Chapter 374: Prime's chat exposed

[[Notification: UMB Cup Opening Ceremony Charity Match has concluded. The stream betting pool is finished.]]

[[Stream betting pool: Which mech will win the charity match?]]

[[Results: Winner: Black Prime]]

[Handsome3horns (Vinox 2): Fuck, I forgot about this.]

[DeverinianLordMalacoss (Deverinian 9): HAHAHA, thank you all for the easy credits. 🐱]

[LadyErkath (Deverinian Prime): You're still a traitor, Malacoss. 😏]

[DeverinianLordMalacoss (Deverinian 9): A rich traitor. 🐱]

[HackerSu (Trillion): Gag 😏. I can't believe Prime won, of all people and after he cheated.]

[NonpareilRaphilia (Aaru): Sometimes cheaters win.]

[Gunlovergirl (Earth): Not gonna lie, kind glad I couldn't bet now.]

[AlamoMatador4thewin (Earth): Same.]

[OfficialMuriel (Aqua Primus): Oh gods, he and his chat are going to be even worse now, especially with what they have been claiming since the start of the match.]

[Lizziethetruepower (Palalxia): Don't tell me you're a Prime fan, Muriel. 😏]

[OfficialMuriel (Aqua Primus): Gods no. I just happened to follow his Xer-verse after he announced that he would be Diva Lorelie's chaperone on Felinia 7 and forgot to unfollow after it was announced that he was talking shit. I like to keep up with whatever Diva Lorelie is doing after all, since I'm a fan.]

[OfficialLorelie (Felinia 7): I'm also a fan of yours, Muriel. 🗨️]

[OfficialMuriel (Aqua Primus): Yay. 🗨️]

[StealthAssassin9 (Earth): Oh damn, the 2nd girlfriends in the chat.]

[OfficialLorelie (Felinia 7): I will have you know I have been here since Adam left the sphere.]

[OrangeeyedStace (Felinia 7): Yup.]

[OfficialRowena (Felinia 7): I'm also here.]

[Beczontop (Felinia 7): Hiiii. 🤚]

[1000yearsofdeath (Earth): Damn, if I didn't know better from watching his stream, I would have thought they had all just finished one big orgy and shown up. Kekeke.]

[Puntanghunter69Ver2 (International Space Station): Maybe they did, I mean, they never appeared on stream.]

[1000yearsofdeath (Earth): Good point. Did you have fun, ladies? Kekeke.]

[Beczontop (Felinia 7): Yup, it was AMAZING, I've never been with such hungry women before, if the streamer doesn't satisfy them, then they just wont stop. 🗨️]

[OfficialRowena (Felinia 7): What can I say, in all my life, I have never had a man like him, none of my past husbands could satisfy me as he did, maybe I should marry him.]

[Puntanghunter69Ver2 (International Space Station): ...]

[1000yearsofdeath (Earth): ...]

[Gunlovergirl (Earth): I'm so jealous. 😏]

[Lizziethetruepower (Palalxia): 😏]

[OfficialLorelie (Felinia 7): 😏⇒ That's enough playing around, you two, you're upsetting some of his female fans.]

[Beczontop (Felinia 7): Boohoo, you need to learn to have a little fun, Lorelie.]

[OfficialRowena (Felinia 7): Yeah, Lorelie. Loosen up a little.]

[OfficialLorelie (Felinia 7): ...]

[Beczontop (Felinia 7): 🤔]

[OfficialRowena (Felinia 7): 🤔]

[Phoenixempress (Fenix Nest): Ignore the two idiots and let's get back to the previous topic. What is it that Prime and his fans are doing, OfficialMuriel?]

[OfficialMuriel (Aqua Primus): Let me post a screenshot of what they're saying. His fans are bragging about it all over Xer-verse.]

[Prime just won the charity match, and now he's going to win the divas.]

[... Fuck yeah.]

[... Wooo Prime won.]

[... I knew you could do it, Prime, you're the best.]

“HAHAHAHAHAHAHAHA, All those competitors and they couldn't stand up to me and the Black Prime, who's the man, who's the alpha, who's the Prime?”

[... You are Prime, you rock.]

[... You're so manly Prime, I want to sire your kittens, come ravage me all night.]

[... Forget a nobody like you, he needs to go claim Diva Aprodite, you know she won't be able to turn him down after a performance like that.]

[... Don't forget Dive Lorelie, she's bound to want Prime over that loser of a boyfriend of hers.]

[... Don't you mean ex-boyfriend.]

[... Since Primes is going to be collecting divas, he may as well collect the whole set and take Diva Rowena as well.]

[... Fuck yeah, man, I mean, have you seen that ass? That's one smoking rear end.]

[... Prime is going to be busy tonight.]

[... That's one wicked winner's party he's going to.]

“What the fuck?” Stacey said as she read the comments in the screenshot that Muriel had just posted in the chat.

