

S.P.E.C.T.O.R 199

Chapter 199: So what's this?

The studio audience of The MMM Show rang with laughter as everyone stared at the picture of a goat on the large holographic screen while both Malgath and Muriel stared at it in an almost traumatised way.

"Lorelie, I'm afraid that I'm going to have to have a serious discussion with your boyfriend in the future." Muriel finally said after managing to recover somewhat.

"I can see why," Lorelie said with a sigh.

"I just realised something." Tephe's voice suddenly spoke up from near Lorelie.

"What's that Tephe?" Rowena asked after finally calming down.

"Isn't Lorelie's new music likely to make her the greatest singer of all time?" Tephe asked before adding, "Wouldn't that make her the goat of singing?"

As Tephe finished speaking, there was a shock of realisation before Rowena and Erkath burst into laughter for a third time, shortly followed by the studio audience.

Lorelie sat there frozen in realisation before she slowly turned and shot Adam an angry glare before saying.

"You and I are going to have a very serious conversation after this, understand?"

"Yes, honey." Everyone heard Adam's reply, causing Rowena, Erkath, Stacey, Tephe and the studio audience to break into laughter again.

"This reminds me of when I first started dating my wife. I also got in her bad books just after we started dating." Malgath said with a wistful smile as if remembering a fond memory.

"What did you do?" Muriel asked curiously.

"I tried to get her to help me in persuading her older sister, Princess Liluth, into doing an exclusive interview."

"Ouch, good luck with that." Rowena commented before adding, "Princess Liluth is famous for never having given an interview ever; she rarely even appears in public except for important royal engagements."

"Indeed, even though she is loved by all Solarians, she has never desired to be the centre of attention," Malgath said with a fond smile before adding.

"Well, we are here to talk about you and your new boyfriend, not my sister in-law, so why don't you tell us how the two of you met?"

"It's quite simple, really, he saved me from pirates," Lorelie replied, causing the chat to murmur and Malgath's eyebrow to rise in surprise.

"You mean to say the person who saved you from the pirate attack instigated by Drotas Entertainment and your new boyfriend are one and the same?" Malgath asked.

"That's correct," Lorelie replied happily.

"Is this one of those, he saves the damsel in distress, and she falls in love at first sight?" Malgath asked in disbelief.

"Not quiet, while I was grateful to him at the time, that's all I was. However, it was how he treated me after that that won me over."

"Oh, pray tell," Malgath said with interest.

"He treated me like a normal woman."

“Huh?”

“He treated me like Lorelie the woman and not Lorelie the Diva because up until he saved me, he had no idea who I was.”

“That's kinda the same experience I had with him,” Rowena said with a chuckle.

“What do you mean, Rowena?” Malagath asked.

“Well, when I first met this guy, he had his ship's weapons locked onto my familiar.”

“You mean Rachael?”

“Correct, I tried to get him to release her using my identity as a famous Diva; however, he refused instantly and then had the nerve to go on and bribe me,” Rowena said with a chuckle.

“He rejected you and then bribed you?” Malgath asked in surprise.

“I was not rejected, please don't say it like I was turned down for a date,” Rowena complained before explaining,

“I owe this brat a favour now. In the end, that was what I had to offer for the release of my familiar.”

“A favour owed by Diva Rowena of the Nosferatu family is nothing to scoff at,” Malgath said before asking.

“So what else did he do to win you over, Diva Lorelie?”

“He gave me a gift on the level that no one has ever given me before,” Lorelie replied.

“Come now, I happen to know for a fact that you have been given many great gifts by several gentlemen who will remain unnamed,” Malgath said.

“You're slightly mistaken on that, “Lorelie replied before explaining, “I have been offered many gifts from different gentlemen and have politely refused them all.”

“Then why did you accept your boyfriend's gift, even though he wasn't your boyfriend at the time?”

“Because he gave it as a gift to commemorate our first meeting, and it truly was something I couldn't refuse.”

“He gave you something more valuable than what all those celebrities and rich people offered you?” Malgath asked in surprise before adding.

“What could possibly be so valuable?”

“I'm afraid that's a secret,” Lorelie replied with a bright smile.

“So what's this?” Adam asked as Stacey and Lorelie both stood before him in their nightwear.

The MMM Show finished a few hours ago, and the group had eaten and spent the evening chatting before deciding to turn in for the night.

Adam was just about to climb into bed when a knock came from his door, and upon opening it, he found both Stacey and Lorelie together in their nightwear.

“We're here to sleep with you, obviously,” Stacey said as she poked him in the chest.

“Both of you?” Adam asked in mild surprise.

“Well, we are both your girlfriends, aren’t we?” Stacey replied.

“Well, yeah, but I wasn’t expecting you to want to sleep together yet,” Adam replied while looking at Lorelie.

“We don’t have to have sex to sleep together, do we?” Lorelie asked with a pout.

“Of course not.” Adam replied before adding with a smirk, “But I’m not sure Stacey will be able to keep her hands off me.”

“Why do you make it sound like I’m addicted to fucking you?”

“Because you are, you said it yourself last time I was fucking you.”

“Whatever,” Stacey said while turning her head away, making Adam and Lorelie chuckle.

Stacey suddenly looked at him again before pressing her hand against his chest and saying in a sultry tone, “Besides, I already told Lorelie that she should watch us from now on so that she can learn how to please you.”

“How to please me?”

“That’s right, I want to learn how to please you in the bedroom,” Lorelie replied shyly.

“You don’t have to force yourself to do that. I told you before that we can take it slow.”

“I know, and I’m not going to do anything until I’m ready, but learning how to please you early isn’t a bad thing, is it?”

“Not at all, I will also need to learn how to please you as well after all,” Adam replied while gently cupping her face, causing her to show him a beautiful smile.

“Are you ok with her watching though? Adam said as he turned to Stacey.

“Sure.” Stacey replied with a shrug before adding, “It was my idea after all.”

“I get the impression that Stacey secretly likes being watched,” Lorelie said with a giggle.

“Why do you say that?” Adam asked.

“Well, she suggested I watch the two of you to learn instead of experiencing sex VR.

Also, in the past, she and her friend had fun together when a guy was present, but they didn’t touch him. I bet she was just enjoying the feeling of being watched.”

“How did you figure that out?” Stacey asked in surprise as she blushed slightly.

“Is that true?” Adam asked in surprise, to which Stacey only nodded with embarrassment.

“Is that part of the reason you were so open to Lorelie becoming my girlfriend? Because you knew there would be times she would watch us?”

Stacey nodded again as her embarrassment increased.

Adam cupped her chin and lifted her face to stare into her eyes before saying, “So you're an exhibitionist, you sexy little pervert.”

“Shut up.” Stacey said as she gently thumbed his chest before saying, “If you don’t like the idea, just say so.”

“I never said I didn’t like the idea. After all, we're going to have to watch each other in the future when we have threesomes.” Adam replied with a perverted smirk.

“See, Lorelie, I told you this pervert wanted us both at the same time.” Stacey said in an accusing tone while rolling her eyes.

“Can you blame him? I mean, we’re both top beauties with great bodies after all.” Lorelie replied in the same accusing tone while striking a pose that highlighted her sexy curves.

“No, after all, we are both women who have many men who desire us yet only allow one man to touch us, though by the sounds of it, Adam is looking forward to watching us have fun with each other as well.”

“Is that so?” Lorelie asked shyly.

“Are you embarrassed about kissing me?” Stacey asked with a smirk as she suddenly eyed Lorelie up like a predator.

“Why are you looking at me like that?” Lorelie asked as she backed away slightly.
