Chapter 105: Tephe

"How long before they're scheduled to arrive?" Adam asked.

"About five minutes." Stacey replied as she checked the time on her uniband.

[Entrash (Hoenn 7): Not long now till shit kicks off.]

[Gunlovergirl (Earth): Oh please please please let them use the missile launcher.]

[Beczontop (Terrana 5): I just want this done so that bitch can stay away from my man.]

[Tessisdabest (Terrana 5): It's a good job she's not here in the chat.]

[Beczontop (Terrana 5): Bah who cares.]

[Whostolemyduck (Earth): So I've been meaning to ask, but since this stream started the ID's of Dive Lorelie, Tessisdabest and Beczontop have all changed. They used to say Imperial Down in the brackets but now say Terrana 5.]

[DeverinianLordMalacoss (Deverinian 9): That's because they are now on Terran 5. The wording in the brackets indicates the location the person is watching the stream from and changes accordingly.]

[Whostolemyduck (Earth): Oh ok, I thought it was from where their account was created or something.]

[OfficialLorelie (Terrana 5) You thought I only just created my account after boarding the Imperial Down.
👀 How cute.]

[Whostolemyduck (Earth): ...]

[Thewhitesoverign (Devatov 7): Lord Malacoss hello, thank you for all the birthday presents you have sent me over the last 5 centuries, I'm sorry I never got around to thanking you before now.]

[StealthAssassin9 (Earth): 5 centuries wtf, how old is this person?]

[Celebrityhunter69 (Earth): You don't ask a woman her age.]

[Noobkiller9000 (Earth): Is it just me or am I getting deju vu, I'm sure these two have had this conversation before.]

[Superhearofangirl (Earth): It's not just you.]

[DeverinianLordMalacoss (Deverinian 9): Err your welcome, but please forgive me because I do not recognise your ID.]

[Thewhitesoverign (Devatov 7): Haha that's understandable as I have very rarely posted or said anything on the universal subspace network. It's me, Tephe.]

[DeverinianLordMalacoss (Deverinian 9): 🙄 Tephe seriously.]

[Thewhitesoverign (Devatov 7): Seriously. 🙄]

[DeverinianLordMalacoss (Deverinian 9): What are you doing here dragon princess?]

[Whostolemyduck (Earth): Wait dragon princess? As in the one you talked about before?]

[OfficialLorelie (Terrana 5): 😏]

[OfficialRowena (Felinia 4): My oh my, what a surprise.]

[Beczontop (Terrana 5): No way.]

[Boobaslurper(Yaggdran): You gotta be shitten me, who the hell is this streamer for all these big shots to keep turning up.]

"Seriously?" Adam said in surprise as he saw the chat going nuts.

"What happened?" Stacey asked as she heard his comment.

"Apparently the dragon princess just turned up in my chat."

"What?" Stacey said before quickly accessing her uniband and opening Adam's stream, "Oh wow it's true."

[Thewhitesoverign (Devatov 7): I was bored since mother wont let me go back to sleep for another hundred years, something about me having to attend the supreme speaker selection at the universal senate soon.]

[Prestigious3horns (Vinox 2): Ha I told you see. 🗨]

[Thewhitesoverign (Devatov 7): Anyway I was bored and looking through a universal streaming site when a banner popped up advertising this stream. I got curious when I saw a video of a humanoid dragon carrying a Terran so I opened it. Then I found you along with Diva Lorelie and Diva Rowena.]

[OfficialLorelie (Terrana 5): It's a great pleasure to meet you dragon princess.]

[OfficialRowena (Felinia 4): Likewise, I have heard much about you from my grandfather.]

[Thewhitesoverign (Devatov 7): It is my great privilege to meet the two of you also, I'm a huge fan of you both. Diva Lorelie I love your music and was happy to hear that you were rescued from your recent pirate attack and Dive Rowena I have much of your official merchandise.]

[OfficialRowena (Felinia 4): Why thank you little one, let me know if you ever want an autograph I would be happy to send you one.]

[Thewhitesoverign (Devatov 7): Oh yes please, that would be great.]

[OfficialLorelie (Terrana 5): Yes thank you for the kind words and I hope I can one day perform for you in person. Also it was the streamer who saved me that day.]

[Thewhitesoverign (Devatov 7): It was? Then I might have to watch his stream more often.]

"You're more than welcome dragon princess." Adam said politely.

[Thewhitesoverign (Devatov 7): Really there is no need to call me that, I'm not a real princess like Liluth Solar of the Solarian's or Tessa Terrana of the Terran's after all.]

[AlamoMatador4thewin (Earth): Wait, the Terran princess is called Tessa? Just like the Tessisdabest.]

[Tessisdabest (Terrana 5): Yes, my parents named me after the newly born princess since I was born just after the imperial family announced her birth and name.]

"Very well white sovereign."

