah, Dagui is the kind of petty person who holds grudges!"

"Right, right!"

Hearing their concerned remarks, Hu Xiaobei chuckled, "Don't worry, I know!"

Hearing Hu Xiaobei speak, they didn't say anything further, but instead looked down at Xiaobai!

Previously, they all thought Xiaobai was just a cute, chubby dog, but now they realized that wasn't the case, because it could even summon wolves from the mountains...

...

"Dagui, what... what happened to you?"

Seeing Dagui return in a state as wretched as a beggar, Ye Lili quickly spoke up!

After frowning, Dagui impatiently said, "Don't ask, hurry up and get your brother here, and take me to the hospital!"

"Yes!"

Ye Lili quickly agreed, and soon, she started making calls in a flurry!

Before, she thought Dagui would definitely succeed this time, but now she realized it was yet again a failure...

"Hu Xiaobei, I'm not done with you!"

Thinking about her brother and husband both suffering at the hands of Hu Xiaobei, she growled bitterly...

...

The next morning, as Hu Xiaobei was practicing military boxing in the yard, three people carrying cameras leisurely made their way to Xiaohe Village!

If someone regularly read the newspaper, they would know these three were from Lake Water County News Agency, the leader being Lin Nan, with his subordinates Qin Yalu and Zhao Datong!

The reason they came to Xiaohe Village this time was to collect material nearby; the assignment this time was to prepare a report centered on the harvest, and naturally, they needed to find some good material!

Seeing Lin Nan continue walking forward, Zhao Datong blurted out, "Team Leader Lin, don't go further, the village ahead is Xiaohe Village, which is the poorest place in Big River Town and definitely doesn't have any photos that reflect a good harvest!"

Zhao Datong was from a nearby village, so he knew the situation in Xiaohe Village. That's why he reminded them now!

Hearing Zhao Datong snort dismissively, Qin Yalu whispered, "Don't say it like that. Since we are here, let's have a look around. We have until noon to submit our work, and it's still early!"

Initially, upon hearing Zhao Datong's words and wanting to leave, Lin Nan, hearing Qin Yalu speak, nodded and said, "Yalu is right, let's look around a bit more. We're already here!"

When they insisted on exploring, Zhao Datong felt embarrassed to suggest leaving again, but he still threw cold water on the idea. "Well.. okay! But I still have to remind

you, this village is still poor! You'll realize there's not much to see once you look around!"

"Just consider it taking a stroll!"

Chatting this way, the three of them wandered toward the back of the village.

Soon, they heard some noise ahead. After turning the corner, the three of them were stunned!

The reason they were dumbfounded was that they saw many people busily harvesting various medicinal herbs in the fields!

"This..."

After a brief shock, Lin Nan said, "Don't just stand there; isn't this exactly the bountiful scene we were looking for?"

Hearing this, the other two quickly started snapping photos!

Previously, they had captured many scenes of harvests, but compared to the large scene in front of them, it was significantly less impressive!

After taking the photos, they walked forward, and at that moment, they saw that the freshly harvested medicinal herbs were being taken away!

"This..."

During another moment of shock, they captured the scene of the women selling the medicinal herbs and receiving money.

After finishing, Zhao Datong frowned, "Xiaohe Village has started growing medicinal herbs now!"

Hearing Zhao Datong speak, Qin Yalu said, "Yes! It seems to be quite effective!"

"It's okay! Selling so much every year is a decent harvest!"

Zhao Datong said this, but he actually didn't care and was quite sarcastic!

The reason for his sarcasm was that he knew medicinal herbs grew slowly and weren't considered an economic crop, meaning the income from them was very low. Perhaps only a remote, poor place like Xiaohe Village would be willing to grow them...

As Zhao Datong scoffed, the buyers spoke up, "Alright, all the accounts are settled. See you tomorrow!"

"Great, see you tomorrow!"

"Tomorrow?"

Muttering this in confusion, Zhao Datong sneered, "What do you mean 'see you tomorrow'? It should be next year, right?"

Hearing Zhao Datong's scorn, Qin Yalu stepped forward, revealed her identity, and asked, "What do you mean by 'see you tomorrow'? Did you misspeak?"

"No! We are coming back to buy more tomorrow!"

