Chapter 390: Pink Vinnaka\*

“What do you mean, for now?” Adam asked curiously as he continued to thrust into Stacey’s ass hole, causing her to grip the sheets even tighter.

“It’s as I said before, I have lustful desires for both Lorelie and Stacey, which allowed Lorelie’s fluids to calm my raging lust. However, I still desire you most of all, and so only your cum will fully calm my raging lust,” Aphrodite explained.

“We all lust for Adam most of all, don’t we, Stacey?” Lorelie asked as she grabbed hold of Aphrodite’s hair and forced her mouth back against her pussy before letting out another moan of pleasure, “MMMMMMMMMMMMMMMM.”

“MMMMMMMMMM HMMMMMMMMMMMM,” Stacy confirmed in agreement as she moaned into the bed sheets again.

“It seems Lorelie isn’t ready for you to stop just yet,” Adam said with a smirk as he saw Lorelie’s juices flowing down Aphrodite’s chin, while her own were making the chair seat even wetter.

As Adam continued to thrust into Stacey, he decided to pleasure both his girlfriends, so as one of his hands slid into Stacey’s pussy and started to play with it while he continued to thrust her. His other entered Lorelie’s ass hole as Aphrodite continued to lick Lorelie out.

Neither woman could endure the sudden surprise attack, and both climaxed almost immediately.

Remembering Aphrodite’s words of concern, Adam quickly removed his dick from Stacey’s ass, allowing her legs to collapse onto the floor as she leaned against the bed panting and twitching, while he quickly moved to cath Lorelie, whose legs had given way and brought her into his embrace so that neither she nor Aphrodite would get hurt.

“Thank you,” Aphrodite said as she licked the excess juices of Lorelie’s climax from around her mouth.

"You're welcome," Adam replied as he gently placed Lorelie, who was also twitching slightly, down on the bed.

"How are you so good?" Adam asked.

"Oh my, is that a compliment? You haven't even tasted the goods yourself yet." Aphrodite asked with a sexy, suggestive smile.

"A compliment and a question. You're known as the greatest individual when it comes to sexual pleasure. Is it from experience or because you're a Succuba?"

"Both," Aphrodite replied before explaining. "We Succuba have the ability to enhance any physical contact we make with a person, whether it's fingers touching, shaking hands, to full-on sex. This enhancement can be pleasurable or painful."

"You can grant pain just by touching someone?" Adam asked in surprise.

"Oh yes, it's one of the ways we fight, in fact. You said before that you were surprised I knew self-defence, right? Well, what I told you about being a diva with many stalkers is only partially true; most Succuba actually learn some form of melee combat so that we can take advantage of our powers in a fight.

Imagine if we were in a fight, and every hit I managed to land against you had increased pain, or if I managed to break one of your bones, or stab out an eye, and the pain you felt was enhanced several times over."

"Damn, that's kind of scary," Adam replied.

"It's not something that is discussed much since it often gets forgotten with all the stories of the great pleasure we Succuba can bring; however, we can also bring great pain.

I'm getting off track, however. So the fact that I am so good is only partially because I'm a Succuba, which naturally gives me an advantage over other races, however, not over other Succuba. To be the

greatest, I had to train and practice on the countless individuals I have fucked to learn the best way to please each race.”

“I suppose it makes sense that each race has its pleasure points,” Adam replied thoughtfully.

“Indeed, the Brood, for example, their pleasure point is their wings, while for the Merinmian’s it’s their tail when they’re in their true form. It’s actually pretty easy to figure out when you know what you’re looking for; just look for whatever makes that race different from others.

Some races have the same pleasure points; however, let’s use the Merinmian as an example again, with both the Syngnathidae race, which Muriel belongs to, and all the Sirinian race. Each of these races is similar because they are aquatic races whose tail changes to legs when they come on land, and like the Merinmian race, their pleasure point is their tail in their true form.

Though since Lorelie was talking about her earlier, I will give you a bit of advice, just like men of other races, a female Syngnathidae’s dick is also a pleasure point.”

