Chapter 564: Kareem Badawi's grand plan

[Correspondence from: 1 month ago.]

[Nada Keita: The idiot bought it hook, line and sinker. He is already looking for a group to kidnap Emma Hopkins.]

[Kareem Badawi: Good. Visit me tonight and we will talk more about the plan.]

[Nada Keita: Are you lonely since mother is out of the country?]

[Kareem Badawi: Am I not allowed to want to spend time with my darling daughter?]

[Correspondence from: 1 week ago.]

[Nada Keita: Fucking Adam Spencer, why did he have to turn up now and meet with Emma Hopkins of all people?]

[Kareem Badawi: It's certainly unexpected, but I don't think it will affect the plan. Even if he does interfere for some reason and attempt to stop the kidnapping, you hired that assassin as we discussed.]

[Nada Keita: Yes, also, all communication about the plan, both with you and Robert Flemming, was done using this secure app and the hiring process was done through the dark web, so there is no chance of it being traced back to us.]

[Kareem Badawi: Good girl.]

"WHAT THE HELL IS THIS?" Ayana screamed in anger as she turned to stare at Kareem.

[RealOtaku (Earth): Wait, seriously? Nada Keita's father was in on this whole thing?]

[Phoenixempress (Fenix Nest): They did this just so that he could become the legal husband?]

[OfficialMuriel (Aqua Primus): How would something like that even work? How would killing Emma Hopkins and gaining her assets make her worthy to become the legal husband?]

[AlamoMatador4thewin (Earth): No idea.]

[Whostolemyduck (Earth): Well, there was a situation in the past where the lover of the Keita family head managed to replace his current wife and become the new wife.]

[Celebrityhunter69 (Earth): Wait, that's a thing?]

“But, but, that’s not possible,” Kareem murmured in bewilderment, “How did you possibly get those messages? The app is supposed to be totally secure.”

“THEY'RE TRUE!” Ayana asked angrily.

“They might be secure from outside access, but not when accessing it via the phone that the app is installed on and the messages were sent from,” Adam replied.

“EXPLAIN, WHY DIDN'T I KNOW ABOUT THIS?” Ayana asked in an authoritarian voice.

“Plausible deniability, my love, plausible deniability,” Kareem replied hurriedly.

“Plausible deniability?” Ayana repeated with a frown.

“If our plot were discovered, then you would be able to deny all knowledge, meaning that both you and the Keita family as a whole would be safe,” Kareem explained.

“You were willing to use Robert Flemming and kill Emma Hopkins just so you could become my legal husband?” Ayana asked in exasperation.

“I certainly hope that’s not the reason, as it would be very boring if it were,” Adam remarked.

Ayana sighed before saying, “You know very well that in order for the rest of the family to recognise me divorcing Yusef and marrying you, you must make a contribution to the family that is far greater than anything Yusef and his connections can make.

And with Yusef being a member of the Hafeez family, that is highly unlikely and even all of Emma Hopkins' assets can not match the Hafeez family.”

[DeverinianLordMalacoss (Deverinian 9): Hafeez family?]

[Whostolemyduck (Earth): They are a powerful and influential family in the Middle East that made much of their wealth from oil. While they are nowhere near as powerful as the Keita family, they are powerful and influential enough that the previous head of the Keita family married his eldest child, Ayana, to the head of the Hafeez family's son.]

[DeverinianLordMalacoss (Deverinian 9): A marriage that no doubt only made both families more powerful and influential.]

[Whostolemyduck (Earth): Correct.]

“I’m aware of that and Emma Hopkins was only the first stage in my grand plan,” Kareem replied with a sigh before adding, “Nada only knew about the first stage and knew nothing of the rest.”

“What grand plan and why didn’t you tell her everything?” Ayana asked.

“The less she knew, the safer she would be, or at least that’s what I thought,” Kareem replied with another sigh before saying, “My grand plan was to have Nada seize control of the Flemming family, which our Keita family would then take over, thus making us more powerful than the remaining three families.”

“What!” Ayana exclaimed in surprise.

“How audacious,” Adam remarked.

[Noobkiller9000 (Earth): Holy shit!]

[AlamoMatador4thewin (Earth): That’s crazy. If it had succeeded, the Keita family would have essentially become Earth’s rulers.]

