Chapter 386: Lorelie's suggestion\*

Aphrodite slowly opened the master bedroom door that she knew Adam occupied with his lovers before peering inside.

After she saw that the coast was clear, she snuck into the room before excitedly looking down on the bed only for her excitement to drain a second later as she cursed quietly, "Fuck, why isn't he here?"

"Care to explain why you're sneaking into our bedroom in the middle of the night?" A voice suddenly asked from behind her, causing Aphrodite to jump in shock and let out a little yelp before quickly spinning around with her hands raised in some kind of defensive stance.

Adam raised an eyebrow in surprise as he saw how quickly Aphrodite transitioned into the defensive stance before asking quietly, "Why does it seem that you're trained in some kind of martial arts? Also, please keep your voice down as my girlfriends are still sleeping."

"Well, you shouldn't sneak up on a woman like that," Aphrodite hissed before noticing that Adam was completely naked before her, causing her eyes to wander over his muscled body before resting on his cock where she licked her lips and gave a smile that was full of desire.

"You're one to talk, sneaking into our suite and bedroom while we are all asleep. Also, you didn't answer my question," Adam replied as he ignored the look of desire that Aphrodite was clearly giving him.

"With the amount of stalkers I've had over the years, learning some self-defence seemed prudent."

"Makes sense, though I thought you slept with almost anyone."

"Rude," Aphrodite pointed before continuing, "Just because I can sleep with them doesn't mean I will, don't believe everything my haters put on Xer-verse."

"Alright, then, why are you here?"

Aphrodite shuffled uncomfortably before saying, "Because I need your help."

"My help?" Adam replied in surprise.

"Yes, I need your cum."

"Excuse me?" Adam asked, his surprise increasing, and his eyes widening.

"I need your cum to satisfy my lustful urges that are starting to go out of control," Aphrodite explained, and as she did so, Adam noticed that for a moment her eyes and horns glowed even more pink.

"What do you mean by 'out of control?' Also, why do you need my cum? Surely you could fuck anyone and be satisfied."

"I'm sure Rowena has already explained to you that we Succuba use the life force contained in sexual fluids to extend our lifespans, like the Brood use blood, right?" Aphrodite asked, and seeing Adam nod, she continued.

"Well, that comes with a slight side effect. If our desire becomes too great and we can not satisfy it, we lose control of our bodies and a natural instinct to mate takes over. The pheromones our bodies normally release passively get released en masse and affect any other living being in our vicinity, making them lose control and start to fuck the nearest living being to them like wild animals."

"You mean if you lose control and someone is hit by these pheromones, then they could end up raping someone innocent?" Adam asked with a frown.

"It's been known to happen," Aphrodite conceded.

"And you still thought it was a good idea to come to our suite where my friends and loved ones are, knowing that you could lose control and affect them?" Adam asked in displeasure before adding, "You're lucky that your Rowena's old friend and Lorelie's supportive of you, otherwise I would have killed you here and now to protect them."

Aphrodite didn't quite understand why, but she got excited at Adam's threat to kill her, causing her eyes and horns to glow pinker again and her body to heat up, while a little fluid ran down her legs.

"Get your desire under control, and tell me why you want my cum specifically and can't just satisfy yourself with any random person on the street?" Adam warned in a cold voice, snapping Aphrodite back to reality and causing her to take deep, calming breaths to stabilise herself as much as possible.

"That's normally what I would do, find someone I'm attracted to, if only mildly, and fuck them until I'm satisfied, or if I can't find someone, I would masturbate until I'm satisfied.

Unfortunately, that won't work this time since I desire you specifically. I tried masterbating when I returned to my suite, but I just couldn't climax, and frankly, I find the idea of being with anyone other than you right now displeasing, so I snuck in here in the middle of the night in order to give you a secret blowjob and satisfy my lust before leaving without any of you realising."

"Ok, so why me specifically?" Adam asked.

