Chapter 200: Yum ***

“Didn’t Adam tell you?” Stacey asked as she started to slowly approach Lorelie.

“Tell me what?” Lorelie asked as she continued to back away before hitting a wall.

Stacey placed one hand against the wall next to Lorelie’s head and cupped her chin with the other as she said in a sultry voice, “That I like both men and women.”

Lorelie’s eyes widened, and she was about to reply when she found that her lips were suddenly covered by Stacey’s.

Lorelie’s eyes widened even more in surprise for a few moments before her brain managed to inform her that her body actually liked what was happening, and slowly her eyes closed as she began to kiss Stacey back.

Adam stared at his two girlfriends making out in front of him in mild surprise before focusing on what they were doing and enjoying the show they provided for him alone.

Lorelie’s hands found their way up to Stacey’s hair and started to comb through it while Stacey released Lorelie’s chin and moved it towards her breast, where she started to fondle it, causing Lorelie to moan into the kiss.

“Mmmm.” Lorelie moaned softly in pleasure, which spurred Stacey into increasing the fondling while she also occasionally flicked Lorelie’s nipple that was becoming erect through her nightwear, causing her to moan even more.

Stacey released Lorelie’s lips, allowing her moans to grow louder while she looked over her shoulder with a smirk and asked, “Enjoying the show?”

“Very much,” Adam replied with a smirk of his own.

“Good,” Stacey replied with a sensual wink before she brought her lips to Lorelie’s neck, where she started to kiss and suck it.

“Mmmm, oh god, mmmm.” Lorelie moaned as her clouded eyes looked at Adam, whereby she held out one of her hands to him and made a come here gesture.

Adam didn't refuse and moved closer, only to have his hair gripped by Lorelie’s hand as she pulled him towards her and started to kiss him passionately.

Adam used one hand to support himself against the wall while allowing his other to grip Stacey’s plump ass, whereby he proceeded to massage it, causing her to moan into Lorelie’s neck.

Lorelie released Adam’s hair and moved her hand down to his naked chest, where she ran her hand over his abs before digging her nails in as Stacey made her moan again.

Adam grunted slightly as Lorelie's nails dug into his chest, so he got his own back by biting on her juicy lips.

The combined assault of Adam biting her lips and Stacey biting her neck pushed Lorelie over the edge and caused her to climax.

“MMMMMMMMMMMM.”

She moaned into her kiss with Adam as her legs went weak and she was about to collapse to the floor.

Just in time, Adam broke the kiss and stopped groping Stacey’s ass so that he could catch Lorelie and stop her from falling to the floor.

Lorelie leaned into Adam’s chest as he held her while breathing heavily with clouded eyes.

Stacey moved behind Adam and wrapped her arms around him as she started to run her hands over his chest area, which Lorelie wasn't leaning against as she rested her head on his shoulder and said, "Seems like she's very sensitive."

"Yes, though it's probably a combination of that and her inexperience," Adam replied as he started to gently stroke Lorelie's long hair.

"That was so hot." Lorelie finally said as she leaned into Adam's naked chest.

"Wait until you get a taste of the thing he's packing down there," Stacey said in a sultry voice as one of her hands snaked down inside Adam's boxers and started to slowly rub his cock.

"How can it get better?" Lorelie asked disbelievingly.

"Trust me, it does, but no rush, for now, you can observe us, and we can slowly lead you into the life of the depraved," Stacey said with a chuckle.

"Depraved?" Adam asked as he looked back at Stacey.

Am I wrong?" Stacey asked.

"It just makes us sound like a pair of wicked people who are determined to corrupt Lorelie."

"That about sums it up, at least that's what I plan to do," Stacey said into his ear before she started to nibble on it as she rubbed his cock faster.

"Mmm." Adam moaned in pleasure before saying, "If you keep rubbing me like that, I will shoot my load all over Lorelie."

"Well, has she experienced your tasty cum yet?"

“No.”

