Chapter 139: Virgins STILL shouldn't speak of such things

"A what?"

"It's where three people have sex together."

"Oh, you mean group sex."

"Yeah."

"So if given the opportunity, you would do it?"

"I think the more important question here is, would you want to, it's not group sex as you call it, if there are only two of you."

"If I said no, would you have sex with her anyway?"

"Wow, way to throw out all the difficult questions," Adam replied before lapsing into thought for a while as Stacey lay down on his chest and waited for his answer.

"I honestly can't give you a definite answer. If it were in the past before this whole space exploration thing, I could have guaranteed I would be loyal to only one woman; however, now I'm not sure. Terran women are far more beautiful than Earth women, and Diva Lorelie, who is not even a Terran, is equally as beautiful as you are.

While I can still resist those I don't know, when it comes to those I do know and am attracted to, such as Diva Lorelie, I might be unable to say no; it was after all the reason why you and I are capable of having sex now."

"So you admit you're attracted to me," Stacey asked with a smile.

“Well, of course, you are beautiful after all.”

“You don’t have to flatter me to get your cock sucked.”

“I know that you take the liberty to do it yourself since you enjoy sucking it so much.”

“Idiot.” Stacey replied as she lightly pinched him before asking, “So if Diva Lorelie made a move on you, you wouldn't refuse?”

“I can’t answer that since I honestly don’t know, but I think it would take a man with a stronger will than I to refuse her. Why are you suddenly asking this all of a sudden? I mean, it’s not likely to happen after all.”

“Are you joking again, or have you seriously not realised?” Stacey asked as she sat up and looked at him again.

“Realised what?”

“That Diva Lorelie has feelings for you.”

“What?” Adam replied in surprise before saying dismissively, “That can’t be true, we have met for a few hours max and most of that time she spent in her cabin.”

“My instincts say it is true, and they are rarely wrong.”

“How can you tell that from a stream chat?”

“Women have this sense when it comes to other women sniffing around their man.”

“So I’m your man, am I?” Adam asked, but before Stacey could respond, Spector suddenly spoke up.

“ALERT”

Just after it finished, she finished speaking. Spector jolted, causing Stacey to collapse onto Adam’s chest again.

“Not again,” Adam said as he recognised what the jolt meant just as notifications appeared on his HUD.

[HackerSu (Trillion): You go, girl, but seriously, why couldn't you have done that before you left and let me join in?]

[Thewhitesoverign (Terrana 5): Wow, were they just mating?]

[Handsome3horns (Vinox 2): Oh, looks like they actually got it on this time, no more cock-blocking for the streamer.]

[Superior4horns (Vinox 3): Virgins STILL shouldn't speak of such things.]

[Gunlovergirl (Earth): Virgins STILL shouldn't speak of such things + 1]

[Superhearofangirl (Earth): Virgins STILL shouldn't speak of such things + 2]

[MerceadAnderson (Palaxia): HAHHAHA. He never learns, and even Diva Rowena is ganging up on him.]

[Lizziethetruepower (Palaxia): Like you're one to talk.]

"Spector, ban Puntanghunter69 for twenty-four hours," Adam instructed with a frown as he quickly covered Stacey with the bed sheets.

"Affirmative."

[Moderator Spector has banned Puntanghunter69 (Earth) for twenty-four hours.]

[Noobkiller9000 (Earth): Oh shit, the streamer is laying down the ban hammer early in this stream.]

[Gunlovergirl (Earth): He's protecting his lover as he should. 🍷]

[OfficialRowena (Terrana 5): Agreed.]

"Did you seriously just go live when I was naked?" Stacey asked as she peeked her head out from under the bed sheets.

"Not my fault, Spector sends me live whenever anything major happens."

"Can't you do something about that since she is your ship?"

"Negative, this is a core part of my programming; only one person has the clearance to change that," Spector replied.

“Who?” Adam asked, but Spector didn’t respond.

[1000yearsofdeath (Earth): The streamers AI is being troublesome again. Kekeke.]

[AlamoMatador4thewin (Earth): I’m fine with that, this way he is forced to go live for us anytime anything interesting happens.]

[StealthAssassin9 (Earth): Agreed.]