"Face it, babe, you're just that appealing, even the diva of sex wants you, hehe," Lorelie's voice that came from the bed said before giggling.

Adam and Aphrodite turned to find that both Lorelie and Stacey were sitting up against the bed's headboard with their naked upper bodies on full display, watching and listening to the conversation.

"How long have you two been awake?" Adam asked with a sigh.

"Since you slipped out of bed, you think we wouldn't notice when our boyfriend tries to sneak out of bed?" Lorelie replied with a wink.

"I knew this pink-haired slut would be a problem," Stacey cursed.

"Mannners, Stacey. She's a guest," Lorelie chided.

“A guest who snuck into our bedroom in the middle of the night to give OUR boyfriend a secret blowjob,” Stacey replied.

“It just goes to show how badly she wants our boyfriend.”

“How badly she wants to fuck him, sure, not necessarily join the harem. Besides, we still don’t know if she could be trusted to stay loyal to us.”

“She did say she finds being with anyone else displeasing.”

“Sure, but what happens if or when Adam can’t satisfy her? She goes off and finds someone else like she always does, that’s what.”

“Then why don’t we assist Adam in making sure she is satisfied in the future, so that she doesn’t need to go find anyone else?”

“What?” Adam, Stacey and Aphrodite all asked simultaneously.

“Well, think about it, Aphrodite here always goes and finds satisfaction in other people because her former lovers were incapable of satisfying her,” Lorelie explained before turning to Aphrodite and asking, “So tell us, how many people does it normally take to satisfy you?”

“Depends how horny I am and how long it’s been, but in general I would say three to four,” Aphrodite replied without shame.

“Damn, and I thought just one was bad enough. This pink-haired slut actually cheats on her lovers with multiple people at a time,” Stacey said with wide eyes before adding, “No wonder your relationships don’t work out.”

“I can’t help how I’m made and how I need more than the average person to be satisfied,” Aphrodite replied calmly.

“Then perhaps we can help each other,” Lorelie stated.

“How?” Aphrodite asked, though she suspected that she already knew.

“You join our group relationship or harem and swear off all other people not part of the harem, and we will help satisfy you so that you don’t ever need to find satisfaction elsewhere.

And to sweeten the deal, I will let you in on a little secret.”

“What secret?” Aphrodite asked curiously as her suspicion was confirmed.

“There will be more women joining the harem in the future, including other divas and even Rowena,” Lorelie revealed with a smile, causing Aphrodite's eyes to widen.

“Rowena?” Aphrodite asked in shock.

“Like fuck she will,” Stacey said adamantly before adding, “I’m not satisfying my boyfriend together with my own grandmother.”

“You don’t have to do anything with her, but are you really going to let your grandmother miss out on happiness and this opportunity just for your selfish desires?” Lorelie asked.

“Why not? She was selfish when she abandoned me,” Stacey replied, making Lorelie sigh as she gave her a sad look before turning back to Aphrodite and saying.

“Well, the Rowena is a work in progress.”

“Why would you openly want more women to join this group? That means sharing your boyfriend with more women,” Aphrodite asked.

“Don’t get me wrong. We’re not going to let anyone join, only those serious about Adam, who we approve of, while also bringing something beneficial to the relationship,” Lorelie replied.

“And what exactly do I bring? Apart from my sex skills?” Aphrodite asked.

“Your position as a diva. You have been a diva and celebrity far longer than Rowena and me, and so you know many other celebrities that we are not familiar with. You can help us bring in celebrities and other divas to Royal Entertainment.”

“Royal Entertainment?” Aphrodite scoffed before asking, “I would never offer my friends up to an entertainment company that is about to collapse, even if it did allow me to fuck Adam right here and now.”

“It seems she’s not all about sex like you thought,” Adam said to Stacey with a wink, causing his lover to pout and look away.

“It seems Rowena didn’t tell you. Adam is about to claim ownership of Royal Entertainment, and both Rowena and I will be signing to it after he does,” Lorelie replied.
