Chapter 561: Kareem Badawi

“GGGAAAAAAHHHHHHHHHHHHH,” The guard screamed as Adam’s tail pierced his chest.

Nada, who had just started to flee towards the observation platform's entrance, couldn’t help but look back and as she did so, her eyes widened in horror as she saw her guard being lifted into the air.

“You messed up when you accused me of killing Jenny,” Adam said as he used his tail to lift the guard up and stare at him with cold eyes before he continued, “If you had kept your mouth shut, both of you might have survived; however, now your college is dead and you're about to experience a far worse death.”

As Adam finished speaking, he flicked his tail around and launched the guard out through the windowless opening, who started to plummet towards the ground with yells of terror.

[Noobkiller9000 (Earth): Damn, that was hardcore.]

[Gunlovergirl (Earth): That was badass.]

[DeverinianLordMalacoss (Deverinian 9): Even in my lifetime, I have never witnessed someone being killed by being thrown out a window.]

[1000yearsofdeath (Earth): That’s gonna leave a stain on the pavement. Kekeke.]

Nada stared wide-eyed in shock and fear at where her guard had vanished from her vision as he plummeted towards the ground.

“Well, now that we’re alone, how about we have our conversation?” Adam asked as he turned towards Nada.

“Stay.. stay back,” Nada said in a panicked tone as she backed away.

[Lizziethetruepower (Palaxia): So much for her bravery.]

[Whitehorn (Darah 5): Well, one of her guards did just get tossed out the top floor window of the tallest building on the planet.]

“What happened to all that confidence, Miss Keita?” Adam asked with a smirk.

“Just.... Just leave me alone,” Nada replied.

“Not happening,” Adam replied before adding, “I want to know why you hired Ilyina Bogdana Yegorovna.”

“Who?” Nada asked.

“The assassin you hired to watch over the team Robert Flemming hired to kidnap Emma Hopkins and to assassinate her should they fail.”

“I... I don't know what you're talking about,” Nada replied as her eyes darted around.

“Is that right?” Adam asked with a smirk as he held out his left hand, palm up.

As he did, a holographic screen appeared above it, showing the security footage of Nada in the restaurant while Adam asked, “So this isn't you using your phone?”

“It is, but what does that prove?” Nada replied as she stared at the holographic screen in surprise.

“Spector, zoom in and enhance,” Adam instructed.

[[Affirmative.]] Spector replied as the holographic screen once again zoomed in on the phone screen and enhanced.

“Well, lucky here,” Adam said with a smirk before asking, “It appears that you are the user three zero six six seven nine and your messaging user one zero five three four five and would you look at the conversation topic. Care to explain?”

“This is obviously photoshopped,” Nada replied dismissively.

[Superhearofangirl (Earth): Photoshopped? Seriously?]

[Superior4horns (Vinox 3): What’s photoshopped?]

“Photoshopped? Really?” Adam replied before sighing and saying, “Looks like we have to do this the hard way. Spector, make the call.”

[[Affirmative.]]

[[Contacting Ayana Keita.]]

A telephone's ringtone broke the silence of a dark bedroom, waking the pair who were sleeping in the large bed.

“Ugh, who’s calling you in the middle of the night?” A man's tired and annoyed voice asked as he rolled over in bed.

“God knows, but they'd better have a fucking good reason,” Ayana Keita replied before reaching out her hand towards the phone.

“What?” He asked in anger after picking the phone up off its charging dock.

“Sorry for disturbing you, ma'am, but we have a serious problem,” A voice on the other end said.

“What's so serious that it couldn't wait till morning?” Ayana asked.

“It's Miss Nada, ma'am. It seems that Adam Spencer just barged into her photoshoot,” The voice explained.

“He did what?” Ayana asked as she sat bolt upright, now fully awake.

“Nada!” The man in bed called out in alarm as he also sat up.

“Why did that bastard interrupt Nada's photoshoot?” Ayana asked.

“The crew member who informed us claimed that he wanted to question her about something, though we don't know what.”

“Well, find out and send a team of men over there right now, heavily armed,” Ayana ordered.

“Yes, ma'am,” The man replied before hanging up.

“What's going on, Ayana and what does it have to do with my daughter?” The man asked.

“I don't know, but...” Ayana began to reply, only to be interrupted as his mobile that was still on his bedside table lit up and rang.

“A videocall!” Ayana remarked as a bad feeling washed over him before he accepted the call.

“Good evening, Mrs Keita.”

