Chapter 550: Triple Trouble

“Afraid not sorry, I’ve been off-world for a few years,” Adam replied, causing the six to give different reactions.

“Hahaha, you're not only a dickhead, but a crazy dickhead,” Sammy Joe laughed.

Adam frowned before saying, “I’m only going to say this once, but stop calling me a dickhead. The last person who did that didn’t have a good ending.

“Oh, really? Think you're a tough guy, do you?” Sammy Joe said with a smirk before pulling out a switchblade.

[Gunlovergirl (Earth): Bro just brought a knife to a gunfight.]

[1000yearsofdeath (Earth): Don’t you mean blasterfight? Kekeke.]

“Sammy Joe? What the fuck do you think you're doing?” Millie asked with a frown.

“What does it look like, babe?” Sammy Joe replied.

“It looks like something stupid, and don’t call me babe,” Millie replied.

“That’s not what you said a half hour ago,” Sammy Joe said with a perverted smile.

[Celebrityhunter69 (Earth): Seriously? Sammy Joe and Millie of Triple Trouble are dating?]

[Puntanghunter69Ver2 (International Space Station): Sounds more like they just fucked and from the look on her face, I’m thinking she’s regretting it.]

[Gunlovergirl (Earth): For once, the perverted astronaut is correct.]

“Really?” Millie asked in disgust before adding, “You're going to say that in front of everyone? It's bad enough you say that in front of our friends, but a total stranger?”

“Scumbag,” Jeanie stated with disgust.

“Well, you just fucked up and got dumped,” Billie said with a smirk.

“Huh?” Sammy Joe asked in surprise.

“Their relationship lasted, like what, two hours?” Billie asked.

“It's better than the two minutes he lasted in the bedroom,” Millie remarked.

“Two minutes? Fuck, I can't even get wet that quick,” Jeanie started as she looked at Sammy Joe in disbelief before adding, “I feel for you, Millie.”

“Yeah, I planned to tell him this wasn't going to work later anyway, I mean, why would I want someone who can't last more than two minutes?” Millie replied.

“Errr, ladies, is this the sort of conversation you should be having in front of a stranger?” Adam asked just as the elevator made a noise to signal its arrival.

“What?” Millie asked as she looked at Adam again before realising that he was still there and saying, “Oh my god, I'm so sorry. I honestly didn't mean for you to hear any of that.”

“It's fine, just be careful about who you discuss such topics in front of in the future,” Adam replied before he began to enter the elevator.

David Morose and CatManSays watched on in bewilderment, not knowing what to say or how to respond, while Sammy Joe sheathed in anger at being so insulted.

“FUCKING BITCH,” Sammy Joe finally shouted angrily before suddenly jumping towards Millie with the knife in hand.

All three members of Triple Trouble screamed while David Morose and CatManSays shouted, “SAMMY, NO!”

However, before any of them could move, they saw a blue light suddenly hit Sammy Joe in the side before he crumpled to the ground.

“Really? Attacking an unarmed woman with a knife? Fucker is lucky I didn’t kill him,” Adam cursed as he lowered the force staff in his hand.

[Gunlovergirl (Earth): You fucking should have killed him.]

[Celebrityhunter69 (Earth): I can’t believe Sammy Joe just tried to attack Millie with a knife.]

[Superhearofangirl (Earth): Call 911 quickly.]

[HackerSu (Trillion): Is this shit normal on Earth?]

[Whostolemyduck (Earth): No, it’s not, but there are crazies everywhere.]

[MercheadAnderson (Palaxia): Why didn’t the streamer just kill him?]

[AlamoMatador4thewin (Earth): At a guess, because he had no conflict with the guy prior to today and because he didn’t want to show the women such a thing.]

“What was that?” Jeanie asked in shock.

“What happened to him?” CatManSays asked with surprise.

“Is he dead?” Millie asked before she gave Sammy Joe's body a prod with the toe of her shoe.

“No, he’s not dead, though I can change that if you wish,” Adam offered as he spun the force staff in his hand while standing in the elevator doorway so as to stop it from closing.

“You're offering to kill him for Millie?” Billie asked in surprise.

“Is it really so easy to kill someone?” Millie asked.

“It is for him,” David Morose suddenly remarked as he looked at the force staff in Adam’s hand.

“What do you mean? Do you recognise him?” CatManSays asked as he looked at David Morose.

“Adam Spncer, correct?” David Morose asked Adam instead of answering CatManSays.

