Chapter 565: Montgomerie Golf Course

“Lady Flemming, we have found young master Robert, and I also have an update on Adam Spencer,” Winston announced as he entered Isabella’s office.

“Oh?” Isabella replied as she looked up from her computer screen before saying, “Where is Adam Spencer?”

“Curious that you asked about him rather than your own grandson,” Winston remarked with a smile.

“Well, he is more interesting than Robert,” Isabella replied.

“I can’t argue with that,” Winston admitted.

“So where is he?” Isabella asked.

“Dubai.”

“Dubai? Damn that ship of his is fast,” Isabella remarked in surprise.

“Indeed, it also seems that he went there to meet with Nada Keita.”

“Ayana’s spoilt daughter?” Isabella asked before adding in concern, “Why did he go meet her? I hope he isn’t working with her the same way as with Emma Hopkins.”

“Unlikely,” Winstone replied before holding out his phone while saying, “Watch this video.”

“Video?” Isabella replied before taking the phone and playing the video with curiosity.

The video was from Burj Khalifa in Dubai and showed Adam catching Nada, who fell from the sky just before she hit the ground.

“The hell?” Isabella remarked in shock before watching the video again.

“There are actually numerous videos of this online. Apparently, someone fell from the Burj Khalifa, which caused people to gather around who just happened to witness this.”

“Fell from the Burj Khalifa?”

“Yes, the person was apparently armed and was dressed like a bodyguard,” Winston explained.

Isabella pondered for a moment before saying, “Bodyguard? Could it be Nada’s and Adam Spencer dealt with him?”

“That seems likely,” Winston said in agreement.

“Perhaps Nada fell from the sky because of him,” Isabella suggested.

“Why would he save her then?” Winston asked.

“Seeing as he can fly, I suppose it could be an interrogation technique.”

“That seems rather extreme,” Winston replied as a bead of sweat rolled down his forehead.

“Agree,” Isabella nodded before ordering, “Tell me about Robert.”

“We located him at one of his residences and he has since been apprehended,” Winston replied before adding. “He is now being transported here to the main residence.”

"No!" Isabella replied before explaining, "Take him to one of the other residences; the last thing we want is Adam Spencer coming to the main residence."

"Of course, Lady Flemming."

"Did he put up any trouble?" Isabella asked.

"Just the anticipated, that do you know who I am rubbish," Winston replied.

"Three girlfriends?" Ayana asked in surprise.

"Yeah, it seems polygamy is a common practice out in the universe," Adam answered while smirking.

"I suppose someone who killed their own girlfriend is quick to get over them," Karrem retorted, causing Adam's eyes to narrow coldly.

[LadyErkath (Alastor): Oh boy.]

[DeverinianLordMalacoss (Deverinian 9): Idiot just signed his death warrant.]

[Phoenixempress (Fenix Nest): He was doing so well keeping quiet.]

[OracleRomy (Elysium): Poor idiot.]

[NonpareilRaphilia (Aaru): Don't feel sorry for him, Romy.]

[Gunlovergirl (Earth): Well, I guess both father and daughter are about to die.]

[1000yearsofdeath (Earth): I wonder what Ayana Keita will do if both her daughter and lover die. Kekeke.]

[AlamoMatador4thewin (Earth): What can she do? The streamer isn't someone she can mess with.]

[Superhearofangirl (Earth): I bet that's a tough pill for the head of one of the five families to swallow.]

Ayana turned to look at her childhood sweetheart with disbelief before sighing and saying in a tired tone, "You fucking moron."

"What?" Kareem asked in confusion.

"Why couldn't you just keep your damn mouth shut?" Ayana replied and was about to continue when Adam's cold voice interrupted her.

"Ayana Keita, you have two choices: option one, kill him yourself or have one of your guards do it. I don't care which.

Option two, I will do it, along with destroying the building he resides in and the Burj Khalifa, which the Keita family owns."

"As if you have the ability," Kareem scoffed in disbelief.

"SHUT UP ALREADY!" Ayana shouted before turning to Adam and saying in a placating voice.

"Please don't do anything rash, Mr Spencer."

"Either you haven't told him everything, or he's too stupid to realise and so I need to show him who the five families are dealing with," Adam remarked coldly before saying, "Spector, where are they located?"

[[They are both currently within the residence of Kareem Badawi that is located in Emirates Hills.]]

[Noobkiller9000 (Earth): Ohhh, the Beverly Hills of Dubai, how flash.]

[1000yearsofdeath (Earth): I think that's about to change. Kekeke.]

"What are you planning?" Ayana asked as her voice filled with concern.

Adam, however, ignored her question and asked, "What makes these Emirates Hills so special that the lover of Ayana Keita would want to live there?"

