Chapter 321: Meeting with Princess Tessa begins

“So tell me again why you're all coming along?” Adam asked the four women who were accompanying him in the hoverlimo as it transported them to the Terran Empire's embassy on Felinia Seven.

“I'm coming because I don't trust that part succuba bitch not to try anything,” Stacey replied with her arms crossed.

“I'm coming in case Becky does try something stupid and I have to stop Stacey from killing her,” Lorelie replied with a small smile.

“I'm coming because it sounded like fun and I want to meet Becky and Princess Tessa again,” Tephe said happily.

“You didn't plan to leave me alone in the suite when something interesting was happening, did you?” Rowena asked with her signature smirk.

“Whatever,” Adam sighed in response.

Honestly, he wasn't too bothered if the girls came along or not; he was just curious as to why they all decided to come when he was going there to talk business.

The hoverlimo continued on its way, and it soon arrived outside the Terran embassy.

“They should be here soon, right?” Becky asked in a mixture of excitement and nervousness as she paced up and down the large room she and Tessa were currently occupying.

“Will you stop pacing up and down? It's not helping. Honestly, I've never seen you so nervous about meeting a guy,” Tessa said as she sat on one of the couches before delicately taking a sip of her drink.

“Well, of course I’m nervous, I’ve been wanting to meet Adam for so long; honestly, I’ve never had this much trouble meeting a guy. Also, I’ve been a fan of his streams longer than you, I told you about him, remember.” Becky replied.

“Haha,” Tessa laughed before saying with a raised eyebrow, “I’ve never seen you so serious about a guy, you’ve actually got me thinking that perhaps you’re not only after Adam for sex like all the other guys you sleep with.”

“I told you before that I was serious about him, didn’t you believe me or something?” Becky asked in an offended tone.

“Nope. I’ve lost count of the number of times you’ve said that up until you have sex with them, only to leave them straight after,” Tessa replied with a smirk.

“Fair point,” Becky conceded before saying, “But this time I’m super duper serious.”

“Super duper serious, kek,” Tessa replied before laughing out loud.

“What?” Becky pouted.

“What on Terrana does super duper serious mean?”

“It means I’m more serious about him than any other person I have been serious about.”

“If you say so, I just hope you’re being honest, not with me but yourself. If he’s just another guy for you to conquer and then move on, then you’re likely going to lose Lorelie as a friend with how she’s been supporting you.” Tessa said with concern.

Becky didn’t answer and instead asked. “What about you, though?”

“The way you didn’t answer my question concerns me, Becky,” Tessa said with a raised eyebrow.

Becky sighed before finally sitting down and started to fiddle with her hands, after which she nervously said, "Because I don't know what I'll do."

"What do you mean?" Tessa asked as she looked at her cousin with mild surprise at how she was reacting.

"I... I can't do commitment," Becky replied shyly.

"Tell me something I don't know," Tessa replied as she rolled her eyes.

"Shut up," Becky snapped while shooting Tessa a glare before saying, "I mean, I'm scared of commitment."

"Scared?" Tessa asked in surprise.

"You know my issue, the family doesn't talk about it for my sake, but I'm the complete opposite of you when it comes to sexual desires. Unlike you, who doesn't seem to be affected by your succuba blood, enhancing your desires and need for sex, I'm affected worse than some of the older generation; it's almost like I got the desires for both of us."

"Ok, so what does that have to do with you being scared of commitment?" Tessa asked as she looked at her cousin with sympathy.

Tessa was well aware of the bad reputation Becky had within the Terran race and how she was known as a slut who slept around with a different person each week.

What people outside the Ororis family didn't know was that this generation of Ororis daughters' succuba blood was inconsistent. Normally, every daughter in the same generation would have roughly the same level of enhanced sexual desires and needs. Becky's and Tessa's, however, were like complete opposites of each other.

Becky's succuba blood seemed far stronger than it should have been, while Tessa's seemed almost nonexistent.

"I'm scared that Adam wouldn't be able to satisfy me, and I would end up turning into Diva Aphrodite," Becky replied as she looked at the floor while she shuffled her feet.

"No offence, but I doubt you're as good in bed as she is," Tessa replied.

"Fuck you bitch, I'm plenty good in bed as you would know if you ever let me take your virginity." Becky retorted.

"How are you supposed to take my virginity as a girl?"

"I mean your first sexual intercourse bitch, not your penetration virginity, that's Adam's job."

"Ad.....Adam's job?" Tessa asked in surprise as she blushed.

"Oh, stop being such a virgin, Tess."

"I am a virgin bitch." Tessa retorted.

"Tut tut, princesses shouldn't talk like that, Tessa," Becky replied with a smirk.

"Fuck you, it's not like mothers here," Tessa replied before saying, "Anyway, I still don't get how two women are supposed to have sexual intercourse together."

"Well, if you ever got off your high horse and actually let me show you, you would find out."

"Yeah, good luck with that," Tessa replied while rolling her eyes.

“Just wait until we're both part of Adam's girlfriend group and I persuade him into helping me teach you,” Becky said with a suggestive wink.

Tessa was about to reply when a voice that reeked of sarcasm and seemed to come out of nowhere suddenly said, “I hate to interrupt the two of you and your thoroughly important conversation, but your guests have arrived.”

“What! There here?” Becky replied as she suddenly stood up, filled with excitement and nervousness.

“Thank you, Emma,” Tessa replied before saying to Becky, “Calm down and remember to control yourself, Becky. You're trying to leave a good impression and were trying to build a closer relationship with Adam.”

“Right, right,” Becky replied, though you could still see the excitement on her face when a knock suddenly came from the door.

“Enter,” Tessa calmly said before a female Terran entered and bowed, after which she said.

“Your guests have arrived, princess.”

“Thank you, Amy, please show them in,” Tessa replied before she started to straighten her clothes and hair after Amy bowed and left.

Tessa and Becky impatiently waited a few minutes until another knock came from the door, after which Amy opened the door and allowed five people, one man and four women, to enter.

Tessa and Becky instantly recognised Lorelie, Rowena and Tephe since they had personally met them before.

While Tessa recognised Stacey from Adam's stream and Becky had, of course, met her back on Terrana Five when they had their confrontation.

Both women quickly shifted their attention towards the only man in the room, whom Becky began to observe closely since she had never seen Adam before, as his face had never appeared even on his own stream.

She had heard from both Lorelie and Tessa about the similarity Adam had to the Terran race, just without their natural beauty and attractiveness; however, that didn't prevent her surprise from witnessing it for herself.

Both she and Tessa, who had met Adam back on Terrana Five, couldn't deny the fact that Adam could in no way compare to any male Terran when it came to handsomeness. If this were any other man they saw walking down the street, they probably wouldn't even spare him a glance, let alone a second one.

However, since they knew that the ordinary man who stood before them was someone the two of them were already interested in, they couldn't deny that something about him made him more appealing in their eyes than any Terran man they had met, or in Becky's case, had sex with.

"It's a pleasure to meet you, Princess Tessa Terrana, and Becky Starlover. My name is Adam Spencer. Thank you for agreeing to this meeting." Adam said politely as he gave Tessa a slight bow with his hand over his heart.

"The honour is mine, Mr Spencer. I have heard much about you from both my cousin Becky and Diva Lorelie. I am Princess Tessa Terrana, and I am very happy to meet you," Tessa replied politely while performing a graceful curtsy before she turned to the others and said.

"Divas Rowena and Lorelie, as well as Tephe, it's so nice to see you again," Tessa said to the three before turning to Stacey and saying, "You must be Stacey Sinclair, Diva Rowena's granddaughter. I'm so happy to meet you."
