

S.P.E.C.T.O.R 512

Chapter 512: Power base talk*

“Lorelie’s a masochist?” Rowena replied with surprise and interest before adding, “Also, I trust you to keep your word, as my other technique is something you will enjoy even more.”

“I find that hard to believe. That technique was already incredible.”

“Thank you for the compliment, darling, but you still have much to learn and I deeply look forward to teaching you,” Rowena replied happily before asking, “Now tell me what you meant about Lorelie being a masochist.”

“Haven’t you spoken to Stacey and Lorelie about our nightly sensations in the past?”

“Not particularly. At the time, I didn’t want to hear about them in case I became tempted to do something foolish. Though that might change from now on.”

“She’s not a total masochist, but I think she has the makings of one. Lorelie definitely enjoys it when I edge, tease and punish her.”

“Hmmm, is that so?” Rowena replied before adding, “Of all people, I never expected her to swing that way.”

“Agreed,” Adam replied before asking again, “so what are these promises you want from me?”

Rowena didn’t immediately reply and continued to enjoy to cum she was licking of her hand until it was all gone, whereby she slid that hand down Adam’s chest until she reached the bottom of his t-shirt, where she pushed it underneath it and began to rub it over his chest while her other hand continued to stroke his hair.

“First off, I want you to promise me that you will not try to force or guilt any of your women into doing something they don’t want,” Rowena finally said as she enjoyed the feeling of Adam’s chest.

“What do you mean?” Adam asked as he equally enjoyed the feeling of Rowena’s hand roaming his chest.

“Take me for example. I want you to promise that you will not try to force or guilt me into having a threesome with you and one of your other girls if I don’t want to. You know that’s not really my thing.

I have seen and heard of far too many relationships collapsing because one of the parties tries to force the other to do something they didn’t want to.

Besides, with how you’re collecting lovers, I’m pretty sure you will have at least one lover willing to do anything you want in the future, especially if you decide to let Aphrodite join.”

“Don’t make it sound like I’m collecting Monstermon’s, it’s not like I’m trying to gather all the women into my harem,” Adam replied with an ugly expression.

“What’s a Monstermon?” Rowena asked curiously.

“It’s a game back on Earth where you have to catch every single one of the creatures in it,” Adam explained.

“Oh, I see,” Rowena replied, not quite understanding what he meant, but right now she had more interesting things to focus on, so she changed the subject and said, “well to be fair, it’s not really you that’s trying to increase your harem.”

“I still don’t get why Lorelie is doing that,” Adam replied as he began to run one hand through Rowena’s long, blood-red hair and the other sneaked down her back to her ass, which he began to grab and feel.

“Happy now that you can finally play with the ass you have been staring at for so long?” Rowena asked in a teasing tone as she raked her nails down Adam’s chest before going back to feeling it all over.

“Very happy, I want to make this ass mine in the future,” Adam replied while giving it a squeeze before asking, “You really like using your nails on your lovers, don’t you?”

"It's already your ass to play with as and when you want, darling. Also, all brood are talented with their nails, look."

As she finished speaking, she removed her hand from Adam's shirt and held it up as he turned to look at it, allowing him to watch in surprise as Rowena's nails suddenly grew in length.

"Is that normal?" Adam asked in surprise.

"It is for my race," Rowena replied before explaining, "In ancient times, before our race had developed primitive weapons and even today when we have energy weapons, we use them as a replacement for when we don't have any melee weapons."

"So you fight with them?"

"Fight and kill with them, they're sharp enough to pierce skin and even scales," Rowena replied and as if to demonstrate, she pressed the tip of one of her elongated nails against Adam's arm and drew blood.

"See," Rowena said happily before lowering her mouth to the cut she had just made on Adam's arm. After which she licked it, and almost immediately, the wound on Adam's arm closed and sealed.

"Did you do that?" Adam asked in shock as he stared at the now closed cut.