[Thewhitesoverign (Devatov 7): Ugh no not that either I hate it. One of my mothers servants created that name when they made my account. Just call me Tephe.]

"Is it not possible to change your account name after creation?"

"No." Stacey replied since she had been listening and paying attention to the chat before she explained, "The account name you choose when you first make your account on the universal subspace network is set for life, though rumour has it that those old folks who helped create the network and are still alive have the ability too."

[Thewhitesoverign (Devatov 7): Really? I didn't know that, I will have to see if I can find a way to ask one of them.]

[Beczontop (Terrana 5): Damn bitch, I was going to answer that, also how long you gonna hang around my man?]

"Who you calling bitch bitch?" Stacey replied angrily as she saw the chat message.

[Beczontop (Terrana 5): You bitch, now answer my question.]

[Tessisdabest (Terrana 5): Oh god. 🙄]

[1000yearsofdeath (Earth): Oh here we go, cat fight. Kekeke.]

[StealthAssassin9 (Earth): 10 bucks on Becz.]

[Gunlovergirl (Earth): I'm going with Diva Rowena's granddaughter, I mean she has a rocket launcher.]

[Noobkiller9000 (Earth): Yeah but she can't use it against her, my moneys on Becz.]

[OfficialRowena (Felinia 4): Oh this is interesting, my credits are on my granddaughter of course.]

[DeverinianLordMalacoss (Deverinian 9): I'm also with Diva Rowena's granddaughter.]

[OfficialLorelie (Terrana 5): Can I put money on both? I can't choose between my friend and my other friend's granddaughter.]

[Beczontop (Terrana 5): Traitor.]

[OfficialRowena (Felinia 4): Traitor.]

[Thewhitesoverign (Devatov 7): Err what's going on?]

[OfficialRowena (Felinia 4): A love rivalry hehehe.]

[Thewhitesoverign (Devatov 7): Huh? Anyway streamer would you mind showing me that dragon form you have as it looked interesting.]

"I would be happy to..." Adam began but suddenly stopped when he noticed something.

"They're arriving, I'm sorry Lady Tephe but it will have to wait a while as the actions about to start."

[Thewhitesoverign (Devatov 7): Lady? 🤔]

[OfficialRowena (Felinia 4): Smooth.]

[DeverinianLordMalacoss (Deverinian 9): Very smooth.]

[OfficialLorelie (Terrana 5): ...]

"You're up." Adam said as he turned to Stacey who still looked angry at being called a bitch in chat.

"Damn bitch we will finish this later, I have to help this handsome hunk." Stacey replied.

[Beczontop (Terrana 5): Don't even think about touching him bitch.]

"What, you mean like this?" Stacey replied with a smirk that was very reminiscent of her grandmothers before she suddenly grabbed Adam's arm and pressed it between her cleavage.

[Beczontop (Terrana 5): 😂😂😂😂😂😂😂😂😂😂😂😂😂😂😂😂😂]

[OfficialLorelie (Terrana 5): ...]

[1000yearsofdeath (Earth): Oh shit, the streamers gonna die from being stuck in the middle of their cat fight. Kekeke.]

[OfficialRowena (Felinia 4): HAHAAHAAHA That's my girl.👍]

[DeverinianLordMalacoss (Deverinian 9): She even has your trademark smirk down.]

[Tessisdabest (Terrana 5): Oh my god, I give up.]

[Superior4horns (Vinox 3): You have my sympathies,]

[Tessisdabest (Terrana 5): Thanks.]

"Not that I'm not enjoying this, but do you think we could focus?" Adam asked though he didn't make any real effort to remove his arm.

[Beczontop (Terrana 5): Don't encourage her babe, Right that's it you're on the sofa tonight.]

[Lizziethetruepower (Palalxia): That only works if you live together]

[AlamoMatador4thewin (Earth): Yeah that girls lost it.]

"Oh sorry." Stacey said before quickly removing Adam's arm from her cleavage with a slight blush.

"Let them know that the eighty sixers just arrived." Adam instructed.

"Stacey nodded before adopting the deeper voice again and saying, "This is team two on overwatch we have sighted the eighty sixers."

"Copy that team two, keep an eye out and be ready to fire when you see the signal."

"Copy that." Stacey replied before asking in her normal tone, "I wonder what the signal was supposed to be."

"Who knows." Adam replied as he lay down on the tower roof and looked through the sniper rifles scope to see the eighty sixers hover van pull up before Jessie, Joe and another woman got out.

A few moments later they heard the sound of a shuttle approaching from the opposite direction that the eighty sixers came from. The shuttle looked identical to the one Adam and Stacey had seen previously and Stacey quickly lay down next to Adam so as to hide from them.

"It's a shame I can't see what's going on." Stacey muttered.

"Watch the steam." Adam replied.

"Huh." Stacey said before she looked at her uniband that was still showing the stream just as the camera switched from showing the two of them to a close up of the eighty sixers.
