Chapter 414: Sit back and watch

Puntanghunter69Ver2 (International Space Station): Oh hell yeah, that's what I'm talking about.]

[Superior4horns (Vinox 3): Wow, they look so beautiful. 😊. But what are they even wearing?]

[Celebrityhunter69 (Earth): A diva modelling shoot!!! WOW 😊]

[OfficialMuriel (Aqua Primus): I have never seen outfits like those before, but both divas look gorgeous. 😊]

[Emojisonly (Earth): 😊]

[RealOtaku (Earth): I was just watching the drama about Noobek ninja looting the shield in classic.]

[Whostolemyduck (Earth): I saw that, the drama is golden.]

[RealOtaku (Earth): Did you see Colapop's reaction? He wants to get him into Onlyfangs 3 just so one of the streamers ninjaloots him and it creates drama.]

[Whostolemyduck (Earth): You know Colapop just wants the content, it's what he lives for. Still Onlyfangs 3 is going to be gold.]

[RealOtaku (Earth): Right, Colapop vs Louder1.]

[Whostolemyduck (Earth): I hope those streamers in Louder1's team know where the volume control for their headphones is. First time I heard him, I thought my headphones had broken and were stuck on loud until I realised he's just that loud and while using a shitty headphone mic.]

[RealOtaku (Earth): 🗑️]

[Prestigious3horns (Vinox 2): There they go again, talking about shit none of us understand.]

[Whostolemyduck (Earth): It's not like you lot don't do the same and we have to ask you what you're on about.]

[Prestigious3horns (Vinox 2): Fair point.]

[Phoenixempress (Fenix Nest): It mentioned the Erkath Fashion photoshoot. Could this be the modelling that Erkath mentioned in her interview with Sinead?]

[LadyErkath (Deverinian Prime): WHY THE HELL ARE YOU STREAMING THIS? 😞]

[DeverinianLordMalacoss (Deverinian 9): Speak of the Deverinian. 🗨️]

[OrangeeyedStace (Felinia 7): Why have you suddenly gone live, babe? Did something happen?]

[1000yearsofdeath (Earth): Oh, the first girlfriends here. I wonder how she will react to her boyfriend seeing other women in nighties. Kekeke.]

[NonpareilRaphilia (Aaru): What even is a nightie, as I have never seen any outfit like that before. The one Diva Lorelie is wearing looks kind of like a dress.]

[CEOHopkins (Earth): Nighties are outfits women wear in bed. The one Diva Lorelie is wearing is more like a normal nightie, while the one Diva Rowena is wearing is one that you would normally only wear in front of your lover.]

[Celebrityhunter69 (Earth): Does this mean Diva Rowena is joining the harem? 🗨️]

[Gunlovergirl (Earth): She's a model, you fucking dickhead. How do you expect her to model a piece of clothing without wearing it?]

“Fuck!” Adam cursed.

“I’d love to,” Aphrodite replied while giving him a flirtatious wink.

[Gunlovergirl (Earth): WTF did she just say? 😏 I was here first bitch.]

[1000yearsofdeath (Earth): Oh shit, the new girl is already causing drama, Kekeke.]

[Handsome3horns (Vinox 2): It’s the diva of sex, what else did you expect. I wouldn’t be surprised if she already got her claws in him and fucked him.]

[OrangeeyedStace (Felinia 7): She tried.]

[NonpareilRaphilia (Aaru): Wait. What do you mean by ‘tried’?]

[DeverinianLordMalacoss (Deverinian 9): It almost sounds like she's saying that the streamer turned down Diva Aphrodite.]

[Handsome3horns (Vinox 2): No way. 🙄]

[OrangeeyedStace (Felinia 7): Yes way. 🙄]

[Phoenixempress (Fenix Nest): 🙄]

[Every viewer from the known universe: 🙄]

“That’s not what I mean,” Adam replied as he shot Aphrodite a sideways glance before adding, “Someone just hacked the building's security feed, causing my stream to go live.”

“Wait, you live?” Aphrodite asked with surprise before using her uniband to pull up Adam’s stream as she said, “Oh, you're right.”

[OfficialAphrodite (Felinia 7): Hey, everyone. 🖐️]

[NonpareilRaphilia (Aaru): Seriously, Diva Aphrodite has access now?]

[Celebrityhunter69 (Earth): ANOTHER DIVA, KEEEEEEEE. Hi Diva Aphrodite. 😊]

[OfficialAphrodite (Felinia 7): Hi Celebrityhunter69. 😊]

[Celebrityhunter69 (Earth): KEEEEEE, she greeted me. 😊]

[Superhearofangirl (Earth): Calm down, girl.]

[Whostolemyduck (Earth): So what’s this about the building's security feed being hacked? And what’s Alpha Entertainment? Is that another entertainment company like Royal and Drotas?]

[DeverinianLordMalacoss (Deverinian 9): That’s correct, though they are only a mid-tier entertainment company. I guess they're using their facilities for the Erkath Fashion photo shoot.]

[LadyErkath (Deverinian Prime): SERIOUSLY! Why are you streaming the new clothing range?]

[1000yearsofdeath (Earth): Oops, wasn’t he supposed to? Kekeke.]

[NonpareilRaphilia (Aaru): I want me one of them nighties. My husband would love to see me in the one Rowena is wearing. 😊]

[Phoenixempress (Fenix Nest): Any chance we can see the other clothing they're modelling?]

