Chapter 393: You know I'm impressed**

"Hmph, you just have an ass fetish, mmmmm," Stacey replied as she crawled back towards Adam before turning around and using his chest as a headrest while she spread her legs and slowly inserted the Pink Vinnaka into her pussy eliciting a moan of pleasure before she switched it on and moaned even more as her back arched slightly pushing the back of her head into Adam's chest.

"MMMMMMMMMM FUUUUCCCCCKKKKKK."

"All these intense reactions are going to start making me worried that the Pink Vinnaka will replace me," Adam said with a small smile.

"Don't count on it," Aphrodite said from her chair as she watched Stacey's reaction with interest while she continued, "While that thing is unique and novel right now, it won't stay that way for long, as we will eventually get used to it. Your dick, however, will always be useful and interesting to us since we can always find a new place or position to fuck you, and also the Pink Vinnaka can't make us pregnant."

"Well, that gives me some peace of mind," Adam replied as he took his hand out of Lorelie's mouth and started to use it to play with Stacey's breasts, causing her moans to increase even more.

"You know I'm impressed," Aphrodite said as she watched the three of them with building desire.

"With mmmm what?" Adam asked with a grunt as Lorelie intensified her riding, causing her long turquoise hair to fly around.

"With how your showing them both equal amounts of attention even when one of them is fucking you," Aphrodite replied before explaining, "Lorelie is riding you hard and your increasing her pleasure by groping her tit, however your also making sure to give Stacey some pleasure by groping her tit even though she is currently focused on playing with the Pink Vinnaka."

"Is that strange? There are both my girlfriends, and mmmm, they both deserve equal attention," Adam replied.

“The equal attention part not so much, I mean, I have been part of several group sessions...” Lorelie began, but Adam interrupted her by asking.

“You orgys!”

“Is that another term from your planet?”

“Yes, an orgy is where a group of people gather together to have sex, usually consisting of multiple men and women,” Adam explained.

“Then yes, orgies, but in this instant, I mean, I have also been invited to join the sessions of what you call a harem, both one male and multiple females and vice versa.”

“I suppose when you're the diva of sex, you get invited to all sorts of parties,” Adam replied with a smirk.

“It certainly has its benefits,” Aphrodite replied with a wink before adding, “as my future boyfriend, you and the other girls will naturally all be invited as well.”

“I see mmmm,” Adam replied in a non-comital way before moaning slightly as Lorelie’s continued riding was bringing him closer and closer to climaxing.

“As I was saying,” Aphrodite began, not taking his non-comital reply to heart since she knew all of them agreeing to go would be a long shot, “I have been part of several group or harem sessions, and the main individual always tries to satisfy his or her lovers equally; however, they eventually tend to get lost in the moment and focus only on the one there fucking and forget about the others until they are done.”

“Are you sure they weren’t forgetting about the others since you were there?” Adam asked.

“I appreciate the compliment, and in some cases, you are correct, my presence and my Succuba powers do tend to cause people to focus their attention on me when I enter the room. But I have also seen it happen when I wasn’t participating, and the leader of the group purely focused on one person.”

“You mean they had a favourite out of all their lovers? fffuuuuUUUUUCCCCCKKKKK,” Adam managed to ask before succumbing to the pleasure and unloading his seed into Lorelie’s pussy.

“YYYYEEEESSSSSS THIS IISSSSS WHAT IIIIIII WAAAANNNTTTTT MMMMMMMM,” Lorelie screamed in pleasure as she climaxed, causing her to dig her nails into Adam's chest, thrust out her own chest and scream towards the ceiling.

“Good job, the suite-level rooms in this hotel have soundproofing,” Aphrodite remarked with a smile as Lorelie’s climax came to an end and she collapsed onto Adam's chest, panting deeply but with a gorgeous smile on her face.

“To answer your question, yes, most of the time it’s favouritism,” Aphrodite began again as Stacey’s moans continued to fill the room, “but not always, sometimes like yourself, the person is able to not play favourites and treat everyone equally, yet in the heat of passion they end up focussing on only the one there fucking.”

