Chapter 511: Adam's anger and Rowena's desire *

{What is she doing and how did things end up like this?} Adam thought in disbelief as he looked down at the beauty who was wearing nothing but her underwear with her long, blood-red hair flowing freely down her back and blood-red eyes that were filled with desire, as she had her breasts wrapped around his erect cock while her tongue flicked the end of it.

He had been fast asleep until he felt the familiar feeling of something soft pressed against his dick while something warm and wet licked the tip of it.

Thinking that it was Stacey or Lorelie, Adam had commented on how great it felt, only for him to hear Rowena's voice chuckle and say, "I'm glad you like it."

Adam had flung his eyes open in surprise to be presented with the incredible sight that lay before him, and many in the universe, he was sure, dreamed about every night.

"What are you doing?" Adam asked in confusion.

"What does it look like I'm doing?" Rowena replied while flashing a flirtatious smile before her tongue darted out to lick the tip of his cock like a snake, making him groan slightly in pleasure.

"Found a weak spot," Rowena teased before she repeated the process.

"I expect that's a weak spot to every man," Adam replied before saying, "It looks like you're cheating with your granddaughter's lover behind her back."

"Well, you're not wrong," Rowena conceded before adding with a happy smile, "Cheating would imply that she doesn't know about this."

"You're saying that Stacey knows you're in here?"

“She and Lorelie, in fact, it was their idea. They insisted that I sleep with you tonight so that we can officially become lovers while they sleep in my room,” Rowena explained as she continued to press her breasts against his erect member while moving them up and down in an obviously well-practised motion.

“Lovers!” Adam repeated in surprise.

“What, you don’t like the idea? And here I thought you wanted to make my ass your personal property,” Rowena teased as she raised her ass slightly in the air, revealing its amazing shape to him that was covered by only a thin g-string.

“Where did you get a g-string from?” Adam asked curiously, as that wasn’t part of the photoshoot.

“Before we returned, I asked Spector to make a few designs that I liked.”

“You mean you planned this?”

“Planned in the wrong word. I hoped, maybe even desired this. But I would never have acted if Stacey and Lorelie hadn’t granted their permission. I already lost Stacey once, and I never want that to happen again.

Thankfully, although Stacey admittedly stated that she would never do anything sexual with me, she accepted Lorelie’s proposal that I should join your harem.

Honestly, I’m surprised at how keen Lorelie was for me to join. I know she talked about how she wants to expand her harem with powerful and influential people, but even I’m surprised by how keen she was for me to join.”

“I’m also confused by how Lorelie seems determined to get me more lovers. Any normal woman would want to keep her man to themselves,” Adam remarked as he decided to enjoy Rowena’s tit-wank now that he knew she wasn’t doing it behind his girlfriend’s back.

“Finally starting to enjoy yourself?” Rowena asked with a teasing smile before she started to gently kiss the tip of Adam’s cock.

“Why wouldn’t I enjoy such a popular beauty giving me a tit-job?” Adam replied with a smirk of his own.

“Good answer because you’re the last man I will ever do this for,” Rowena replied happily as she started to put in more effort after realising that Adam had accepted her.

“What do you mean?” Adam asked with a frown.

“Well, I plan to spend the rest of my life with you since I’m addicted to your blood. I guess it’s a good thing I’m attracted to you,” Rowena said with a chuckle.

“The rest of your life?” Adam asked with a frown before adding, “Why does it sound like you plan to die with me?”

“Because that’s exactly my plan,” Rowena replied simply, as if she wasn’t concerned in the least.

“Because of the pureblood addiction and how you’re worried that you will go mad without it?” Adam asked as he remembered what Rowena had told him and Stacey about how the first brood to encounter pureblood.

“Exactly,” Rowena nodded before smiling at him and saying, “In the future, I plan to perform the life-mate ceremony with you so that when you pass away from old age, I won’t have to go through that.”

Adam stared at her in shock and confusion. He was honoured that Rowena was willing to perform the life-mate ceremony with him, but also angry that it was only because of her addiction to his blood.

“I never wanted that,” Adam finally said.

“I know. It’s something I was prepared for when I decided to use that method to save Stacey’s life.”

As he heard her words, Adam's eyes widened in realisation at Rowena's meaning. Rowena had essentially traded her own life for Stacey's when she decided to transfer his blood to her granddaughter.

"I'm going to put those girls through fucking hell before I end their miserable lives." Adam cursed angrily as his eyes narrowed dangerously and he began to shake with rage.

His response surprised Rowena, causing her to stop her tit-wank and stare up at him with wide eyes. She knew that Adam cared for her because she was Stacey's grandmother; however, as she stared at the seething Adam before her, she began to think that maybe it wasn't just because of Stacey, because his reaction right now was similar to how Stacey and Lorelie had said he had reacted in the past when someone threatened to take them away from him.

Adam was too angry to notice it, but Rowena gave him a loving smile before she crawled over next to him and took his head in her hands. After which, she pulled it down to rest on her bosom and began to gently stroke his hair.

Adam's anger melted away as he felt Rowena's caring touch and heard her soft voice as she said, "Hey now, it makes me happy that you care enough about me to get so worked up, but forget about that for now. When the time comes, the three of us will get revenge for what they did to Stacey and make them suffer for hurting her."

"Un," Adam replied and nodded slightly as he closed his eyes and enjoyed Rowena's gentle caress.

"Why are you so adamant about dying with me? You could just offer to turn me instead?" Adam asked after enjoying her touch for a few moments.

"We both know the answer to that," Rowena replied with a happy smile since she understood Adam's underlying meaning.

He was indicating that if necessary, he was willing to give up his mortality in order to save her.

"We don't know how turning me will affect my blood and if it will even be pureblood anymore."