“How despicable,” Tessa said with a look of disgust.

“Does that bastard actually think the three divas would rather sleep with him than Adam?” Becky asked.

“What a fucking loser, no way he could satisfy anyone with his small dick,” Mika said.

“That's just nasty. It's when I see things like this that I'm happy I'm not a bigger celebrity myself,” Eri stated in revulsion.

As they discussed the post, they looked at the three divas since none of them had said anything yet.

Lorelie wore a look of indifference, Aphrodite wore an amused smirk, and Rowena just wore her signature smirk as if not affected by the comments in the slightest.

“Are you three not bothered about the comments?” Becky asked curiously.

“It's nothing new,” Lorelie replied while shrugging her shoulders before she continued. “As a diva, we regularly receive fan mail of a.... Shall we say questionable nature, you just have to learn to shrug these things off.”

“It's quite amusing to think that he stands a chance with Lorelie, who is head over heels in love with Adam...” Rowena began, but was interrupted by Lorelie, who said.

“Hey,” While blushing madly.

Rowena, however, ignored her and carried on, "Aphrodite, who has already proclaimed that she wants to give up all other men and only be with Adam."

"That's right, though I wouldn't mind inspecting his dick so that I can ridicule it," Aphrodite replied with a smirk of her own.

"Though I'm still unsure if she can be trusted to do that," Rowena said before continuing, "And myself, who has no interest in a toy boy..... Well, not one like Prime anyway."

"Oh, that makes it sound like you are interested in a toy boy?" Aphrodite asked curiously.

"Considering my age, almost every male in the universe would be my toy boy," Rowena replied.

"Fair point," Aphrodite conceded, though in a slightly disappointed tone.

"Should we tell Adam about this?" Becky asked.

"Fuck no," Lorelie replied quickly before adding, "I don't like Prime, but I don't want my boyfriend getting in trouble for killing the nephew of a Leonian Councillor while we are on Felinia Seven."

"You do realise he probably already knows since it was in his chat," Rowena pointed out.

"Shit," Lorelie cursed before trying to make a quick holocall to Adam; unfortunately, she received an automated message.

[[We're sorry, but the person your attempting to contact is currently on another call, please try again later.]]

"Damn, I forgot he was on a call with Tephe," Lorelie said before writing out a quick message and sending it to Adam.

[HackerSu (Trillion): What the absolute fuck???)

[Superior4horns (Vinox 3): You can't be serious.]

[Lizziethetruepower (Palalxia): Does he seriously think he stands a chance with those three?]

[1000yearsofdeath (Earth): I can't wait till the streamer sees this, he's gonna flip. Kekeke.]

[Gunlovergirl (Earth): He is super protective of his lovers. Look what he did to those who tried to take OrangeeyedStace away from him. It was such a turn on.]

[NonpareilRaphilia (Aaru): Hopefully, he controls his temper.]

[HackerSu (Trillion): Don't tell me you approve of what they wrote there, NonpareilRaphilia?]

[NonpareilRaphilia (Aaru): Not at all, I think it's revolting, but at the end of the day, they are only words.]

[Phoenixempress (Fenix Nest): While I hate to admit it, NonpareilRaphilia is correct in saying that the streamer should control his temper; he needs to remember who Prime is.]

[Justiceistruth (Earth): Who is he?]

[Phoenixempress (Fenix Nest): You're forgetting that he's also the nephew of a Leonian Councillor and there currently on the Leonian planet.]

[1000yearsofdeath (Earth): That's just dull, personally, I hope to see some carnage. Kekeke.]

[CEOHopkins (Earth): All you crave is carnage and disorder. Phoenixempres is correct. Sometimes it's best to wait for revenge. Revenge is a dish best served cold after all.]

[StealthAssassin9 (Earth): But that means waiting, and that's boring.]

[LadyErkath (Deverinian Prime): It sounds like you have experience with this CEOHopkins?]

[CEOHopkins (Earth): As a successful businesswoman in a world still mainly dominated by men, I have had my fair share of rivals try to take what is mine.]

[LadyErkath (Deverinian Prime): As a fellow successful businesswoman, I appreciate your words and can agree with them. Although it's unlikely, I hope one day we can cooperate in some ventures.]

[CEOHopkins (Earth): I would be more than happy to, however unlikely it may seem.]

[LadyErkath (Deverinian Prime): Excellent, in the meantime, however, perhaps we can discuss our experiences and learn from each other's experiences.]

[CEOHopkins (Earth): I would be happy to, it's a shame we can only talk while in the chat, since we both have secrets we would rather not become public knowledge.]

[LadyErkath (Deverinian Prime): Agreed.]

[AdministratorSpector: It is possible for me to activate the private messaging function between the two of you since both the Universal Subspace Network streaming platform and Earth's streaming platform have the private messaging function. However, it will come at a cost to both of you.]
