Chapter 480: Caninian's

[Superior4horns (Vinox 3): That's her, that's her, I don't believe it, the streamer really met with Princess Liluth Solar. 🤔]

[Noobkiller9000 (Earth): Who called it? Who raised the flag? The flag is all-powerful.]

[Emojisonly (Earth): ▶]

[Phoenixempress (Fenix Nest): Are you fucking kidding me? How does the first person he decides to ask for directions turn out to be the Solarian first princess? Didn't he notice how everyone else was keeping their distance while still giving her respectful looks?]

[DeverinianLordMalacoss (Deverinian 9): So I've been curious for a while now, but did you always have this filthy mouth? I mean, you're always so polite and dignified when you appear in public.]

[Phoenixempress (Fenix Nest): I need somewhere to cut loose and be myself sometimes, as being polite and dignified all the time gets tiring.]

[LadyErkath (Deverinian Prime): I'm sorry, but can we please get back to the point that Adam is about to speak with Princess Liluth Solar herself. Does he have any idea that's who he is approaching?]

[OrangeeyedStace (Felinia 7): I doubt it. He's heard of her, of course, but I don't believe he has ever seen a picture of her or anything.]

[OfficialLorelie (Felinia 7): So for all Adam knows, the girl he is approaching is just another student at the university?]

[NonpareilRaphilia (Aaru): I doubt he thinks she's a student. I mean, considering how old she looks.]

[Thewhitesoverign (Felinia 7): Then why do you think he approached her of all people?]

[Noobkiller9000 (Earth): It's the power of the flag, I'm telling you.]

"Excuse me, miss, sorry to bother you," Adam said as he stopped a respectable distance from the short blonde-haired girl so as not to appear threatening before he asked, "I was hoping you could direct my friend and me as we seem to be lost?"

Liluth thoroughly enjoyed the presentation that had just been given by the Dwarfian science directorate and as she left the lecture hall, her mind raced with ideas about the theories and concepts they discussed in there, though she also couldn't help but feel a little disappointed.

As always, when she walked through Capital University, the students, staff and any other guests at the university gave her a wide berth and although many of them acknowledged her with a polite bow, none of them approached her.

She had hoped that after attending the lecture, she might be able to mingle with one of the groups in order to further discuss the topics that were raised and possibly make some friends, but alas, she was once again left alone, or at least she was until someone approached and spoke to her as if they didn't know who she was.

[OrangeeyedStace (Felinia 7): Shit, shit, shit, shit, shit. He really doesn't recognise her and has no idea who he just approached.]

[Thewhitesoverign (Felinia 7): HAHahaha, I can't believe he just went straight up to her and is asking her for directions.]

[OfficialMuriel (Aqua Primus): When was the last time you heard of anyone asking a princess for directions?]

[OfficialAphrodite (Felinia 7): Look at that wide smile of amusement on Rowena's face; you can tell she knows exactly who Adam just approached and is thoroughly planning to enjoy the show.]

[Tessisdabest (Imperial Down): Err, never, it simply doesn't happen.]

“Sorry, what?” Liluth asked in surprise as she turned to face the person who had surprisingly just spoken to her and found that it was a rather average-looking Terran.

Adam opened his mouth to speak, but froze when he got a good look at the young girl who stood before him.

[1000yearsofdeath (Earth): The dude froze once he got a good look at her. Kekeke.]

[StealthAssassin9 (Earth): Seems I’m not the only one who freezes up when a beautiful woman speaks to them. Few, I feel better now.]

[HackerSu (Trillion): That doesn’t make sense. I mean, he didn’t freeze up when he met Diva Lorelie or Rowena, and they’re both universal class beauties.]

[OrangeeyedStace (Felinia 7): Aren’t you forgetting someone?]

[HackerSu (Trillion): Am I? Did he freeze up when he first met you? You never told me.]

[OrangeeyedStace (Felinia 7): ...]

[OfficialLorelie (Felinia 7): There must be another reason.]

[Handsome3horns (Vinox 2): You sure you’re not just worried that he might find the 11-year-old princess Liluth more attractive than you?]

[Superhearofangirl (Earth): Maybe Celeste was right and the streamer really is a pedo.]

[Whitehorn (Darah 5): ...]

[Phoenixempress (Fenix Nest): No, there is something else that's going on.]

"Err, hello?" Liluth said again as she raised a curious eyebrow at the plain-looking Terran, who seemed to have frozen when he caught sight of her before she asked, "Are you okay?"

"Wha... what?" Adam replied as he snapped out of his confusion before he said quickly, "Oh yes, yes. Sorry about that; you just reminded me of someone I used to know."

[Handsome3horns (Vinox 2): Worst pickup line ever. Trust me, I tried it; it never works.]