“Not sure I wanted or needed to know that,” Adam replied.

“Hehe, Aphrodite giggled before saying, “I know you’re from a world where men have dicks and women have pussys, and for the most part, the universe works like that. However, there will always be exceptions to any universal rule, such as female Syngnathidae having a dick.

It’s like whoever created the universe decided to continue doing so after spending the day drinking with friends, and in his drunk state, he thought it was a great idea.”

“That’s a rather specific analogy,” Adam said with a smile.

“Well, we’ve all been there, haven’t we?”

“We have,” Adam replied in agreement before asking, “So you fucked someone from every race?”

“Not every race,” Aphrodite replied before continuing, “Some are incapable of physical intimacy and reproduction, such as the energy-based race the S’ene, and some just don’t appeal to me, such as the Gargolian. I like a hard dick, but not one made of stone, thanks.”

“Do the Gargolian breed?” Adam asked in surprise.

“No, I was just cracking a joke,” Aphrodite replied with a wink.

“So it felt so good for Lorelie because of your Succuba ability to enhance the feeling of pleasure?”

“That and because I’m really good and lcking out pussy, I have been with many women after all,” Aphrodite replied proudly.

“I can attest to that,” Lorelie said with a smile as she looked at the two from the bed.

“So does that mean I should leave the licking out of your pussy to Aphrodite from now on?” Adam asked with a smirk.

“Only if you never want me to suck your cock again,” Lorelie replied with her own smirk before continuing, “Aphrodite licking me out might feel amazing and I will definitely want it often, but I will always want you, the one I love more.”

“I’m more than happy to lick you out anytime, Lorelie,” Aphrodite replied with a wink.

“I hope my future girlfriends feel the same way,” Adam replied.

“Well, if they don’t fall in love with you, then they can’t join the harem, simple as that,” Stacey suddenly said after recovering from her climax before looking at Lorelie thoughtfully.

“What?” Lorelie asked.

“Just thinking about something you said earlier,” Stacey replied.

“What did I say?”

“The part about how you want Muriel to join the group.”

“Why do we keep coming back to that?” Adam asked.

“Face it, babe, you're going to get some anal action yourself in the future,” Aphrodite said with a smirk, making the other two women giggle.

“I would rather pass on pegging, thank you,” Adam replied.

“What's pegging?” Aphrodite asked curiously while the other two women listened in with interest.

“I'm definitely going to regret telling you this,” Adam said with a sigh before continuing, “Pegging is when a female with a strap-on fucks a male in the ass.”

“What's a strap-on?” Stacey asked excitedly.

“Why do you look so excited all of a sudden?” Adam asked with concern.

“No reason,” Stacey replied innocently.

“Why don't I believe you?” Adam asked.

“I wouldn't believe her,” Lorelie added.

“Nor me, that innocent smile doesn't reach the eyes,” Aphrodite added with a smirk.

“Hey,” Stacey said in an affronted tone to the two women before looking at Adam again and asking, “So spill it. What’s a strap-on?”

“Do you know what a vibrator is?” Adam asked.

“No,” Stacey replied as the two other women shook their heads.

Adam walked over to the bag he got the handcuffs out of and reached inside before pulling out a pink vibrator and saying, “This is a vibrator, this specific one is called a Pink Vinnaka.”

“What the fuck is that?” Stacey asked as she sat up to get a better look.

“It kind of looks like a dick,” Aphrodite stated as she tried to lean forward and get a better look, but was stopped by the handcuffs.

“Is that the sex toy you mentioned before? What do you use it for, and how does it relate to these strap-ons?” Lorelie asked.

“Yes, this is the sex toy I mentioned before. While couples use this to enhance their sexual experience, they are mainly used by lonely women who need to satisfy themselves and don’t always want to use their fingers but something that feels more like a cock,” Adam explained.

“Wait, women on your planet use this to satisfy themselves when they're alone and have no one to fuck?” Aphrodite asked with interest and growing excitement.

“Basically,” Adam replied.
