Chapter 402: And he says I'm the dangerous one

"I would like you to let her take the Pink Vinnaka with her," Aphrodite stated.

"Huh?" Adam replied with wide eyes before asking, "Why? Can't she just get herself some cock or pussy?"

"She could, but I don't think she will. From what I saw, she seems to be stopping herself."

"Huh? I was under the impression she was like you and fucked almost anyone."

"Again, rude."

"Am I wrong?"

"Well, no. But I don't do that anymore. Perhaps she likes someone and is trying to prove herself to them," Aphrodite replied with a knowing smile.

"Ugh," Adam groaned before saying, "Lorelie has mentioned that she wants to join the harem."

"Well, there you go then. She's obviously abstaining from having sex with anyone to prove herself worthy of joining your harem. The issue is that it's having a negative effect on her body and it will only be a matter of time before it overwhelms her, causing her to lose control and succumb to her lust."

"Will it affect people around her the same way as if your lust were to go out of control?"

"Probably, though it's highly unlikely it would be in as wide an area as with me. But it still wouldn't be ideal for her to lose control and affect those around her when she's on a ship in Subspace or worse on Solarian Prime during negotiations."

"I see your point," Adam replied before realising something and asking, "You can tell that she's been abstaining from sex?"

"Oh yeah, it's been over a week since she last had it, though she has masturbated to calm herself. Kind of like Rowena," Aphrodite replied with a smirk.

"Do I want to know why you know that about Rowena? Also, how can you tell she's been masturbating but not having sex?"

"We don't advertise it, but seeing as it's you, I will let you in on a little secret if you keep it to yourself," Aphrodite replied in a low voice while giving a wink before continuing, "we Succuba can tell when any humanoid individual last did anything sexual and to an extent, what it was. All we need is a moment of physical contact with them to tell.

As for Rowena, well, she played with herself last night, but she hasn't had sex since before her husband passed.

Princess Tessa is still a virgin and interestingly, she has never masturbated. It must have something to do with how her Succuba part is dormant."

"I'm curious to know why you're telling me about Rowena and Princess Tessa?" Adam asked with a raised eyebrow.

"Well, I mentioned Becky and you already knew about Lorelie and Stacey, so I figured I might as well complete the set," Aphrodite said with a mischievous smile before saying in a whisper, "See with me around, you will always know if someone in the harem is ever unfaithful."

"Unless it's you being unfaithful," Adam replied.

"The only people I will ever sleep with besides you are the other girls," Aphrodite said with lustful eyes as she looked at the group of women talking about the Form Bracelets.

“Whatever,” Adam said before asking, “is the Pink Vinnaka even going to be enough to keep her lust in control. You mentioned last night that masturbation is only a short-term fix.”

“For me, sure, but that’s because I’m a pure Succuba. But Becky is only part Succuba and a very small part at that. The Pink Vinnaka should be more than enough, especially if she knows it’s from you.”

“Then why does she need it at all if masturbation is good enough?”

“Did you miss the part where I said, ‘especially if she knows it’s from you?’” Aphrodite asked with a wink.

“You just want her to join the harem, don’t you?” Adam asked with a smile.

“Naturally,” Aphrodite replied with a smile before adding shamelessly, “The more women the better for both of us, but don’t get me wrong, I only want women who are good enough for me to share my man with,” As she said this her eyes seemed to glow bright pink for a split second before she regained control and continued.

“Also, I have high hopes that I can teach Becky to be able to tap into her Succuba ability to enhance pleasure, if only a little. That would mean you would have two Succuba who can enhance your pleasure simultaneously, something very few men have ever experienced.”

“Adam ran his hand down his face while asking, “Having you around is going to be dangerous, isn’t it?”

“Oh yes, but I guarantee it will be the fun kind,” Aphrodite replied with a happy smile.

“Fun for who, though?” Adam asked, however, Aphrodite just gave him an even brighter smile in response, so he waved his hand and said.

