Chapter 164: Angry Stacey**

“So what do you think about Adam’s idea?” Rowena asked Lorelie when they were alone in the mess hall.

Adam had gone to the cockpit to check on things while Stacey had said she would go with him to help, though neither of them believed that excuse, as they knew she just wanted some alone time with him.

Tephe, on the other hand, had got bored with all the business talk and gone to explore what she could of Spector.

“He’s just full of ideas, isn’t he?” Lorelie replied happily.

“Well, aren't you just so happy about that?” Rowena teased.

“Oh, shush. Well, technically, he’s just stealing them from his own planet,” Lorelie said with a giggle.

“Like you're one to talk, who’s the one stealing his planet's entire music industry again?” Rowena replied with her signature smirk.

“Fair point. But honestly, first having us call into The MMM Show and now this whole endorsement thing, you really need to stick with him as he can help your career grow way more than anyone would expect.”

“It looks like he’s helping both our careers. Though I expect he’s just helping me because I’m his girlfriend's grandmother.”

“If that were true, then he would have no reason to help me the way he is. He might be my bodyguard, but that doesn’t mean he has to help me grow my career and popularity.”

“You have a point,” Rowena admitted before asking,

“Then why do you think he is really helping us so much?” Lorelie asked.

“Honestly, I think it’s because he wants to earn our trust,” Rowena replied.

“Earn our trust? After everything that's happened to him the last couple of days, I would have thought it would be the other way around.” Lorelie replied in surprise.

“I believe he understands that we had nothing to do with that, and he doesn’t blame us for that.” Rowena began before continuing.

“Also, I think he wants to earn my trust because he is in a relationship with my granddaughter, and I think that, for some reason, he feels the need to prove to me that he is good enough for her.”

“I see,” Lorelie replied with a slight sadness in her eyes.

“Stop that moping, I already told you you're going to have to be proactive and go on the offensive if you want him,” Rowena said as she lightly kicked Lorelie’s shin.

“Hey,” Lorelie replied.

“Adam comes from a world where having several lovers is not common, we know this. Now that he is in a relationship with Stacey, he is not actively pursuing any other woman.

Even if he finds you attractive and picks up on any signals you put out showing that you're interested in him, I doubt he will make a move.

If you want to enter into a relationship with him, then you're going to have to be the one to make the first move.”

“How?” Lorelie asked with doubt before continuing. “I have never done something like this, since you know I have never been in a proper relationship before. Besides, men have always been the ones pursuing me.”

“I know, I also have never had to pursue a man before, since they always come flocking to me. However, I have witnessed women doing it in the past, so here’s what you need to do.”

“Fuck Stacey, that’s so good, but please let me cum already.” Adam groaned as he leaned back in his chair in the cockpit while Stacey sucked deeply on his cock.

“Nope,” Stacey said with a viscous smile as she removed his cock from her mouth and slowly played with it in her hand.

As soon as they arrived in the cockpit and Adam sat down, Stacey had forcefully removed his cock from his trousers before she started to suck it deeply.

So far, this had been going on for over half an hour, and every time Stacey felt Adam getting close to climaxing, she would stop and not allow him the release.

“Edging is not something new for you, and normally I enjoy it when you do it, but this time it seems different, as if you’re punishing me for something,” Adam commented.

“Is there something I need to punish you for?” Stacey asked innocently.

“I don’t think so, but if I have done something wrong, tell me so that I can apologise already,” Adam replied as he felt Stacie’s rough hand from growing up on the streets rub his hard cock.

“Do you think it’s appropriate to speak and flirt so much with three beautiful women in front of your own girlfriend without giving her any attention?”

“What?”

“Since we returned to the Spector, you have barely shown me any attention; we haven't even fucked since we have been in the mess hall the entire time.” Stacey pouted as she tightened her hand around his cock, causing him to hiss slightly.

“Ok, ok, I admit I have been neglecting you slightly, but that's only because I thought a good host should entertain their guests.”

“If they were only here for the evening, then that would make sense; however, Lorelie, at least, is going to be here for months. Are you planning on ‘hosting’ them as you call it, like that the entire time?”

“Of course not, also we already spoke about how we wouldn't be able to have sex as much once she arrived on board,” Adam replied, causing Stacey to pout and turn her head away as she continued to rub his cock.

She knew he was right, but she was jealous of the attention that he had been giving the other three since their arrival.

Adam smiled at her pout before he leaned forward slightly and cupped her chin so that he could turn her face towards him, before saying.

“Do you really think I could go without fucking you? We already said that we would be fucking every night in bed, and I was planning to do that after we all retired to bed. However, if you can't wait that long, we can fuck you right now.”

“Who says I want to fuck you?” Stacey replied obstinately, though her hand betrayed her as it began to rub his cock faster.

“Well, girlfriends don't normally suck and rub their boyfriends cocks unless they want to fuck.” Adam replied with a chuckle.

“Oh shut up,” Stacey replied before she took his entire cock in her mouth again and started to suck it passionately while one of her hands snaked down to her wet pussy and she started to rub her clit.

“Oh fuck, that feels so good,” Adam said as he neared breaking point again.

This time, Stacey didn't stop when she felt his cock twitch in her mouth; instead, she pushed her face right up against him so that his entire cock was in her mouth and had started going down her throat, causing her to gag slightly.

The gagging sensations pushed Adam over the edge as he climaxed right down Stacey's throat, causing her to gag harder as she tried to forcefully swallow the cum he was unloading into her.

After a few moments, Stacey withdrew his cock from her mouth, which was now covered in his cum and her own spit, while her eyes slightly glistened with tears as she panted hard for breath, though she wore a victorious smirk on her beautiful face.

After a few moments of catching her breath, Stacey stood and removed her trousers and underwear sexually before she mounted Adam, who was still sitting on the chair and slid his cock, which had gotten hard again from watching her strip into her wet pussy.

“Now fuck me like you promised,” Stacey said as she started to bounce up and down on his cock, causing her to moan in pleasure.

“Mmmmmmm.”

Adam didn't refuse and gripped her plump ass cheeks to stimulate her while he started to thrust his pelvis up slightly, granting penetration and causing Stacey to moan even louder.

As she buried her head in his neck while enjoying the pleasure, Stacey sniffed deeply before her eyes started to glow redder and her bicuspid teeth started to extend.

Soon instinct once again took hold of her, and she bit down on Adam's neck and began to feed on his blood, causing her wing to once again appear and start to slowly grow.

“MMMMMMMM”, Adam groaned in ecstasy as he was assaulted simultaneously by Stacey's tight pussy clamping around his cock and her fangs clamping his neck.

He had truly never felt such pleasure as his mind started to fade as the two of them both just indulged themselves in the pure bliss one another made them feel, causing them both to climax an unknown number of times

As Adam was reaching his limit due to blood loss, Stacey instinctively stopped feeding and soon after Adam once again collapsed into unconsciousness on the chair before Stacey rested her head on his chest with a sweet bloody smile and fell asleep with Adam's cock still inside her pussy.
