Chapter 247: Making Lorelie a woman ***

Lorelie continued to wank Adam off as she played with her own pussy while they both floated in the ocean.

Adam, unable to resist the allure of Lorelie's naked breasts, reached out his hands and started to grope them while occasionally pinching her nipples, making her moan in pleasure.

The feeling of her soft hand wanking his off, combined with her pleasurable moans, soon made him reach breaking point and as Lorelie felt his cock twitch strongly in her hand, she knew that he was about to cum.

Unwilling to let any of his tasty cum escape, she quickly lowered her mouth to his cock just in time as he unloaded his seed into her mouth, which she promptly swallowed.

"Thank you for the meal," Lorelie said with a flirtatious smile as she licked the excess cum from her lips before pulling Adam close to her, causing his cock to rub up against her pussy, making her moan again as she said with desire, "Mmmm, now, claim what is rightfully yours and make me your woman."

Lorelie once again grasped Adam's cock, which had turned hard again after hearing Lorelie's words and feeling it rub against her pussy before she slid it slowly inside of her, making her gasp at the strange feeling before burying her head in his neck and biting it.

She had never felt such an amazing feeling before, and she desperately wanted more of it, so she started to slide her pussy up and down Adam's hard cock as it slid in and out of her, getting deeper each time and making her moan into Adam's neck with more and more pleasure.

She lost herself in the feeling as she continued to ride his cock, and the last conscious thought she had before her mind faded, as her entire being focused on feeling more of this pleasure, was that she was going to become addicted to this feeling.

Adam grabbed Lorelie's ass and started to thrust his waist, helping her ride his cock faster and deeper with each thrust as her moans intensified and her biting started to become stronger and more painful.

If this kept up, he knew that she would draw blood as Stacey did; however, Lorelie would not gain anything from that, so in the end, he grasped her hair tightly and pulled her mouth away from his neck.

As he did so, he felt Lorelie's pussy tighten slightly as if enjoying the feeling.

When she once again was face to face with him and he could see her clouded eyes and lustful expression, he removed the breather before kissing her passionately.

Instinctively, as if she knew the taste of Adam's lips, Lorelie accepted the kiss and returned it while her body started to feed him oxygen again, lengthening the kiss.

The two floated in the ocean at the edge of the raven, kissing passionately while Adam continued to thrust his cock deep inside Lorelie's pussy, which squeezed against his cock every time it entered as if begging it never to leave and making her moan into their kiss.

Finally, Lorelie couldn't take the pleasure any longer and climaxed, causing her body to spasm as her pussy gripped tightly onto Adam's cock not allowing it to leave until it unloaded everything it had inside her.

As her pussy squeezed his bulging cock tighter than ever before, Adam reached his limit and unloaded his sperm deep inside her, causing her to reach the peak again at the feeling and receive a double orgasm.

Because of the intensity of receiving back-to-back orgasms, Lorelie was unable to hold herself back and had to break the kiss as she tilted her head back and screamed in pleasure.

Her joyous scream of pleasure, coupled with her amazing voice, spread through the ocean for hundreds of meters, causing all the animals that heard it to stop and look in their direction. However, that wasn't the strangest occurrence. As her scream of pleasure washed over the coral reef and sea plants, they started to glow slightly, becoming even more beautiful than they had been before.

Finally, as her scream of pleasure faded, Lorelie's body collapsed into Adam's and lay there unmoving for a short time except for her ragged breaths and her pussy that kept twitching since Adam's cock was still inside her.

Adam retrieved the breather and inserted it back into his mouth before he hugged Lorelie close and gently stroked her long turquoise hair.

“You really like my hair, don’t you?” Lorelie finally asked quietly after several minutes.

[[How could I not? I have always been a fan of long hair, and yours is such a beautiful colour as well, like when sunlight reflects off white sandy seabeds in shallow, clear waters.]] Adam replied using his uniband before he continued to stroke her hair.