Hearing this matter-of-fact response, Qin Yalu was perplexed, pointing to the bare land, "But haven't you already taken all the medicinal herbs?"

"Yes, but they will plant more, and it will be grown by tomorrow!"

"Grow within a day?"

"Yes! Alright, if there's nothing else, we'll head out now!"

With that, the workers swiftly departed in their vehicle.

"This..."

Stupefied, all three of them were utterly dumbfounded!

Previously, they thought that the medicinal herbs took a year to grow that large. Now they realized that was not the case at all—they grew that big in just one day!

"My goodness, how much money would that make in a year!"

Thinking this, all three felt a pang of excitement!

Soon, Qin Yalu looked at Zhao Datong and said, "You just said this village was very poor, right? Is this what you call poor? Then what are we considered?"

Qin Yalu was truly shocked!

If selling medicinal herbs daily still meant being poor, then she was literally less than dirt!

"I..."

Zhao Datong opened his mouth but didn't know what to say!

He had never been to Xiaohe Village before and had only heard that it was poor, but what he was seeing now was clearly not the case, so he was also confused!

"Oh my, you all are rich now!"

At that moment, they heard someone speaking and turned their heads to see a young man speaking with a glowing smile!

"Xiaobei, it's all because of you!"

"Exactly! Otherwise, how would we have had such a good opportunity?"

"Yes, yes!"

Gratitude!

They were truly grateful to Hu Xiaobei!

Because they knew that the good days they were experiencing were all thanks to Hu Xiaobei!

Hearing their excited expressions, Hu Xiaobei waved his hand and said, "No need to be so formal with me! We're all family! Alright, let's go and see how those fruit trees are doing!"

"Okay!"

"There are fruit trees?"

With that thought, they quickly followed!

At that moment, the three of them were filled with all sorts of surprises about Xiaohe Village...

...

Lush branches bore fruits that hang heavy on the limbs, stunning everyone the instant they saw them!

"Incredible!"

"Truly!"

"It looks so beautiful!"

Hearing their heartfelt admiration, Hu Xiaobei softly said, "Don't just admire them, taste them and see!"

Hu Xiaobei knew that the Nine Wood True Qi had completely transformed them, so he couldn't say for sure what they tasted like!

"I feel they must be delicious!"

"Mm!"

"I think so too, they look so appetizing!"

Hearing them say this, Hu Xiaobei smiled and walked towards the nearest fruit tree.

As Hu Xiaobei walked over, a few reporters arrived too, and they were completely stunned by the scene!

"Such a large spread of fruit trees!"

"Exactly, and there are so many fruits!"

"Yes, yes!"

Hearing the two of them exclaim, Zhao Datong frowned and said, "As they age, naturally they bear more fruit. What's so great about that!"

He had a fruit orchard at home, and he had taken these two to see it before, but they hadn't shown such shock then!

That was why, seeing them so shocked now, he frowned in displeasure.

Hearing Zhao Datong's displeased tone, the two of them didn't say anything but quickly started taking photographs with their cameras.

After finishing, they looked enviously at the fruits and said, "I wonder if they taste good!"

"That's what I'm saying!"

Hearing this, Zhao Datong scoffed, "Some things look good but are useless! I think these fruits are just like that! They look nice, but I can guarantee, they definitely aren't tasty!"

"Really?"

Upon hearing this, both of them subconsciously questioned...

At that moment, they saw the young man sharing pears plucked from the tree with all the women present...

"It smells so good!"

After receiving them, Guo Meiyu and others carefully sniffed them.

After that, Guo Meiyu couldn't wait and took a bite!

Everyone instantly stared at Guo Meiyu!

Soon, they all saw Guo Meiyu freeze...

"What's the matter?"

"Does it taste good?"

"Yeah, speak up, you're killing us with suspense!"

As everyone eagerly inquired, Guo Meiyu, who had just swallowed the piece of pear, excitedly said, "Good? It's beyond good! It's the most delicious fruit I have ever had in my life! I can't stand it, I must come eat this every day!"

"Really?"

Shocked by such high praise, after exchanging glances, they all bit into the fruit synchronously, and in an instant, their eyes widened in disbelief...

Before, they thought that Guo Meiyu's description was obviously exaggerated!

