Chapter 408: Alpha Entertainment

“So this is Alpha Entertainment,” Adam stated as he looked up at the building after climbing out of the hoverlimo he and the others had been riding in.

Shortly after Lorelie received confirmation from Matriarch Maiya that they could use Alpha Entertainment for a photo shoot and that Eri was happy to come and be their photographer, Adam had returned to Spector to pick up the clothes that Erkath wanted modelling before most of their group had made their way here.

Tephe was still recovering and Stacey had volunteered to stay and watch over her since she wasn't needed for the photoshoot.

It's an impressive building; however, Alpha “Entertainment is only mid-tier when it comes to the entertainment companies.” Rowena explained as she stepped out and looked up at the several-story-tall building with a large A on the front.

“I take it Royal Entertainment is bottom-tier, but which companies are at the top?” Adam asked as he slung two bags over his shoulders before the group moved towards the building's entrance.

“It's below bottom-tier; the only entertainment companies beneath Royal Entertainment are those brand new companies, but even they become bigger than them after a few months,” Aphrodite said with a smirk.

“Makes you wonder why that Prince even bothered creating it and keeping it going,” Adam commented.

“Probably to get his dick wet with the few celebrities they actually managed to sign,” Aphrodite replied as they entered the building, causing several of the people who were just inside the entrance and heard her to look at them with curiosity, which quickly turned to surprise as they realised that three divas had just walked in together.

“Oh my gosh, it's Diva Lorelie, Diva Lorelie is here.”

“Look, look, it’s Diva Rowena.”

“Diva Aphrodite is also with them. I wonder why she came with them to Alpha Entertainment.”

“I did hear a rumour that just started spreading a couple of hours ago, saying that the boss is letting them use one of the photography studios for a photoshoot or something.”

“Yeah, I heard that as well.”

“It makes sense for Diva Rowena, since she’s one of the divas of modelling.

Diva Lorelie is currently the top diva in the universe and probably wants to capitalise on her current momentum.

But why is Diva Aphrodite here?”

“Yeah, I can’t figure that out either. Adult entertainment divas don’t do modelling.”

“Who is the plane guy with them?”

“Oh, I didn’t notice him till now because of the three divas blinding me.”

“He’s probably an assistant or something.”

“Then why is he walking with them instead of slightly behind?”

“Yeah, it almost looks as if the three divas are purposely trying to walk with him, since he’s in the middle and they’re walking so closely.”

“I’m going to ask for an autograph and a picture with them.

“Oooh nice idea.”

Soon after, the three divas were surrounded by people asking for autographs and pictures with them.

As this happened, Adam stepped to the side and took the opportunity to hold his uniband up to one of the building's control terminals that were placed on the wall while thinking, {Hack into the building's security feed.}

After hearing Spector's response, Adam leaned against the wall casually while keeping an eye on those people surrounding the three divas, just in case something happened or someone attempted something.

“I always find it amazing how popular being a diva makes you,” a voice suddenly said from beside Adam, surprising him since he hadn't noticed anyone approaching him.

Looking to the side, he found Eri, who had made her own way here since she was in another part of the city when Lorelie contacted her, staring at the commotion.

“From what I understand, you're a pretty big deal on social media, right? That could be you in the future,” Adam replied.

“Haha, thanks, but I'm not that big yet. The only reason I got invited on The MMM Show was that Lorelie was kind enough to pose for a photo with me in the past.” Eri replied.

Adam looked at her for a moment before thinking of something, after which he called out, “LORELIE”

Adam's shout made the three divas stop what they were doing and look over as Lorelie asked with a puzzled expression, “Yeah?”

Adam thumbed towards Eri, surprising her while saying, "Eri wants a group photo with the three of you that she can post on Xer-verse."

"Huh!" Eri replied, turning to him in surprise.

She couldn't deny that she had considered asking for such a picture herself; however, she couldn't bring herself to do it, knowing what she was about to do.

"Sure sounds fun," Lorelie replied with a smile before walking over with Rowena and Aphrodite.

"Why?" Eri asked while looking at Adam.

"Well, your social media career really kicked off after a photo with Lorelie, right? So how do you think it will go with three divas?"

"It will immediately make the front page of Xer-verse and start trending," Rowena replied as the three divas arrived next to them.

"But why help me this way?" Eri asked.

"Well, you're helping Lorelie by being her chaperone here; also, she considers you a friend and friends help each other. There are other reasons as well, but we can discuss those later." Adam replied before he gave Eri a gentle push on her back, causing her to take a couple of steps towards the three divas.

"Come on, Eri, set up your camera and let's take a group photo," Lorelie said with a smile.

As the crowd heard the discussion, they moved aside to give the divas room, but still hung around to watch and take their own photos with the built-in camera their unibands possessed.

While the cameras were decent enough for everyday use, like smartphone cameras back on Earth.

For proper high-quality photos, you needed the right equipment, equipment that Eri had as she quickly removed a remote-controlled camera from her backpack that floated into the air and began to follow the instructions she gave it.

“Where do you think is the best place for the shot?” Aphrodite, who was the least experienced when it came to professional photos, asked.

“If it’s for a social media post on Xer-verse, I suggest we use Alpha Entertainment's front desk as the backdrop and show off their logo. That way, we can announce why we are here, which will help advertise the new clothing line,” Eri suggested with enthusiasm.

“I agree, that would be the best option,” Rowena replied as she shot Eri a look of approval.

“Let’s go then,” Aphrodite said excitedly as she grabbed Lorelie and Rowena by the hand and pulled them in front of the front desk, where the receptionist watched what was happening with interest.

“Come on, Eri,” Lorelie said as she grabbed Eri’s hand, causing her to be dragged along with them.

“Everyone, pick a sexy pose,” Aphrodite said happily.

“No,” Lorelie and Rowena replied in sync before Rowena explained

“We are here for work, and that’s what the post will say, so we need a more professional pose.”

“Finnnee,” Aphrodite pouted before thinking of something and saying in a low voice that only the other three could hear, “we will save the sexy pose for later when we are alone in the photography studio as a treat for Adam.”

Eri fiddled with the camera's position, focus, zoom and other settings for a couple of minutes using her uniband until she was happy and then said, “All set.”

“Great, let’s do this,” Aphrodite said as all four women took on a different pose and Eri snapped several photos from different angles.

“Done, now to post the best one,” Eri said as she pulled up the pictures on her uniband, causing several different holographic screens featuring different photos to appear.

As the four women inspected the photos and decided on which to post, Xer-verse was already discussing the topic.

[... Bros fucking ugly, just look at the comparison between him and Diva Rowena. It’s like the Hepolisk and the Phoenix.]

[... Don’t you mean the fat Catonian and the phat ass Brood.]

[... Damn, I wanna play with Diva Rowena’s ass.]

[... You and everyone else in the universe.]

[... I bet her past husbands had loads of fun with that ass.]

[... I asked Diva Aphrodite to sleep with me, but got shot down. 😞]

[.. Diva Aphrodite shot you down? 😞]

[... Guy must be even fatter than Fat Catonian. 🤔]

[... Can we discuss why the three of them just walked into Alpha Entertainment?]

[... Did Diva Lorelie decide to join Alpha Entertainment?]

[... I doubt it. She's the top diva and celebrity in the universe right now; every entertainment company wants her. Why would she choose a mid-tier like Alpha Entertainment when she could go with the top tiers?]
