Chapter 513: Rowena's technique \*\*\*

"You had nothing to be guilty about," Adam said in a warm, caring tone after hearing Rowena's words.

"I know that now, but at that time I believed that I had been a bad wife and kept asking myself what if I had turned him and things like that?"

It was Kasumi who saved me during that time and helped me get over everything that happened.

I had known her for a few years by this time, and she was still a newbie in the entertainment industry, having started later in life than most.

As thanks for her help, I aided and advised her in becoming a more successful celebrity and even got her into Dynamic Entertainment, something I now regret doing, of course."

"You had no way of knowing what would happen in the future and how Dynamic Entertainment would enter an internal power struggle, so you can't blame yourself."

"Perhaps not, but looking back on it now, the signs were there that each of the old owners' children was making subtle moves behind the scenes in a bid to claim power."

"Okay, I get why you want to bring her into Spector Entertainment since she's your friend and you also feel guilty for bringing her into Dynamic shortly before the old owner died. But why the harem? Shouldn't that be her decision?"

"Yes, it should be her decision and that's the point," Rowena said with a frown.

"What?" Adam asked in a confused tone.

"She's being forced to marry someone she despises because of a forced betrothal by her family," Rowena said angrily, which caused her nails to scratch Adam's dick a bit harder than she intended, making him hiss slightly in pain.

“Sorry, darling,” Rowena said apologetically before pecking him on the lips.

“It’s fine, just be more careful. I don’t think Stacey and Lorelie would appreciate you damaging my dick, neither would you, for that matter,” Adam replied before he returned to the previous topic and asked, “Betrothal is still a thing? I figured, with how advanced the universe is, that it would have been abolished. I mean, it’s all but vanished on Earth.”

“It has all but vanished. However, there are certain races that still practice it, particularly the more powerful and influential families of those races.

Kasumi comes from one of the most influential and powerful Nogitsune families, and her betrothal was decided even before her birth.

It probably wouldn’t have been an issue if she liked the one she’s betrothed to; however, not only doesn’t he show her any respect, but he’s also....” At this point, Rowena stopped speaking for a moment as her eyes filled with rage before she said as calmly as she could manage and with great difficulty, “Physically assaulted her on multiple occasions.”

“You mean her betrothed has raped her?” Adam asked with a frown.

Rowena shook her head before saying, “I’m not certain about that, though I do have my suspicions. When I asked her in the past, she refused to answer, but there was a dead look in her eyes for a moment. I am, however, certain that he has hit her on multiple occasions.”

“So who is this guy she’s betrothed to and why hasn’t she reported him to the authorities?”

“He’s the son of one of the other major, powerful Nogitsune families, and the authorities wouldn’t be able to do anything because of the unique power structure within the Reynard Galaxy.

The Nogitsune homeworld and capital planet of the Reynard Galaxy is Reginhart Alpha. It’s an unusual world because it’s a planet that is surrounded by nine artificially created planetoids, each of which is home to one of the nine powerful Nogitsune families.”

“Nine artificially created planetoids?” Adam repeated in shock.

“Indeed,” Rowena replied with a smirk as she enjoyed Adam’s shocked look for a moment before continuing, “These nine families make up the ruling council of the Reynard Galaxy and their word is law. They have governed over first just Reginhart Alpha and then the Reynard Galaxy after they ventured into space since the council’s inception.

While the nine families compete against each other, they also work together to make sure no one can replace any one of them.”

“Know thy enemy, I guess,” Adam remarked before saying in an annoyed tone, “I’m guessing they also control the police or security services, which is why Kasumi has never bothered reporting it.”

“Exactly,” Rowena nodded before continuing, “The Toki family, which Kasumi comes from, is ranked second in terms of authority and power of the nine families, while the Kasai family, which her betrothed comes from, is ranked first.

The marriage was arranged so that both families could solidify their positions as the top two families for years to come.”

“So, because they don’t want to drop down the ranking, they are selling off their daughters.”

“Unfortunately, her betrothal is also one of the reasons why she became a celebrity and is working hard to try to become a diva. She hopes that if she publicly announces her forced marriage, her status as a diva and public opinion will force both families to cancel it,” Rowena said with a doubt-filled voice.

“From your tone of voice, I take it you’re doubtful that would work,” Adam remarked as he slid his finger inside her ass-hole a little more, making her moan and shoot him a glare.

“I’m trying to discuss something serious here,” Rowena stated as she continued to glare at him.

“You say that, but you’re still playing with my cock,” Adam replied as he felt Rowena’s nail scratch his erect shaft again.

“It’s fine for me since you’re only supposed to be listening anyway,” Rowena retorted with her signature smirk before returning to the subject again. “Kasumi is grasping at straws; she’s hoping for something that won’t happen. Even if she did manage to become a diva, which I doubt, considering how the other actresses and actors seem to be attempting to drag her down, the Toki and Kasai family won’t succumb under such little pressure.”

“Can’t she go to a higher authority like the Reynard Galaxies Universal Senator?”

“Unfortunately, that’s not an option. First off, the Reynard Galaxies Universal Senator is a member of the Kasai family, and second, it’s unlikely the other senators would do anything for one person and risk upsetting the top two families of the Nogitsune race.”

“Any particular reason for that?” Adam asked as he pushed his finger a little deeper, making Rowena squirm in pleasure and moan slightly before she replied.

“Mmmmm. The Reynard Galaxy is the sole place in the universe where a valuable mineral is known to exist. It is essential in ship construction and therefore every race needs it. Because of this, the Nogitsune, which rules the Reynard Galaxy, have a monopoly over this mineral.”