“Then we should have you cum all over her nightwear,” Stacey said as her cock rubbing turned into full-on wanking as she gripped his cock harder.

“Oh fuck, you're not normally this aggressive at the start.” Adam groaned.

“That’s because normally I like to edge you to begin with, don’t I? This time, however, we’re here to teach Lorelie, and the quicker she learns the taste and smell of your cum, the quicker she will fall into depravity and become the slutty Deva we want.”

“Slutty Deva?” Adam asked in surprise as Lorelie started to kiss his chest while running her hands over it.

“Look at how she has started kissing you after I mentioned it. Do you want to become our slutty Deva Lorelie? Do you want us all to have fun in your dressing room during the intermission of your shows?”

Lorelie didn’t answer, but instead started to lick one of Adam’s nipples while rubbing and circling the other with her hand.

“That looks like a yes to me,” Stacey said before inserting her tongue into Adam’s ear, as she wanted to wank him off even faster.

“Fuuuuccckkkk.” Adam groaned as he was unable to withstand the combined assault of the two beauties embracing him and ended up unloading his cum all over Lorelie’s nightwear and breasts.

Lorelie smelt a slightly sweet smell as something sticky sprayed all over her ample breasts, causing her to stop assaulting Adam’s nipple and look down at her ample cleavage that was now stained by something white.

“Have a taste, it’s nice and sweet,” Stacey said in a tempting voice as she rested her head on Adam’s shoulder while one hand rubbed his chest and the other moved to massage his balls.

“You don’t have to; not everyone likes the taste,” Adam warned.

“Does it really taste good?” Lorelie asked curiously as she scooped a small amount up with her finger and took another sniff.

“Surprisingly so, I have tasted a few different guys cum and our boyfriends is by far the tastiest. I have no problem swallowing it whenever he cums in my mouth, EEEEEKKKK.” Stacey replied before squealing at the end as she felt something penetrate her ass hole.

Adam had circled his hand around to her ass and started massaging it as she talked, but then quickly snuck it inside her underwear and penetrated her ass hole with a finger.

“MMMmmm, what is it with you and my ass?” Stacey asked through a moan as she buried her face in Adam’s neck.

“It’s your own fault for having such a nice ass and showing it to me every time you ask me to fuck you from behind,” Adam replied as he slowly moved his finger in and out of her ass hole, making her quiver and moan into his neck.

“MMMMMmmm, but why do you like penetrating it so much?” Stacey asked with difficulty as she couldn't help but moan in pleasure.

“Well, it’s nice and tight and feels so good to slide my finger around in.”

Lorelie observed Stacey’s reactions and listened to their conversation before looking back at Adam’s semen that was still on her finger. Tentatively, she stuck her tongue out and took a quick lick of it before her eyes widened in surprise.

“Yum,” Lorelie said with a smile, catching Adam and Stacey’s attention before they watched her start to collect the semen a little bit at a time with her hand before licking it clean.

“Told you, MMMMMMM”. Stacey said with a perverted smile as she saw how Lorelie licked it all clean before moaning in pleasure at Adam’s ruined assault on her ass hole, causing her to bite and suck his neck.

Lorelie looked up and smiled in triumph at Adam, who smiled back at her, causing her to lean up to kiss him.

“Nope,” Adam said as he stopped her approaching face by pressing his finger against her nose.

Lorelie looked confused for a second before a look of worry and panic appeared in her beautiful eyes.

“Don’t worry, you did nothing wrong,” Adam said with a smile as he gently stroked her cheek.

“Then why?” Lorelie asked in confusion.

“Because you just ate my cum, while I like that you did that and find it hot, I don’t want to taste my cum on your lips when I kiss you, all I want to taste when I kiss you is you.”

In a room a little down the hallway from Adam’s, Rowena sat at her console doing research when her nose suddenly twitched as she smelt something.

“Fuck I’m jealous.” She cursed quietly as her legs squirmed slightly.