"Brood saliva has the ability to seal small wounds. How else do you think we hid our feeding activities in the past if we left an obvious wound on the subject's neck?" Rowena replied.

"I see," Adam nodded in understanding before looking into Rowena's eyes as he smirked and said, "Also be careful what you say or I might take your words to mean that I can play with your ass anytime I want."

"That's exactly what I mean. My ass, as with the rest of my body, belongs to you now, darling, as yours belongs to me," Rowena replied with a happy smile while reverting her nails back to their normal size before she put her hand back under his t-shirt and began run it hand over his chest again.

"I'm not sure your fans would appreciate seeing another man fondling your ass in public. Also, do you really want people taking pictures of that and posting it on Xer-verse?"

"I don't mind public affection as long as we don't take it too far," Rowena replied as she once again ran her nails down Adam's chest before adding, "Certain things, however, should be kept between just us or the other members of the family."

"Family?" Adam asked curiously as he slipped his middle finger into her g-string and began to rub it against her ass-hole.

"It's something Lorelie has stated, calling the harem," Rowena replied as she once again began fondling Adam's chest and added, "I hope you understand how lucky you are to have Lorelie as your lover."

"I'm lucky to have all of you. I never dreamed I would get to date three such beautiful and amazing women."

"Smooth," Rowena replied with a happy smile as she enjoyed Adam's compliment before she said, "But that's not what I meant."

It takes a special sort of woman to so openly help the man she loves get more women. Only Lorelie knows for certain why she's doing this, but if I had to guess, it's because she wants to build you a power base."

"A power base?" Adam replied before saying, "She did mention that she only wants the best to join."

"Exactly," Rowena replied as she enjoyed the feeling of Adam's finger rubbing the edge of her asshole before she continued, "Your actions have already brought you to the attention of some of the major powers in the universe, the universal senate for example who are looking for you, or the demon king who apparently wants to meet you when we travel to the Hades Galaxy."

While your ship and tech are exceptionally powerful and advanced, you as an individual are weak. You're still new to the known universe and other than your lovers and a few other individuals, no one respects or fears you.

The worst-case scenario for you right now is for someone to perceive your worth and try to claim it for themselves using their political and financial power, which you have no way to counter. You would have a fighting chance if they come at you with military might, since your tech is so advanced, but you severely lack wealth and influence.”

“So what you’re saying is that Lorelie is so adamant about more women joining my harem because their influence will add to my own?” Adam asked as he pushed the tip of his finger into Rowena’s ass-hole, making her gasp and shiver slightly in pleasure.

“Mmmmm, exactly,” Rowena replied as she slid her hand that had been fondling his chest down to his balls and started to cup and fondle them instead before she continued explaining.

“So far, you have influence with the Terrans through Tessa and Becky, and although they are yet to join your harem, it’s quite apparent that they or someone there connected with has been using their own influence to assist you, acquiring Royal Entertainment, for example. Normally, there is no way a business belonging to a race’s ruling family would be sold off to a complete nobody.”

“Nobody?” Adam asked with a smirk as he pushed his finger deeper, making Rowena moan in pleasure as juices leaked out of her pussy.

“Mmm mmm, you know I didn’t mean it offensively,” Rowena said with effect before she buried her head in Adam’s neck and sniffed his neck almost instinctively.

“I know,” Adam replied as he slowly began to slide his finger out.

“Don’t take it out completely,” Rowena stated into his neck in a pleading tone.

“Oh! So you like anal?” Adam asked with a smile.

“I love anal, sometimes it’s even better than normal sex,” Rowena replied.

“Good, because I love anal too,” Adam whispered into Rowena’s ear, which was next to his mouth, before he began to nibble the tip.

“Mmm,” Rowena moaned in pleasure at the combination of the nibbling, ass fingering and thought of regular anal sex with Adam before she said with difficulty, “I’m even happier that I became your lover now. None of my former lovers or husbands where to interested in anal. They might have done it to satisfy or appease me, but it was obvious they never put in as much effort as when they fucked my pussy.”