But after tasting it for themselves, they knew Guo Meiyu hadn't exaggerated at all, not one bit. The taste of these pears was absolutely sublime!

Recovering from their shock, they all stared intently at Hu Xiaobei!

The moment of surprise led them to exclaim,

"It's so delicious!"

"Xiaobei, how did you do this?"

"Exactly! Hurry up and share your secret recipe!"

As they stared at him, Hu Xiaobei chuckled and said, "It's my personal charm!"

"What personal charm?"

"Yeah, right, like we'd believe that!"

"Exactly!"

...

Watching them joking with each other, Qin Yalu quietly swallowed and whispered, "Is it really that delicious?"

"Yeah, I'm curious too!"

Hearing the curiosity on Lin Nan and Qin Yalu's faces, Zhao Datong's mouth twitched, and he coldly said, "It must taste awful! These women are probably shills! Don't get tricked by them!"

"Really?"

They questioned him as such, and then they saw Hu Xiaobei waving at them!

With sparkles in their eyes, they quickly walked towards Hu Xiaobei...

...

In fact, Hu Xiaobei had noticed them a while ago...

Seeing them approach, Hu Xiaobei asked with a smile, "Are you here to play?"

As Hu Xiaobei asked, Guo Meiyu and the others also curiously looked at them...

"No! We are reporters, here for a feature!"

Hearing the woman say she was a reporter, Hu Xiaobei introduced himself with a smile, "I see! My name is Hu Xiaobei!"

"I'm Qin Yalu, this is our team leader Lin Nan, and this is my colleague Zhao Datong!"

After scanning over the three of them, Hu Xiaobei warmly said, "Nice to meet you all! By the way, we have some ripe pears here, would you like to try one?"

"Forget it, I have plenty at home, I'm not interested!"

Hearing Zhao Datong say that, Hu Xiaobei chuckled and pulled back the fruit he was about to offer.

"What nonsense are you spouting!"

Qin Yalu glared at Zhao Datong and said, "Don't listen to his nonsense, we would like to try some, especially since we are thirsty!"

"Alright then!"

As they spoke, Hu Xiaobei handed Lin Nan and Qin Yalu a pear each, and as for Zhao Datong, Hu Xiaobei didn't even give him a glance!

"Respect is mutual!"

Since he had shown no respect for me, naturally, I wasn't going to cozy up to him!

Seeing Hu Xiaobei had no intention of passing the fruit to him, Zhao Datong grew even more irate...

At this moment, Qin Yalu and Lin Nan were both oblivious to Zhao Datong's fury; they were fixated on the pears in their hands!

"I wonder if they're actually tasty!"

While they were muttering to each other, Qin Yalu took the first bite...

The moment she bit through the skin of the pear, the sweet juice flooded her mouth, immediately causing her face to light up with excitement!

Because the taste was just that amazing!

She really felt as if the taste buds on her tongue were about to explode!

Seeing the expressive look on Qin Yalu's face, Lin Nan couldn't guess how it tasted and nervously asked, "Yalu, is it good?"

After quickly nodding her head, Qin Yalu spoke excitedly, "Is it good? It's absolutely delicious! I've never before tasted such a perfect piece of fruit!"

"Really?"

Heartened by Qin Yalu's heartfelt praise, Lin Nan took a big bite as well, and in the next instant, his eyes widened, "This taste is just too wonderful!"

Watching Lin Nan's face filled with astonishment, Qin Yalu said, "See, I didn't lie to you, did I, team leader!"

"Yeah, it's really the most delicious pear I've ever had. I even feel like my throat has gotten so much better!"

As he spoke, he excitedly touched his throat and realized that it had indeed gotten much better.

He had chronic pharyngitis due to years of work, which left his throat constantly uncomfortable.

These past few days, because of the dry environment while out on reporting trips, his throat had been even more painful, but after eating this pear, he felt much better, so much so that he almost wanted to jump for joy!

Hearing Lin Nan's excited tone, Qin Yalu quickly asked, "Really?"

"Yeah!"

Watching their excitement build, Zhao Datong's face turned extremely sour.

The next moment, with an expressionless face, he walked up to Hu Xiaobei and demanded loudly, "Hey, you, farmer, go pick one for me too, I want to try it!"

