### Chapter 519: Aphrodite's reaction

Adam awoke the next morning to find the completely naked beauty with long, blood-red hair sleeping peacefully on his chest with a content expression on her beautiful face.

Adam wrapped his arms around Rowena, making her smile and attempt to snuggle into him even more, before he remembered the events of last night.

After the two of them had rested for a short time, they once again resumed the act, with Rowena insisting that Adam fuck her ass every time, to which Adam was more than happy to oblige.

The pair of them went for quite a while, with Rowena reaching the peak of pleasure and climaxing more than Adam before the two of them collapsed one last time onto the now cum-stained sheets.

As the pair were too exhausted to even think about replacing them, they just ended up cuddling before they fell asleep in each other's embrace.

He still found it hard to believe that the top model in the universe and his girlfriend's grandmother had actually become one of his girlfriends and lovers. Not that he was complaining, since he had been admiring that ass for a while now, but stuck to the principle of look but don't touch.

Now, however, that ass belonged to him as Rowena herself pointed out last night, and he was apparently free to play with it anytime and anywhere he wanted.

Adam began to gently stroke Rowena's long, blood-red hair, causing her to make a happy noise before she spoke without opening her eyes.

"I thought I was the one who was addicted to stroking your hair."

"Sorry, did I wake you?"

"It's fine, I don't mind waking up like this after all."

“Well, it will be a regular thing from now on.”

“Which I’m happy about, but also disappointed at the same time, since it won’t be every morning like I would want. Though I understand why that is.”

“Well, aren’t you the greedy little beauty?” Adam replied with a chuckle.

“It’s in my nature, as with most pure brood. We very rarely share our mates after all.”

“Oh! Am I your mate now then?” Adam asked with a smirk.

“Damn brat,” Rowena replied while pinching his waist slightly, causing him to cry out in pain.

“Ach. I was just asking,” Adam replied before giving her ass a quick spank as punishment.

“Mmm,” Rowena moaned before saying with a smirk on her own, “the difference is that while I did yours to punish you, your attempt at punishing me only gave me pleasure.”

“I was fucking your ass most of the night, you think I haven’t realised how much you like physical attention there.”

“I’m happy to hear that you’re paying attention to my desires,” Rowena said with a smile.

“Of course, I wouldn’t be a very good mate if I didn’t.”

“Hmph, when did I say you were my mate?” Rowena pouted while getting up off Adam and the bed.

She then moved towards the en-suite bathroom while purposely swaying her ass for Adam to watch before she stopped at the doorway and looked back over her shoulder.

“Well? Are you coming? Daarrllinnnggg,” Rowena said with a flirtatious smile before she vanished inside the bathroom.

Adam shook his head with a smile before saying, “I guess even those with two thousand years of life experience can still be mentally scarred.”

After speaking, he rolled off the bed and followed Rowena into the en-suite bathroom, where the sound of running water was now coming from.

The two of them went for another two rounds in the shower with Adam fucking Rowena’s famous ass under the warm water before the pair finally got dressed and left the master bedroom for breakfast.

“Report, why haven’t you contacted me to inform me that you have her?” Ichiro asked in an annoyed tone as a holographic screen showing another Panthera appeared before him.

“Because we don’t have her and there is nothing to report,” the Panthera replied in an annoyed tone before saying, “Stop checking up on us every few hours, Ichiro. I told you I would contact you when there was something new to report.”

“You think I don’t have other family members to check up on?” Ichiro replied before adding, “Umeko keeps pestering me for updates and so I have to pester you.”

“Damn woman, this wouldn’t have happened if she were a better parent.”

“I can’t argue with you there,” Ichiro replied in agreement before asking, “So why don’t you have her? Didn’t she leave the hotel last night?”

“Nope. It seems she spent the night there.”

“Well fuck. Let’s just hope they were busy planning Diva Lorelie’s tour schedule here in the Felidae Galaxy and she leaves soon.”

The Panthera Ichiro was speaking to was about to reply when another Panthera appeared next to him and said, "I think we have a problem."