“Good evening, Mrs Keita,” Adam said with a smile as one of the microcams became visible in front of him and displayed a holographic screen of Ayana Keita.

“Adam Spencer,” Ayana replied.

[Noobkiller9000 (Earth): Oh shit, it's Ayana Keita.]

[Phoenixempress (Fenix Nest): So that's one of the leaders of Earth's Five families.]

“Oh my apologies, it seems I have caught you while you're in bed,” Adam said with a smirk.

Before Ayana could respond, a pair of male hands appeared and turned the phone towards him before shouting angrily, “WHAT HAVE YOU DONE TO MY DAUGHTER, YOU FILTHY ORPHAN?”

[OfficialKasumi (Aqua Primus): Who's that?]

[Celebrityhunter69 (Earth): Kareem Badawi, father of Nada and lover of Ayana Keita.]

[LadyErkath (Alastor): Lover? Adam said that harems are frowned upon on Earth, so how can she have a lover?]

[Whostolemyduck (Earth): Harems are indeed frowned upon by most of Earth; however, they were historically most common in Middle Eastern culture, which the Keita family rules over.

It's largely a feature of upper-class and royal households, of which the Keita family is obviously a part.]

[RealOtaku (Earth): Also, this is a reverse harem since it's a woman with many lovers, not a man.]

[StealthAssassin9 (Earth): Wait, so Nada is not even the child of Ayana Keita's husband?]

[AlamoMatador4thewin (Earth): How don't you know this idiot?]

[StealthAssassin9 (Earth): I don't pay much attention to the Keita family since I'm not from the Middle East.]

"I suggest you tell your lover to watch his tone, Ayana Keita," Adam said with a frown.

"YOU FILTHY ORPHAN, HOW DARE YOU TALK TO ME LIKE THAT? NOW RETURN MY DAUGHTER TO ME," Kareem shouted angrily.

"Or what?" Adam asked with narrowed eyes.

"OR WE WILL SEND EVERYTHING THE KEITA FAMILY HAS AFTER YOU AND SKIN YOU ALIVE," Kareem angrily retorted.

"BE QUIET," Ayana shouted before she took the phone back while adding, "Are you trying to get our daughter killed."

"It seems that just because you love him more than your actual husband, your lover has a high opinion of himself and needs to be taught a lesson," Adam replied.

[OracleRomy (Elysium): She loves her lover more than her husband?]

[Celebrityhunter69 (Earth): Ayana Keita's marriage was arranged for her by her father and the former head of the Keita family. After she became the new family head, Ayana quickly took Kareem as her lover since the pair had been childhood sweethearts.]

"Don't do anything foolish, Adam Spencer," Ayana warned.

"You mean like this?" Adam asked with a smirk before he shot towards Nada and grabbed her by the throat, after which he flew out of the windowless opening and into the open air.

Nada struggled frantically before Adam released his grip and dropped her.

“AAAAAAAHHHHHHHHHHHHHH,” Nada screamed as she plummeted towards the ground.

“NADA!” Ayana and Kareem both yelled in panic.

[Prestigious3horns (Vinox 2): Oh damn, that’s cold.]

[Gunlovergirl (Earth): I love it.]

[Whitehorn (Darah 5): Doesn’t he still need to question her?]

[1000yearsofdeath (Earth): That might be a bit hard if she goes splat. Kekeke.]

Adam waited a few seconds before tilting forward and entering a dive as he flew down in pursuit of Nada.

As he caught up with Nada, he smiled at her and asked, “Having fun?” to which Nada only continued to scream in panic as tears streamed down her face.

[1000yearsofdeath (Earth): Bro, that’s harsh. Kekeke.]

A few meters above the ground and just before Nada went splat from impacting it, Adam reached out and grabbed her ankle before applying the brakes.

People on the ground below had already gathered because of the bodyguard's corpse, which had suddenly dropped out of the sky and the last thing they were expecting was to hear the screams of a woman.

As they looked up to find the source of the scream, they were shocked to see two more people plummeting towards the ground. Just as people began to scatter so that the falling bodies wouldn’t land on them, they saw the body with wings reach out and grab the woman's ankle before amazingly coming to a stop a few meters above the ground.

“What the fuck!”

“Are they flying?”

“How's that even possible?”

As the spectators broke into shocked discussion and pulled out their phones to record the scene of two people flying, the nearby police officers, who had already gathered, rushed forward in an attempt to rescue them.

“I think I proved my point,” Adam remarked as he flew back up towards the observation platform of the Burj Khalifa, shocking all those people on the ground below.