“Exactly,” though it makes me happy that you’re willing to consider being turned in order to save me,” Rowena replied while one of her hands continued to gently stroke Adam’s hair.

“What about... What’s her name? You’re familiar? What are you going to do regarding her since you can’t feed off her anymore?”

“You mean Rachael and I will most likely turn her before releasing her from my service,” Rowena replied while she sneakily sent her other hand down towards his still erect cock and started to rub it.

“Do you desire my cock that much?” Adam asked before he flicked his tongue out and licked one of her bare nipples that was in front of his face.

“Mmmm,” Rowena moaned slightly as she felt his tongue connect with her nipple before she tightened her grip slightly and increased her rubbing speed while saying, “More than you know. It’s been eighteen years since I last had cock and I’ve never experienced one as impressive as yours.

“So you haven’t been with anyone since Philip?” Adam asked before he took the nipple in his mouth and began to suck on it, making Rowena shiver with pleasure.

“Mmmm, no, though I’ve had a bit of drunken fun with Kasumi once or twice.”

“I thought you told me before that you’re not into women?” Adam mumbled into Rowena’s breast, making her shiver in pleasure.

“I’m not. But for some reason, I can’t resist having fun with Kasumi when we have been drinking. She seems to have some sort of effect on me when I’m drunk that others don’t for some reason,” Rowena explained as she stopped wanking Adam’s cock and instead used her index finger and its nail to play with Adam’s urethral opening, making him gasp.

“Seems you like that,” Rowena teased as she increased the intensity with which she played with Adam’s urethral opening while asking in a seductive voice that dripped with desire, “Has no one ever done this to you before?”

“No, I’ve never felt anything like this before,” Adam replied as he was forced to release her nipple from his mouth as he gasped in pleasure.

“Hehe, you might be experienced in Lorelie’s case, but compared to me, you’re still very inexperienced. I look forward to teaching you many things as I make myself indispensable to you,” Rowena replied flirtatiously after giggling.

“You’re already indispensable to me, Rowena,” Adam replied, making Rowena freeze in surprise.

Adam panted as he took the chance to catch his breath before he asked, “Why did you stop?”

“Missing it already, daarrllliinnngggg,” Rowena asked in a teasing tone before she continued playing with his urethral opening and nibbled the tip of his ear before whispering into it, “You just surprised me, I didn’t realise I meant so much to you.”

Adam lifted his head to look into her eyes before saying, “Of course you are. Ever since we met, you have been guiding me and offering me much-needed advice. Even if we didn’t become lovers, I wouldn’t want you to leave.”

After he finished speaking, he ran his hand through her blood-red hair before pulling her face closer to his and sealing her lips.

Rowena’s eyes widened in surprise as Adam’s lips pressed against hers. Before she closed her eyes and kissed him back while pushing her tongue into his mouth and rubbing it against his.

As their kiss deepened, Adam had his free hand come up to one of Rowena’s breasts, where he started to massage it.

Rowena moaned in pleasure into the kiss and started using the nails of her fingers that were not playing with his urethral opening to start scratching the side of his dick, making him shiver and moan into the kiss in pleasure.

Adam broke the kiss and looked into Rowena's eyes with desire, making her smile with happiness before he asked, "How are you so good at that?"

"I've been married seven times and have twelve children; I've had plenty of practice, darling," Rowena replied before adding, "I came up with the idea for this when I was contemplating how to enact another technique idea I had."

"What idea?" Adam asked with difficulty before he buried his head in her neck and began to nibble and suck on it, as he could feel that Rowena's simple playing with his urethral opening was edging him closer and closer to climaxing.

"Curious?" Rowena asked in a teasing tone as she started to use the nails on her other hand to dig into his scalp and massage it.

"Yes, and also why you even came up with these techniques."

"Sex can get boring and monotonous if it's always the same and two or more parties don't experiment with new ideas and ways to make it more enjoyable and exciting," Rowena replied before increasing her dick play even more as she said, "As for my other technique, I will let you experience it as well as allow you to cum right now if you promise me something."

"Are you saying you won't if I don't promise you something?" Adam asked with a gasp as he desperately wanted to climax, but Rowena was somehow preventing it from happening, even though she never stopped playing with his urethral opening and scratching his shaft with her nails.

"I think we both know the answer to that," Rowena replied as she once again bit his ear before adding, "but are you in any position to find out, as to me it looks like you're at bursting point. I'm honestly impressed that you haven't started begging me for release already, since most of my past husbands had by now."

"Do you plan to make me submissive to you?" Adam asked as he breathed heavily into Rowena's neck, which, for some reason, made her, for just a moment, imagine him feeding on her and caused her already wet pussy even wetter.

Rowena herself gasped slightly as she climaxed very slightly before saying, "Dom and sub play has never really appealed to or done anything for me. I just enjoy watching my man's reactions as I edge them and also having them watch mine as I'm edged."

"Then what's this promise you want from me?"

"It's actually multiple promises," Rowena replied before extending her tongue and pushing it into Adam's ear.

"Just tell me," Adam grunted desperately, causing Rowena to smirk victoriously before she pressed her index fingernail slightly into Adam's urethral opening.

As she did, Adam grunted in pleasure as he climaxed and shot cum all over Rowena's hand before his body collapsed onto hers and he panted for breath.

"Well done, darling," Rowena said happily as she stroked his hair gently with the hand that had been massaging his scalp before he brought her other hand up to her mouth and began to lick the cum off it before licking her lips with a smile and saying, "Mmmm, tasty."

Adam took a few moments to recover before asking, "Why?"

"What? You wanted me to continue edging you? I had no idea you were such a masochist, daarrllliinnnggg," Rowena teased.

"I'm not Lolrelie, you just said that you wanted my promise first," Adam replied.