“I never understood how a harem would work if there was any sort of favouritism,” Adam began to explain as he started to gently stroke Lorelie’s hair while still playing with Stacy's breasts, “If someone like myself is lucky enough to have more than one girlfriend who are willing to work together to satisfy me, then wouldn’t it be an insult to them if I favoured one over the other?”

“I was expecting to be second fiddle to Stacey when I joined Adam’s harem, but to my pleasant surprise, I soon learned that he treats us both the same and tries to give us both the same level of attention and affection,” Lorelie suddenly said from Adam’s chest, surprising both Adam and Aphrodite.

“You thought you would be second to Stacey, and yet you still choose me as your boyfriend?” Adam asked.

“What is it that Rowena once said? Oh, right, ‘people always do foolish things when they're in love, ’” Lorelie replied with a loving smile before giving Adam a quick, gentle kiss and then settling back down on his chest.

“What sort of tonic did you make her drink for her to love you so much?” Aphrodite asked in a mixture of amusement and disbelief.

Adam was about to reply that he had no idea when Lorelie suddenly said with a giggle, "Hehe, chocolate ice cream."

"Chocolate ice cream?" Aphrodite asked in confusion as she wasn't expecting a response.

"It's not a tonic, but a yummy dessert that Adam introduced to us. Tephe particularly loves it," Lorelie explained.

"I see, I hope to try it myself," Aphrodite replied with curiosity.

"Just ask Tephe after she wakes up, I'm sure she will be glad to let you have a share if it means she has an excuse to eat some," Lorelie said happily.

"Are you planning to let Tephe join the harem? I mean, she did say she wanted Adam to kiss her as a reward earlier," Aphrodite asked.

"Oh gods, I forgot about that," Adam said with a groan.

"What? Are you against her joining?" Aphrodite asked.

"She's just so.... Innocent and pure, it would be wrong to taint her," Adam replied.

"White Dragon Tephe, innocent? Pure? You're kidding, right?" Aphrodite asked in bewilderment.

"Right, she doesn't know," Lorelie said to Adam.

"Know what?" Aphrodite asked with growing interest.

"We can't tell you," Lorelie replied as she turned her head and looked at Aphrodite before adding, "It's as Rowena said in the VIP box, we are under Universal Senate Decree."

"This again, so you mean this Universal Senate Decree you're all under also involves White Dragon Tephe?" Aphrodite asked.

"Yes," Lorelie replied with a nod.

"I'm not," Adam stated calmly.

"Not what?" Aphrodite and Lorelie asked together while Stacey didn't seem to hear their conversation as she was lost in the pleasure caused by the combined assault of the Pink Vinnaka and Adam's hand.

"Under Universal Senate Decree," Adam replied.

"You're not?" Aphrodite asked in surprise.

"Oh, that's right. Since you're from outside the known universe and your race doesn't have a seat in the Universal Senate, you are not officially bound by their laws," Lorelie explained in realisation.

"Ah, that makes sense, that means you can tell me what this Universal Senate Decree is regarding," Aphrodite said with excitement.

"I could, but again, why should I? Sure, you're Rowena's friend, but as of right now, that's all you are," Adam replied with a smirk.

"Is this where you tell me that I have to prove myself and become your girlfriend before you will tell me?" Aphrodite asked in disappointment as her desire to become Adam's new girlfriend grew even more.

"Well, that's one way to learn the knowledge, but there is another way if you are interested," Adam replied.

“I want you to join Lorelie and Rowena in modelling the new lines of clothing from Erkath Fashion and Jacques Swimwear,” Adam replied.

“That’s it?” Aphrodite asked in surprise.

“Why do you sound so surprised?” Adam asked with a smile.

“I was expecting you to get me to do something hard or serious, if it’s only modelling some clothing that I’m already interested in, then I’m happy to agree, as long as Rowena, Erkath and Jacques are willing to accept me,” Aphrodite replied.

“So you have already seen some of the designs then?” Adam asked in realisation before adding, “Why wouldn’t they agree?”