Hearing the haughty demand, Hu Xiaobei furrowed his brows and said, "Why should I?"

"Why? I'm a reporter from our county newspaper. Let me tell you, if you offend me, I can write a piece that will kill your business and these shitty fruits, you believe that?"

Zhao Datong immediately got angry when Hu Xiaobei asked him on what basis.

Being a reporter, he was always treated with utmost respect wherever he went, which was why now, facing rejection, he felt greatly annoyed.

"Blacklist? Ha! Get lost!"

"You... you..."

Seeing that Zhao Datong was about to make a scene, Lin Nan's face changed, and the next moment, he said sternly, "Datong, what are you doing!"

After scolding Zhao Datong, Lin Nan turned to Hu Xiaobei with an apologetic expression, "Sorry about that. Datong has been in a bad mood lately, which is why he's acting like this!"

Upon hearing Lin Nan's apology, Hu Xiaobei waved his hand, "It's fine, but if he's in a bad mood, he shouldn't be working. With that attitude, can he write anything unbiased?"

Zhao Datong, finding himself being lectured, growled, "You..."

But before he could finish, Lin Nan cut him off again, "Shut up!"

After shouting that and seeing Zhao Datong obediently close his mouth, he continued, "Yes! You're absolutely right, and I will remind him of that!"

"That's good then!"

Hu Xiaobei nodded and turned to leave...

Initially, knowing that they were reporters, Hu Xiaobei had planned to have a good chat with them—after all, their endorsement could indeed be beneficial.

But now, because of Zhao Datong, Hu Xiaobei had utterly abandoned that idea...

Seeing Hu Xiaobei turn around and leave, Lin Nan couldn't help feeling somewhat regretful...

He had wanted to buy some pears to take back with him, but now, he knew the deal had fallen through, and that they certainly wouldn't sell any to him!

With this thought, he glanced at Zhao Datong and silently sighed.

"It's all because of you! I had been thinking of buying some to take back!"

Lin Nan felt too embarrassed to speak out, but Qin Yalu didn't, and so at that moment, she fiercely blamed Zhao Datong!

Being reproached by Qin Yalu like this, he felt his anger reaching its peak!

But he didn't dare direct his rage at Qin Yalu, so he could only venomously channel all his ire towards Hu Xiaobei!

"This is outrageous, absolutely outrageous! Hu Xiaobei, right? Just you wait for me, just you wait, I will get my revenge, I will make you kneel before me and repent for your sins!"

After unleashing that hysterical roar, he spitefully spat on the ground before turning around and leaving!

In his view, the reason he had lost face was all because of Hu Xiaobei, so he was determined to get his revenge!

...

In the village, Guo Meiyu saw the upset expression on Hu Xiaobei's face and softly consoled him, "Xiaobei, don't get angry over that kind of person. It's not worth harming your health over them!"

Hearing the concerned consolation, Hu Xiaobei chuckled and said, "Sis, I know! I won't, besides, I'm quite fit!"

Upon hearing Hu Xiaobei deliberately mention his good health, she shyly gave Xiaobei a big eye roll!

After that, she said resentfully, "You little bastard, why are you talking about that with sis? What does your health have to do with me?"

"Hehe!"

After chuckling, Hu Xiaobei looked at Guo Meiyu with a mischievous glint in his eyes!

At that moment, Hu Xiaobei realized she was truly beautiful!

Really!

No matter how many times he saw her, Hu Xiaobei always thought she was flawlessly gorgeous!

Seeing Hu Xiaobei staring straight at her, Guo Meiyu's cheeks blushed red with coyness!

The next moment, she chided, "You little bastard, keep staring at sis like that and I'll hit you!"

Hearing her incredibly shy words, Hu Xiaobei said with a beaming smile, "Hitting means affection, scolding means love, sis, go ahead and hit me as much as you want!"

"You little bastard!"

Hearing Hu Xiaobei talk about 'hitting means affection, scolding means love,' she was utterly speechless!

So after stamping her tender little feet clad in black sandals, she huffily charged at Hu Xiaobei!

Seeing her coming at him fiercely, Hu Xiaobei quickly took to his heels!

Just like that, they started chasing each other around the village...