[LadyErkath (Deverinian Prime): Yeah, after we release the photos.]

[Phoenixempres (Fenix Nest): Booooo.]

[LadyErkath (Deverinian Prime): Boo my ass, I'm trying to run a company here.]

[Phoenixempres (Fenix Nest): Diva Aphrodite probably would boo your ass.]

[OfficialAphrodite (Felinia 7): Damn right. Let me have fun with your ass, Erkath. 😊]

“What's going on, Spector?” Adam asked.

[[As per your instructions, I have been monitoring Alpha Entertainment's security feed. Approximately two minutes ago, a group of individuals hacked into the security feed and began monitoring it.]]

[Prestigious3horns (Vinox 2): Seriously? The streamer hacked the building's security feed first?]

[Whostolemyduck (Earth): HAHAHA, I love it. 🤖]

“Do they know you have access and have detected them?”

[[Impossible.]]

“Any idea what they're up to?”

[[Displaying footage.]]

As Spector finished speaking, a large holographic screen appeared on the wall of the room showing the main entrance of Alpha Entertainment and the six Panteras that had just entered.

“What’s going on?” Rowena asked as she, Lorelie and Eri noticed the sudden appearance of the large holographic screen that interrupted their photoshoot.

“This group of six Pantheras have apparently hacked into the building’s security feeds for some reason,” Aphrodite explained.

“Any idea who they are and what it is they are after?” Lorelie asked with interest as she sat down next to Adam.

[Handsome3horns (Vinox 2): Fuuuccckkkkk, I’m so jealous. Why can’t Diva Lorelie sit next to me in a nightie.]

[Superior4horns (Vinox 3): Keep dreaming, loser.]

“Not as of yet,” Adam replied before asking, “Do any of you recognise them?”

The three divas gave varying responses of no, causing everyone to look towards Eri, who hadn’t replied and was staring at the holographic screen with a frown.

“Eri?” Lorelie asked.

Eri sighed before saying, “I know one of them,” as she pointed to the Panthera at the head of the group, before continuing.

“She’s a member of the Noir Family; she’s done some work for my mother before. I’ve never spoken to her, but I believe she goes by Number Nine.”

[Whostolemyduck (Earth): Wait. Isn’t the Noir Family the crime family the streamer warned off during the UMB Cup charity match?]

[MercheadAnderson (Palaxia): You’re right. Does this mean they ignored his warning?]

[DeverinianLordMalacoss (Deverinian 9): Not necessarily, they could be here on another job. Seeing as they hacked Alpha Entertainment's security feed, maybe their goal is to steal something from Alpha Entertainment.]

“Your mother?” Lorelie asked in surprise.

“Yes, we’re rather... estranged and don’t talk anymore because she wanted me to take over the family business and I had no interest in it,” Eri explained.

“Does Alpha Entertainment have something your mother would want badly enough that she would hire the Noir Family?” Rowena asked.

“No idea, but when my mother wants something, she will normally do anything to get it. That’s one of the reasons I left home, since she wouldn't accept my refusal.”

“So what do we do?” Aphrodite asked with interest.

“Nothing,” Adam replied.

“Huh?”

[Handsome3horns (Vinox 2): Booo, at least get in a fight or confrontation or something, streamer.]

[CEOHopkins (Earth): The streamer doesn’t always have to get into fights, you know.]

[Handsome3horns (Vinox 2): Yeah, he does. It’s kinda his thing, you know.]

[1000yearsofdeath (Earth): Yeah. If the streaming platforms had an action section, the streamer would always be placed in it. Kekeke.]

“I warned the Noir Family that I would retaliate if they moved against me or those I care about again. If they're here to steal something from Alpha Entertainment, it's none of my concern.”

“So you're just gonna sit back and watch?” Eri asked.

“Yup,” Adam said as he put his arm around Lorelie's shoulder, who happily accepted the intimate gesture and leaned in closer to him.

[StealthAssassin9 (Earth): How many people in the universe do you think would be jealous if they could see what we're all seeing right now?]

[Celebrityhunter69 (Earth): A hell of a lot.]

[Handsome3horns (Vinox 2): I'm one of them. 😏 Why are you so lucky, streamer?]

“Let's get comfy and enjoy the show then,” Rowena said before squeezing into the space between Adam and Aphrodite while shooting the latter a smirk that made her narrow her eyes.

[Beinglittleisnotadisadvantage (Strathorp 7): WTF! Why is Diva Rowena insisting on sitting next to the streamer? And in such a sexy nightie?]

[Superior4horns (Vinox 3): Did you see the look on Diva Aphrodite's face? I think she did it on purpose.]

[1000yearsofdeath (Earth): She's trying to create discord. Kekek.]

[AlamoMatador4thewin (Earth): It's working. Diva Aphrodite looks upset that Diva Rowena got between her and the streamer.]

[NonpareilRaphilia (Aaru): I guess Diva Aphrodite really is after the streamer then.]

[Prestigious3horns (Vinox 2): Maybe, but even if she is, she won't hang around long.]

[Justiceistruth (Earth): Why?]

[Prestigious3horns (Vinox 2): Diva Aphrodite's relationships are famous for not lasting since her partners can't satisfy her.]

[Handsome3horns (Vinox 2): She's both the most wanted woman you want to have in your bed and the woman you most fear bringing to your bed.]