[1000yearsofdeath (Earth): Uh-oh, busted. Kekeke.]

“You know me?” Adam asked in surprise.

“The mass murderer?” Jeanie asked as she now stared at Adam with fearful eyes.

“I thought he was in hiding,” CatManSays stated in surprise as he looked at Adam warily.

“I heard he had left Earth,” Millie remarked, though her eyes were filled with interest instead of fear.

“You actually believe that? Billie asked while not taking her eyes off Adam.

“Not initially, but that thing in his hand isn’t something you would find on Earth, is it?” Millie replied.

“So why aren’t you more scared? The guy’s a mass murderer?” Jeanie asked.

“Well, he just saved me, so he can’t be that bad,” Millie replied before adding, “Plus, he didn’t kill that dickhead Sammy, I’m guessing he did it to prevent us from seeing death.”

“You have a good head on your shoulders,” Adam remarked, making Millie blush slightly.

“You’ve had some dealings with my family in the past,” David said before adding, “I’m David Morose.”

“The Morose family, huh? I heard that this hotel belonged to your family. Lucky for you, I already had Antony Morose send Sebastian Morose a message from me,” Adam replied before he looked at Triple Trouble before adding with a smirk, “Though you might have been too busy to receive the warning to stay out of my way.”

The three members of Triple Trouble all flushed before Jeanie said, “It was only Millie who had sex.”

“Jeanie!” Millie said angrily as she flushed even more.

“It’s true,” Billie stated before adding, “The rest of us were just listening to music and chatting.”

“And taking cocaine,” Adam remarked, making the five who were still awake widen their eyes in surprise before he added, “I’d kick that habit before it destroys your career.”

[Celebrityhunter69 (Earth): They were all doing drugs?]

[Noobkiller9000 (Earth): I’m not surprised.]

"I resent that accusation. Do you have any proof?" CatManSays asked defensively.

"I don't need proof, I'm not the police. Besides, my artificial eye already scanned all of you and informed me," Adam replied while pointing to his left eye.

"Artificial left eye?" CatManSays repeated in disbelief.

Adam ignored him before looking back at Millie and asking, "So want me to kill that guy?"

"Better not, being connected to a murder won't help our music career," Millie replied.

"Yeah, our management company would likely let us go if news that we were present at a murder got out," Jeanie added.

[OfficialKasumi (Aqua Primus): Really? It's not like they did it?]

[Noobkiller9000 (Earth): Doesn't matter. That's just how strict K-pop entertainment companies are.]

"Up to you," Adam said before he turned and stepped into the elevator.

"Mind if we accompany you in the elevator?" Millie suddenly asked before Adam could press the button for the floor he wanted.

"Millie, what are you saying? You want to get into an elevator with a man who killed his own girlfriend?" Billie asked.

"Do you really believe that after he just saved me? Would a man who went out of his way to save a woman from being stabbed, really be responsible for killing his own girlfriend?" Millie retorted.

“She has a point, Billie. I’ve seen the rumours online that say that Adam Spencer is actually innocent and that the real culprit was Viktor Morose and that the Morose family are covering it up,” Jeanie stated, making David frown.

“Seems at least two out of the three of you have a brain,” Adam remarked, making Billie glare at him angrily.

Adam ignored the glare, however and said, “You can join me if you want, I’m only going down three floors anyway.”

“That’s fine,” Millie said with a smile as she purposefully stepped on Sammy Joe’s unconscious body before entering the elevator and standing next to Adam.

Jeanie and Billie exchanged looks with each other before following her inside and standing next to her.

“What about you two?” Adam asked.

“I need to stay here and sort this out, but thank you for the offer,” David Morose replied, since he had no wish to be trapped in a small metal box with Adam Spencer.

“I’d better stay and help David; he will need my help moving Sammy,” CatManSays said with a forced smile.

“Suit yourselves,” Adam said with a shrug as he pressed the button for the fifth floor and put his force staff away.

“Pussies,” Millie muttered loud enough for them all to hear just before the elevator doors closed.

CatManSays ignored Millie’s disrespectful remark as he sighed in relief before looking at David Morose and asking, “Was that really Adam Spencer?”

“See for yourself,” David replied as he held up his phone and showed CatManSays the wanted picture of Adam.

“Fuck!” CatManSays cursed.

“I need to call my family and inform them of this,” David said before asking, “Do you mind carrying Sammhy back into the room?”
