Chapter 428: Affair

“However, I will wait until we leave here. The last thing I want is Leiko trying to use it to recruit me,” Lorelie stated.

“Then I suggest we depart once Aphrodite is done changing. I expect she's still busy with the aftermath of the Noir Family's activities,” Rowena suggested.

“What are your plans after this?” Eri enquired after she finished putting her camera away.

“Most likely return to the hotel. I need to start planning for my upcoming shows,” Lorelie replied before asking, “What about you?”

“I have nothing else planned for the day,” Eri replied.

“Why don't you come back with us then?” Lorelie suggested.

“Sure, if that's ok with everyone,” Eri replied happily.

“Of course it is,” Lorelie replied happily before adding, “We would be happy to have you.”

“I would like to ask a favour of you,” Rowena suddenly said as she turned to Adam.

“What's up?” Adam asked in curiosity.

“I would like to return to your ship and pick something up that I forgot when we disembarked,” Rowena replied.

“Hehe, you're only remembering it now? Adam has already returned to the ship once,” Lorelie said after giggling.

“Something Aphrodite told me this morning was on my mind and so I didn’t think about it when Adam returned earlier,” Rowena replied with a shrug.

“What did she tell you?” Lorelie asked with a smirk as she had a feeling she knew what they had talked about.

“It’s nothing important,” Rowena said dismissively before turning to Adam and asking, “So can I?”

“Sure,” Adam replied before adding, “I need to pick something up also. If you want, I can collect yours while I’m there.”

“You forgot something as well? Are you two planning to have some fun while I’m not around?” Lorelie teased as Eri listened in with interest.

“Damn it, she found us out,” Rowena said in a worried tone before looking at Adam with panic.

“Nooo, this is the last thing we wanted,” Adam replied as he ran his hand down his face while adding, “I wanted to keep our relationship a secret until the time was right to add you to the harem.”

“The harem? You told me that you loved only me and wanted to run away with me on your ship? You lied to me?” Rowena said with a tearful, hurt look as she bit her lip.

“I’m sorry, but I can’t give up a harem for just one woman, even you with your ass. I hope you can forgive me for being so greedy,” Adam said with a guilty pleading tone.

“I don;t know if I can....” Rowena began, but was interrupted as Lorelie said.

“OK, ok, that’s enough of you both teasing me.”

“Teasing you? We would never?” Adam replied with offence.

“He’s right. We were being honest. We really have been fucking when you and Stacey were not around. I also can’t get enough of Adam’s blood,” Rowena said as her eyes locked onto Adam’s neck and glowed slightly red, causing Adam and Lorelie to give her looks of surprise.

Rowena shook her head and forced herself to look away from Adam’s neck before taking deep breaths to calm herself down. After a few moments, she turned back to Lorelie with an apologetic smile and said, “Sorry about that. I think we took the joke too far.”

“Are you ok?” Lorelie asked with concern before adding, “Your eyes glowed red for a second.”

“I’m fine, I think I just got too into our little joke,” Rowena said with a smile before turning to Adam and saying, “Thank you for the offer, but the item I want to collect is personal.”

“Ok, we can head back to the ship after we leave here if you want?” Adam suggested with a nod before turning to Lorelie and asking, “You’re all ok heading back without us, right?”

“I don’t know. I might be afraid that you two are actually having an affair,” Lorelie replied in an upset tone.

“Who’s having an affair?” Aphrodite asked with interest as she left the dressing room and overheard Lorelie’s words.

{Spector. Can you send the hover bike to our location?}

[[Affirmative.]]

“Adam and Rowena,” Lorelie replied with the same sad smile while adding, “Apparently, it’s been going on for a while now. I just found out.”

“Oh, really?” Aphrodite asked while giving Adam an impressed look and saying, “I’m impressed you managed to get that ass so quickly. Rowena usually makes people work for it before she gives them anything. I mean, look how long I have been trying.”

"Maybe Adam is just much more my type, unlike you. Also, unlike you, I like to make sure the man's serious about me and not just wanting me for sex," Rowena replied.

"He's more my type as well, but that doesn't mean I don't want some of that ass," Aphrodite replied as she stared pointedly at Rowena's ass.

"Keep dreaming," Rowena replied with her signature smirk.

"I don't think I will need to for much longer," Aphrodite replied while mimicking Rowena's signature smirk.

"Ok, that's enough fun," Lorelie said before asking Aphrodite, "Are you ready to go?"

"You want to get out of here before Leiko turns up?" Aphrodite asked with a wink before adding, "Sure, let's go."

"Adam and I will be heading back to the ship first, as we both need to pick something up from it," Rowena said as they started heading for the door.

"Ahhhh, now I see why you think they're having an affair," Aphrodite said as she shot Lorelie a wink.

"Right. You think it's suspicious that they want to go back to the ship alone to right?" Lorelie asked.

"Oh, totally," Aphrodite said in agreement.

"I thought you'd had enough of us teasing you?" Adam asked.

"I have, now we're teasing you," Lorelie replied with a loving smile as she indicated Aphrodite and herself.

“Is this normal for all of you?” Eri suddenly asked curiously.

“Is what normal?” Lorelie asked.

“This type of conversation,” Eri replied.

“What? You think divas can’t have fun like normal people?” Aphrodite asked with a frown.

“No, no,” Eri replied in a panic while waving her hands in front of her before quickly saying, “I was just expecting you to be more serious and professional.”

“Profesional?” Aphrodite asked as her frown deepened and she stared at Eri, who began to grow nervous.

“Aphrodite, stop teasing the poor girl,” Rowena suddenly said.

“Huh?” Eri replied in confusion.

“Ignore her, Eri, she’s just teasing you,” Lorelie said while patting Eri on the shoulder.

“Spoil sports,” Aphrodite pouted before smiling at Eri and giving her a flirtatious wink.

“Divas are normal people too, Eri,” Lorelie began to explain. “We might be more famous than the average person, but we are still normal people who like to have fun.”

“It’s just that we have to be careful of who we have fun with; that’s why we are more relaxed and open with our conversations around friends,” Rowena added.

“I see,” Eri replied.

“Things are way more lively around here than when we first arrived,” Aphrodite noted as several people rushed past them without even recognising them as they made their way to the elevator.

“It’s not surprising after what happened. I expect they're investigating what exactly happened,” Rowena replied as they entered the elevator that had arrived just before they reached it, with someone quickly leaving it.

“It won’t take them long to find out if they check Xer-verse,” Lorelie replied as she showed them the Xer-verse post on a holographic screen that was floating above her uniband.

[[Handsome3horns: Noir Family fails a job.]]

[[I was just watching the stream of Diva Lorelie’s boyfriend and was shocked to see that we got to watch seven members of the Noir family live on them stream. I will make a more detailed breakdown of the stream in the future, but for now, I will keep it short.

The Noir Family was hired to steal some information from Alpha Entertainment’s computer core. Everything was going well and they managed to break into the computer core and acquire the information, only for the streamer to then interfere and cause them all to get trapped and captured by Alpha Entertainment's security forces.]]

[[... Diva Lorelie has a boyfriend? 😏]]

[[... Bro, that’s old news. Where have you been?]]

[[... You apparently didn't watch the UMB Cup charity match.]

[[... The UMB Cup charity match? Why would I watch that shit?]]

[[... Oh, you missed an awesome match.... Well, once they reached the sphere and before Diva Lorelie's boyfriend got disqualified.]

[[.... He got disqualified? What a loser kek.]]