[[Often referred to as the "Beverly Hills of Dubai," Emirates Hills is one of the most exclusive and affluent neighbourhoods in the city. This gated community is known for its sprawling villas, lush green landscapes, and views of the Montgomerie Golf Course. Developed by Emaar, Emirates Hills is home to some of the wealthiest residents in Dubai, including high-profile business executives and celebrities.

The properties in Emirates Hills are custom-built, offering a unique blend of architectural styles, from contemporary to classic. Each villa is designed with luxury in mind, featuring expansive living spaces, private swimming pools, landscaped gardens, and state-of-the-art security systems. The community also offers a range of amenities, including private schools, healthcare facilities, and gourmet dining options, ensuring a lifestyle of unparalleled comfort and convenience.]]

"Are you back in Earth orbit?" Adam asked.

[[Affirmative.]]

"Target Montgomerie Golf Course and calculate the explosive yield needed from a seeker missile to destroy it," Adam instructed coldly.

"NO WAIT!" Ayana screamed in terror as Karrem's face lost all colour.

[Gunlovergirl (Earth): Oh hell yeah, here we go.]

[1000yearsofdeath (Earth): Glad I'm not in Dubai. Kekeke]

[NonpareilRaphilia (Aaru): I can't believe he's actually firing on his own planet.]

[Beczontop (Imperial Down): Let this be a lesson to everyone, don't mess with my man's women.]

[Tessisdabest (Imperial Down): He's not your man.]

[Beczontop (Imperial Down): Not yet.]

[[Affirmative.]]

[[Calculation complete and Montgomerie Golf Course locked on.]]

"Fire," Adam instructed coldly.

[[Firing seeker missile.]]

As Spector finished speaking, the stream switched to show an external view of Spector itself before the viewers saw a compartment open on the bottom of the ship and a missile shoot out of it.

The stream switched to show the missiles' onboard camera as it descended towards Earth and passed through the atmosphere.

"YOU FUCKING IDIOT," Ayana screamed as she jumped out of bed before dashing out of the room and heading for the stairs.

"AYANA, WHERE ARE YOU GOING?" Kareem shouted before quickly following her.

"TO THE SHELTER," Ayana screamed back as she began to descend the stairs quickly.

Unfortunately, just as she reached the ground floor landing, a bright light illuminated the dark sky outside, which was quickly followed by the ground shaking and a deafening explosion.

As Adam looked out over the city of Dubai, he saw the missile fall from the sky before it hit the ground.

A bright flash of light lit up the night's sky, causing everyone who saw it to turn in that direction before they felt the earth shake, which was followed by a deafening noise.

As the overpressure of the explosion spread outwards from the impact site, the nearby buildings, including the one Ayana Keita was in, creaked and groaned as giant cracks emerged on their structures.

Those buildings that were further away managed to resist receiving any structural damage; however, the glass in all the windows and doors shattered as the overpressure hit them.

All the people who were hit by the overpressure, including Ayana Keita and Kareem Badawi, grabbed their heads and cried out in pain as they received severe headaches before suffering from severe dizziness.

As the explosions' effects died down and the dust cloud receded, the stream was able to see the giant crater that had once been Montgomerie Golf Course.

[StealthAssassin9 (Earth): HOLY FUCK! I can't believe the streamer bombed Dubai. 🤯]

[Emojisonly (Earth): 🤯]

[SciFifanboy (Earth): THAT WAS SO SCI-FI!]

[Gunlovergirl (Earth): That's some firepower, I LOVE IT.]

[Whostolemyduck (Earth): Indeed, and by the sounds of it, that wasn't even the full capability of the seeker missile.]

[Gunlovergirl (Earth): I know, right?]

[Justiceistruth (Earth): What do you mean?]

[Whostolemyduck (Earth): Didn't you hear how the streamer instructed his AI to calculate the explosive yield needed to only destroy Montgomerie Golf Course?]

[Beinglittleisnotadisadvantage (Strathorp 7): There luck he did. Chances are, if he hadn't, the entire city would be no more.]

[AlamoMatador4thewin (Earth): HOLY FUCK! A missile capable of taking out an entire city. 🤯]

[Emojisonly (Earth): 🤯]

[Tessisdabest (Imperial Down): Don't sound so surprised. He has the ability to destroy your entire planet if he chooses to.]

[StealthAssassin9 (Earth): Oh shit, I forgot about that. Please don't destroy Earth streamer, where not all like that idiot Kareem Badawi.]

[The rest of the Earth viewers: Please don't destroy Earth streamer, where not all like that idiot Kareem Badawi.]

[Superhearofangirl (Earth): Don't you think that was a bit much, though?]

[Phoenixempress (Fenix Nest): That idiot was stupid enough to accuse Adam of killing his former girlfriend, even though the Keita family knows full well that he didn't do it. I personally think he went easy on them.]
