Chapter 413: Succuba Queen

“S’ene? That's the energy-based liform that helped broker peace between Vinox Two and Three, right? Adam asked.

“That's correct, however, since they are an energy-based lifeform, they don't reproduce as we do,” Aphrodite explained.

“People actually pay to be used as food for Brood?” Adam asked in surprise.

“Naturally, you have experienced the pleasure it brings first-hand from Stacey and she's only part Brood. The feeling of pleasure you get from a pure Brood is substantially greater and that only increases even more as the Brood gets older.”

“So what you're saying is that Rowena feeding on me would feel far better than Stacey?”

“Exactly, there is a reason why so many people try to become Rowena's familiar and why she is so picky with her choice.”

“I don't think much of her current one,” Adam remarked.

“Oh, why?”

“We ran into each other a while back, that's all.”

“I see. Well, anyway, I think that's one of the reasons she is so resistant to taking you as her new mate, apart from the whole Stacey being her granddaughter thing.”

“Taking me as her mate? You don't even know if she likes me,” Adam remarked before adding, “And why are you so ok with the whole granddaughter-grandmother thing?”

“You think she would let anyone date her favourite granddaughter? Even if she is working on rebuilding their relationship. Or that she would let her granddaughter's boyfriend see her like this?” Aphrodite remarked as she gestured towards Rowena, who kept changing her pose for the camera like a seasoned professional.

“But you said...” Adam began only to be interrupted by Aphrodite.

“Yes, yes. I said that she likes being the centre of attention, but there are limits to that. As far as I’m aware, she has never let any of her other in-laws see her in such revealing clothing.

As for the whole ‘granddaughter-grandmother thing’ as you called it, we Succuba regularly engage in intimacy with our relatives, sometimes alone and sometimes with others; it’s not a big deal for us. Why is it for you?”

“It’s called incest back on Earth and in most countries, it is frowned upon or even labelled as taboo since it’s illegal to get into intimate relationships with a relative. The laws are there to prevent exploitation, coercion and abuse, particularly where there is a large age gap. Also, there are fears for the genetic offspring of said encounters.”

“Ah, I see,” Aphrodite nodded in understanding before saying, “Oh, it looks like they're done modelling the lingerie. Just the nighties to go and it will be my turn.”

“Excited to become a model, are you?” Adam asked with a smirk as he watched Lorelie and Rowena return to the changing room to get changed again.

“Of course, I can’t wait to prove those fucking entertainment companies.... Errr, no offence,” Aphrodite said before remembering that Adam was now the owner of an entertainment company.

“None taken,” Adam replied with a smile which Aphrodite returned before continuing.

“That they’re wrong for not being interested in signing us, who work in the adult entertainment industry.”

“Judging by your tone, I assume you have tried getting recruited in the past?” Adam asked.

“Tried and failed,” Aphrodite pouted before smiling as she added, “But that’s all about to change because of you.”

“Thanks for the compliment, but I’m not the one who has to make the outfit look good enough that people would want to buy it,” Adam stated.

“I can pull off the clothes, but is there anything I could do to sell the look better?”

“Hmmm,” Adam replied as he thought for a moment before saying, “The best pose would be you standing above someone while they lick or kiss your boots or something, but we don’t have anyone to play the sub.”

Aphrodite opened her mouth to say something, but Adam beat her to it by saying, “And don’t ask me to do that. We are not close enough for me to do that for you, and I wouldn’t in the first place... at least not for a photo.”

Aphrodite showed a sad expression when she heard Adam say that he wouldn’t do it, but then got a curious expression when she heard the last part, so she asked hopefully, “You mean you will let me dominate you in the bedroom in the future?”

“I guess you will have to earn the right to find out,” Adam replied while shrugging before he pulled up a couple of pictures on holographic screens from his uniband and said, “Take a look at these.”

One image showed a woman wearing a dominatrix outfit lying down while her feet were lifted into the air. One of her boots had a set of handcuffs hanging off her stiletto heel, while she ran the middle section of a whip between her teeth.

The second image showed a woman in a dominatrix outfit sitting on a throne with her legs crossed while looking down towards the camera.

“You think I should do these sorts of poses in the photos?” Aphrodite asked as she quickly understood Adam’s meaning for showing her the photos.

“That’s right. As you said, you can pull off the clothes, but you need something to really sell the look. Looking like a queen staring down on her servant, while you sit in a throne like the queen and giving the appearance that you're waiting to toy with your pet will definitely sell the look, especially with your horns and tail.”

“Why do my horns and tail matter?” Aphrodite asked in a confused tone.

“Because succuba are synonymous with sex, right? And your horns and tail, as I’m led to believe, are synonymous with succuba. My idea is that since you're the most famous succuba in the universe, people will look at the photos and imagine you as the succuba queen, looking down on them as if they're your personal pet and plaything whose only role is to please you.”

“Succuba Queen?” Aphrodite asked in surprise.

“Succuba Queen?” Lorelie asked with curiosity as she and Rowena returned wearing only their nighties.

Lorelie was wearing a long nightie that went all the way down to her ankles, though it showed off some of her ample cleavage.

Rowena, on the other hand, was wearing a short, sexy-looking nightie that revealed far more of her skin and ample cleavage.

“Wow,” Adam commented as he admired Lorelie and Rowena, who stood before him in all their glory.

“You like?” Rowena asked with her signature smirk.

“Yes,” Adam replied while nodding before asking, “But what do you two think of them?”

They are loose-fitting and surprisingly comfortable,” Lorelie replied as she looked down at the nightie.

“Better than a t-shirt and trousers, right?” Adam asked with a smirk.

“I’ll say,” Aphrodite remarked as she focused most of her attention on Rowena's sexy figure.

“Ask me in the morning,” Lorelie replied while bending down to give Adam a good look at her ample cleavage before she gave him a peck on the lips, after which she asked curiously.

“What’s this Succuba Queen you two were talking about?”

“Adam was giving me advice for my photoshoot,” Aphrodite replied as she gave the two of them a jealous look.

“Jealous? Hehe,” Lorelie asked and giggled happily before she skipped away and started modelling the nightie with Rowena as Eri took photos of them.

“I’ve been meaning to ask,” Adam suddenly said as he shot Aphrodite’s tail a curious look and asked, “Do you have full control of your tail, or does it react purely on instinct or something?”

“Curious?” Aphrodite said with a teasing smile as her tail suddenly appeared in front of her top and pulled it slightly away from her breasts so that her cleavage became more pronounced as if she was trying to compete with Lorelie from before as she asked, “Does that answer your question?”

Adam’s eyes couldn't help but wander to her now, even more apparent cleavage causing her to smile happily before she said, “While we do have full control over our tail, our instincts and emotions can sometimes interfere with our control of it.”

Adam nodded and forced himself to turn away from Aphrodite's cleavage and focus on Lorelie.

Aphrodite didn’t complain that he looked away and instead smiled as she saw for a brief moment in his eyes how Adam had to force himself to do it.