[DeverinianLordMalacoss (Terrana 5): What’s this about a cruiser hitting them with its EMP interference?]

[Beinglittleisnotadisadvantage (Strathorp 7): If they’re up against a cruiser, they’re in trouble since the streamer only just beat a large class ship last time. Also, they can’t just jump straight to FLT if a cruiser is using its EMP interference to destabilise the FTL field.]

[Whostolemyduck (Earth): What's this EMP interference? Is it like the EMP bomb before?]

[Beinglittleisnotadisadvantage (Strathorp 7): That’s correct, ships of cruiser size and above are able to harness the power of their reactors to generate a wide spread EMP field which while not strong enough to disable anything larger than small class ships, it’s still able to knock them out of FTL and prevent them from going back in.]

“Who hit us?” Adam asked as he got out of bed and started getting dressed, something which immediately excited the females in the chat.

[Beczontop (Terrana 5): Oh yeah baby. 🤩]

[Superior4horns (Vinox 3): Wow, he’s certainly carrying some equipment down there.]

[Gunlovergirl (Earth): Mmmm, looks yummy, I bet something that big feels great inside. 🤩]

[Superhearofangirl (Earth): He has a body like Superman.]

[Celebrityhunter69 (Earth): He's more ripped than most popular male celebs]

[Tessisdabest (Terrana 5): 🤔]

[Lizziethetruepower (Palaxia): Why doesn't my husband have a tool that large for me to use? 😏]

[OfficialRowena (Terrana 5): 🤔]

[Beczontop (Terrana 5): Bitches, find your own man. 😏]

[MerceadAnderson (Palaxia): ...]

[Noobkiller9000 (Earth): Bro, cover it up.]

[AlamoMatador4thewin (Earth): Ah fuck I'm never gonna unsee that.]

[Whostolemyduck (Earth): Is this stream rated 18?]

[1000yearsofdeath (Earth): Never bothered you before. Kekeke.]

"My sensors show the ship that hit us has the registration TISF1632-Dawn Rise, it's a Terran Imperial Space Force cruiser."

[Beczontop (Terrana 5): WHAT!]

[Tessisdabest (Terrana 5): WHAT!]

[1000yearsofdeath (Earth): Oh shit streamer, it looks like they're not letting you off for attacking the sky towers. Kekeke.]

[HackerSu (Trillion): Why the fuck are the TISF attacking you?]

[DeverinianLordMalacoss (Terrana 5): This is certainly an interesting turn of events.]

[OfficialRowena (Terrana 5): Why would the TISF suddenly attack them? I thought it would all be fine since they only attacked those connected with the drug trafficking. @Beczontop (Terrana 5) explain please.]

[Beczontop (Terrana 5): I'm looking into it, hold your wings, blood sucker.]

After quickly getting changed, Adam left his cabin and quickly dashed towards the cockpit, where he and the chat saw a huge ship on the viewscreen.

[Whostolemyduck (Earth): Look at the size of that thing.]

[1000yearsofdeath (Earth): That's what she said. Kekeke.]

[Noobkiller9000 (Earth): Not to you. Kekeke.]

[1000yearsofdeath (Earth): ...]

[1000yearsofdeath (Earth): OMG That's so Sci-Fi, it's almost the same size as a Galaxy Class.]

[Beinglittleisnotadisadvantage (Strathorp 7): A what?]

[Noobkiller9000 (Earth): It's a Star Trek thing.]

[Vinnaka (Felinia 6): Star Trek?]

[Noobkiller9000 (Earth): It's a television show.]

[Werewolf1987 (Caniniar 4): Television?]

[Noobkiller9000 (Earth): Errr, how do I explain that?]

[Sparesomechangebro (Earth): Hey streamer, if you die, make sure to send me all your money, ok?]

"We are receiving a communication request from the Dawn Rise," Spector informed.

"Let's find out what the fucks going on this time, accept it," Adam replied before a video screen showing a uniformed officer with a large moustache appeared on the viewscreen.

"So it's true, you really do look Terran, or are you perhaps truly Terran and just pretending not to be for some reason?"

An impersonator or worse, a traitor of my great Terran race like you is ruining our name by spreading chaos and discord." The office said with annoyance.

Adam raised a brow in surprise as the chat went nuts.
