Chapter 314: Not designed with them in mind

“Ugh,” Stacey groaned as she woke up to find herself in bed next to Adam with the covers pulled over them both.

“That girl,” Stacey said with a smile as she realised that Lorelie must have covered them up.

She kissed Adam on the cheek with a smile before carefully getting out of bed so as not to wake him and moved towards the bathroom.

“Damn, I changed again,” Stacey muttered as she looked at herself in the bathroom mirror and noticed that a part of her black hair had once again become red.

“How do you have the pureblood?” Stacey muttered as she looked at the sleeping Adam through the bathroom door with a smile before climbing into the shower.

After she finished having her shower, Stacey threw on a t-shirt and shorts before leaving the master bedroom to find her grandmother and Lorelie sitting next to a woman with long pink hair and horns while Erkath appeared on a holographic screen.

“Well, look who’s awake,” Erkath said as the first to notice Stacey’s arrival in the room since the other three had their backs to the master bedroom.

“Good morning, sleepyhead,” Rowena said as she turned to look at Stacey with a smile.

Lorelie smiled at Stacey while the pink-haired woman gave her an appraising look, something Stacey returned before she asked in a slightly accusatory tone, “You never told me you were inviting your friend Diva Aphrodite over, grandmother?”

“Why does everyone seem to think I invited her? She came of her own accord,” Rowena replied.

“Yup, I came to pay Rowena a visit,” Aphrodite replied with a smile.

"I see, well, welcome Diva Aphrodite, I do hope you won't try anything while you're visiting," Stacey said in a tone that clearly said she wasn't too happy Aphrodite was here.

Aphrodite sighed before saying, "Look, I will tell you what I told the others: I have no interest in stealing your boyfriend," before she smirked and added, "though I won't deny that I found the way he dominated you both and you fed from his neck hot."

"You know about that?" Lorelie asked in shock as she blushed.

"How?" Stacey asked in surprise.

"I guess your grandmother never told you, we succuba have the ability to view people within a certain distance who are being intimate, even through solid objects," Aphrodite explained.

"That's..." Stacey replied.

"Oh god," Lorelie said as she covered her face in embarrassment, as she blushed even more.

"Haha, don't worry about it too much, as I've seen much worse in my life, also like I said before, I found it hot."

"Can we please change the subject?" Lorelie asked through her hands as they continued to cover her face.

"Yes, let's," Stacey said in agreement.

"Ok then, let me ask you this: did your wings actually grow when you fed on him?" Aphrodite asked.

"Huh?" Stacey asked as she looked at her with surprise, while Lorelie lowered her hands and looked at Stacey with interest, as this was something she had wanted to speak to her about after witnessing in person what happened when she fed on Adam earlier.

"I'm afraid I don't know what you're talking about, Diva Aphrodite. Is it possible your ability showed you something that didn't actually happen?" Stacey asked.

"Hmmm, it's never happened before, but I guess you must be right. After all, I've never heard of a Brood's wings growing after feeding," Aphrodite said after thinking for a moment.

"So, I see Tephe and Eri aren't back yet," Stacey stated to change the subject.

"You know Tephe, she's probably having fun exploring while dragging Eri along with her," Rowena said with a smile before suddenly thinking of something and turning to Erkath and asking.

"Erkath, one of those new clothing lines that the company is set to release in the future, is rather.... Suggestive, isn't it? Have we found a model for it yet?"

"Do you mean the lingerie line? I thought you and Lorelie were going to model them?" Erkath asked.

"No, I was talking about the line that includes that leather outfit that shows off lots of skin."

"Oh, that one. No, we're still looking for the perfect..." Erkath replied before coming to a stop as her eyes turned to look at Aphrodite, and a smile formed before she said, "I see what you're getting at, yes, I think Aphrodite would be perfect for that, considering her career and position."

"Err, what are you two talking about?" Aphrodite asked curiously.

"You must have heard about how I'm now a partial owner of Erkath Fashion, right?" Rowena asked.