“Which is why no race wants to risk getting on their bad side over a single individual,” Adam finished in understanding.

“You see the predicament,” Rowena replied before teasing Adam’s urethral opening again as revenge for his earlier action, making his dick twitch as he moaned in pleasure.

“So what you’re asking me to do is steal the betrothed of one of the most influential of the Nogitsune race?” Adam asked as he enjoyed Rowena’s touch.

“I’m afraid so. I know it will bring you problems in the future if you promise me this, but I can’t think of any other way to save my friend,” Rowena replied with an apologetic smile.

“You have no need to apologise, even if we were still only friends I would try to help Kasumi if you asked me to,” Adam replied with a smile as he stroked Rowena's cheek with the hand that didn't have a finger up her ass making her smile before he added, “however I can't agree to add her to the harem when I don't know if even like each other. Instead, I will help her in another way so that she can decide for herself who she wants to be with.”

“Which way?” Rowena asked curiously, as she herself couldn't think of another way, or she might have tried it.

“I have a couple of ideas in mind, though I need to speak with Spector regarding them,” Adam replied as he ran his thumb over Rowena's lips.

“Although I would love to see it, I doubt killing him will fix the situation since they will probably just arrange to marry Kasumi to someone else,” Rowena replied before she took Adam's thumb in her mouth and started to suck on it while swirling her tongue around it.

“Oh, don't worry, for what he's done to your friend, he's definitely going to die, but that's not what I have in mind to solve this situation,” Adam replied as he inserted his middle finger into her asshole to join his index before he started to move in and out.

“Mmmmm,” Rowena moaned while her eyes filled with lust and desire again as she took hold of Adam's cock in her hand and started to pump it.

“While I won't promise to bring Kasumi into the harem as that's not just up to me, I do promise to help her and free her from the burden of this arranged marriage while killing the man who hit her, so you should probably contact her tomorrow about joining Spector Entertainment,” Adam replied as his own eyes filled with lust.

Rowena released his thumb from her lips before smiling at him and saying, “Thank you, darling, I will do just that,” after which her smile turned flirtatious before she added, “Now let me give you what I promised you in return.”

“Well, you kept me waiting to receive it,” Adam replied with a smirk.

“I guarantee it will be worth it, darling,” Rowena replied with a flirtatious smile before kissing Adam passionately on the lips.

Adam began to return the kiss, only for Rowena to break it with a mischievous smile while she reached around to her ass and slid Adam’s fingers out of her asshole with a small moan before she moved away from Adam and crawled back down the bed until her face was over his cock again.

Adam watched her with curiosity as he wondered what she had planned when he saw her grip his cock in her hand again and start to wank it slowly while she looked up at him with a flirtatious smile.

As he admired her beautiful smile, he saw her bicuspid teeth appear from between her lips as they grew longer, making Adam shiver as he suddenly had a wild idea about what Rowena had planned and so said, “Wait, you can’t be serious?”

“Rowena flashed him her signature smirk before saying in a loving tone, “Don’t worry, darling. I promise you will enjoy it. The real question, though, is how long you can last?”

As she finished speaking, Rowena lowered her mouth to Adam’s erect cock and gave it a lick, making it shiver before she opened her mouth and took his dick in it while swirling her tongue around it as she bobbed her head up and down a few times.

“Oh gods,” Adam groaned as he felt the pleasure of Rowena’s blowjob technique wash over him. It was immediately obvious to him how much more experienced she was at giving them compared to Lorelie and Stacey, even though the two of them sucked his cock almost every night.

As Adam enjoyed the pleasure that Rowena was giving him with her blowjob skills, he suddenly felt a sharp sting on his cock that made him hiss before a wave of ecstasy that clouded the pain and also his mind for a split second before his eyes focused again just in time to see Rowena’s wings flare out behind her as her blood-red hair started to turn white.

“Mmmmm,” Rowena moaned into Adam’s cock as she once again tasted his pureblood and started bobbing her head faster and started sucking with gusto as she tried to extract more and more of his blood while she looked up at him, allowing him to see that her blood-red eyes seemed to have started to glow.

“What the fuckkkkkk,” Adam moaned loudly as he felt a wave of pleasure wash over him, the likes of which he had never felt before, as the combination of Rowena’s experienced blowjob technique and her feeding on his blood overwhelmed his senses, causing him to grip the bed sheets tightly while his vision began to blur.

The sight of Adam enjoying her blowjob feeding technique pleased Rowena greatly, causing her to increase both aspects of it until Adam couldn’t take it anymore and he came into her mouth.

As the copious amounts of his thick cum entered her mouth, it mixed with the blood that was still being released from the wound she had inflicted on his dick, causing Rowena’s eyes, which still seemed to be glowing, to widen in surprise as she didn’t think it possible for Adam’s pureblood to get anymore delicious.

However, that was exactly what was happening; the new and even more enjoyable flavour made her realise that from now on she had to feed on Adam like this whenever they were alone and being intimate.

As she swallowed the last of his come and saw Adam close his eyes as he fell unconscious, she slowly removed his now limp dick from her mouth before licking the wound she had inflicted, thereby healing it.

After she had made sure that it was no longer bleeding, Rowena licked her lips happily before crawling back up to Adam, whereby she took his head and once again rested it on her lap as she began to stroke his hair lovingly.

“Thank you, darling, for the delicious meal,” Rowena said with a beautiful smile as the now white-haired beauty looked down and continued to lovingly stroke the hair of the man she was happy she could spend the rest of her life with.