Many women in the village couldn't help feeling envious of Guo Meiyu...

...

"To think you didn't talk to me the entire way, it's all because of that bastard Hu Xiaobei!"

After returning to the newsroom, Zhao Datong was upset remembering how Qin Yalu and Lin Nan hadn't spoken to him during the whole trip.

In the past, after he entered the newsroom, he found Qin Yalu was very pretty!

So he had been pursuing her for a while and had made some progress...

But now, he knew that all the progress he'd made had vanished into thin air...

"Hu Xiaobei, the reason everything turned out this way is all because of you, you bastard, just you wait! I will start spreading rumors right away, I want to see who else dares to visit your Xiaohe Village!"

Zhao Datong knew that Hu Xiaobei planted so many fruit trees and the like in order to develop tourism!

So he was now intent on sabotage, he wanted to ensure that Hu Xiaobei wouldn't earn a single penny, and wanted him to kneel on the ground and kowtow to admit his wrongs...

Hu Xiaobei was oblivious to the scheming of this petty man. At that moment, he was happily holding his phone, "Xue'er, sister, I thought you might forget about me after you went back to the county!"

"Get out of here, stop fooling around! I've got some serious business with you this time!"

Hearing Song Xue'er mention serious business, Hu Xiaobei became a bit more serious, "What serious business?"

"Didn't you plant a bunch of fruit trees on the back mountain before?"

"How did you know? Is your company interested in fruit trees too?"

"How could that be possible! It's just that I have a friend from our county's TV station, none other than our county's own leading lady, Murong Qingqing!"

Hearing the name Murong Qingqing, Hu Xiaobei opened his mouth in astonishment, "Murong Qingqing is your friend?"

"What, is that not okay?"

"Of course it's okay, I'm just a bit surprised!"

"It looks like you've watched the programs hosted by Murong Qingqing before!"

"Definitely! She hosts so many programs!"

"Yeah! She's really getting famous now! Anyway, back to the point, their team wants to create a live program themed on the harvest and it's supposed to air in a few days, but they've been struggling to find a good location to film. I was thinking, since your fruit trees are ripe, I suggest they could shoot at your place! Would you be willing?"

Hearing that the TV station wanted to come over for a program, Hu Xiaobei didn't hesitate and quickly responded, "This is such good news, of course, I'm willing!"

Hu Xiaobei knew this was like a pie falling from the sky!

Before, Hu Xiaobei had been worrying about how to promote Xiaohe Village, and now, a TV station had taken the initiative to come to him...

It was like being sleepy and someone brings you a pillow!

"Since you're willing, then I'll give her your number. She'll contact you when it's time! And I'm telling you, don't embarrass me!"

Hearing Song Xue'er's reminder, Hu Xiaobei was somewhat speechless, "Xue'er, sister, am I the kind of person who would embarrass you?"

"Yes, you are! The first time you met me, you just stared at me! You think I didn't notice?"

"Err..."

"Alright, let's not talk about the past, okay? When you meet her, don't stare at her. Even if you want to look, don't make it obvious. Got it?"

"Got it! I understand!"

Hearing her give him advice, Hu Xiaobei felt a bit speechless and rubbed his nose with a wry smile after hanging up the phone!

Previously, he had thought that she hadn't noticed him sneaking peeks, but it turned out she had known all along!

"It seems I really need to practice this skill!" he mused and set off to stroll around the village.

Soon, various surprised comments started coming from the villagers.

"Xiaobei, what are you staring at my wife for?"

"Xiaobei, is there something on my face?"

"Xiaobei, do my pants not fit right?"

It took a full hour before Hu Xiaobei finally stopped!

Not because Hu Xiaobei thought his training was sufficient but because he knew if he kept on looking this way, he really might have a nosebleed...

Because now all these sisters-in-law and aunts in the village had money, they had also become much more stylish in how they dressed. And because of this, Hu Xiaobei couldn't help but have his heart race and his mind wander as he looked at them all dolled up...

Just as he was trying to calm his restless heart, Hu Xiaobei heard his phone ring. He took it out to see an unrecognized number, and he got excited because he knew it was very likely a call from the TV station's leading lady, Murong Qingqing...

Thinking this, Hu Xiaobei didn't hesitate to answer the call...