[Superior4horns (Vinox 3): That's because it's you who's asking.]

"Someone you used to know? A Solarian?" Liluth asked curiously.

"No, an Earthling," Adam replied automatically before he realised what he had just said.

"An Earthling? What race is that? I have never heard of them," Liluth asked with eager curiosity.

"They are a race from outside the known universe," Adam replied automatically again.

[OrangeeyedStace (Felinia 7): ...]

[OfficialLorelie (Felinia 7): ...]

[AlamoMatador4thewin (Earth): Dude, WTF. I know I'm still new to this whole time travel thing, but isn't that supposed to be a secret since it like hasn't happened yet?]

"Outside the known universe?" Liluth said with excitement as her eyes went wide before she asked eagerly, "Have you been outside the known universe?"

“I’m from outside the known universe, Earth to be exact.”

[MercheadAnderson (Palaxia): Why is he just straight up answering her questions?]

[OracleRomy (Elysium): I thought he only wanted to ask her for directions?]

[Phoenixempress (Fenix Nest): It’s like he’s unable to stop himself from answering or lying to her.]

[RealOtaku (Earth): Does the Solarian Princess have some special power or ability that forces people to tell her the truth or something?]

[DeverinianLordMalacoss (Deverinian 9): No such ability exists. Even the Demon King and Lord Omniel don’t have such abilities.]

“You mean you’re not Terran?” Liluth asked in surprise before she noticed the strange clothes the man was wearing and asked, “Is that why you’re nowhere near as handsome and are wearing such strange clothes?”

Adam was about to answer again when a hand covered his mouth just before Rowena appeared behind him and peered over her shoulder at Liluth while saying sweetly, “I think that’s enough, darling, we still need to find the location of the Historic Research Department after all.”

[LadyErkath (Deverinian Prime): Nice save, Rowena.]

[StealthAssassin9 (Earth): Aww man, it was just getting interesting.]

[Gunlovergirl (Earth): Haven’t you been paying attention, you idiot? If at all possible, they want to prevent interaction with people in that timeline in case they reveal something important that changes the future.

Not only did the streamer just interact with the princess of an entire race, but he just revealed future information she shouldn’t yet know.]

[StealthAssassin9 (Earth): How do we know that she shouldn't yet know it and that this wasn't the way it was supposed to happen?]

[Gunlovergirl (Earth): ...]

[CEOHopkins (Earth): The stupid idiot has a point for once.]

"Historic Research Department," Liluth repeated before asking the beautiful woman, who looked like a Terran, though Liluth wasn't sure now, "Was it directions to the Historic Research Department that you were after?"

"That's right. So if you would be so kind as to point us in the right direction, I would be more than happy to drag my husband away before he makes an even bigger fool of himself," Rowena replied sweetly.

"Oh, allow me to show you the way," Liluth suggested eagerly.

[HackerSu (Trillion): The Solarian first princess wants to be their tour guide? Are you fucking kidding me?]

By now, the crowd that had been leaving the lecture hall along with Liluth had stopped and started to pay attention to the commotion, since they never expected someone to approach the princess and start up a conversation. Rowena, noticing this, was about to refuse when something nearby suddenly hit the ground before exploding and releasing a piercing, bright light and loud bang that disoriented Rowena and almost everyone else.

"The idiot appears to be asking the target for directions."

"You're kidding, right? I mean, who asks a princess for directions?"

"Errr, nobody."

“Shut the fuck up. Team one will handle the lost Terran nobodies, while teams two and three will proceed with your original assignment and eliminate the target’s security detail. Now move, this mission is a go.”

[Justiceistruth (Earth): WTF was that?]

[Beczontop (Imperial Down): Oh shit, here we go, here we go. It’s the kidnapping attempt.]

[Gunlovergirl (Earth): Oh, heck yeah, action time.]

[Whostolemyduck (Earth): The power of the flag baby.]

[Emojisonly (Earth): ▶]

[CEOHopkins (Earth): Was that a stun grenade?]

[MercheadAnderson (Palaxia): I’m guessing it was a shock pellet, look how everyone is collapsing.]

[LadyErkath (Deverinian Prime): Fuck, Rowena.]

[OrangeeyedStace (Felinia 7): Grandmother, Ada.... huh?]

[OfficialLorelie (Felinia 7): Why didn’t he collapse?]

[1000yearsofdeath (Earth): Do you think he remained unconscious while standing up so that he could continue to feel Diva Rowena’s tits against his back? I mean, look how she’s slumping over him while unconscious. Kekeke.]

[Superhearofangirl (Earth): IF he’s unconscious, how did he just reach out and grab her to stop her falling, idiot?]