[StealthAssassin9 (Earth): There is no way they could have pulled something like that off.]

[Justiceistruth (Earth): I’m also doubtful.]

[Gunlovergirl (Earth): Even if they did, it would have required a lot of bloodshed.]

“Pray tell, what this grand, audacious plan of yours to acquire the Flemming family was,” Adam remarked.

“Why should I tell a nobody orphan like you?” Kareem replied angrily.

“Do I need to remind you that your daughter is still here with me?” Adam asked just before the microcam turned towards Nada, who was still unconscious on the floor.

“Bastard,” Kareem growled before huffing and saying, “Fine.

Nada was under the impression that after they dealt with Emma Hopkins and Robert Flemming acquired all her assets, Nada would abandon Robert by doing to him what he did to Emma.”

“You mean arrange an accident for him?” Adam interrupted to ask.

“After the two got married under their fake identities, yes,” Karrem replied before continuing, “She would then offer all of Emma Hopkins' assets to the Keita family under her fake identity before resuming her true identity.

However, I planned to speak to her after Emma Hopkins was dealt with and before she and Robert could marry under their fake identities. It was at that time that I also planned to inform you, Ayana, of my grand plan.”

“And that grand plan was?” Ayana asked.

“For Nada to become a triple agent,” Kareem replied.

[Handsome3horns (Vinox 2): A triple agent? What's that?]

[Gunlovergirl (Earth): A triple agent is a spy who pretends to be a double agent for one side while actually remaining loyal to and acting on behalf of their original side.]

[Handsome3horns (Vinox 2): Then what's a double agent?]

[Gunlovergirl (Earth): Someone who pretends to act as a spy for one country or organisation while in fact acting on behalf of an enemy.]

[Superior4horns (Vinox 3): So this Nada will pretend to be a spy for the Flemming family against her own Keita family when she's actually really working for the Keita family?]

[Gunlovergirl (Earth): I guess.]

[MercheadAnderson (Palaxia): Would make for an interesting movie.]

[OfficialKasumi (Aqua Primus): Something similar has been attempted before, but was never very successful.]

[MercheadAnderson (Palaxia): Really? I had no idea.]

[OfficialKasumi (Aqua Primus): It's been a long time since anyone last tried making one, so I'm not surprised you didn't know.]

"A triple agent? You want to make our daughter a triple agent?" Ayana asked with a dark look.

"Hear me out, Ayana darling, it wouldn't be for long, just hear me out," Kareem said as a bead of sweat ran down his face.

"Then make it quick," Ayana replied.

"Yes, yes," Kareem nodded before explaining, "The plan was for you and Nada to fake having a major falling out over something huge that would also make Nada want to get revenge on you for it.

She would then go crying to Robert and use his affections towards her in order for him to suggest that she approach Isabella Flemming about joining the Flemming family with his backing and by offering them all of Emma Hopkins' assets.

She would then, with your help, feed the Flemming family information that would damage us in small ways in order to build their trust and build Robert's standing in the family.

Eventually, with her help, Robert would become the new family head and then Nada would use the influence and control she had built over Robert to help the Keita family seize control of the Flemming family."

[Justiceistruth (Earth): That's one crazy plan he came up with.]

[Emojisonly (Earth): 🤔]

[Beczontop (Imperial Down): He can't seriously think that will work?]

[Lizziethetruepower (Palaxia): Please tell me that not all Earthlings are this stupid.]

[Superhearofangirl (Earth): No, we are not.]

[Phoenixempress (Fenix Nest): Talk about far-fetched.]

[NonpareilRaphilia (Aaru): There is no way that would work; there are too many things that could go wrong.]

[OracleRomy (Elysium): Agreed. Also, with her being the daughter of a rival family's head, they would never fully trust her to begin with.]

"How fucking stupid can you be?" Ayana asked in disbelief.

"What?" Kareem replied.

"You can't honestly believe that would work?" Ayana replied before continuing, "It's already ridiculous to think that they would trust someone from a rival family who has supposedly deserted, and it's even more unlikely they would trust Nada, who is my daughter."

"Maybe you should have focused on building your relationship with your husband rather than this piece on the side," Adam stated with a smirk.

"That's the last thing I want to hear from someone single," Ayana retorted.

"Who said I was single? I have three amazing girlfriends, thank you," Adam replied happily.