"What problem?" The Panthera asked as Ichiro listened in.

"I just spoke to our person inside the hotel and apparently, Diva Lorelie has requested another bed be sent to her suite."

"Fuck!" the Panthera who seemed to be the mission leader cursed.

"Fuck!" Ichiro cursed.

As Adam and Rowena stepped out of the master bedroom together, an angry shout of, "ROWENA! YOU DAMN BITCH!" was the first thing they heard before seeing the angry and jealous-filled face of the pink-haired diva stalking towards them.

"Well, this was obviously going to happen," Stacey said with a sigh as she sat at the breakfast table.

"It was bound to happen sooner or later," Lorelie, who sat beside Stacey, remarked with a smile as she stared at Adam and Rowena happily.

"Good morning," Rowena said with a beaming smile.

"Don't you good morning me, you thieving bloodsucking bitch," Aphrodite replied angrily as she stopped in front of Rowena and placed her hands on her hips.

"Just what do you think you're doing fucking him before me?" Aphrodite asked.

"Is there something wrong with that?" Rowena replied while wearing her signature smirk.

“Damn straight there is, you know I was next in line.”

“Says who?” Rowena asked curiously.

“Yeah, says who?” Tephe asked from the table where she sat with Stacey, Lorelie and Eri.

Maya lay on the table beside Tephe and fixed her eyes on Adam with curiosity.

Adam shook his head and approached the table while deciding to leave this for Rowena to handle.

“Well.. errr.. umm, “Aphrodite stammered. Truth be told, she was still being tested by Adam and no one had agreed to let her join the harem yet, let alone stated that she would be the next to be with him.

“Morning,” Adam said with a smile as he gave Stacey and Lorelie a quick kiss each before sitting down beside Tephe.

“Morning, Adam,” Tephe said happily.

“Morning, Tephe,” Adam replied as he stroked her white hair, making her smile grow.

“Correct me if I’m wrong,” Rowena said while still wearing her signature smirk that was starting to annoy Aphrodite.

“But I believe you are still on probation and being tested to see if you’re worthy and trustworthy enough to join the harem,” Rowena continued, “It’s not my fault you slept around so much before now and gained a reputation for being unfaithful.”

“Ugh,” Aphrodite responded as she took the critical attack.

“Morning,” Adam said as he turned to Eri.

“Oh, yes, good morning,” Eri responded in surprise as she hadn’t expected him to greet her.

“And good morning to you, Maya,” Adam said as he greeted Maya, who blinked at him before making a strange noise.

“Maya wishes you good morning,” Tephe said with a smile.

“Also, I believe that I have known Adam far longer than you have, so going by that logic, I should have been the next to join his harem,” Rowena continued.

“Following Rowena’s logic, does that mean I’m next to join?” Tephe asked hopefully.

Adam, who had just taken a bite of the food on the table, began to cough and choke as he heard Tephe’s words.

“Are you okay?” Stacey asked as she quickly stood up and moved around the table before she began to rub Adam’s back.

“I... I’m fine,” Adam replied with difficulty before taking a drink of water.

“But you never made your intentions to be with him clear like I did,” Aphrodite retorted, even though she knew it was a weak reason.

“Not everyone is as direct as you,” Rowena replied before continuing, “also, my situation is different from yours since my granddaughter was already in a relationship with him.”

“That’s a good point,” Aphrodite remarked before turning to Stacey, who had just returned to her seat, and asking, “What happened to never letting your grandmother join the harem?”

Stacey took a sip of her own drink before looking at Aphrodite and saying, "That was before I knew everything that happened back then, like what my grandfather did to her, why she was never the same after my stabbing, why she left and even how she was the one who saved my life after I was stabbed."

"And because of that, you're letting her join?"

"There are other reasons, such as how Lorelie wouldn't stop bringing her joining up," Stacey replied while shooting Lorelie a glare.

"Hehe," Lorelie giggled before she stuck her tongue out in response.