“Well, I’m not like your previous husbands and lovers, I will give you anal as much as I can, especially since it’s your ass I will be fucking,” Rowena whispered into her ear before blowing on it, after which he said, “But please continue.”

“If you keep teasing me like that, I’m not sure how long I will be able to resist temptation,” Rowena replied as she gripped Adam’s balls a bit tighter, making him moan in return.

“Then why are you resisting? We can talk about this at any time.”

“I know, but I need to get your promise beforehand,” Rowena replied before continuing, “Regarding the Merinmians, your relationship with Lorelie gives you influence with them, and the king and queen also seem to have a favourable impression of you.”

“So what Lorelie plans is to get me lovers that are influential in the other races in order to build my own influence with that race?”

“I believe that’s what she has in mind, though, considering how many races there are in the universe, it would be impossible to get you a lover from each of them so she probably plans to focus on the more influential ones in both the known universe and the universal senate.

I know you see her as a sister, but I suggest you think about taking Tephe as a lover or mate in the future. As the white dragon, she holds significant importance and influence in the dragon race, though she doesn’t seem to realise that.” Rowena replied before thinking of something and adding, “Then there’s that strange iridescent form she took on.”

“I’m also curious about that, but she doesn’t seem ready to talk about it for some reason,” Adam stated with concern before adding, “You’re right about me seeing Tephe as a little sister and not taking her advances seriously, though.”

"It's your choice, darling. But taking the white dragon as your lover will be beneficial to all of us and she generally seems to want to make you her mate," Rowena replied as she pulled away slightly so that she could look into Adam's eyes and say, "I won't force or insist you to be with anyone you don't want to be with.... Well, almost anyone. But just think about it, okay."

Adam thought for a moment and nodded to show that he would at least think about it before asking with a smirk, "What do you mean, almost anyone?"

"That's the second thing I want you to promise," Rowena replied before looking away guiltily, as she knew what she was about to request contradicted what she had just said.

"Since when did you have a conscience?" Adam teased with a smile.

"I have a conscience, thank you very much," Rowena replied with a pout while smacking his chest.

"Ok, ok, I was kidding, kidding," Adam replied as he caught her wrists before using them to pull Rowena closer and once again seal her lips with a kiss, which she eagerly returned.

As the two deepened their kiss and began to battle their tongues against each other, Adam continued to finger Rowena's asshole while Rowena began to once again finger Adam's urethral opening, causing them both to moan into the kiss.

"Forgive me?" Adam asked after he finally broke the kiss.

"Hmph, I suppose," Rowena pouted as she pretended to still be upset, causing Adam to laugh before asking

"So, are you going to tell me what this second promise you want from me is?"

"Kasumi," Rowena replied as she looked at Adam nervously out of the corner of her eye while her other nails began to scratch his cock again, making him shiver in pleasure.

“Your kitsune... I mean, Nogitsune friend with the nine tails that you suggested join Dynamic Entertainment?” Adam asked before saying, “If this is about her joining Spector Entertainment, you know that’s already decided. We just have to figure out a way for her to leave Dynamic Entertainment.”

“It’s not about that,” Rowena replied before taking a breath and saying nervously, “I want you to take her as one of your lovers and let her join your harem.”

Adam’s surprise made him momentarily forget about fingering Rowena’s ass-hole before he asked in confusion, “Why do you want me to promise this? Isn’t that her decision to make? Also, why are you so nervous when asking me this? You can ask me anything.”

“Isn’t it obvious? I’m nervous because I’m blatantly contradicting myself after what I just said,” Rowena pouted cutely before her expression turned serious and she looked Adam in the eyes and said.

“No one else knows this, but I was in a bad place after that incident with Philip. I managed to keep up a strong front while I remained on Darah Five so that I wouldn’t appear weak and people wouldn’t attempt to take advantage of it.

But as soon as I left Darah Five after Philip’s death, my strength failed me and I succumbed to greed and guilt.”