“No one has ever described my hair like that. People have always complimented me on its beauty; however, no one has ever said it in a way that made me so happy.”

[[I’m glad you like it.]]

“You know Stacey won’t be too happy about it, though hehe,” Loreli said with a small giggle.

[[About what?]]

“About the fact that you like long hair, you know hers is only shoulder length.”

[[I beg the songstress of the sea not to mention this to her then.]]

“Songstress of the sea?”

[[Bad name?]]

“No, I like it, do you mind if I use it in the future?”

[[What's mine is yours, Lorelie,]] Adam messaged, making Lorelie raise her head and look him in the eyes with surprise.

“You mean that, don't you? Like you really, truly mean it,” Lorelie asked with a beautiful smile.

[[Of course, why wouldn't I?]] Adam typed with a confused look.

“Many people have said that to me in the past, and none of them truly meant it; it was only after I became famous that they started saying it, and only because they wanted something from me. Whether it be my body, credits or reputation.

You are the first person who has ever said those words to me that I truly thought meant it completely without wanting anything in return.”

[[Well, I wouldn't say anything, I mean I want you and your body, oh, and let's not forget that being in a relationship with the universe's top Diva is a total turn on and bragging opportunity.]] Adam replied with a smirk.

“Jerk, mmmm,” Lorelie replied with a pout as she playfully hit him, which caused her pussy to slide against his cock inside her, slightly making her moan.

[[Haha, I'm kidding.... Partially.]] Adam typed with a chuckle before continuing, [[I won't deny that I did partially mean what I just said, I mean, what man doesn't want you? I try not to think about the number of suitors and rich young master types like Murphy, I'm going to have to teach a lesson to about not touching my woman.]]

“Send that again,” Lorelie said in a sultry voice as Adam felt her pussy tighten around his cock, making it harden slightly.

[[Send what?]] Adam asked with a smirk.

“You know what, jerk. No man would go through the trouble of sending me such a long message when he still has his dick inside me unless he truly meant it, so send the last part again.”

[[No other man can ever touch you, because your my woman.]]

Lorelie's eyes filled with lust again as she read the message before she removed the breather once more and stole Adam's lips and kissed while wrapping her arms around his neck.

Adam returned the kiss as his hands once more grabbed her plump ass cheeks, and after squeezing them a few times, he gripped them before he started thrusting his cock deep inside her pussy again, making her moan deeply into the kiss, which only intensified.

As they continued to make love, Lorelie's pussy seemed to adapt itself to Adam's cock, making them both feel even greater pleasure while Lorelie quickly learned when to make her pussy tighten around his cock to maximise his pleasure.

Adam couldn't help but agree with what Stacey said about Lorelie being not only a quick learner when it came to anything music-related, but also to anything sexually related.

As Adam continued to thrust himself deeply into Lorelie, he removed one of his hands and brought it up to grip Lorelie's long hair tightly, which caused her pussy to squeeze his cock again and her to moan even more into their kiss.

It wasn't long until they both reached their limits and climaxed together, causing their juices to mix together within Lorelie as she trembled with pleasure at feeling her lover's sperm once again enter deep inside her.

Part of her started to wish that Adam's sperm would make her pregnant, but she quickly shook off the thought and reprimanded herself before she started another round with Adam.

During one of their talks about how they planned to please the man they both loved, Stacey had mentioned that Adam once told her that she didn't need to worry about getting pregnant anytime soon.

Even though Adam had not gone into any details, Stacey had the feeling that he was being honest, which is why she and now Lorelie had never bothered with any protection against getting pregnant.

It wasn't that Lorelie didn't want Adam's child; in the future, she definitely planned to bear his children; however, right now, she was too busy with her new Genre Tour to be a responsible parent.

As the two of them continued to make love for hours, neither of them noticed a pair of small brightly coloured fish approach them from the coral reef and observe their lovemaking.

After observing them for a short time, the two fish turned and kissed each other before swimming back towards the coral reef.