“Fine, go ahead. But you have to explain to her how it works,” After which, Adam went to check on Tephe.

“As Aphrodite watched Adam leave, the smile on her face grew far more lustful while her eyes started to glow again before she regained control and said in a low voice, “Fuck. And he says I’m the dangerous one.”

After taking a moment to calm down, she turned towards the other women and called, “Becky.”

“Yeah?” Becky replied as all the women looked over.

“Can you help with something for a second?” Aphrodite asked.

Becky looked towards Tessa, who gave a nod before she got up and walked towards Aphrodite while saying, “Sure.”

“Great, this way,” Aphrodite said before leading her to the master bedroom.

“Wow, someone had fun in here last night,” Becky said with a smirk as she entered the room and saw the mess. She paid particular interest to the chair with the wet seat and wet patch beneath it.

“You have no idea,” Aphrodite replied with a smirk before going to grab the Pink Vinnaka.

“Wait, you joined them?” Becky asked with wide eyes.

“Not exactly. I was bound to that chair and forced to watch,” Aphrodite replied while pointing to the chair.

“That's your mess?” Becky asked in surprise before adding, “What did they do to you?”

“Used this,” Aphrodite said while holding up the Pink Vinnaka.

“What on Terrana is that?” Becky asked as she looked at the device before saying with a smirk, “It looks like a pink cock.”

“That’s the point, it’s a sex toy.”

“A sex toy?” Becky replied while quickly losing interest.

“I had the same impression when I heard it was a sex toy, but don’t be so quick to lose interest. Adam’s sex toys are different.”

“They’re, Adam’s?” Becky asked as her interest returned.

“Yup, and let me tell you it’s amazing, and can help you with your little problem.”

“Problem, what problem?” Becky asked, confused.

“You’re harming your body by resisting your urges to have sex.”

“Harming it?” Becky asked in a confused tone before Aphrodite told her what she had just told Adam.

“But....” Becky said before trailing off in confusion.

“I know why you’re doing it. You’re trying to prove yourself to Adam, aren’t you?”

Becky nodded in response.

“I’m kind of in the same ship.”

“You are? But didn’t you do it with Adam last night?”

"I wish," Aphrodite replied with a lustful expression before explaining how she was being tested by Adam, Stacey and Lorelie.

"He actually refused you? The person known as the diva of sex?" Becky asked in disbelief.

"He did, and after watching him satisfy those two last night, I'm attracted to him even more," Aphrodite replied before saying, but that's not the reason I called you in here."

Aphrodite held out the Pink Vinnaka to Becky while saying, "Take it."

"What?"

"I spoke to Adam and got his permission to give it to you."

"Why?"

"It's as I told you before. You need to keep your lust under control, especially if you hope to join the harem in the future.

You're right in thinking that you can't be with anyone else. I got the impression from Adam that if you ever wanted to join the harem, he would test you like he is doing me.

Luckily, you have already started proving that and now he knows this, thanks to me."

"You told him?" Becky asked with wide eyes before asking, "But how did you know?"

"It's a Succuba thing. I will explain it to you more in the future, but for now, you need to take this as it will help you control your lust as you accompany Princess Tessa all the way to the Galamedees Galaxy."

"Ok, but how does it work?" Becky asked as she took the Pink Vinnaka and started turning it over to study it while Aphrodite explained how it worked.

“Thank you, Adam,” Tessa said as soon as Adam stepped out of Tephe’s room to find Tessa standing by the door waiting for him.

“It’s fine, if you want to thank anyone, thank Lorelie,” Adam replied dismissively.

“I already did. But it was your decision to give us the Form Bracelets, so it’s only appropriate to thank you also.” Tessa replied politely, to which Adam only gave a nod.

The two stared at each other in silence for a moment as an awkward atmosphere grew before Adam asked, “Was there anything else?”

Tessa nodded and then, with a serious look, said, “I hope that I can prove to you that not all royalty are untrustworthy like you believe.”