"Well, yeah, you spoke briefly about it on The MMM Show, though you never went into any details because Malgath pissed you off, Aphrodite replied before asking, "Why did your granddaughter's boyfriend gift you such a gift?"

“We can talk about that in a minute,” Rowena replied dismissively before saying, “Well, Erkath Fashion is in the process of releasing a series of new clothing lines slowly over time, included in that clothing line is a selection of clothing that would be perfect for you to wear in your sex videos, both for when your dominating and being submissive. We're happy to give them to you for free as long as you agree to model them for us.”

“Wait, you want me to be a model?” Aphrodite asked in surprise.

“Why do you find that so surprising?” Stacey asked curiously.

“I’ve just never been invited to model for a company before because of my profession,” Aphrodite replied.

“Ah, I see, well that's a shame as you have a great body.”

“As do you,” Aphrodite returned the compliment while shooting Stacey a wink.

“Can we focus, please?” Rowena asked with a sigh before explaining, “To answer your question, yes, we would like you to model this line of clothing, as it’s something more tailored for private bedroom affairs.”

“I see,” Aphrodite replied with a smile before asking, “Care to give me an idea of what I will be modelling?”

“Of course,” Erkath replied before doing something on her console that caused several small holographic images to appear around her own.

A selection of images featuring different dominating and submissive outfits appeared before the women who stared at them curiously.

“Wow,” Aphrodite responded as her eyes studied the images intently before asking, “And these outfits are designed to be worn when dominating or being submissive?”

“Yup,” Erkath replied.

“I wouldn’t mind trying this one on next time,” Stacey said as she pointed to an outfit that had strange, long ears and what looked like a bushy tail.

“I’m partial to this one,” Lorelie said with a blush while pointing to one that seemed to have some kind of collar.

“Why do some of the images also have whips in them?” Aphrodite asked curiously.

“Were not too sure about that ourselves. I will have to ask Adam when he wakes up.” Rowena replied.

“Adam?” Aphrodite asked in surprise.

“Yeah, this is how we got all these new designs and more. He gave Erkath a copy of his home world’s entire clothing history in exchange for me gaining ownership of half of Erkath Fashion.” Rowena replied.

“Wait, that’s why you gave Rowena half your company?” Aphrodite asked in surprise.

“That’s right,” Erkath nodded.

“Are you sure it’s Stacey that’s dating Adam and not you? I mean that level of gift is something that most people might not even give their lover, let alone their lover’s grandmother.” Aphrodite commented before adding, “Even I have never been given such a gift.”

“Don’t be ridiculous,” Rowena retorted before asking, “So are you open to modelling them or not?”

“Oh, totally, especially if I am getting a set of all the outfits for free,” Aphrodite said in agreement before asking no one in particular, “Why haven’t I thought of using outfits like this before?”

“Probably because the sex movies you and other porn stars like yourself partake in are not designed with them in mind,” A male voice suddenly said from the direction of the master bedroom, causing all the women to look over and see Adam walking out in a t-shirt and shorts.

“Porn stars? Not designed with them in mind?” Aphrodite asked curiously as she studied Adam closely.

“Hey, how are you feeling?” Lorelie asked with a smile.

“I’m fine, still a bit tired from Stacey feeding on me, but once I get some food in me, I will be alright,” Adam replied while walking towards the kitchen and asking, “Can I get anyone anything?”

“You could get us something alcoholic to drink while we discuss business,” Rowena responded.

“Sure, I’ll see what’s available,” Adam replied.

Aphrodite watched Adam leave the living room and head into the kitchen with mild surprise. It hadn’t escaped her notice that, other than the first moment she looked at him and he shot her a look of curiosity, he hadn’t given her any more attention. Normally, when she was in the room, men would find it hard not to focus on her because of the special pheromones she gave off as a succuba that almost instinctively attracted them.

Even though it had only been for a short time, Adam, however, had not focused on her at all after that first look of curiosity. She was curious to know how long he could keep that up.
